

King of kings

Chapter 2441

Omi returned to his temporary home.

The Dragon King was busy asking, "Tzu-Chen, how is it? Success."

When the Ten Thousand Violet Sage saw Leng Tianling follow Omi, he understood and bowed, "Pay respects to the Immortal Emperor."

Thus, the rest of the people, the Lord of Destruction, the Lord of Thunder Valley, and the Lord of the Bidding Sun Palace, also bowed, "Greetings to the Immortal Emperor."

Everyone's eyes showed a touch of surprise.

Omi swept a glance at everyone and smiled, "Do you guys think that it's really that important for me to be an Immortal Emperor?"

"Why, what do you mean, sonny?" Dragon King Dao.

Omi said, "Gentlemen, to tell you the truth, I've given up on being an Immortal Emperor."

"Ah?"

"Minister, are you stupid, have you been kicked in the head?"

"Brother Minister, didn't you always dream of being an Immortal Emperor, what?" First web site
m . kanshu8.net

Everyone, you and I, expressed dissent on the matter.

"I know that you all feel sorry for me, and even, some puzzlement and even anger over my abandonment, I understand, I understand it all."

Mu Qianji said, "Omi, no matter what decision you make, I will support you, and I believe you have good reasons."

Omi smiled slightly.

Gao Xiaolian said, "Omi, tell me your reasons."

"The reasons are simple: first, to obtain the Heart of Hong Meng, you must kill him; second, after obtaining the Heart of Hong Meng, you become an Immortal Emperor, and the duty of an Immortal Emperor is to guard the three realms, and can no longer do as he pleases, he always has to worry about the stability of the three realms, and if the three realms collapse, I will die; third, I manage the three realms at all times, and I must give up the opportunity to continue cultivating upwards all my life To toil for the sake of the three realms, if one day I get tired and want to rest, sorry, I can't, unless, I am killed and the position of Immortal Emperor passes to someone else, I will be forever locked in that position. These three reasons are enough for me to give up."

Everyone listened and nodded their heads.

With Omi's personality, being an Immortal Emperor was just a moment of fun, and for tens of millions of years, Omi would definitely go crazy. However, the position of Immortal Emperor had no exit option, unless it was killed by someone else.

At that moment, the Old King of the Green Man said, "Brother Chen, if you don't want to be an Immortal Emperor, then you can let someone else be it, for example, the Dragon King, or your closest relative or something."

Omi shook his head and said, "First of all, I'm not sure if it's whoever kills him who will replace him, what if it's not, I'll let the Dragon King kill it, and as a result, it still turns out that I killed it, then I'll lose myself in it; secondly, I don't think it's fun to be an Immortal Emperor, the Immortal Emperor's Hongmeng heart has already been used, more than thirty War Gods are already incredibly powerful, if the Dragon King becomes an Immortal Emperor, the people under him All of them are more powerful than him, you say, and still be a chicken."

The Dragon King laughed, "This is just an example, in fact I have no desire to be an Immortal Emperor."

Shen Ni said, "Although the Immortal Emperor continues to be the Immortal Emperor now, but, the Three-Eyed War God and the others are a thousand times stronger, the Immortal Emperor can't handle them at all anymore, I'm sure in the future, all his rights as the Immortal Emperor will be overridden, he's the Immortal Emperor only in name, maintaining the three realms is still your responsibility, but he can't enjoy the supreme imperial power that he deserves. Think about it, it's quite tragic."

Omi said, "These, are all his choices, there is one more thing, the Immortal Emperor promised, to crown me as the High Heaven Great Sage, my position, higher than the heavens."

"Er, High Heaven Great Sage, interesting."

"I think that's enough, the Immortal Emperor is trying to suppress the war gods under his hand,

I must rely on me, and in the future, my status will be very high, above that of an Immortal Emperor. I can not only not have to be an Immortal Emperor and be bound by that, but I can also enjoy a higher status than an Immortal Emperor. Why not."

"So that's how it is."

Omi gave a command, "Everyone pack up and in a few days, come with me to the Immortal Realm. We'll find a piece of land in the Immortal Realm and then raise ten thousand high ranking immortals, and we'll have a free life."

Three days later, Omi brought everyone, including the ten thousand high ranking immortals he had brought back from the uninhabited area, to the Immortal Realm.

The Immortal Realm had returned to its former glory, but many of the immortals who used to live in the Immortal Realm had gone down to the ground, so for a while, the Immortal Realm was very empty.

However, it was good that the Immortal Realm was already overcrowded, so this opportunity was taken to redistribute the territory of the various forces in the Immortal Realm.

Omi came directly to the Nine Heavens Divine Hall.

"Immortal Emperor, Omi is here." A War God reported.

“Quick, go out and greet him.”The Immortal Emperor was busy bringing a group of war gods out of the palace to greet him.

Only, when the Immortal Emperor saw Omi with tens of thousands of high ranking war gods, flying in from the distance with black clouds, his heart trembled, where did Omi get so many high ranking war gods?

One had to know that the Immortal Emperor had only had more than thirty High-ranked War Gods under his hands all these years.

In fact, what the Immortal Emperor didn't expect was that over these countless years, many of the high ranking Battle Gods had been sucked into the outer void of the uninhabited evil relics.

“Little Emperor pays homage to the High Heaven Great Sage.”The Immortal Emperor bowed.

The thirty or so war gods behind him also worshipped, “Little God pays homage to the High Heavenly Great Sage.”

Omi smiled, “Not bad, Little Emperor, it's only been three days since the Immortal Court was restored to its former glory.”

“Thank you, Great Sage of the High Heaven for your accomplishment.”

“There's no need to be polite, it's just as well, the Immortal Realm is empty now, leave me the best piece of land, it will be my residence from now on.”

“Rest assured, High Heaven Great Sage, those who went down to the Earth Immortal Realm a year ago will not be allowed to come up now, of course, those who are capable will still be able to, and it solves the overcrowding dilemma of the Immortal Realm.”

“It's your business, you said before, to seal me High Heaven Great Sage, when will the ceremony be held?”

“Great Sage, rest assured, after I have reorganized the dynasty and restored the various institutions of the Immortal Court, I will gather all the new courtiers and announce the matter, so that the full court can also know that you are the Great Sage of High Heaven.”

“Not bad, will do things.By the way, you are now reorganizing the dynasty, you must need talents in particular, here, I have many talents, you can arrange for them to become immortal officials as well.”

The Immortal Emperor said, “The people recommended by the Great Sage, the Little Emperor will definitely make good arrangements.”

“Thank you, in the future, whoever is disobedient, you can come to me.”

“Thank you, Great Sage.”The Immortal Emperor was greatly pleased, before, he was troubled, now the Three-Eyed War God, Wind and Fire War God, Purple Slit War God and so on, more than thirty war gods, so strong, simply can't handle it anymore, in the future, when managing it, it will definitely go against the yang and the yin, while he was helpless, is not sure what to do in the future, now, to hear Omi's words, he was relieved.”

The thirty or so War Gods behind the Immortal Emperor were depressed inside, cursing Omi for meddling in their affairs, otherwise, they would be able to walk sideways in the Immortal Realm in the future, and what could the Immortal Emperor do to them.

If Omi interfered, they would have to obediently listen to the Immortal Emperor's orders.

Omi asked, "Recently, has Nianxi come to see you?"
