

King of kings

2455

Liu Xiangyun puffed out a laugh, how far back was that.

Omi sent one of his men and said, "Go to the Immortal Court, invite the Immortal Emperor here, and tell him that I will go to his place tomorrow to drink, so that he can bring out the best wine."

"Yes."

The Immortal Emperor quickly learned that the Immortal Emperor did not have any doubts, stating that he would definitely bring out the best wine.

The next day, Omi arrived at the Immortal Court.

The Immortal Court had already prepared a banquet.

"Little Emperor pays his respects to the Great Sage of High Heaven."

"Little Emperor, there's no need to be polite, I came back today just to drink the best wine you have here."

"Hasn't the Great Sage gone to the Evil God's Relic to cultivate?"

"Oh, there are so many seniors in the Evil God Relic, there seems to be no place for me."

The Immortal Emperor said, "Those people, they are all very domineering, I once had a lesson ah. Great Sage please." One second to remember to read the book

Omi looked at the Immortal Emperor and asked, ", You regret being an Immortal Emperor?"

"Oh, truth be told, I do regret it quite a bit, because, there's really no freedom at all ah, always worrying about my little life, in case one day the Three Realms collapse, I will die with it."

Omi took a sip of wine and asked, "You only see the disadvantages of the Immortal Emperor, but not the benefits."

"Benefits? What good is there for me nowadays, those war gods under me, one by one, are so powerful, if I didn't rely on your deterrent power, I'm afraid I wouldn't be able to call out to them at all." The Immortal Emperor said with a bitter face.

Omi said, "If, I say if, the heavens give you a chance to stop being an Immortal Emperor and act like an ordinary high ranking immortal, would you be willing?"

"How is that possible, the Heart of Honour is in me and the only way to get rid of it is for someone else to kill me, otherwise it's impossible."

"That's why I said if." Omi rolled his eyes and took another sip of wine.

The Immortal Emperor said, "If I really could get rid of it without having to die, I would choose to get rid of it, I suppose. Only, if I don't become an Immortal Emperor, I'm afraid many people will beat me up."

"Hahaha, that's quite a thoughtful question, indeed, you've done a lot of bad things, if you don't become an Immortal Emperor, you don't even deserve to be killed by many people."

"Yeah."

Omi asked, "Did Nianxi kill you again?"

"No, thanks to you for resurrecting her mother."

"By the way, where's Nenshi-san? Why can't you see Fairy Mother?"

"This." The Immortal Emperor said awkwardly, "Truth be told, the Fairy Mother has been changed, the former Fairy Mother, who doesn't live in the Immortal Court anymore, is now my knotted wife, which you resurrected."

"Oh, you've changed fairy mothers."

"Yes." The Immortal Emperor nodded awkwardly.

"I'm afraid that Nianzhi isn't in the Immortal Court anymore either."

"Yes, Nian Tides took her former Fairy Mother with her and is living on a suspended island in the Immortal Realm, so if you want to find her, I can send someone to take you there."

"I'll just ask casually."

Omi didn't want to be long-winded and immediately activated the Three Nothing Realm.

"Yes, Great Sage, what are you doing?" The Immortal Emperor's face changed, seeing Omi activating the Three Nothing Realm again, could it be that he couldn't hang around the Evil God Relic anymore and wanted to come back as an Immortal Emperor?

"Nian Tian, don't be nervous, don't worry."

"Omi, do you want to be an Immortal Emperor again?"

"Hahaha, Niantian, remember the question I just asked you?"

"What's the problem?"

"If given a chance to not be a fairy emperor."

"Ah, you." The Immortal Emperor's face turned pale, not expecting that Omi had really come to take his Hong Meng's heart.

"You're a liar." The Immortal Emperor cursed.

Omi said, "Niantian, don't curse yet, I'm giving you a chance to choose, to be an ordinary high ranking immortal, or, to continue to be an Immortal Emperor, which one do you choose?"

"What do you mean?"

"I can gain the Heart of Honour without killing you, and you have nothing to lose but the Heart of Honour." Omi said.

The Immortal Emperor said in shock, "What do you mean."

"Silly Immortal Emperor, I want your Hongmeng Heart."

"But, you're not afraid of delaying your future? You should know that you can't be here every day to manage the order of the Three Realms."

"Hahaha, that doesn't jail you worry, I'm giving you two choices now, first, I'll kill you and obtain the Hong Meng Heart, second, your own primordial spirit detachment, I'll peel off the Hong Meng Heart again and you return to your body, so as not to harm your life."

"Me."

"Niantian, I'm already merciful enough, don't make me lose patience."

"Omi, have you really thought this through?"

"Nian Tian, Nian Tian, I think you still want to be an Immortal Emperor."

"If I'm not, what am I going to do? I'm used to it, and, improperly, I'll be killed in the future."

Omi said, "Don't worry, if you're willing to become my subordinate, no one will dare to touch you, and from now on, you'll be able to help me take care of the Immortal Court inside and out."

"Are you sure you want to?"

"Hurry up." Omi bellowed.

Nian Tianton's frightened Yuan Shen detached.

Omi peeled off his heart in an instant.

Then, Niantian regained his body, and sure enough, nothing had happened, but, he had lost his Hongmeng heart.

This feeling of losing his Hong Meng heart was suddenly very disconcerting to the Immortal Emperor, he couldn't sense any more, and his strength was greatly reduced.

The Immortal Emperor trembled for a long time, sensing nothing and making him very afraid.

Omi stroked the Honored Heart and smiled heedlessly, "Not bad, not bad."

In Omi's eyes, this wasn't the Hongmeng Heart, this was the will of the gods.

Before this world was destroyed back then, the gods worked together to create it.

If Omi inherited the will of the gods, he would definitely increase in strength, and possibly, even become a true god in a very short time.

In this world today, there were no true gods at all.

Omi smiled heedlessly, and then, he incorporated the Hong Meng Heart into his own heart.

Nian Tian was watching beside him, his heart was complicated, although there were many bad things about the position of Immortal Emperor, but he still wanted to continue to be one, no matter what, it was still an Immortal Emperor, even if he couldn't command the Three-Eyed War God and so on, there were still thousands of people underneath.

Omi said to Nian Tian, "You still haven't declared your allegiance to me?"

"Ah, me."

"If you don't want to be loyal to me, go away."

"No, Niantian, pay your respects to the Immortal Emperor." Nian Tian knelt down and knocked his head on the ground, no one saw, Nian Tian's eyes, leaving tears, not sure if he was reluctant to leave.

"Hahaha, hahaha." Omi let out a loud laugh.

After merging with the Heart of Hong Meng, Omi felt that the entire world was under his control, this feeling was so refreshing.

Only, Omi's eyebrows suddenly furrowed.

"Hey, why can't I sense that many people?"

Yes, Omi discovered that he couldn't sense anyone else's past or present life.

Nian Tian said, "Immortal Emperor, you can only sense people after you take control, and you can't sense anyone or anything before you take control of the Hong Meng Heart."

"Damn."
