"Me."

"Me what me ah, just now the Moon Jung prisoner you are willing to go up to get close to him, why more powerful wind light clouds you do not go, besides, this wind light clouds look better than the Moon Jung prisoner I do not know how good looking, go quickly."

"Oh." Ah Luo walked towards omi in a complicated mood, she never expected that the person who made her feel so disgusted by the 'pig' liking that not so long ago would suddenly become so outstanding.

Ah Luo gathered her courage, it seemed that she was going to break her promise, Old Sang senior's promise to omi was going to be fulfilled.

Of course, at this moment, the other woman, Liang Xin, was also slowly walking towards omi, Liang Xin's grandfather had been urging her to go and speak to omi and hold him accountable.

omi was being pestered by all the women when a thin voice came out, although it was not loud, it was clear: "Wind Lightning, your wish can be granted." The one who spoke was precisely Ah Luo.

omi actually heard it, but, pretended not to hear it.

omi wouldn't forget that just yesterday, Ah Luo was adamant that he couldn't possibly like omi.

At this time, Ah Luo's voice increased a few times and shouted, "Feng Xiaoyun, didn't you say that you wanted to marry me? Now, I promise."

This shout made the other women stop talking and look at Ah Luo.

The rest of the women didn't know the inside story and thought that in order to rob omi, they were pretending to be trapped again, and they all hummed, "Ah Luo, when did my Light Cloud say that she wanted to marry you." Remember the website .kanshu8.net

"That's right, my light cloud would marry me even if I wanted to, I have a big ass, I'm easy to feed, I can definitely give light cloud lots of babies." A fat woman said.

Ah Luo said loudly, "All of you shut up, Wind Light Cloud's dream is to marry me, if you don't believe me, you can ask him yourself."

All the women looked at omi and said, "Wind Lightning, your dream, is it really to marry her?"

omi's heart was somewhat complicated, and inwardly he said, "Should I tell the truth? After all, if I deny it, Ah Luo will definitely lose face, and although she didn't think much of me before, he's the granddaughter of the Ten Great God Emperors after all, so it's not good to offend her."

Just as omi was hesitating, another shout came out, "Ah Luo is talking nonsense."

The person who spoke was Liang Xin.

"Liang Xin, what are you doing here again, you're a famous beauty in the main world, do you want to steal the wind and light clouds from us too?" The crowd cursed at Liang Xin.

Liang Xin looked at omi and said, "Feng Xiaoyun, although you have the right to choose, I still want to say, if you are a man, don't deny what you have done, what you did to me last night, do you dare to admit it? Do you dare to take responsibility?"

omi laughed, "Liang Xin, I slept with you last night, what do I dare not admit." omi said loudly.

Liang Xin smiled, never thought that omi would say it so loudly, he was indeed a man.

"Okay, you've admitted it yourself, so do you dare to take responsibility for what you've done?"

"Of course I dare, that's why I told you this morning that I would marry you, but unfortunately, you didn't, so you missed out on my responsibility."

"I just had some more thinking to do this morning."

"Don't make excuses, if I hadn't I just behaved pretty well, you wouldn't have looked at me, let alone made me responsible."

Liang Xin was about to say something, that Ah Luo had already held his anger, Ah Luo yelled, "That's enough, Windy, you've disappointed me too much."

omi looked at Ah Luo and smiled, "How have I disappointed you."

p; "You told Grandpa Sang that you wanted to marry me while, at the same time, you were secretly getting involved with Liang Xin."

omi said, "I'm sorry, I did want to marry you once, but unfortunately, you didn't treat me as one of your own kind at all, and now, it's only this and that."

"Wind Lightning, you, sob." Ah Luo felt very aggrieved and cried away.

omi's heart snorted coldly.

omi said loudly, "Thank you ladies for your love for me, Windy will definitely bear that in mind, but for now, Windy has no plans to get married, but if in the future, Windy wants to get

married, I will definitely send out invitations to all the ladies in the universe, inviting you to come and run for the election, and if you are still interested in me at that time, you will all have the chance to do so. Thank you."

Everyone could only sigh and said, "Windy, you said this yourself, when the time comes, you must invite me to participate, and I will definitely strive to become your daughter-in-law." That fat woman said.

omi nodded and said, "Definitely."

The women could only retreat.

In order not to offend anyone, omi didn't choose to follow Liang Xin, after all, this group of ladies were all descendants of the God Emperor.

Liang Xin looked at omi in aggravation.

omi could only apologize, however, omi was not an irresponsible person, today's timing was not right, omi would talk to her in detail later.

Liang Xin's grandfather came up and said angrily, "Wind lightly, my granddaughter has always guarded her body like a jade, last night you used despicable means to ruin my granddaughter, and now you're still irresponsible, you scum, even if you're Old Sang's disciple, I'll say so."

Just then, Old Sang came up and grunted, "Liang Lian, I'm already in front of you, you have the guts to say it again."

"Ah, me." Liang Xin's grandfather blanched.

Old Sang said, "The wind is sleeping on its own, you still have a reason, don't you? It's even good that Wind Lightning didn't kill your granddaughter after sleeping with her, but you still dare to mane to eat swan meat, climbing the dragon and phoenix ah you."

Liang Xin's grandfather was very annoyed.

omi was busy saying, "Master, please don't say that about them."

Old Sang said, "Disciple, don't worry, with me here, no one dares to be more responsible than you."

omi sighed, "I never wanted to be scum ah, just now I just didn't want to offend other women, that's why I said that, now there is no one in private, I can tell the truth to Liang Xin, Liang Xin, don't worry, I will be responsible, from now on, you will be with me, are you willing?"

"Ah."

"Forget it if you don't want to, this is the second time I've asked you, and the last."

"I do." Liang Xin said without thinking about it.

"Well then, but we'll have to keep it unannounced for now, don't you think?"

"As long as you're in charge, it doesn't matter." Liang Xin said happily.

omi said, "Master, the matter is settled."

"Fine, as long as you like it, but, Ah Luo's side?"

"Forget it, is it okay if I change my other requests now?"

"Sure. What do you want to change? I'll make it happen for you."

"When I've thought about it."

"Okay. Let's leave it at that, the Divine Martial Competition is about to start, the last Divine Martial Competition, Light Cloud, are you confident?"

omi smiled slightly, to, "Finally, I've reached the part I'm most confident about."
