

King of kings

Chapter 2491

"Oh, just can't say what it takes to marry you, can you?"

"Right."

"Oh." Omi smiled, Miss A Luo thought that Omi was a sensible person, and that she had saved Omi, Omi should not be disrespectful to her.

Omi looked at Old Senior Sang and asked, "Senior Sang, do you really mean what you say?"

"That is, do you want it now?"

"Yes, but, I'm afraid that my request is not so easy, just in case you will be too difficult to not."

"Stop, Wind Lightning, you are insulting me, I am a God Emperor, how would I break my word, no matter what, I will help you achieve it."

"And what if, it's very difficult to achieve?"

"Then take your time to achieve it, I'll help you reach it someday, and if it's really too hard, you can't ask me to help you achieve it right away."

"Okay, then, I'll say it."

"Well, you say it." One second to remember to read the book

Omi said straightforwardly, "I want to marry Miss Arlo."

"What." Ah Luo shouted out, she thought that Omi would never say this request.

"Ah, this ah." Old Sang also looked bitter for a moment, in fact, he didn't want Omi to choose this, after all, people had already made it clear that Miss Ah Luo had already said it.

"Senior, this is what I'm asking for la."

"But."

Ah Luo was suddenly furious, "Wind Lightning, aren't you too much, I even saved you a few days ago, and you've even returned the favor."

Omi said, "Miss Ah Luo, you misunderstood me, I just wanted to marry you, I didn't want to hurt you, you also know that you are an angel, no man can refuse an angel as beautiful as you, let alone a humble man like me, Miss Ah Luo, if you want to blame, blame yourself for being too beautiful." Omi gave a series of compliments.

"You." Ah Luo what's more, being a burst of crazy flattery by Omi, some of the words were not good enough to curse out.

Omi looked at Old Senior Sang and said, "Senior Sang, I have just one wish, to marry the beautiful and noble Miss Ah Luo in this life, I hope that you can help me achieve it one day. Of course, I'm definitely not worthy of someone right now, so I hope that senior can help me, and I will definitely do my best to improve myself, I believe that one day, I will make sure that Miss Ah Luo won't be able to reject me ruthlessly."

Old Sang laughed, "You're quite ambitious, but you're even smarter, your one request includes almost all the requirements, awesome, awesome, hahaha."

Lao Sang understood Omi's thoughts, perhaps Omi didn't really want to marry Ah Luo so much, he just wanted to make himself, worthy of Ah Luo, to be worthy, then, must vigorously cultivate him to be strong, cultivate him to be strong, how much money and resources, as well as manpower, and also have to ensure Omi's safety, this is not to include all the requirements.

Miss Arlo was also smart enough to understand at the moment, and hummed, "Full of lies." Miss Ah Luo cursed and just said that it was because she was too beautiful and couldn't control herself. As a result, Omi was just trying to be strong.

Omi was busy saying, "Miss Ah Luo, I still say the same thing, if I want to marry you, I must first strengthen myself to a level worthy of you, right now I have nothing, but one day, I will have my own piece of the world in the main world. I don't care who the person you love in your heart right now is, but I will trample all men in the universe under my feet."

/>

"Idiot." Arlo scolded.

"Oh, you're not the first one to say that, before you, there were countless people who said that about me, and now, those countless people are already like ants owning the humblest corners of my body."

"So, in the future, I will be so humble in front of you?"

"Miss Arlo misunderstood, once humble people, who have since followed me, now all share my glory."

"I don't care to listen to your dreaming, in short, this promise of Grandpa Sang is impossible to fulfill." After saying that, Miss Arlo shouted, "Send the guests, two guests together."

Helplessly, Omi and Old Senior Sang were also invited out together.

Walking to the door, Omi said, "Senior, am I in trouble with you."

"Isn't that bullsh*t, but since I made a promise, I will help you fulfill it. Starting tomorrow, you're moving to my place."

"Er, why?"

"Nonsense, I'll do my best to build you, but if you're not a diamond in the rough and you really can't achieve it, I can't do anything about it, and that's not counting me breaking my word."

"Thank you senior, don't worry, I will become very good, so that you won't look difficult in front of Miss Arlo's family."

"That's still considered a human word. Before tomorrow, come find me at this address."

"Yes, Senior."

Old Sang gave Omi an address and walked away with a bitter laugh, saying in his heart, "It seems that there will be a toss-up in the future, but I don't even regret it, at least, it's a challenging thing ah."

Omi looked at Old Sang's back and also smiled slightly, Omi knew that this Old Sang had gone to impersonate a second child, it was originally a boring day, now give him a little bit of a difficult task, perhaps, he was quite accepting inside.

This old Sang, is a typical type of looking for nothing to do, perhaps, he has lived too long, the days are too boring.

At the moment, in Miss Arlo's house, Arlo was angry and broke a lot of things.

A servant suggested: "Miss, that son of a bitch is also too uninteresting, what is he, a loser from the outer world, he even wants to marry you, really heck la toad wants to eat swan meat."

Ah Luo didn't say anything, her heart was also angry, the current Omi was too low in the eyes of people of her level, if it was really unimaginable, then let's use an exaggerated analogy: a male pig said that he wanted to marry a human beauty, how did that human beauty feel? Yes, that's how Miss Arlo felt, disgust plus anger.

"Miss, why don't you report this to the newspaper? Tell your father, and your grandfather and the others. That way, they'll also go and give Old Sang a warning, and he won't dare to help that son of a bitch."

Ah Luo said, "No, I don't want anyone to know such things."

"Then what if that Wind Lightning shamelessly comes after you?"

"If he dares to come, then I'll be blamed."

"Miss, why don't we go kill him now and be done with it."

"Old Sang senior won't let him die."

"Miss, how do you know."

"Old Sang senior must have placed an invisible ban on him, and if you want to kill him, unless you ask someone at the level of a God Emperor to do it, maybe a continuous attack is possible. But even if the God Emperor were to make a move, Old Sang would appear right away, where would that be possible."
