

King of kings

2460

The Blue Emperor also followed Omi, and Nianxie sighed and closed up in her spot to cultivate.

Omi first arrived at the hut where Caiyun Fei Fei, Gu Yan, and Starmoon were practicing.

"It's you."Caiyun Fei Fei was the first to discover Omi.

Omi smiled, "Bitch, how have you been lately."

"Omi, you actually dare to appear here."Caiyun Fei Fei was furious.

"Hahaha."Omi laughed out loud.

"Omi, go to hell with you."Caiyun Fei Fei was about to hit someone with a single word.

"Pah."At that moment, Omi slapped Caiyun Fei Fei's face hard.

"Ah, you."Caiyun Fei Fei was dumbfounded.

Star Moon and Gu Yan, who were next to him, were also dumbfounded.

At this moment, all three of them felt unable to move. Remember the URL . kanshu8 . net

"How is this possible, could it be, that you've reached eight horsepower of condensation?"Caiyun Fei Fei asked in shock.

"Yes, no more, no less, eight horses, enough to kill all of you in seconds."

"That's impossible, eight horses, eight horses, we've been cultivating for so long and no one has reached eight horses."Caiyun Fei Fei shook her head like a fool.

"Slap."Omi slapped Caiyun Fei Fei's face again, and suddenly, it was swollen.

"You."Caiyun Fei Fei felt extremely humiliated.

This Caiyun Fei Fei, who was the descendant of that uninhabited relic god in the South China Sea, had originally entrusted Omi to take her to the inheritance.

However, Omi didn't seem to want to.

If he wasn't wrong, there must still be relics elsewhere in this world, relics of other gods, and although they might have been badly destroyed, the inheritance shouldn't have been lost.

"Caiyun slut, with this posture, she dared to sneak up on me even on that day, how ridiculous."

"Omi, what kind of strange encounter did you obtain? Could it be that the Evil God's Will has been obtained by you?"

Omi's gaze was cold, as if he didn't want to say more and was about to kill.

At that moment, Guyan pleaded, "Brother Tang."

"Is Brother Guyan trying to plead with Caiyun Bitch?" Omi asked.

"I don't dare, Brother Tang, Caiyun didn't mean to harm you that day, she just wanted to have s*x with you and felt ashamed that you rejected her. Besides, Caiyun has indirectly saved your life."

"Really? Where did it save my life."

"Brother Tang, you still remember, that day I brought you into the Evil God's Relic, and as soon as I came in, I ran into the Bitter Sacrifice, Qin Zhong, and the Blue Emperor nobody. At that time, the Bitter Sacrifice wanted to kill you, but I used Caiyun's mighty name to oppress the Bitter Sacrifice, and it was only after the Bitter Sacrifice considered Caiyun that it finally didn't do anything. If I hadn't used Caiyun's mighty name to threaten the Bitter Sacrifice that day, you would have been killed by the Bitter Sacrifice for sure. Does this, count as indirectly saving your life?"

Omi smiled slightly and said, "It's fine, for the sake of big brother Gu Yan, I'll let her go."

"Thank you, Brother Tang, Caiyun, don't hurry up and thank Omi for the grace of not killing her."

Caiyun Fei Fei was very frustrated, and finally said helplessly, "Thank you for the grace of not killing."

Omi turned around and flew away, saying to the Blue Emperor outside, "Go, go to the next place, find that Huang Xue, Fu Rong, and Dagger."

These three, who also wanted to kill Omi when they met in the first place, Omi would never take it lightly.

The Blue Emperor didn't dare to disobey and took Omi with him.

Caiyun Fei Fei touched her slapped face and gritted her teeth, "We have defended bitterly for many years without obtaining the Evil God's will, but we never expected that it would be acquired by a person who is only a few thousand thousand years old, what a displeasure."

Guyan said, "Caiyun, it's too late to say anything now, Omi, is already the strongest existence among us."

Starmoon said, "Let's go and see if the Evil God's Will is

It's really been acquired."

Caiyun, Guyan, and Starmoon, immediately arrived at the center of the ruins and found Nianzhi cultivating in the light, but they, however, could not get halfway close.

"Why is this? Why was that man allowed to enter it?"

At this time, Omi arrived at the place where the four factions of the Evil God Relic were practicing.

Three men, Huang Xue, Fu Rong, and Dagger, were practicing with their eyes closed.

Omi flew in.

The three men were busy opening their eyes.

Huang Xue said furiously, "Blue Emperor, it's you, and you."

Blue Emperor smiled bitterly, "Huang Xue, I didn't come to find you today, it's Omi."

"Kid, the last time you suddenly disappeared without a trace in front of us, say, what secret method do you have?" Fu Rong immediately pressed the question.

Omi scolded, "What a stupid one, dying, and still pressuring me about the secret method."

"Fuck, who are you saying is going to die?"

"Of course you are."

"Ha, ha, ha, ha." The three of them let out shameful laughter.

At that moment, the Blue Emperor said, "Huang Xue, Fu Rong, Dagger, stop laughing, Omi really isn't teasing you, the Bitter Sacrifice and Qin Zhong from my faction are both dead."

"What." Hearing this, the three who were laughing in shame lost their smiles.

"Blue Emperor, can you f*cking say that again?"

"Bitter Sacrifice, Qin Zhong, is dead." After the Blue Emperor said that, he turned around and flew away, seemingly somewhat sad. After all, these two, these tens of billions of years, were the best with him, they were from the same faction, and now, he was the only one left, feeling a little lonely.

Huang Xue, Fu Rong, and Knife Blade, looked at Omi and asked, "Is what the Blue Emperor said true?"

Omi wasn't in the mood to be long-winded with these three and said, "Let's go on the road together."

"Pfft."

"Pfft."

"Pfftch."

The three of them were slaughtered by Omi in no time.

Just like that, three strong men died, but among the three of them, only Huang Xue was the offspring of ten human gods, and Fu Rong and Knife Blade were not.

Omi caught up with the Blue Emperor, looked at his lonely figure and said, "Blue Emperor, are you blaming me for killing the Bitter Sacrifice and Qin Zhong?"

"I wouldn't dare." Blue Emperor said.

Omi said, "Do you think that I'm too heavy in killing."

"I don't know, anyway, after the Bitter Sacrifice and Qin Zhong died, I suddenly felt, like I lost two of my family members, lonely inside, and I don't know how to walk in the future. Perhaps, it's because the three of us have stayed together for too long, so long that we can't adjust to the separation."

Omi said, "Big Brother Blue Emperor, cultivate with me in the future, we will embark on a more glorious future."

"Oh, I don't have an inheritance, it's hard."

"Big Brother Blue Emperor, I will definitely help you and find your inheritance. Your God Father's relics may have been destroyed, but the inheritance is definitely still there."

"I hope so. Omi, I want to be alone, okay?"

"Good."

The Blue Emperor flew away, his figure, very sad, as if he was a stranded goose.

Omi didn't think so much and turned around to go to another place, that was, the Purple Rain, White Fox cultivation place of the five factions of the Evil God's Relic.

Purple Rain and White Fox, the two of them were one faction, they were both descendants of ten gods, among them, Purple Rain was a strong man who had reached seven horses of condensation, and White Fox was six horses of condensation.

Last time, Omi thought they were good people, but unfortunately, they saw that Omi had only been around for tens of thousands of years and had reached two condensation powers, and they became jealous, forcing Omi to reveal what strange encounters they had experienced.
