## Chapter 2451

Just like this, tens of thousands more years passed.

Omi's Three-Blessed Domain had progressed by one more horse, reaching two horse's worth of condensation.

Such a fast rate of progress was truly unprecedented, if it were anyone else, it would have taken at least billions of years to progress by one horse.

At this moment, Zi Yu and White Fox seemed to feel something.

Zi Yu immediately looked at Omi and his face changed.

"Omi, you, you've reached two horse's worth of condensation again?" Purple Rain asked in shock.

"Ah, that, yeah." Omi stammered a bit.

Zi Yu immediately asked, "Omi, didn't you say last time that you didn't have any special experiences? Why, this time, has it only been a few tens of thousands of years since it was congealed?"

Omi smiled, "This, hehe."

Omi originally wanted to forget about it and talk to Zi Yu.

However, what I didn't expect was that Zi Yu suddenly turned pale and said, "Omi, you're progressing so fast, you must have some experience that we don't have, tell me immediately, otherwise, don't blame me for being rude." Remember the website .kanshu8.net

"Ah." Omi didn't expect that Zi Yu would threaten him.

Omi, who had wanted to say something, was suddenly in no mood to say anything.

Zi Yu, a pretty looking beauty, would be like this.

"Omi, are you going to say it or not?" Zi Yu's face was cold.

At that moment, White Fox also opened his eyes.

"What's wrong? Huh, Omi's condensation into two horsepower? How is this possible, it's only been tens of thousands of years in the outside world."

Zi Yu said, "I've already asked him to reveal the secret in his heart."

The white fox nodded and said, "Omi, originally you had been killed by Caiyun Fei Fei, we saved you, if you know how to repay the kindness, tell us the secret of your heart, what different experience did you encounter that made you progress so fast, you tell us quickly. If you don't tell us, I'll kill you."

Omi looked at Purple Rain and White Fox in disappointment.

At this moment, Omi really wanted to say, "Isn't there a good person in this Evil God Relic, heck?

Thought, Purple Rain and White Fox, are good people, who knows ah, all bad people, thought before, one faction's Bitter Sacrifice is a bad person, three faction's Caiyun Fei Fei is also a bad person, five faction's Purple Rain and White Fox, can't be bad people, it turns out, they are also the same, bad people.

Purple Rain chilled, "Omi, say it."

Omi said, "Alright, I'll take you to a place."

Omi could only take one step at a time.

In short, Omi would never tell them.

Omi's secret was the ruins deep under the sea at the edge of the South China Sea in an uninhabited area.

It was because of that ruin that Omi had such a deep perception.

Back then, Omi wanted to go to that ruin again, and there was bound to be a major harvest.

However, how to get rid of both Purple Rain and White Fox now?

"Come on, if you try to trick me, I'm not done with you."White Fox.

The two of them, they instantly turned their faces, really turning over faster than a book.

Perhaps they were really jealous when they saw that Omi had reached two horse condensation in tens of thousands of years.

Omi came outside into the void and brought the two of them to a very dark corner.

"Hey, Omi, you're not selling anything, are you saying no or not?"Zi Yu yelled.

"Senior Purple Rain, what's your hurry, you saved me, I'll definitely say something."

"Better so."Zi Yu Dao.

;Omi suddenly pointed behind them and said, "Alright, you'll know if you look back, remember, look carefully."

Zi Yu and White Fox, the two of them panicked and looked back.

But, they didn't see anything.

Omi, on the other hand, immediately took advantage of their lack of attention to enter the Qiankun Stone, and then, shrunk it down to the size of a speck of dust.

It was already in this darkness, and this was the space of the Evil God's relic, so perception could not be compared to the outside world, so it was almost impossible for them to spot Omi.

Zi Yu and White Fox didn't see anything, their brows furrowed in anger as they turned their heads and said, "Omi, what the hell are you talking about, why didn't I see anything."

Unfortunately, when they turned back, where was Omi's presence.

"En?Where are the people?"White Fox was startled.

Zi Yu also panicked and looked around, but didn't find Omi.

"Strange."

Zi Yu said furiously, "This little bastard dares to play tricks on us."

White Fox said, "But how could he slip away right under our noses?It doesn't make sense."

"Hurry up and look for it."

After searching for most of the day, they didn't find the dust where Omi was hiding.

At this time, Omi was lying in the dust.

"Hehe, I never thought that my Qiankun stone would be able to shrink so small, just like a grain of dust."Omi laughed, this Qiankun stone was really a good thing to hide away from life, I should have known, I used it when Caiyun Fei Fei killed him, before Omi almost forgot about it.

In the end, Ziyu and White Fox looked for death and couldn't find Omi.

"Ahhh."The white fox yelled in anger.

"Zi Yu, this doesn't make any sense at all, how could a person as weak as Omi slip away right under our noses?"White Fox said.

"How do I know, it seems that this kid is not at all as innocent as we thought, we thought he was really so weak, but it turns out that we were tricked by him."

"Son of a bitch, I thought he would be killed by Caiyun Fei Fei before, but it turned out that we thought too much."

"There must be some secret on this brat that can enhance the understanding of the three no-space, if we can get that secret, we can also improve a lot."

"Unfortunately, he ran away."

Both of them were very frustrated.

In the end, they had to leave.

Omi was careful, and only after they had been gone for several years did he come out of the Qiankun stone.

"Phew, I was really careful too." Omi smiled bitterly, but he hid for several years.

After that, Omi carefully flew towards the gate of the Evil God's Ruins.

Omi wanted to leave the Evil God Relic first and head to the depths of the seabed in the uninhabited area at the edge of the South China Sea, that underwater relic that once had 'ghosts', there must be secrets, and going to that place, there must be something to be gained, and this place was undiscovered by everyone, except for the South China Sea Godnies and Omi.

This evil relic had too few trivial spatial elements, it was difficult to comprehend and travel to a place where the trivial spatial elements were high. That underwater relic, the elements were definitely high, otherwise Omi couldn't have progressed by a horse in tens of thousands of years.

Suddenly, Omi hadn't flown out of the Evil God's relic when a shout came from behind him, "Stop."

Omi panicked and turned his head.

Seeing it was three people he didn't know.

One of them, a man in a yellow robe, asked, "Who are you? Why haven't I seen you before?"

"Ah, Senior, I, I'm Omi, may I ask who you are?"
