Shennyton was furious, "Thunder Valley Master, why are you talking nicely about me."

"Aren't you?"

"Huh." Shenny was depressed, but it wasn't nonsense, indeed, she just didn't like being told by him.

Omi consoled, "Jie, it's fine, others who want to be my daughter-in-law haven't had the chance yet."

The Thunder Valley Lord chuckled, "That's good, no need to worry about being found by the Immortal Emperor, Brother Chen, thank you."

"You're welcome."

"By the way, Brother Minister, did you just call out to Grandpa Dragon, are you looking for the Dragon King?"

"You've seen it?"

"The Dragon King has never seen him, but I ran into another man who saw him before." Thunder Valley Master said.

"Who?"

"The Dark God Palace worships the Sun Palace Master." Remember the URL .kanshu8.net

"Him?"

"Yes, he also came running to the edge of the No Man's Land to hide before, and I ran into him, and the Byzantine Palace Master said that he ran into the Dragon King and the Ten Thousand Purple Great Sage."

"Ah, Grandpa Dragon and the Ten Thousand Violet Great Sage together?"

"That's what the Lord of the Bayou Palace said."

"So where are they now?"

"I don't know about that, but if we find the Baishi Palace Master, we can probably find the Dragon King. Brother Chen, I'll take you to find the Byronic Palace Master first." Thunder Valley Lord said.

"Good."

Under the guidance of the Thunder Valley Lord, Omi met the Baysun Palace Master, and it wasn't the first time that the Baysun Palace Master had met him.

"Hello, Omi, we meet again, last time, you came to my Dark God Palace and wanted to invite us to an alliance, but unfortunately, I refused, I'm really sorry, if I knew then that this would end today, I definitely wouldn't have refused you, even though I might not be able to keep my Dark God Palace, at least I wouldn't have been destroyed in the flesh." The Byronic Palace Master said.

This sun worshipping palace master was a woman with an ordinary appearance, but she was very strong.

Omi didn't bother to make things difficult for a woman and asked, "Baysun Palace Master, I heard that you've met the Dragon King and the Ten Thousand Purple Sage?"

"Yes, the Dragon King and the Ten Thousand Violet Saints are together, but they're heading north to the No Man's Land now. Say what you will, changing places frequently can make it less likely for the Immortal Emperor to find them."

"Thank you." Omi was about to head north.

The Baysun Palace Master shouted in a row, "Wait, Omi."

"Is there anything else the Baysun Palace Master would like to ask?"

"I dare not, that, may I follow you?" When the Sun Bidding Palace Master saw that the Lord of Destruction and the Lord of Thunder Valley were following Omi, he naturally knew something.

Omi said, "Although you are a woman, I, Tang, treat all equally, anyone who wants to follow me to save his life must be my subordinate."

"Erm, so the two, Destruction and Thunder, are both your men?"

"Right."

"Oh, if they're willing to be your men, why shouldn't I be, minister brother above, please accept my worship."

"Haha, Palace Master is polite, you are at least the Palace Master of a great power, it's really aggravating to have you as my underling."

"Brother Servant is joking, nowadays, where do I have any power, I am already like a dog that has lost its home and has nowhere to hide, I am grateful that Brother Servant is willing to take me as your right hand man and shelter me in times of distress."

"There is no need to be polite, palace master, well then, let's go, although your name is my underling, I treat you as a friend." Omi said.

That Thunder Valley Master said at once, "Disgruntled."

"Thunder Valley Master, what are you disobeying?"

"Brother Chen, you value s\*x over friends, and the Baishi Palace Master is a woman, so you treat her with

So polite, and I, for one, am so rude to me."

"In my eyes, Lord Baishi Palace is also like a man, without any color."

"Uh, oh, what I said, I'm old and ugly, and I can't compare to your wife, Kannie that. However, Divine Nee and I are also old acquaintances, and once we even cultivated together when we were in the Immortal Realm." The Byronic Palace Master looked embarrassed and said.

Godni smiled and said, "That's right, we used to, when we were both still in the Immortal Court, we did have a good relationship."

"That's even better, let's go, don't waste time, Baysun Palace Master, let's go find the Dragon King and the Ten Thousand Purple Sage."

"Good."

The few people headed north together.

Gao Xiaolian saw Omi followed by the Lord of Destruction, the Lord of Thunder Valley, and the Lord of Baysun Palace, three top-tier strongmen, and felt very impressive, and said, "Omi, let's simply find all the strongmen who escaped to the uninhabited area, and then, let them be your men."

"Oh, say again." Omi smiled.

If we hadn't encountered a great disaster, these three people behind us would never have been able to become Omi's men.

However, there was something quite interesting about Gao Xiaolian's proposal.

If the rest of the people could really be found, then there was no reason not to play with it.

Immortal Emperors had so many War Gods under their hands, why couldn't Omi have a dozen strong ones under his?

Gao Xiaolian said, "Among the exterminated forces, the ones whose Yuan Shen escaped are the Horned Goat Great Sage, the Dragon King, the Ten Thousand Violet Great Sage, the Green Man Old King, the Earth Demon Clan's Earth Demon Patriarch, and if you add the Fa Wu Tian of the Fa Dynasty and the Heavenly Demon Old Demon of the Heavenly Demon Cave, then there are seven more."

Omi said, "Alright, let's find Grandpa Long and the Ten Thousand Purple Sage first. Let's not talk about anything else, Grandpa Long and the Ten Thousand Purple Great Sage, I can't take them under my wing."

Shen Ni said, "Omi, have you forgotten? When you were still in the Ten Thousand Purple Mountains before, you defeated the Ten Thousand Purple Great Sage, and at that time, the Ten Thousand Purple Great Sage said that he was willing to be your subordinate and help you seize the heavens."

"Er, there is."

"There is."

"Oh."

Omi and the others, flew north for over a year, and finally, at the edge of an uninhabited area in the north, they found the Dragon King.

"Grandpa Dragon." Omi shouted happily.

"Ah, Omi, you, you've also been immortalized?" The Dragon King was depressed.

"Grandpa Dragon, I'm not, I'm still intact in my flesh."

The Dragon King said, "I mean, you've been cornered by the Immortal Emperor too?"

"Haha, Grandpa Long, this is not easy to describe." Omi was also depressed ah, technically, yes, but Omi was too embarrassed to admit it.

"Omi, your divine Kingdom, how is it going?"

"I'm calling off the title of king."

"Fine, just look at how we ended up."

The Ten Thousand Violet Great Sage flew up and busily said, "Brother Tang."

"Great Sage, is everything alright?"

"Alas, never mind, I've lost my Ten Thousand Purple Mountains."

"En, the Great Sage is in mourning, I'll go and see."

"Old Immortal Emperor." The Ten Thousand Violet Great Sage trembled and emitted a monstrous rage.

At this moment, the Dragon King looked at the three of the Destruction Cultists, the Thunder Valley Master, and the Sun Worshipping Palace Master and asked; "Omi, why are they with you?"

Omi said frankly, "Grandpa Long, I ran into them on my way to find you, and we were all in distress, so I had them follow me."

"Oh."

Thunder Valley Lord smiled, "Brother Chen, don't put in a good word for us, we're already your men."
