2428

"Yes, Minister, I know it hurts you that your woman has disappeared, but we did our best."

"Now, we only have two choices, first, continue on, and second, return along the road and leave, you make the decision."

Just at this moment, the Byzantine Palace Master said, "The Dragon Bone War God is missing."

"What." Everyone looked around at once, and sure enough, the Dragon Bone War God was no longer visible.

"Heavens, what the hell is it." Everyone looked terrified.

The Dragon Bone War God disappeared without a trace, just like the Divine Nun.

Omi said, "Didn't I tell you? Everyone hold hands."

The Byzantine Palace Master said, "I swear my right hand was holding the Dragon Bone War God's hand, but I don't know what happened, my attention wasn't on my hand at all, until I realized he disappeared, I subconsciously felt like I was still holding someone, but when I turned my head, I realized there was no one there at all."

The Old Demon of Heaven said, "No Man's Land is too weird, I see, we haven't found any evil relics yet, I'm afraid we're all dead halfway there."

"Phew." Omi exhaled deeply, right now, as the leader of the team, he had to have an attitude.

There was no longer any need to go looking for the Dragon Bone War God, because if the God Nee couldn't find it, the Dragon Bone War God must be the same. One second to remember to read the book

But if we don't look for them, Omi will have a hard time abandoning them like this.

Omi was torn between them.

"What should I do?"

"I don't know, where the hell did they disappear to? Is it dead, or, I can't imagine."

The Lord of Destruction said, "Brother Chen, it's not advisable to stay here for long ah, if we stay any longer, maybe someone else will disappear later."

Omi's gaze chilled and said, "Everyone, hold hands and move forward."

Omi finally decided to move forward, although he also wanted to find the divine nun and the Dragon Bone War God, reality simply wasn't in his power to do so.

Everyone cautiously moved forward.

About ten days later, Omi suddenly saw that there was a tall building in front of him.

"Stop, do you see it everyone, there is a very tall building in front of us." Omi said.

"Well, I see it."

"I see it too."

"Let's go over there."

Half a day later, they arrived in front of the tall building, and when they arrived in front of this building, Omi and the others realized that this building was too huge, Omi and the others were as small as a speck of dust.

"Oh my god, what the hell is this place?"

Omi looked up, to the top of the building, and couldn't see the top at all, just like a mortal looking up to see how high the sky was.

"Minister, there seems to be something like a door over there."

"Go inside, perhaps, we've reached the legendary Evil God's Ruins."

"The Evil God's Ruins? So soon?"

"Not so fast, before, at the rate we were going, we had been deep into no man's land for six months straight, at least, we were very far into no man's land." Omi said.

Everyone held hands and headed to that gate like place.

After another half day of walking, he's finally arrived at that gate, because this place was too big, although the eyes could see it by walking, but really walking, they were as tiny as dust, and it took a long time to get there.

"Minister, are we going in?" Everyone looked at Omi.

Omi gritted his teeth and said, "Isn't that what we came here for? Why don't you go in, this must be the Evil God's ruins."

Omi shouted, go in.

Everyone immediately went inside with trepidation.

Just at this moment, a voice suddenly came out, "Stop."

"Who, who is speaking?" Everyone looked around.

Not long after, a woman flew in.

"Ah, Nian Tides." Omi was shocked.

It was Princess Nian Tides, after so many days of separation.

"Omi, it's you." Nianxie didn't expect it to be Omi.

Omi immediately rushed up and hugged Princess Nianxie.

"Princess, I finally see you again."

"Ahem." Princess Nianxie coughed twice, as if she was reminding Omi of something.

However, Omi said, "Don't cough, I'm no longer the same person I was back then, your father has been split in half."

"Ah, no way." Princess Nian Shi was shocked, Omi was so strong when he was only a First Stage Immortal.

Omi now suddenly realized that Nianxie was already a High Tier God Immortal.

"You're actually a High Tier God Immortal." Omi said.

Nianxie smiled, "There's nothing to be surprised about, how are they?" Nian Shi looked towards the Dragon King and others not far away.

"They're all big men, overlords of one side, but they were destroyed by your father, and the Yuan Shen escaped, if they followed me."

"What? My father."

"Yes, your father heard that he used the Heart of the Honored One to raise the strength of more than thirty battle gods, so, he easily exterminated them, and even I had to run away and come here for an opportunity. It's just a pity that ten days ago, on the road, two people inexplicably disappeared. Nenshi, what's going on here? Go ahead and say it."

Gao Xiaolian pouted not too far away, seemingly jealous, not expecting that Omi would be so bold, even the Immortal Emperor's woman had already hooked up.

Nian Shi said, "You guys come with me, let's go to my place first."

"Ah, you still have your own place to stay here."

"I built my own."

Nenesis led the group, half walking in one direction for so long, but still, it was still at the gate of this magical building.

Nian Tides herself built a small house in one of the gates.

"This is where I'll be practicing, so make yourself at home, come in and sit down." Nian Tides said.

Everyone was busy going in.

The Dragon King asked, "Princess Nianxiao, is this place safe?"

“Don’t worry, it’s safe here.”

Gao Xiaolian asked, “Princess Nianzhi, is this the Evil God’s ruins?”

Nenshi nodded, “Yes, you just said that two other people went missing ten days ago, right?”

“Do you know where they are?” Omi was busy asking.

“I don’t know, but I’ll ask Senior Qin Zhong afterwards.”

“Who is Qin Zhong?” Everyone asked, only the Dragon King seemed thoughtful.

Nian Shi said, “Qin Zhong is the one who brought me here, but I am not strong enough to enter the Evil God Relic, so I have been near this gate.”

The Dragon King said, “I didn’t expect that Senior Qin Zhong would be here all the time.”

“Yes, not only Senior Qin Zhong, but also many others, I heard that the Evil God Relic is more complicated than we thought, but I haven’t entered it either, I don’t understand the details.”

Omi said, “The disappearance of the Divine Nun and the Dragonbone War God is related to this Evil God’s ruins?”

“Not sure, but it’s not impossible, by the way, the two people you disappeared with were the South Sea Godni and the Dragonbone War God?”

“Yes.”

Nenshi nodded slightly.
