2429

Omi said, "Can't we enter the Evil God's ruins now?"

"Senior Qin Zhong said that it can't."

"Why?"

"I heard that it's because we're too weak right now, so don't worry, Senior Qin Zhong will be out soon."

"Oh."

"Omi, I have something to say to you alone."

"Fine, let's go outside."

Omi told everyone else to stay inside, and Omi and Nianxie went to the far side.

Nenshi set up a restraint.

"Omi." Nian Tides called.

"Shh, don't talk yet." Omi shushed Nian Tze, disrupting Nian Tze's rhythm. First URL m . kanshu8.net

"Me."

"Shh, don't talk, close your eyes."

"Don Omi, I'm the one who wants to see you about something, what are you doing?"

"Shh, close your eyes, hurry up."

Nian Shi was baffled, but still closed her eyes.

However, what Nian Shi didn't expect was that as soon as her eyes were closed, she suddenly felt her lips being kissed by Omi.

"Ah." Nianxie's body trembled, this Omi was too direct, this situation.

Nianxie was about to break free, and found that Omi had his hands around her waist, preventing her from breaking free.

"What are you doing." Nian Shi had a hard time catching her breath, but, she was gagged by Omi again.

Nian Shi was helpless.

More than an hour later.

Nian Shi glared at Omi in annoyance.

"Hahaha." Omi laughed and said, "Come on, Nianxie, I can't help it if I miss you so much after such a long time, and I can't control it, besides, who are we with."

"Omi, you're ridiculous, next time."

"Nian Shi, you're my woman, what's an exception, by the way, what do you have to tell me?"

"It's okay." Nian Shi seemed to be a little angry and left.

"Hey, what the hell do you want to tell me about?" Omi shouted.

Nian Shi turned back and said, "Omi, actually, I just want you not to hurt my father, my father used the Hong Meng Heart because of you, which means that his crisis is on you."

Omi said, "Nianxie, don't forget that he tried to kill you before."

"I can understand him."

"But I can't understand him, and if there's a chance in the future, I'll definitely take his place."

Nianxie said, "Omi, is your vision, is it that narrow? Look at Senior Qin Zhong, he's so much stronger than my father, why did he never think of stealing the Immortal Emperor position from my father."

"I'm sorry, I haven't reached that height of Qin Zhong yet, maybe, in the future when I'm as strong as him, I'll change my mind."

Just at this moment, loud noises came from inside the Evil God Relic.

Nian Shi was busy saying, "It should be Senior Qin Zhong coming out."

Sure enough a heroic man in a black plain suit flew out, his body style was strange, and he arrived in front of Nian Tze in the blink of an eye.

"Senior Qin Zhong, you've come out." Nian Tze was busy.

Qin Zhong looked towards Omi and asked, "Who is he?"

"His name is Omi, and he's from the Immortal Realm."

"It's strange that he dares to come here, a place where even your father wouldn't dare to take half a step."

Omi busily said, "Senior Omi, I'd like to pay my respects to Senior Qin Zhong."

"Omi, I don't know you and you don't know me, there's no need to worship me." Qin Zhong said with a disinterested face.<

br />

Omi said, "Senior Qin Zhong, actually, I've heard of you before, the Blue Emperor approached me before and he said that you lied to him."

Qin Zhong burst out laughing, "So it was you." After saying that, Qin Zhong shouted, "Blue Emperor, there's your deceased friend."

A few minutes later, another man flew out of the Evil God Relic.

Omi took a look and it was the Blue Emperor.

The Blue Emperor flew up to Omi and grunted, "How come it's you, what are you doing here, is this the place for you to stay?"

"Senior Omi, pay my respects to Senior Blue Emperor."

"Alright, alright, go back quickly, this is not the place for you to stay."

Omi said, "Senior Blue Emperor, I came here because I was desperate, and when I heard that I could train here, I came here with my men."

"Desperate?"

"Yes, the Immortal Emperor wants to kill me." Omi briefly told the story.

The Blue Emperor was shocked, "You actually forced the Immortal Emperor to use the Heart of the Hong Meng."

"Yes."

At that moment, Qin Zhong also looked at Omi as if he was somewhat suspicious.

Omi said, "Is that strange? I can defeat the Immortal Emperor when I'm only a Beginning Immortal right now, but if I reach a Higher Immortal, I'm sure there'll be no opponent, so the Immortal Emperor panicked."

"Hahaha, hahaha." The Blue Emperor let out a loud laugh, then said to Qin Zhong, "Qin Zhong, it seems that after so many years, over there, it's really time for a new master."

Qin Zhong snorted, "None of my business, I'm not interested in that."

He said and disappeared.

The Blue Emperor said to Omi, "Omi, I didn't expect that you were really a character, throughout the ages, no one has ever forced that fool to use the power of the Hong Meng Heart, and you are the first. It seems that you have the conditions to replace him."

"Senior, I don't quite understand."

"Omi, the Immortal Emperor now possesses the Heart of Hongmeng, apart from being able to control the three realms of beings, he also has an ability, that is, he can raise the strength of others 1000 times. When one day, his opponent's strength exceeds what he can raise by 1000 times, then his end will come. Omi, go for it, I'm optimistic about you."

"Oh, so."

Omi understood that the Heart of Hong Meng could raise the strength of his men a thousand times, and when Omi's strength, exceeded the maximum that an Immortal Emperor could raise, it would be very easy for Omi to take his place.

Omi said, "Senior Blue Emperor, but I am now."

The Blue Emperor laughed, "What's your hurry, you're only a Beginning Immortal, you can defeat many Higher Immortals, what does that mean? This means that once you've reached the High Tier Immortal realm, your strength is equivalent to about 400 to 500 times that of an ordinary War God, and you're halfway there once you step into the High Tier Immortal realm."

"Ah." Omi was shocked.

That was why, the Immortal Emperor had raised the strength of the Three-Eyed Battle God and the others by 500 times, just to prevent Omi from stepping into a High Tier Immortal realm. The Immortal Emperor himself also understood that Omi could defeat the High Tier Battle Gods with a Beginning Stage Immortal, and once he reached the High Tier, it would be many times as strong.

Under normal circumstances, a Beginner Stage Immortal was hundreds of times weaker than a Higher Stage Immortal, and was simply impossible to defeat.

The Blue Emperor patted Omi's shoulder and said, "Go for it, kid, I believe the position of Immortal Emperor will belong to you."

"But I, even if I were to step into a High Grade Immortal in the future, it would only be equivalent to four or five hundred times that of an ordinary High Grade Immortal, and I still have a lot to do to exceed the 1,000 times limit of the Honored Heart. That's why I want to enter the Evil God Relic." Omi said.

The Blue Emperor said, "The Evil God's Relic is not for people at your level yet, you'd better go back and grab your position as an Immortal Emperor."

"Then, what kind of strength do you need to reach before you can enter the Evil God's Relic?" Omi asked.

"Your strength has to be at least three thousand times that of an ordinary high ranked War God when."
