

King of kings

2392

omi sneered, "Kill, kill me."

"Do you seriously think I don't dare?"

"You just don't dare, kill if you do."

Fa Wu Tian raised his palm, but it didn't fall, because killing omi made it even more difficult to know how to use this divine soldier.

"omi, count you out, for the sake of this divine soldier, I endured, you better be sensible and tell me how to use it, otherwise, when I completely lose patience, it will be too late for you to tell me."

"Hmph." omi trailed off coldly.

Fa Wu Tian put the tablet away, knowing that it would be difficult to force omi to open his mouth in a short time.

"Go back to the cave for me, tomorrow, go to the Qingren Family for a blind date. Wind Lightning, to prevent you from escaping, you must stay with Fa Lan at all times, if you dare to run, I'll kill Fa Lan, I'm sure you don't want her to die, although I need her to go on a blind date, but compared to a divine weapon, a marriage is nothing, hmm."

omi and Fa Lan, were taken back to the cave.

omi definitely couldn't run away in front of Fa Wu Tian, and even if he could, he wouldn't run because if Fa Wu Tian was really angry, he would definitely kill Fa Lan, after all, the Divine Soldier was more important to him.

"Go in." omi and Fa Lan were locked in a cave, and Fa Wu Tian set up a restriction. One second to remember to read the book

With this restriction, omi really couldn't escape.

As for Fa Wu Tian, he was guarding outside, and although Fa Wu Tian was also afraid that the Immortal Emperor would sense his location and come to kill him, he wasn't going to die so easily, and had enough time to escape to the Green Man Family.

In the cave, Fa Lan said, "I'm sorry, but this wouldn't have happened if I hadn't brought you to the Legacy Department of the Fa Dynasty. Even if I had brought you back, if I hadn't said you weren't a man and forced you to have that with me, it wouldn't have happened later, in short, it's all my fault."

"Come on, whatever happened, I did it of my own free will, it has nothing to do with you."

"But what about now that you've been robbed of your divine weapon?"

"Let's just go halfway and see what happens, that King Buster Ball wouldn't dare to kill me anyway, unless he doesn't want that divine weapon anymore."

"But this isn't the way to go on."

"It's not a solution, there's no way anywhere."

omi could only take one step at a time now.

The next day, Fa Lan prepared to go to the Qingren Family for a blind date, and omi was forced to follow as an escort.

Arriving at the Green Man Family, Fa Lan, with Fa Wu Tian, headed to a garden.

Fa Wu Tian said, "Later, Prince Qing Miao will come here to enjoy the flowers, you must seize the opportunity to seduce him and make him interested in you, understand?"

Falan snorted, "I thought we were here on a blind date?What am I?"

"Blind date is a nice thing to say, but the Green Man family simply doesn't like the legacy of our French Dynasty, I made a request to them before, but unfortunately the old king of the Green Man family, didn't agree.Now, we can only resort to the seduction method, if Prince Qingmiao happens to see you and falls in love with you, then perhaps the marriage will be successful.So, Fa Lan, you're good to me, if this doesn't work out, then you'll be worthless.You'd better do everything you can to attract Prince Qingmiao, or else, you know what I mean."Fa Wu Tian said mercilessly.

Fa Lan was depressed, and thought that the very arrangement to meet was made.

"Alright, I got it."Fa Lan huffed.

Fa Wu Tian said, "If Qing Miao Zi asks you why you're here, just say that you're my granddaughter and you're here to visit me."

>

Fa Lan didn't say anything, Fa Wu Tian instructed some more and then left.

After Fa Wu Tian left, omi said, "Fa Lan, there is no need to pay attention to him, he doesn't dare to kill you, if you have no use for him anymore and he kills you, then I threaten him too."

Fa Lan shook her head and said, "It's useless, you're a grown man, you can't say that if you dare to kill me, you'll also commit suicide.Moreover, if I have no use for it anymore, he can instead use me to threaten you.For example, make you hand over the method of use or kill me, what do you say, how would you choose?"

"Uh, threaten me instead."

"Yeah, threaten you instead, how do you choose?"Fa Lan gave a wink to omi.

omi seemed to understand Fa Lan's secret meaning, which was for omi to say that he wouldn't choose to save Fa Lan, as Fa Wu Tian was definitely watching at the moment.

However, omi still said, "I will choose to save you, although the use of the divine weapon is also important, but compared to your life, I value your life more."

Fa Lan cursed in anger, "You fool, now well, Fa Wu Tian already knows that it works on you, and if I'm really worthless after that, he'll definitely threaten you like this."

"If you know, you know." omi sighed.

At this moment, in the distance, Fa Wu Tian said in his heart, "Good you Wind Lightning, you really fight for a woman, so good, if Fa Lan doesn't succeed, I'll threaten you with her life to hand over the use of the method." Thinking that way, Fa Lan suddenly hoped even more that Fa Lan wouldn't succeed.

In the garden, Fa Lan looked at omi lovingly and depressedly, and kept saying that omi was stupid.

"Come on, don't be endless."

"I'm touched."

"Touched my ass, I'm like this with every woman."

"Do you have other women?"

"Ha, this is nonsense."

At that moment, a few people came from the other side of the garden.

"Fa Lan, someone is here."

Fa Lan was busy fixing her hair and said, "I have to succeed, I can't let Fa Wu Tian threaten you with me."

omi gave her a blank look, "You really want to marry the prince of the Green Man family."

"I, I." Fa Lan was torn.

"Don't get tangled up, let's take one step at a time."

Saying that, several people came face to face, the one at the front, was a man dressed as a prince, but, he was fine skinned and a bit girly, followed by two maids behind him. That somewhat girly prince, the whole chatted with the two maids.

omi heard, one of the maids said, "Really fake ah."

"Of course it's true." That somewhat girly prince was busy.

"Wow, I really worship him, but he can actually pull a stink in the Immortal Emperor's bed." The other maid said with an adoring face.

That prince also laughed with an adoring face, "More than that, I heard, that Immortal Emperor even accidentally got it on his face."

"Hahaha."

"The Immortal Emperor must be furious."

"That's right, he's the ruler of the Three Realms, to be teased like that, do you think he's going to die of anger."

"That omi, he's really something." A maid said.

That prince was busy nodding his head and said, "Yes it is, I adore him, he's a great hero in my heart."
