

King of kings

Chapter 2436

Nian Tze's gaze was cold, and he quickly flew towards the Immortal Realm.

Nianxie gritted her teeth and said, "Father, no, you are not worthy of being my father, you are the cause of my mother's death."

Nianxie attributed her mother's death to her father now, because, she could clearly feel that her mother was unwilling to die inside, it was her father who forced her to die.

Originally, Nianxie had never thought of taking the throne, but now, even if she had to do it for revenge, she would have to do it.

Moreover, the Dragon King she would kill, only, Omi would definitely not let her kill it, so she had already expected that she and Omi would become enemies.

No matter how hard one tried to hide, there was no hiding.

At this moment, Omi was also flying towards the Immortal Realm.

The Dragon King said, "Omi, we have to hurry, I think Nian Tides will definitely inform the Green Hat Emperor, and it will take us a little over a year to reach the Immortal Realm from here. Such a long time is enough time for the Green Hat Emperor to raise the strength of the Three-Eyed War God and the others by a thousand times. By then, the Green Hat Emperor will have more than thirty people with strength close to yours under his hands, so how else can you kill them."

Omi nodded his head.

The truth was that Omi was a bit messed up inside, after all, Niancii had skin to skin with him as well, and it would be hard to kill someone who he all identified as his woman inside, if he really wanted to become an enemy.

For example, if Nianxi stood in front of the Immortal Emperor and wanted to kill the Immortal Emperor, he would kill her first, so, would Omi be able to do it? Remember the URL .kanshu8.net

But it didn't seem like Omi's style to give up the Three Realms just for a human woman.

"Dragon King, now that I think about it, maybe I shouldn't have encouraged you that in the first place." Omi said with some regret.

"What?"

"About the Fairy Mother."

The Dragon King laughed, "Omi, you don't need to feel guilty, you were trying to fulfill me in the first place, besides, everything has a cause and an effect, the Fairy Mother used me so much in the first place, that's why there is today's effect."

"At first, when I was angry, I didn't think about it, that Fairy Mother was Nian Tides' mother, she only thought of her as the woman of the Immortal Emperor, that's why she encouraged you."

"Omi, did you think that fairy mother was a good thing? To think that in the beginning, in order to find the person that the Immortal Emperor couldn't sense, the Immortal Emperor killed all the babies born in the last month, and after that no one was found, that Immortal Mother actually proposed to kill all the people born in the last hundred years, it is evident that the Immortal Mother is very vicious at heart and treats the heavens like ants."

"Really." Omi was shocked, the Immortal Emperor had already killed all the babies born within a month, if he killed all the people born within the last hundred years, the heads would really be able to pile up to the sky.

"What's the point of lying to you."

"Ugh." Omi sighed.

The Dragon King said, "Don't worry, Omi, everyone only knows that I defiled the Fairy Mother, no one will know that you helped me enter the divine Pond."

Omi said, "Does the Fairy Mother not know either?"

"That, I don't think she noticed you, after all, you withdrew in time."

"No matter what, I, Omi, won't deny what I've done."

A year later, Nian Shi returned to the Immortal Court one step ahead.

The Immortal Emperor didn't know that Nianxie now already had the power to kill him, so, he was completely unprepared. If Nian Tides killed as soon as she met him, then she would surely be able to take his place.

"Nian Tides." The Immortal Emperor shouted when he saw Nian Tides.

Nianxie's gaze was cold as she said, "Father, you forced me to do this."

"Someone, someone." The Immortal Emperor shouted at once, and at this moment, more than thirty Battle Gods all instantly listened to the

To the Immortal Emperor's call.

The Immortal Emperor seemed to feel the power in Nian Shi's body and trembled, "You, how could you become so strong."

"Buzz." In the next second, Nian Tides instantly strangled the Immortal Emperor and hoisted him up.

"Ah, don't, don't kill me, daughter, don't kill father." The Immortal Emperor desperately begged for mercy, he was, surprisingly, no match at all, at this moment, the Immortal Emperor seemed to feel that death was so close.

Nian Shi gritted his teeth, "You don't deserve to be my father, you forced my mother to die, you don't deserve it."

The Immortal Emperor struggled and begged for mercy, "Xie'er, it wasn't me who forced your mother to die, it was the Dragon King, if the Dragon King hadn't defiled your mother, why would she have to die."

"No, even though your mother was trampled on, she did not wish to die, it was you who wished her to die, it was you, I want to avenge your mother." Nian Shi yelled, her eyes red.

"Don't, Tides, I'm your father." The Immortal Emperor begged bitterly.

As long as Nianxie killed the Immortal Emperor, then the Immortal Emperor would truly be dead, and the Hong Meng Heart would surely become Nianxie's, who already possessed the Exquisite Heart. What would happen to a person who possessed both the Hong Meng Heart and the Linglong Heart at the same time, no one could say.

Nianxie's chance was right in front of her.

However, the power in Nianxie's hands was slow to come down because, after all, it was her father, and no matter how angry she was, she couldn't just say kill like a stranger.

Therefore, Nian Tides was going to miss this once-in-a-lifetime opportunity after all.

More than thirty Battle Gods had come.

Nianxie's chance was missed in vain.

"Buzz."

"Swoosh."

More than thirty war gods were suddenly coming to kill Nian Tze.

The Immortal Emperor instantly found a chance to escape from Nian Tides.

After escaping, the Immortal Emperor blinked and was hundreds of meters away, the Immortal Emperor roared, "Kill, kill her for me, whoever can kill her, I'll give him a boost to seven hundred times his power."

Nian Shi was surrounded by over thirty war gods.

As such, each and every one of these War Gods was not weak, each one was 500 times stronger than the original one.

Originally, they were to be used to deal with Omi after he stepped into the high class of Immortals, but instead of dealing with them, Omi waited for Nian Tze.

The Three-Eyed War God said, "Princess Nianxie, are you going to be treacherous, as a daughter, do you really want to kill your father and seize his throne?"

Nian Shi scanned the eyes of more than thirty Battle Gods and snorted, "Sure enough, one of them has already increased their strength five hundred times, it's used to deal with Omi, but unfortunately, he's long since ceased to be the same."

"Hmph, if Omi dares to come, he will be called to break all his bones." One of the War Gods said.

In the distance, the Immortal Emperor was in a cold sweat and almost died, but fortunately, Nian Tze didn't do it for a moment, otherwise, he was finished.

However, Nian Tides would never have a second chance to kill him again.

Although the Immortal Emperor's strength was low, he controlled the Hong Meng Heart, he could instantly move, and if he tried to hide, no one would be able to catch him.

"Kill, kill her."The Immortal Emperor shouted.

Thirty Battle Gods rushed towards Nian Tze.

Although Nian Tze's strength had improved a lot, but no matter how much it improved, she would still be similar to them if she survived, and there were more than thirty of them.

So, in less than a minute.

Nianxie was severely injured.

Nian Tides bit her teeth and suddenly turned into a colored smoke, disappearing into the spot.
