"Okay, from now on, you can follow me to cultivate." That Caiyun said to Omi.

"Okay, thanks boss."

"You're welcome, Guyan, you're new here, you take him with you."

"Sure."

Guyan said to Omi, "Brother Tang, since we're here, let's immediately enter our cultivation. We are in the Evil God's Relic, the three no-space here is always giving us enlightenment, so I hope you can improve your strength as soon as possible."

"Good."

Omi walked to the corner of this room, closed his eyes and began to cultivate.

These years were destined to be lonely.

After cultivating for a few days, Omi suddenly felt very bored, and Omi opened his eyes.

"Big Brother Guyan."

"Brother Tang, what is it? Why aren't you practicing." Remember the website .kanshu8.net

"Brother Guyan, don't you find it so boring?"

"Bored? Which one here hasn't been sitting here for billions and billions of years."

"Oh." Omi said in his heart, sitting like this isn't afraid of getting lumbar vertebrae ah.

Guyan said, "Brother Tang, calm down."

"Alright, big brother Guyan, you cultivate, I won't disturb you."

Guyan rushed to close his eyes.

Omi, on the other hand, felt very unconscious, so, walked out of the house to get some air.

However, when you walk out of the house, there is also no air, there is no air to breathe at all, and you are holding your breath all the time.

"Fuck, do I have to be like this for the next billions of years, all sitting here like a dead guy, not moving to cultivate, I'm going." Omi was extremely struggling inside, perhaps it had something to do with

Omi's age, he was only 60 million years old from the mortal realm, he wouldn't be able to stand it until the next billions of years were going to be like this.

Omi said inwardly, "No matter, since I've entered the Evil God Relic, I'll walk around."

"But, Gu Yan told me that I can't walk around, in case I run into other factions, I'll die." Omi retreated inside again.

Just then, Caiyun appeared in front of Omi.

"Boss Caiyun, why did you come out?" Omi was busy asking.

Caiyun said, "Omi, what are you doing if you're not cultivating?"

"Me."

"Do you want to go for a walk around?" Caiyun asked.

Omi simply nodded, "Yes, I've only just arrived, I haven't even properly familiarized myself with the Evil God's Relic."

"Omi, don't go anywhere without my permission, otherwise, it's you who will lose your life, this Evil God Relic, not only will you lose your life if you run into other factions, you will also lose your life if you accidentally enter some traps."

"Oh, so."

"As you know, there are a total of five factions here, one more person means one more competitor, if the other factions see you, they will definitely kill you, no one will take pity on your life, everyone would hate for everyone else to die, only one person is left." Caiyun reprimanded.

"Boss Caiyun, I understand, I'd better go back and cultivate."

"No need." Caiyun said.

"Ah, what do you mean?" Omi was startled.

"Don Omi, you come with me."

"Oh." Omi followed Caiyun and flew away.

Not long after flying, the colored clouds stopped.

"This is it." Caiyun looked around and said.

"Boss Caiyun, where are we going?" Omi was busy asking.

Cai Yunfei suddenly smiled, "Tang

Tzu-Chen, I think that you are a man who knows the rules."

"Boss Caiyun, I don't understand what you mean, you think, I have no manners? If I've disrespected you anywhere, I hope you'll forgive me." Omi was busy.

Cai Yun Fei Fei said, "Omi, you're quite good-looking."

"Er, what do you mean." Omi took a step back, and through Caiyun Fei Fei's eyes, Omi seemed to suddenly understand something.

Omi thought that those of them who had been cultivating for years and years simply didn't have the seven lusts anymore, could it be.

"Boss Caiyun, what are you doing."

Caiyun Fei Fei said, "Omi, don't pretend, you know."

Omi's heart thumped, this Caiyun Fei Fei, average looking, Omi was not interested at all ah.

And at this moment, in that previous house, Gu Yan opened his eyes and sighed.

The one called Star Moon also opened his eyes.

Star Moon saw Guyan sighing and smiled, "Big brother Guyan, you are not lost in your heart, are you."

Guyan said, "Star Moon, you are overthinking."

"Haha, it's actually understandable to be lost, after all, once upon a time, Boss Caiyun was looking for you to go out, but now, she's not looking for you to go out, she's looking directly for the new one."

"Don't be ridiculous." Guyan glared.

"Hehe, big brother Guyan, the fact that you opened your eyes shows that you have fluctuations within you. That Omi you brought here is indeed very handsome, and I see that in the future, it's unlikely that Boss Caiyun will find you again."

"Star Moon, what are you trying to say." Gu Yan said.

At this time, Star Moon stood up, walked over to Guyan and smiled, "I think, this is good."

"Starmoon, what exactly are you trying to say?"

"Big Brother Guyan, I'm also straightforward, would you like to go out with me?"

"What, with you?" Gu Yan's eyebrows furrowed deeply.

The so-called trip out, not really a trip out, but a trip out to do what, everyone didn't make it that clear, they all knew it by heart.

"What, is Brother Guyan unwilling? From now on, Boss Caiyun, won't even be able to find you to go out."

"I don't want to go out." Gu Yan said.

"Giggle." Star Moon smiled, "Big Brother Guyan, do you mean what you say? Just now Omi that, this cultivation years, it's boring ah, the future is still unknown how many billions of years. Powerful even big sister Caiyun can't endure that solitude, big brother Guyan, let's go out." Star Moon pleaded.

Gu Yan didn't say anything, not knowing what he was thinking, perhaps, he hadn't thought of this accident inside.

In the past, when Guyan hadn't died yet, Boss Caiyun would ask him to go out every time.

To be honest, within Guyan, he had secretly considered Caiyun as his woman.

Unfortunately, this was not his decision, Caiyun now, obviously saw Omi more handsome, and chose Omi, no wonder Caiyun Fei Fei, so easily accepted Omi's joining, originally thought, it would take a lot of words.

"Big Brother Guyan, Big Brother Guyan?" Star Moon called out several times before Guyan came back to his senses.

"What."

Star Moon said in an almost pleading tone, "Big Brother Guyan, you should recognize reality, Caiyun won't be able to find you out anymore, will you go out with me, once upon a time, I could only envy the fact that my boss could find you out, while I had no one else to go out with. Brother Guyan, will you go out with me, please? I really need to relax for a while."

With a depressed sigh, Gu Yan bit his teeth and stood up, saying, "Alright, let's go."

"Mmhmm, thanks big brother Guyan." Star Moon was suddenly overjoyed.

Then, the two of them also left the house, and suddenly the house became empty.
