

King of kings

2404

However, Omi and the Ten Thousand Violet Great Sage didn't want to simply find an empty corner, Omi wanted to open up to the three realms and have a big fight, that way, it would help open up Omi's reputation and let the Immortal Emperor understand Omi's current strength.

It was just that this move had the suspicion of using the Ten Thousand Violet Sage, Omi thought better of it.

"I'm back." Omi shouted.

"Omi."

"Cincinnati."

Little Fire happened to be at home, Star Luo and Tian Xiang were there, and the rest of the group was absent.

"Hahaha, Brother Minister, you're back, it's been nearly two million years since you've been gone." Little Fire came up happily.

"Tzu-Chen." Tian Xiang and Xing Luo were also filled with blazing eyes.

Little Fire smiled, "I understand, I won't disturb you, I'll go and inform my sister-in-law that they are back." Saying that, Little Fire's smile was ambiguous and left.

Omi said to Fa Lan, "Fa Lan, let me introduce you, this is Xing Luo, this is Tian Xiang, they are both from the Northern Club Luzhou, they are both my daughters-in-law. Tianxiang, Xing Luo, this is Fa Lan, from the Fa Dynasty, they are also my daughters-in-law."

"Oh." Tianxiang and Xing Luo were not surprised, every time Omi went somewhere, it was not normal not to bring back a few daughters-in-law. One second to remember to read the book

"Hello guys." Fayashi said in greeting, Fayashi now having figured it out.

"Hello, Fa Lan."

Omi said to Fa Lan, "Fa Lan, you're going to visit another place."

"Uh, I'm not familiar with it."

"How come you're so ignorant, me and Tianxiang Xing Luo, we have some business to take care of, about two hours."

"Lecherous." Fa Lan glared and walked away with a pout.

Omi smiled, picked up Tianxiang and Xing Luo and rushed to the distant mountain.

"Hey, what are you doing."

"Omi, you stop it." Star Luo shouted.

"You two, it's been a long time since I've talked to you alone about my life aspirations, let's talk today."

Omi came to a nearby mountain, found a mountain, set up a ban, and then began to talk about life ideals.

This chat was three to four hours.

When Omi returned home, everyone was waiting for him.

"Omi, you're ridiculous." Mu Qianyi scolded.

"What? I didn't take you to talk about life ideals, you have a problem with that, that's fine, you guys wait, I'll take Qianji out alone."

"Alright, stop it, it's rare to come back, it's not okay to have a good get together, maybe you'll leave again in the middle of the night." Mu Qianji said.

The last time Omi came back, he gave them the Hong Meng Liquid and then left in a hurry.

"Hahaha, so that's how it is."

"Don't laugh, we're not as dirty as you."

"Alright, everyone sit down, I won't be leaving again this time back."

"Uh, what do you mean?"

"After that, we'll never be apart."

"Why?"

At that moment, Lu Yuxi was the first to notice and said in shock, "Omi is an immortal."

Everyone observed the momentum and really found that Omi had a strong Qi, but they couldn't determine the specific realm.

"That's right, I'm a God Immortal now, but unfortunately, it's a Primordial Immortal." Omi said.

"Omi, how did you become an Immortal so quickly?" The crowd asked in shock.

"Not so fast, I'm sure you guys can become immortals soon too, remember the liquid from the last time I gave you the Hong Meng? I've got a lot more. Next, I've got two main ones.

The first thing, the first thing, is to find a place to claim the throne and establish a territory of our own, and the second thing, is to make you all immortals."

"Can." Everyone looked at Omi suspiciously.

"You guys are worried about my strength aren't you? There's no need to worry about that, I dare to call myself king, so I'm naturally somewhat confident."

"By the way, why didn't the Great Sage let me go to him this time?"

Mu Qianji said, "The Great Sage has run into trouble."

"Er, what kind of trouble?" Omi was busy asking.

