"Wow, a sacred deer, yeah." Liang Xin said with a lick of her lips.

Just like that, omi and Liang Xin, the two of them, were camping there.

"Wind Lightning, where did you give me that will today?" Liang Xin asked.

"No where, but it's just that I myself took a set of boxing techniques I know that are suitable for you, melted them into a will, and then gave them to you. I have more than enough wills like this one." omi said.

"No way, it's very clever, how did you know so many such clever boxing techniques?"

"You don't get it, I'm talking about similar, not just fist techniques, all kinds of methods, and all of them are so profound."

omi said in his heart, this main world, their various methods are also too vegetable, casually giving Liang Xin a more powerful set of boxing methods, but it's actually very profound in her eyes, if I bring out the more profound ones, it won't be even more impressive.

It's also deep soon.

omi had also drunk several jars of wine.

"Wind Lightning, it's almost time now, I've already drunk so much wine with you." Liang Xin said.

omi smiled, "What's the hurry, it's still a long time until dawn." Remember the website .kanshu8.net

"No, I really don't want to drink with you until dawn."

"If you don't want to drink anymore, we can do something else."

"Something else what?"

"Of course it's something else interesting, you know."

Liang Xin shook her head, "Sorry, I don't understand."

omi rubbed his hands and said, "For example, the thing where men and women interact together."

"Ah, how dare you." Liang Xin ton yelled.

"Liang Xin, you're the one who took the initiative to say you have a date with me today."

"Which so what, I just wanted Ji Nan to stop pestering me."

"I don't care, in fact, before Ji Nan pestered you today, I was coming towards you, but, Ji Nan got ahead of me."

"You men, you're really something."

"Liang Xin, don't be like that."

"Wind Lightning, you should die for this, I'm not going to mess around with you. Sorry, I'm not that kind of person."

"What? Is there still a guard thing in your main world, too?"

"Well, what else, what do you think I am, the kind of person with no shame. Wind Lightning, while I still have some gratitude and admiration for you, you'd better control your hands and feet, so that I don't compromise your image."

omi laughed, "That's silly."

"What do you mean?"

"How much can an image be worth, a good image?"

"Wind Lightning, I didn't expect that you are such a person."

"Hahaha, Liang Xin, I gave you a set of boxing techniques at least, so at least give something in return."

"I'd rather return that set of boxing techniques to you."

"How can I give it back if I've already given it to you, besides, that fist technique isn't the most powerful one on me, if you're willing, I can give you something even more powerful tomorrow."

"No need, I don't care. Wind Lightning, I can tell you, don't mess around, otherwise, you won't be able to beat me."

"Hahaha." omi made a dictating powder at once.

The next day.

Dawn.

omi opened his eyes.

"Swoosh." At that moment, a sword was held against omi's neck, and the person holding the sword was Liang Xin with an angry face.

"Liang Xin, what did I do last night?" omi deliberately played dumb, in fact omi knew everything, but, what omi didn't expect was that Liang Xin was still a pure and innocent person. omi didn't expect that a person who had lived hundreds of millions of years in the main world would still be able to

Enough so, if I had known, omi would not have, omi knew it was bad.

"Wind Lightning, you bastard." Liang Xin cried out, something she had kept for hundreds of millions of years was gone.

"Liang Xin, what the hell is going on? Why are you crying?" Don said with a touch of his head.

"Don't you pretend." Liang Xin raged.

"I really don't know what happened, I remember, we've been drinking only right." omi said.

"Wind Lightning, you wait for me, you're a bully."

omi was busy pulling Liang Xin.

"I'm sorry."

"What's the use of being sorry, woohoo."

"Liang Xin, or you can kill me."

"Do you think I don't want to? If you didn't have a Master of the Ten Great God Emperors, I would have killed you long ago." Liang Xin cried out.

omi went to wipe her tears.

"Don't bang me." Liang Xin cried and knocked off omi's hand.

omi said, "If I really can't, I'll marry you."

"Marry me, do you deserve it?"

"Look at what you're saying, am I that bad? Don't forget my master, slapped Chi Up yesterday, that's awesome, your grandfather's strength, not as good as Chi Up. Which point I don't match you, besides, I'm so smart and handsome, last night that what and so fierce, accompany you more than enough."

At this point, Liang Xinton was furious, "Wind Lightning, you just pretended you didn't know what happened last night."

"Uh, I don't know ah."

"If you don't know how can you say you that what so fierce, you."

omi laughed, "I was guessing ah, looks like I was right, you also think I'm fierce in your heart, hahaha."

"Ah, you." Liang Xin was startled and instantly blushed, trapped by omi.

"Wind Lightning, I'm going to kill you." Liang Xin was shy and angry.

"Come on, kill me, there's no need to be polite to someone like me." omi put his neck together.

But Liang Xin didn't cut it down for half a day, and finally threw his sword away and flew away crying.

omi shouted, "Go back and think it over, marry me, or else you won't have this shop after this village."

"Go to hell." Liang Xin shouted and walked away without looking back.

omi stroked his chin with a hehehe smile, Liang Xin's body, what a good one, omi is still reminiscing today.

Soon, omi also returned to the scene of the Super Banquet.

"Wind Lightning, why did you only come back." Old Sang was busy.

"Master, what's wrong."

"Nothing, the Cosmic Godline may appear at any time now, don't run around ah, if you miss it, you'll regret it, the Cosmic Godline will only appear for a minute." Old Sang said.

"Damn, I almost forgot about this." omi slapped his head.

omi raised his eyes to look, and sure enough, all those who had come to attend the Super Banquet were now standing under the sky, quietly waiting for the appearance of the Cosmic Godline.

"Master, when does the Cosmic Divine Pattern usually appear?"

"Any day now."

"Hmm." omi also stopped speaking.

In his heart, omi said, "I don't know how much phi divine power I can increase in the Cosmic Divine Pattern. If I use ten wills to increase it separately, then, and then aggregate it into a divine pattern, the increase would be much more. Ten times ten times ten times."

omi looked forward to it a bit when he thought about it.

omi only needed one of the wills to increase by one horse, and the other nine would quickly increase and become ten horse.

In the past, every time the Cosmic God Pattern appeared, the most powerful person could increase five or six horses with the receiver, but if it was omi instead, wouldn't it be possible to increase fifty or sixty horses?
