"The Linglong Heart is the inheritance of the Hongmeng Heart, and in the beginning, we, the Gods, were afraid that in case the person who obtained the Hongmeng Heart was an evil person, so the Hongmeng Heart would inherit the Linglong Heart within a certain time. Normally, the inheritance would occur among the offspring of the person who obtained the Honored Heart, or, among the couples who have frequent physical contact, and, the final number is around 100+. In other words, more than 100 Exquisite Hearts would eventually be inherited. Those who possess an Exquisite Heart can also acquire the will of a Hong Meng Heart, and in time, their strength will be not much less than that of a Hong Meng Heart."

"I see, then who are you?" Omi asked.

"I am also one of the gods, and I have left my will for my descendants to inherit."

"Which one is the descendant of my predecessor?"

"She's a woman."

"Oh."

"This friend, you've asked me so much, now it's my turn to ask you."

"Senior please ask."

"What is your name? Is it one of the ten descendants of God?"

"No." Don shook his head.

"Then you're one of the people in our plan, the second, third batch? They are not children of God, but all of them are after the most powerful." Remember the website [.kanshu8.net](http://kanshu8.net)

Omi shook his head again, "Neither, to be strict, I do not belong to your last era of humans at all. I came from the lowest level of the mortal world in this world, a lowly Gryphon, and through constant cultivation, I have finally achieved what I am today."

"This, how is this possible, you're a Gryphon, it's almost impossible."

"There is nothing impossible in the world."

"Just as well, it seems that you must be a very lucky person. Can you do one thing for me?"

"What is it?"

"Bring my daughter here."

Don Omi smiled, "I don't know who your daughter is."

"When she grows up, she should have this appearance, you can open your eyes and take a look."

Omi opened his eyes, the emptiness in front of him, an image appeared, a woman, who looked a bit like Caiyun Fei Fei, however, not very similar.

"Probably this look, there might be some discrepancies, but if you see it, you should be able to identify it easily, she is my daughter."

Omi turned back, behind him stood a Void woman, this Void woman had very long hair.

Omi said, "Yes, I will."

"Thank you, it's kind of you."

"You're welcome, I also have something I would like to ask senior."

"Please speak."

"If I want to seize the Heart of the Hong Meng, do I have to kill the other party?" Omi asked.

That imaginary woman sighed and said, "It seems that this is fate, the will of our gods cannot be passed on to any of our offspring after all."

"Senior doesn't want me to get this?"

"Of course, my heart wants one of the ten descendants of God to get it, and not you."

"But only I have a chance now, because, I'm the only one who knows the truth. All of them, all of them, thinking that that Hongmeng's Heart was of no use, gave up on taking it from Nian Tian and ran off to the Evil God's Relic to get the Evil God's Will, those of them who have been cultivating for countless billions of years."

That Void woman scolded, "What a bunch of idiots, the Evil God Relic can only be obtained by the descendants of the Evil God, they're wasting their time."

"Yeah, they're wasting their time, but they don't even understand, and they're still stupid enough to practice there, they all think that they're too weak to get the Evil God's Will, they don't even know what's going on."

Void Woman.

The human said, "Now it seems that the Niantian you are talking about is the offspring of the Evil God."

"That's right, but I'm the only one who knows this secret, and I'm planning to go back now and seize the Heart of the Hong Meng, but I don't know how to not take his life when I do so. Of course, if Senior is unwilling to tell me, then I will have no choice but to take the life of the Evil God's offspring." Omi said.

The Void Woman was torn.

Omi said, "Senior, that Nian Tian, at any rate, is the son of the Evil God, didn't you say that the Evil God is your friend? And you're willing to watch him die?"

The Void Woman sighed, "It's just that, it's really God's will."

"Haha, senior, go ahead."

"All you need to do is to let his Primordial Spirit detach from his body, then peel off the Hong Meng Heart from his Primordial Spirit, after that, his Primordial Spirit will return to his body again, so that it doesn't hurt his life, it merely loses the Hong Meng Heart."The Void Woman said.

"Haha, thank you senior for saving Nian Tian's life."

The Void Shadow Woman said, "Young man, I have a word of advice for you, you must be kind to the world when you obtain the Heart of Hong Meng."

"Of course I will."

"If you dare not treat the world kindly, you will regret it."

"Er, why do you say, I'll regret it?"Don Omi asked.

"I don't think I need to tell you any more than that, anyway, remember."

"Okay, anything else?It's okay I'm leaving."

"Remember what I told you, let my daughter, come here to carry on my will."

"Good."

But in his heart, Omi said, "That bitch, Caiyun Fei Fei, is your daughter, it's damn unexpected.Unfortunately, I won't bring her here and give her benefits for nothing."

"Senior takes his leave."

Omi swiftly left and rushed towards the sea, the relics beneath his feet, getting further and further away from him.

"Wow."Omi rushed out of the sea.

Omi went straight to the Immortal Realm.

Omi immediately went back to the Immortal Realm to find the Immortal Emperor, kill him, and seize the Heart of Hongmeng.

In the past, Omi had scruples, fearing that he would be trapped there in the future, but now that he knew the truth, this Hongmeng's Heart would be obtained.

Just so, he must kill the Immortal Emperor now.

Wouldn't that be, again, a vendetta against Nian Tides?

However, Omi couldn't care less, for the sake of the Heart of Hong Meng, the Will of the Gods, must be obtained ah.

If he obtained the will of that Gods, Omi believed that he would become the most powerful person in the world, what Bitter Sacrifice, what Colorful Cloud Fei Fei, what Purple Rain White Fox, all of them would have to submit to Omi's feet.

And they, even if whoever was so lucky as to obtain the will of their respective old fathers, would not be able to defeat the will of the gods of the Hong Meng Heart.

"Hahaha." Omi let out a loud laugh.

Soon, Omi returned to the Immortal Court of Immortality.

Omi couldn't let the Immortal Emperor discover his ambition, if he found out and the Immortal Emperor ran away, it would be hard to catch him, or even, he could issue the world collapse again.

Omi first went back to his home, pretending that he was home to visit his family.

"Husband, why did you come back so soon." Liu Xiangyun saw the busy question.

"Xiang'er, why didn't you go to practice."

"I'm sorry, Husband, I feel, there isn't much on my mind."

"Oh, since there's nothing on your mind, then have fun, I'm here anyway, everything ok."

"Huh, Sage-Gong can even say ok."

"Haha, Sage-Gong hasn't forgotten to have been in the mortal world and attended high school."
