

King of kings

2489

At the moment, Omi was sweating profusely.

What the f*ck is this called.

Omi said in his heart, "This luck of mine, it's too good, only yesterday I got a divine deer in the Tianze Divine Desolation, and today I accidentally recognized a boring divine emperor."

"Tell me, boy, what is it that you want to ask me." That old sang asked.

Omi said, "Senior, can you take me to the Great Lady."

"What you're asking me to do, that's all? You're a bit of a waste. You're at least begging me for one that's a little more difficult."

"Er."

"For example, let me marry you to Ah Luo, or, something else of greater difficulty, so that it makes sense for me, otherwise it seems like I'm impersonating a game, how boring is that."

Omi was speechless, "Senior, are you serious or just joking?"

"Shit, am I such a boring person? Playing a joke on you like that?"

Isn't that boring enough, Don Omi said to himself? A god emperor posing as a shopkeeper in a small inn to serve people is really full of food. The first website m.kanshu8.net

"Senior doesn't know."

"Don't worry, I'm not joking with you, I'm serious, what exactly are you asking me for?"

"I, I haven't thought about it yet," Omi said.

"That's fine, it's a big deal after all, it's something you should think about, not just say it hastily."

Omi hehely smiled.

Old Sang Senior said, " , you're so lucky, how did you see that I'm extraordinary? For so long, so many dogs' eyes have looked down on people, and not a single one of them could see that, even if there had been a few God Emperor levels coming, they actually couldn't see it."

Omi said, "Senior, you really think highly of me, in fact, how can I tell that you are extraordinary, I merely, wanted to go to find Miss Ah Luo, but, couldn't see her. At that moment, I remembered the last time when I first arrived in the main world, I ate a meal of pearl beast meat here, and I asked you where I could practice, and after that, you easily went to report this to Miss Ah Luo. So I was just thinking, Alo-sama can be met by anyone at all, why are you a shop and I'm the hunter of the Per Beast Meat Shop, I'm far superior to you, a fairy level shopkeeper ah. So, presumably, you must have a remarkable status."

"Hahaha, no wonder you came to find me and took me to find Miss Arlo, so that's why."

"Senior, I didn't rely on my eyesight to see that you are extraordinary, so you don't have to promise me anything."

The Lissan God Emperor smiled, "You're quite sincere, this brat of yours, in the face of such temptation, you're actually able to be so calm and able to distinguish the facts, it seems that it's not in vain that I promised you a promise ah."

Omi said, "Senior is over-praised."

At this moment, Omi said inwardly, "As expected, this God Emperor was impressed with me when I deliberately said that, hahaha."

In fact, Omi couldn't possibly be someone so honest and loyal, who saw opportunities as dirt, Omi was merely retreating to advance, deliberately being so tactful so as to deepen Old Sang's impression of him. And don't think about it, Omi has lived for so long, how could he be a silly white sweet like a person, long ago human essence.

Old Sang smiled, "Kid, don't worry, I don't care what method you used to recognize me as extraordinary, I only care about the result, so, one of my promises, given, you have to take it even if you don't want it."

Omi didn't speculate now, and worshiped, "Since

Senior Sang is so generous, I am grateful."

"There's no need to be polite, you're the one who rescued me from a shoplifter, otherwise I don't even know how long I would have been a shoplifter."

"Er, why."

"I'm a person who has a beginning and an end to my work, and since I said I'll stop only when I'm recognized as extraordinary, I have to do it."

"Oh, Senior is really a man of character ah, I think, Senior lives is all God free, not constrained by anything, free and easy, Senior really envies ah." A compliment, Omi analyzed in his heart, this kind of bored, well-fed person must be someone who didn't care about fame and fortune, liked to be free and easy, and, must also believe that this way of life of his own was the best. So, Omi immediately followed this compliment, and as expected, it should have a miraculous effect.

As expected, Old Sangton laughed, "Hahaha, hahaha."

Omi pretended to look innocent and asked, "Senior, junior just said that casually, don't be angry."

"No." Old Sang waved his hand, "Not only am I not angry, I'm also happy that for so many years, countless people didn't understand me, only you understand me, do you really think that my life is what all gods should have?"

"Surely, if all gods were like you, let go and be at ease, how harmonious the time would be."

"Put it down, be at ease. Well, well, well a put down, at ease, boy, I like you very much, I'll give you another promise for free." That God Emperor was pleased and gave another promise to Omi.

"Eww." Omi was startled, there was still such a pleasant surprise.

"What? You don't want it?"

"No, I was just thinking, Senior, really worthy of s*x, well, go and live up to Senior's great kindness, here, I thank Senior."

"No need to be polite, what's your name?"

"My name is Wind Lightning."

"Wind Lightning, I thought you wanted to see Arlo, come on, I'll take you there."

"But, is that a promise?"

"Not really, of course, I was just going to go talk to Arlo."

"Thank you, Senior." Omi and Senior Lao Sang left.

On the way, Omi asked, "Senior, do you know Miss Ah Luo ah?"

"Of course I know her, watched her grow up."

"Oh oh, so."

"Arlo has to call me Grandpa Sang too."

"It seems that you like Arlo too."

"Of course I like her, Windy, you're not from our main world, are you?"

"Uh, no."

"Then you're similar to us god humans, you look very similar." Saying that, that old sang swept a glance at Omi's entire body, including the inside of his clothes.

"Oh, yeah, I thought that only that small world of ours has humans like us. But I didn't expect that there are so many in the main world."

Old Sang said, "Your thinking is completely wrong, the entire universe, humans like us, occupy the vast majority of it, but even though we belong to the same category, there are some small differences in what people from different worlds look like, for example, you and I, your ears aren't as long as ours, your eyes are black and your skin is yellow, while the humans in our main world have whitish skin and long ears! A little bit, and the eyes are blue."
