Omi smiled slightly, "Truth be told, I've come into contact with the Three Nothing Spaces before, so I'm not a stranger to them, and I've also studied this kind of space and have some understanding of it."

"Heavens, you're too strange, with your current strength, you're also able to study it?" One of them said.

Those people, looking at Omi like monsters, right now, Omi didn't know their inner thoughts, but he could tell that a hint of jealousy appeared in the eyes of some of them.

The atmosphere here didn't seem to be as friendly as it was supposed to be.

There were a total of five people here, including Blue Emperor and Qin Zhong, and the other three Omi had never seen before.

The five of them were cultivating in this room, but it looked like Blue Emperor and Qin Zhong weren't the strongest of the five of them.

The atmosphere, just like this, was frozen for several minutes as they all stared at Omi.

Omi was staring with a bit of fear, could it be that he had made a mistake coming here?

This was the Evil God's ruins, and it was so huge, it wasn't like it was theirs.

A few minutes later, the Blue Emperor suddenly cursed, "Omi, who let you in, get out."

Omi was about to speak, one of the men said, "Blue Emperor, kill him." The first website

"Ah." The Blue Emperor's body trembled, but he seemed to be expecting it again.

The Blue Emperor was busy saying, "Bitter Sacrifice, why bother, just let him go."

"It's more economical to kill him, I can't worry about this person." Another person said.

It seemed that, apart from Qin Zhong, the other three all suggested slaughtering Omi, not sure why.

Qin Zhong didn't say anything, only the Blue Emperor seemed to be begging for Omi's life.

The Blue Emperor said, "A descendant who is only ten thousand years old, but you actually want to kill him, I say you guys, are you too cautious, or do you have no confidence in yourselves. Qin Zhong, say something instead." The Blue Emperor looked towards Qin Zhong, as if he wanted Qin Zhong to say a word of support for him.

Omi felt cold, not sure if it was the space here or the aura emitted by those strong men that made him feel cold.

In front of these strong men like them, Omi was undoubtedly very weak, so weak that it was indescribable. Omi had spent three days flying all the way from the front door to this house, while they, it was estimated to be just a few minutes or even less.

Qin Zhong hesitated and said, "Forget it, let him go, don't even come here in the future, after all, we are all old men from the founding period, we don't scruple a younger generation."

The Blue Emperor was busy saying, "That's right, you guys are too nervous. Alright, I'll send him out, you guys continue with your enlightenment."

After saying that, the Blue Emperor didn't wait for the three people to speak, pulling Omi out of the room and flying away in a whoosh.

It was only less than a minute before Omi was dragged to the entrance of the Evil God's Relic, Omi had spent three days going in before.

It seemed that even though it was all dust in the Evil God's Relic, there was a huge difference between dust and dust.

Omi hadn't even reacted yet.

At the gate, the Blue Emperor said, "Omi, I can only guarantee you once, don't come back in next time, do you hear me, if you come back in, I can't save you if you die."

Omi was puzzled, "Senior Blue Emperor, why can't you let me in?"

"There's not that much why, you should just go back and take your Immortal Emperor's position honestly, so don't come here and get involved."

"I don't understand, am I hurting your interests in any way?"

"It's complicated anyway, so just take it for what it's worth, this evil relic is already in charge, get out of here, take your people with you."

"Can."

"If you don't leave, even

I'm going to be rude, I've only met you once, I can't possibly keep you alive a second time."

Omi no longer said anything, after all, to whine any longer would be a bit ungrateful.

"Thank you senior for saving my life, fine, we'll leave now."

"En, let's go, I wish you to become an Immortal Emperor soon."

"Thanks."

The Blue Emperor returned back inside the Evil God Relic.

Back at the previous house, one of the men in black said, "Blue Emperor, if you let him go today, you'll regret it later."

"Alright, you guys shouldn't make such a fuss and look down on yourselves like that."

"This kid, he is only a Junior Immortal, and he was able to enter this place, it's by no means simple, you guys remember, there is only one copy of the Evil God's will, whoever ends up spending it, see it's all luck."

Omi came to that small room of Nian Tides.

"Omi, didn't you enter the Evil God's Hall, why did you come out again." Godni and the others were busy asking when they saw Omi.

"Don't mention it, I got kicked out."

"Ah."

"Let's get out of here soon, the people who are in the Evil God Temple at the moment, they don't want me to appear here, I'm afraid for my life if I still appear here."

"No way, it's not like the Evil God's ruins are theirs."

"Whoever has the hardest fist is the one who owns it, I don't even understand that."

Gao Xiaolian said, "This Evil God Temple, there must be something good about it, they're afraid that one more person is one less hope."

"Maybe."

Omi planned to withdraw first.

"Are we really returning to the Immortal Realm?"

"I don't understand, might as well go ahead and rescue the ten thousand sucked out of the Ancients and form an army." Omi said.

"Good."

Omi and the others left the gate of the Evil God Temple, Nianxie hesitated, and finally, she followed Omi, because Omi didn't even allow her to enter, so I'm afraid that in the future, if she was qualified to enter, she wouldn't be allowed to.

"Nianxie, when Senior Qin Zhong took you away, did he tell you that you had some exquisite heart?" Omi asked.

"Yes, he said that if I have the Exquisite Heart, then I can easily replace the Immortal Emperor, and if I kill my father, he will really die."

"Oh, so Senior Qin Zhong didn't ask you for the Exquisite Heart?"

"No, Senior Qin Zhong doesn't want my Exquisite Heart, he's just protecting me because there are other people who want my Exquisite Heart, and I heard that obtaining my Exquisite Heart will give you some benefits, right?"

"So you're leaving now? Will it?"

"It's boring there too, I'd better go with you, besides, I don't want you to kill my father."

Omi didn't say anything.

Soon, they arrived at the place where they had disappeared people before.

Omi said, "Wait for me here, I'll go one by one and bring out the people who were sucked in."

"Go."

Omi closed his eyes, and in the next second, Omi disappeared.

When he opened his eyes again, he had already entered a void.

Omi looked at this void and secretly said, "Perhaps, I don't even need to enter through the gate of the Evil God Temple, I can enter here as well. Of course, maybe not, if it can be entered here as well, then why don't they enter from here."

In fact, this place that Omi was entering at the moment was not really the Evil God Hall, but merely the periphery of the Evil God Hall.
