

King of kings

Chapter 2396

"Wind Lightning, forget it, the priority now is to get out of here, and wait for that Green Man Old King to return."

"Alright then." omi nodded his head.

"What about her?" Fa Lan looked at Qing Miao.

Green Miao said grievously, "Don't kill me, I won't tell on my grandfather, and even, I'm willing to help you escape."

"Are you serious?"

"Of course it's true, but if I hadn't invited you, I wouldn't have been trapped by my grandfather."

"Well then, when you get out, take a black mass from the garbage pile and drop it when you take it to an empty place."

"Good."

Half a day later.

omi was nowhere to be seen, and Qingmiao did as he said, taking omi away from the Green Man family.

"Senior omi, I think this place should be fine." First URL m.kanshu8.net

omi and Falan appeared in an instant.

"Qing Miao, thank you."

"It's what I should have done, this is far away from the Green Man family, further on, we'll be entering the South Sea Domain, my grandfather won't chase us here."

"South Sea Domain?"

"Yeah."

"Okay, thanks, you can go back now, be careful when you go back." omi said to Qingmiao, although her grandfather couldn't, but this girl was still okay.

"Goodbye, have a safe trip." Qing Miao flew away.

Fa Lan asked, "Where are we going now? Further on is the ocean."

"Haha, just in time, I'm going to the South China Sea to find someone."

"Who is it?"

"My daughter-in-law."

"Ah, your daughter-in-law, what about, what about me?" Fa Lan looked depressed and asked.

"It's not like you're paying your respects to me, so you're sort of a redhead, half daughter-in-law."

"Oh." Fa Lan pursed her lips in aggravation.

"Come on, don't be jealous, I have plenty of daughters-in-law, otherwise there would be plenty of jealousy later."

"I'm not."

"Do you want to come with me to my daughter-in-law?"

"Who is your daughter-in-law? Why head for the ocean?" Fa Lan was puzzled.

"I forget what my daughter-in-law's name is, but I know a lot of people call her the South Sea Godni."

"Cut." Fashion snapped.

"Don't believe me?"

"Impossible, what kind of existence is the South Sea Divine Nun, it's simply not something you can look up to, although the South Sea Divine Nun hasn't claimed the throne, everyone seems to have reached a consensus that the Deep Sea region of the South Sea is her territory, and no one would dare to take over her territory."

"Oh, then let's go find her now, she's already paid her respects to me."

"omi, you can't be serious."

"Of course I'm serious."

"Ugh. Then go, I'm not going, you're no longer the Wind Lightning I knew, the Wind Lightning I knew was ugly but devoted to me, whereas omi, it's not him." Falan looked lost.

"Hey, can't you be realistic, Wind Lightning is my disguise."

"But to me, it's like it's two people."

"Isn't it better that I'm so handsome now than the ugly Wind Lightning?"

"That's what you think, but I don't, omi, I'll just ask you, are you willing to be a breeze again?"

"How do I make it back?"

"Always keep your previous windy appearance, nothing about Don omi has anything to do with you, let's find a place where no one knows each other, let's be an ordinary couple and have children, okay?"

"I'm sorry, I can't do it."

"Goodbye." Fa Lan cried and turned around.

Don shouted, "Stop it, okay?"

"If you can't be a breeze back, then we'll

And we'll never have to meet."

"Shit."

omi was quite depressed, but how could omi be a Wind Lightning forever, holding out for death would be changing his name to Wind Lightning, but nothing else would change.

omi didn't bother to pay attention to her and flew straight to the South China Sea, still going to find Shenni's wife.

omi entered the South China Sea, but the boundless ocean, I don't know where the depths are, and if you want to find the divine nun, you don't know where to look.

omi searched and searched for a hundred years.

"Damn, a hundred years, every corner of the South China Sea has been searched for, and I haven't seen the divine nun, where the hell is he."

Just then, a voice came from omi's ear, "Hey, kid, what are you looking for?"

"Who, who's talking?"

"Raise your head."

omi looked up and saw a man standing in mid-air, the man's Qi was very, very strong, this feeling was just like when he faced the Blue Emperor.

"Ah, Senior, who are you?"

"Never mind who I am, let me ask you something, you've been wandering around here for a hundred years, what are you looking for?"

"I'm looking for someone." omi was busy, such a strong man, omi didn't dare to make a fuss.

"Looking for what kind of person?"

"My daughter-in-law, known as the South Sea Divine Nun."

"She?"

"Senior has seen her?" Don was busy asking.

"Haven't seen her, but she's dead."

"What? Dead?"

"Yes."

"How is that possible? She's a fairy, how could she die."

"In any case, she's dead."

"Who killed her?"

"The man who killed her is near and far away."

"What do you mean? That doesn't mean you killed it, does it?"

"You're right, I killed it."

"But you just said that you've never seen her."

"With my prowess, do I have to see her in person to kill?"

"Senior, why did you kill her?"

"Because she doesn't know what she's doing, I asked him about the Blue Emperor's whereabouts, and she didn't even tell me, so do you think she should die?"

omi's body startled, looking at the man in front of him, omi's mouth subconsciously asked, "Who is the Blue Emperor?"

Although omi knew who the Blue Emperor was, he subconsciously pretended not to know for some reason.

After a few seconds of silence, the man asked with a cold face, "You really don't know who the Blue Emperor is?"

"I don't know."

"Why did you say that godni was your daughter-in-law?"

"She used to promise to marry me, and then she ran away."

"Is that true?"

"Senior, who the hell are you?"

"Who I am has nothing to do with you, but if you know about the Blue Emperor's situation and don't report to me, I will exterminate your entire family. When I say full house, I'm not just talking about the living, but also the dead."

"I don't understand?" omi broke out in a cold sweat.

"Do you think that the people who died are really dead, no, they just went to another place, and my extermination of your entire family is complete and utter destruction."

"I really don't know who the Blue Emperor is."

"Fine, I'll believe you for once, but if you lie to me, hmm, even if you become an Immortal Emperor, I'll have a way to cure you."

"Oh."

Suddenly, the man disappeared, as if he had never been there.

omi sat on his butt in the sea.

omi felt as if what had just happened had happened in a dream, and what was most frightening was that his memory was gradually forgetting what had just happened, as if the dream he had had last night was slowly being forgotten when he woke up in the morning.
