

King of kings

Chapter 2461

Omi arrived at the place where Purple Rain and White Fox were practicing.

In that room, there were still the two of their women.

Zi Yu, among the ten offspring of gods, was the only woman with a national appearance, the rest, male or female, were all ordinary looking.

"Alas, when will this cultivation and training come to a head." White Fox suddenly opened his eyes, seemingly extremely disturbed inside.

Zi Yu also opened her eyes and said, "Ever since the last time we appeared, we've both changed our mindset, we're compelled to find a shortcut. If we continue like this, we really are finished."

White Fox said, "Purple Rain, why don't we go find Omi, find this kid and force him to tell us what strange encounters he's encountered, I think it'll probably be faster than if we're here training day and night."

Zi Yu shook her head.

"Why?" The white fox was puzzled.

"I don't know, actually, I felt a bit red-hot last time, maybe, it's too hard to practice here, I used to, not this kind of person."

"Ziyu, you're silly, and you're repenting."

"Alright, White Fox, let's just tune in and not keep thinking of shortcuts." One second to remember to read the book

White Fox said, "Zi Yu, I don't care, I really don't want to continue cultivating like this, I want to go, go find Omi and force him to tell me about his strange encounter."

"Then you go." Zi Yu closed her eyes.

They didn't know that Omi was watching them right now.

Omi didn't expect that Zi Yu, since she was still repenting for her last act.

Omi suddenly smiled, "No need to look for me, I'm right here."

"Who." The two of them panicked and looked outside.

Omi flew in.

"Ah, Omi." When the white fox saw Omi, it rushed up and tried to grab Omi.

Omi didn't dodge and allowed the white fox to grab him by the neck.

The white fox shouted, "Omi, the last time you reached two horse condensation in tens of thousands of years, say, what strange encounter did you get, if not, I'll kill you, this time, I'll strangle you, you can't escape."

Omi said, "White Fox, is this really necessary?"

"Say it or not?"

Zi Yu sighed and said, "Omi, listen to the white fox, otherwise, she really might kill you."

"What about you, Purple Rain? And you want to know what kind of adventures I've had?" Omi asked.

Zi Yu said, "If I can know, of course I want to know, if you die and don't say anything, then that's it."

That white fox was depressed: "Zi Yu, what's wrong with you, why don't you hurry over and force him to tell."

Zi Yu said, "White Fox, with this mentality we have now, perhaps, even if we get any strange encounters, I'm afraid it won't be much of an improvement, I think, we were wrong from the start. Now that the entire Evil God Relic, everyone's hostility is heavy, I think, everyone is wrong."

"Zi Yu, what nonsense are you talking."

"White Fox, forget it."

At this time, Omi laughed, "It seems, Zi Yu, you're still saved, the last time you forced me to do something, I'll take it as if you were caused by being too bitter, so I won't bother with you."

After saying that, Omi covered the white fox's face with a slap, and the white fox instantly fell to the ground.

"Ah, this." White Fox was dumbfounded, she was actually not a match for Omi at all.

R /> Zi Yu was also shocked: "You."

Omi said, "I've already killed five people, including Bitter Sacrifice, Qin Zhong, Huang Xue, Fu Rong, and Saber. I was originally here to kill you at this time, but I see that Zi Yu still has a good side, so I'll spare your life today. And White Fox, go die." After saying that, Omi killed White Fox with a slap.

"White Fox." Zi Yu shouted, it all happened so fast.

"Omi, you."

"Purple Rain, White Fox was right, I did have a strange encounter, so I've now reached eight horse condensation."

"Heavens, you actually had a strange encounter." Zi Yu trembled, it seemed that forcing Omi to say it last time was necessary.

"It's a pity that each and every one of you had the chance to have this encounter, that is, the Heart of Hong Meng, but you all missed it."

"The Heart of the Hong Meng?How is that possible."

"Alright, Ziyu, from now on, hang out with me, I'll help you find your own inheritance, and by then, you'll have a chance to become a god."

"Omi, I forced you last time, why didn't you kill me?"

"Because, you're still saved, and most importantly, you're beautiful, and I still think about you."Omi said directly.

Zi Yu snorted and looked at the white fox's corpse.

Omi said, "Whenever you figure it out, come to the Immortal Court."After saying that, Omi left.

Omi returned to the center of the Evil God's ruins, Nianxie was still cultivating, and I'm afraid that it would not be so soon.

Omi didn't stay long, he directly left the Evil God's Relic and returned to the Immortal Realm.

Omi had killed a total of six people, so there were still Blue Emperor, Caiyun Fei Fei, Gu Yan, Star Moon, Purple Rain, and two more Omi hadn't seen were, the Second Faction's Black Stone, Tian Gao.

That Black Stone was the one who had once killed Guyan.

Returning to the Immortal Court, Shen Ni asked, "Why did you return so soon?"

"Killed a few people and nothing else, it will probably take some time for Nian Tze to get the inheritance."Omi said.

"Then after that, what are your plans?"

"I don't understand, it's a bit confusing, now that I'm the strongest in the world, I'm a bit bored without an opponent."Omi said bitterly.

Godni asked, "It's not possible that you've killed all those strong people in the Evil God's Relic, right?"

"There are seven more."

"Don't kill those seven, after all, those seven, are the most promising to become gods, and you don't want, in the future, only eight gods in our world.Until this world collapses, there will be ten more gods."

"Well, so I'm keeping them,"

The Divine Nun said again, "I think that it's not time for you to relax yet, think about the ten gods in the past, and then they all died, and now, your strength is still far from reaching those ten gods in the past, in case, another alien celestial team passes through our heavenly world, I'm afraid that we will end up repeating the same thing again."

Omi sighed, "The world is limited, the universe is infinite.One world, divided into three worlds, the entire universe, there are countless worlds, hoo.We are a world rebuilt after a collapse.For the sake of all the creatures in our entire Celestial World, I should be stronger."Omi clenched both fists.

The Godni nodded, and Don Omi's hand pulled the Godni into an embrace, and the Godni blushed and lowered his head, and the world was quiet, only the fiery heartbeat.

If the entire universe, was likened to a city, then the Sky World, was a crystal ball somewhere in the city, and the entire city was all three no-space.
