

King of kings

2459

Omi sneered, "Bitter Sacrifice, do you think, if you beg for mercy, I'll let you go? You haven't thought of me Don too kindly, but before I die, I'll send you a message that I sold a watch last year."

"What do you mean?" The Bitter Sacrifice looked blinded.

"Hahaha."

"Pfft." Omi slaughtered the Bitter Sacrifice in one fell swoop.

"Ah." Qin Zhong trembled as he looked at Omi, unable to believe that Omi had killed the Bitter Sacrifice just like that, saying that he was dead.

Omi looked at Qin Zhong and said, "Qin Zhong, next, it's your turn."

"Ah, Omi, don't, don't kill me." Qin Zhong begged for mercy in fear.

"If you say you won't kill me, then what am I? You were arrogantly trying to kill me just now, did you forget so quickly?"

Qin Zhong looked at Nian Tze and pleaded, "Nian Tze, persuade him, for the sake of once I also saved you once, before, if I hadn't saved you, you would have been killed by the Blue Emperor."

Nian Tze opened her mouth, at that moment, the Blue Emperor's face was a hundred and shouted, "Qin Zhong, don't mention which pot, I didn't kill her."

Qin Zhong snorted, "Blue Emperor, now you don't dare to admit it, was it you who wanted to kill her in the first place, obtain the exquisite heart, try to be able to cultivate." First URL m.kanshu8.net

The Blue Emperor raged, "But I had no intention of killing her, I thought that I could make her hand over the Exquisite Heart, and I was willing to trade her for other things, I had no intention of killing her to obtain it."

Qin Zhong said, "In short, I saved Nian Shi once."

The Blue Emperor also snorted, "Whether you counted saving her once or not I don't know, but in any case, I didn't think of killing her either."

Omi laughed, not expecting that the two of them, at a critical moment, would bite each other.

Omi said, "I say you two, you're good friends."

The Blue Emperor said, "Omi, you have to believe me, I really haven't been the one to kill Nian Shi."

Omi smiled and said, "Then Qin Zhong is lying, since you haven't tried to kill Nian Tides, then there is no such thing as him saving Nian Tides."

Qin Zhong roared, "Omi, don't be fooled by the Blue Emperor, he didn't dare admit that he really did in the first place."

Omi roared, "Alright, stop whining, I choose to believe the Blue Emperor, because, when the Blue Emperor thought that I had the Exquisite Heart in me, he came to ask me for it, but the Blue Emperor exchanged it for a woman, it is evident that the Blue Emperor was telling the truth. Qin Zhong, you go to hell."

"No, Nianxie, Nianxie, save me, you can't be ungrateful ah." Qin Zhong yelled.

Nianxie seemed to be torn.

Omi instantly did it.

"Puff."

Qin Zhong was slaughtered by Omi.

The Blue Emperor was now in cold sweat on his forehead.

It had only been a few moments and both the Bitter Sacrifice and Qin Zhong were dead.

Omi looked towards the Blue Emperor and smiled, "Blue Emperor, don't worry, you and I are good friends, in the future, how about following my cultivation?"

"Thank you Senior Tang for not killing me."

"Haha, Blue Emperor is courteous, in this Evil God Relic, I think you are the only one who is considered better after all, the rest of them are all bad people, I will exterminate them one by one." Omi said.

"Ah." The Blue Emperor chilled inside, Omi was so ruthless, exterminating them one by one.

Omi didn't care what gods these people were descended from.

Omi said to Nian Tze, "Nian Tze, let's go, we'll inherit your grandfather's will first."

"Mm." Nianxie nodded her head.

The Blue Emperor was puzzled, "Grandfather's will? You don't mean the will of the evil gods, do you?"

"Of course."

"The evil gods are

Her grandfather?"

"Yes, the Immortal Emperor is the son of an evil god." Omi told the Blue Emperor, who was also the offspring of some god, about what happened before this time collapse.

"Ah." The Blue Emperor's body trembled, so there was such a big secret hidden that they didn't know, but in the end, it was learned by Omi.

The Blue Emperor said, "So, the Heart of the Hong Meng is the Will of the Gods."

“Right.”

The Blue Emperor laughed bitterly for the rest of his life, messing around for half a day, the Heart of Hong Meng, which all of them had the chance to grab, was actually the world's greatest treasure.

At this moment, the Blue Emperor wanted to laugh out tears, once upon a time, he also wanted to go over and grab the Hong Meng Heart, but, in the end, he gave up because he didn't want to waste the world on managing the order of the three worlds.

“Hahaha, hahaha.” The Blue Emperor laughed crazily, not sure if he was laughing at his own stupidity or feeling sorry for himself.

Omi also laughed, perhaps the world really did have luck this kind of laughter.

Nian Shi originally had a chance, but it turned out to be a mistake as well, and it was in favor of Omi.

Omi said, “Alright, Blue Emperor, stop laughing, what's the use of laughing, you're not the only one who missed out.”

The Blue Emperor stopped, his heart was very complicated.

Omi said, “Blue Emperor, do you know, where is the Evil God's will?”

“Know.”

“Come on, where is it?”

“There is a ball of light right in the middle of the evil ruins, but no one can get close to it, and before, we thought that we were not strong enough to get close.”

“Take us there.”

“Yes.” The Blue Emperor didn't say anything, and directly took Omi and Nian Shi to it, but only Nian Shi could inherit it anyway.

Soon, they arrived at the center of the Evil God's ruins, there was a huge crystal ball like object in the void, emitting a radiant light, and where the light reached, there was a powerful and huge force that prevented everyone from getting close to it.

Omi said to Nian Shi, “Nian Shi, try to go up there.”

“Mm.”

Nian Shi tried to go up, and miraculously found that he could get close.

Nianxie walked step by step towards the ball of light.

However, when he got to a third of the way up, Nian Tides could no longer move forward.

“What's going on?”

“I don't know, a very strong force.” Nian Tze said with sweat on her forehead.

The Blue Emperor said, "Perhaps, Nian Tze's strength is too weak to resist that resistance despite her correct bloodline, but her own strength is too weak. All of us, however, have incorrect bloodlines and can't move forward an inch."

Omi nodded, Nianxie had only just glimpsed the rules of the Three Nothing Spaces, and hadn't even comprehended the most basic Three Nothing Realms.

Omi said to Nianxie, "Nianxie, just cultivate where you are until you obtain the Evil God's Will, the position you're standing in right now, the rest of the world can't reach it, and no one can harm you."

"Fine, then where are you going?"

"Hehehe, isn't there still a dozen or so people inside the Evil God Relic, someone has to clean up after them." Omi said.

Nian Shi bit her lips and said, "Omi, do we have to kill them all?"

After all, Nian Tides was kind-hearted and somewhat intolerant.

"What, what instructions does my Nian Tides have?"

Nian Shi blushed, and gave Omi a glance, saying, "If you can, try not to kill, after all, this world, the once gods have all been destroyed, and there are no strong people left, in the future, there may be alien celestial god teams coming to our Heavenly World to plunder again, one more person, always one more strength."

Omi laughed loudly, without saying anything, he turned around and flew away.