"The Great Sage seems to have been very unhappy these past few hundred thousand years."

"Why? Tell me quickly."

"As you know, the Immortal Court is getting stronger and stronger, so perhaps the Immortal Emperor, humiliated by your previous humiliation, has started to strive for strength and cultivate talents at all costs. In the past, the Immortal Emperor was afraid of talent, but now, he is cultivating it at all costs, so the Immortal Court has gained many more strong people in the past million years. About 300,000 years ago, the Three-Eyed War God, openly challenged the Great Sage, and as a result, the Great Sage lost to the Three-Eyed War God. Of course, the Three-Eyed War God also narrowly won, but no matter what, the Great Sage lost. And before, the Three-Eyed War God couldn't beat the Great Sage at all."

"Ah." Omi was shocked that the Three-Eyed Battle God was able to defeat the Great Sage.

"Why is that?"

"Didn't I tell you that Immortal Emperors don't care to cultivate talent at all costs. In the past, the Immortal Emperor was always afraid that his people were too powerful and always restricted, let alone cultivated. And ever since you took a sh*t in the Immortal Emperor's bed, the Immortal Emperor felt threatened by it, so he did whatever it took to cultivate talents. The Three-Eyed War God is one of them, and the Three-Eyed War God didn't know what he got from the Immortal Emperor, and his strength increased greatly."

"Damn." Omi was depressed, he was trying to make a big show of his strength.

"Then where is the Great Sage now?"

"The Great Sage's entire body has become decadent since he lost to the Three-Eyed War God, and he hasn't been seen for three hundred thousand years."

"Where did he go?"

"No one knows, the Ten Thousand Purple Mountain is in an unmanaged situation, if someone came to exterminate the mountain at this time, I'm afraid it would be wiped out in no time, we're on edge every day."

Tang Huan said, "In fact, our worries are not unwarranted, many powers heard that the Ten Thousand Violet Great Sage lost to the Three-Eyed War God, and suddenly they don't have that much respect for the Ten Thousand Violet Great Sage, recently, more and more powerful people are trying to provoke the Ten Thousand Violet Mountain."

"Alas."

"It's understandable, after all, once the Ten Thousand Violet Great Sage was so powerful, the Three-Eyed War God was no match at all, and now, he's been defeated by the Three-Eyed War God. I heard that sooner or later, the Immortal Emperor will send his troops to annihilate the Ten Thousand

Purple Mountains, but not so soon, because the last time he annihilated the Fa Dynasty, the Immortal Court also sacrificed over a hundred thousand celestial soldiers, and now the Immortal Court is also saving its strength.”

“Alright.” Omi pondered.

“The strength of the Immortal Court has increased, not only the Three-Eyed War God, almost many war gods are stronger, for example, Leng Tian Ling, Gao Xiaolian, Wind and Fire War God, and so on. In addition to that, there’s a large reserve of talents.”

“Where does the Immortal Emperor get the resources to cultivate?”

“I don’t understand this, people are Immortal Emperors after all, there must be quite a lot of Hongshi and other liquids, at least more than you.” Tang Huan said.

Omi possessed a well of Hong Meng Liquid, the Immortal Emperor was afraid that he possessed thousands and thousands of wells, Omi simply couldn’t compare, once the Immortal Emperor was open to cultivation, it was really powerful ah.

This Immortal Emperor was really stimulated.

Had I known, last time Omi didn’t go to stimulate the Immortal Emperor, let him continue to contain the talent and dig his own grave.

“Alright, let’s forget about this for now, let’s eat first, in a few days, I’ll go to the Immortal Realm.”

“Are you crazy, what are you going to the Immortal Realm for?”

“Hehe, I also have an inside track in the Immortal Realm.” Omi smiled.

Omi wanted to go to the Immortal Realm to find Gao Xiaolian, but he just didn’t know if Gao Xiaolian would betray him anymore, since Gao Xiaolian was also being trained by the Immortal Emperor.
