"Wake up, wake up you." At that moment, omi felt someone shaking his body.

"If you don't wake up, your soul won't come back."

"Hey, do you hear me, wake up."

Just at this moment, omi opened his eyes fiercely.

I saw that omi was lying at the foot of a huge statue.

A person was shaking him, and the person shaking him was none other than the South Sea Divine Nun."

"Ah, divine Nun, you, aren't you dead? Hey, why did I say you were dead?" omi said somehow that it was subconscious to say she was dead, but how could she say she was dead?

"Alright, get out of here, you don't want to die." Nanhai Shenni scolded.

Then, Nanhai Shenni pulled omi's body and quickly went to the sea.

The complex under the sea gradually disappeared underfoot.

Soon after, with a clatter, omi was pulled out of the sea. First URL m.kanshu8.net

omi felt powerless, not knowing what was the cause.

After going out to the sea, the South Sea Godni threw his hand and a small boat appeared on the surface of the sea.

The divine nun tossed omi towards the small boat.

"What just happened to me?"

"And ask what's wrong, you don't want to live you." Shenny scolded.

"I just saw it, like I ran into a ghost, it's super scary, even I can't deal with it." Don said.

"That wasn't a ghost."

"Then what was it."

"I can't tell you what it was, but I know that what I just saw was something that Blue Emperor and the others have been after."

"Can't understand it."

"Unintelligible is right, because I don't know either. Luckily, you're mentally fit and woke up in time, otherwise, you'd never wake up." Godni said.

"Oh God, that's terrible, Godni, thank you for saving me."

"You're welcome." Godni said without a good look, looking at Don omi with a strange expression.

"By the way Don omi, you just saw me, why did you say I was dead?" Godni asked.

"Ah, I don't know, I saw you and my first thought, without even thinking, was that you were dead, why would I say that? I don't know myself." omi couldn't figure it out.

Shenny snorted, "I think you're confused at the bottom of the sea."

"Maybe it's true, hehe. By the way, how did you know I was here? And came to my rescue?" omi asked.

The divine nun gave omi a blank look for a moment before saying, "I know that you went to the South China Sea and searched for me for millions of years."

"Ah, you know, if you know that I've been looking for you for millions of years, why didn't you show up? Caused me to look for so long."

Shenny snorted, "Why did I come out to see you, I found you looking for me early in the morning."

"Damn, you're too no good, millions of years, now that I think about it, my f*cking brain really has a hole in it to spend so much time doing something like this." omi said angrily.

Godni didn't say anything more, in fact, Godni was somewhat touched inside at the moment, after all, omi had spent so much time trying to find her, this really wasn't something that ordinary people could have the willpower to do.

Godni's tone was a little gentler and asked, "Why are you looking for me?"

"You're my daughter-in-law, of course I'm looking for you."

"You keep talking nonsense, I."

"Alright, count me out, I was looking for you because I had something I wanted to give you."

"What kind of something?"

"Nah, here you go."

"What is it?"

"The liquid of Hong Meng, I don't know if you need something like that, but I'm pretty much giving it away."

"Ah, so much Honmon's Liquid." Shenny was shocked.

"Or else, take it, thank you for saving my life, goodbye." omi slipped the jar to Godni, then turned his head and left.

Seeing Don omi just walk away, Shinni suddenly kind of, like, had something else to say, anyway, the heart was kind of not the ending she wanted.

"Hey." Shinni shouted.

Without turning his head back, omi said, "Anything else? What I wanted to give you has been delivered, and I'm going back, and I don't want to waste any more time for you."

Shinni's hold on the jar tightened and asked, "Why did you spend so much time looking for me, just to send me a jar of Hongshi?"

"Right."

"You went so far as to enter the uninhabited South China Sea to find me?" Shenny asked again, in fact, this was what touched her the most, a man who was willing to venture into no man's land in order to find her. She, who was originally iron-hearted, was also touched by this, otherwise, how could she go to save omi.

omi was silent, in fact, omi did not enter the uninhabited area in order to find her, but it was partly because of her that he chose to enter the uninhabited area on this side of the South China Sea.

At a time like this, how could omi ruin the scenery.

"Right, can I go now?" Don omi said.

"You, so stupid." Shinni scolded.

"I will, goodbye."

"Wait." Shinni shouted, as if he didn't want Don omi to leave so soon.

"What now, don't you hate me the most?"

"Yeah, I hate you, but, you, you had a hard time finding me and you just rushed off?"

"Oh, I'd like to sleep with you for three days and nights before I leave, but unfortunately you don't want to."

"I'm ignoring you if you keep talking nonsense."

"Why do you ever want to ignore me, don't you?"

"Ew."

"Oh." omi looked back at Shinni, feeling beautiful, as if at this moment she had suddenly regained the charm a woman should have.

omi could tell that Godni seemed quite touched by the matter of finding her, omi was going to seize this opportunity, even if he couldn't take Godni in, he could at least repair the relationship and start as a friend.

omi asked, "The whole time I was looking for you, you've been secretly watching me, right?"

"Right."

"You're also really capable of watching me look for you for millions of years and doing nothing about it."

"I didn't watch you all the time either, during which I would go on retreat for tens of thousands of years, but every time I came out of the retreat, I found that you were still looking for me."Shinny twitched again inside as he said this, and that's how the emotions all kept building up.

"You're a man, alas."

"Until a few days ago, when I left the gate for the last time, I thought you were still looking for me in the South China Sea, but I searched around and didn't find you anywhere."Shenni didn't say the whole thing, a few days ago when she left the border, she found that omi was not looking for her in the South China Sea, at that moment, Shenni actually felt some loss inside, perhaps, these years, every time she left the border, she could see omi looking for her figure used to, suddenly a day away, not used to it.

"Then, I found traces of you on the surface of the sea, chased the traces all the way into the uninhabited area, and then found you, fortunately, this is just the edge of the uninhabited area of the South China Sea, it hasn't gone deep enough, and you're fine."Shinni said.
