Chapter 2515

“Why can’t you stay there when it’s dark?”

“I don’t know exactly, but I’ve heard that if you stay in the Divine Plains Youkai Forest after dark, the death rate is so high that almost no one comes back alive, and it’s a secret of the universe.”

“Oh, good thing I got out in time.”

“Wind light clouds, let’s go, go back to the inn and rest, and continue tomorrow, so year after year, as long as you don’t die, you can keep on practicing in the Divine Plains Unnamed Forest.”

Just like that, omi began to practice in the Divine Plains Phantom Forest.

In the blink of an eye, a year passed.

One evening a year later, omi once again returned to the inn.

Old Sang Senior had left, after all, he didn’t need to be with omi all the time, but Old Sang would come occasionally.

omi took out the map, it was a map of the Raiders that omi had made himself.

omi wrote on the back of the map, “Shen Yuan You Lin section Raider Map, year of production, XXXX.”

omi inwardly said, “I don’t know, how much can I sell this Raid Map. I’ve already completed a section, so I’ll take a break tomorrow.” One second to remember to read the book

omi dragged his tired body down and fell asleep.

In the middle of the night, in a daze, omi felt a woman burrow into his blanket.

“Ah, who.” omi shouted, “How dare you rob me of my s*x, how dare you.”

“Ah.” In the next second, a woman who was even more tired than omi screamed.

omi was startled.

“Who are you? Why did you get into my bed in the middle of the night to rob me?” omi raged.

That woman was also busy, "You're the one who ran into my room, this is my room."

"Fart, good you perverted womanizer."

The woman wanted to cry and said angrily, "You're the womanizer, this is obviously my room, the room's furnishings and so on, everything is exactly the same as it was when I left."

omi saw that this woman was quite pretty, or rather, very pretty.

Just then, omi smelled the smell of her body, which was exactly the same as the woman's smell in her previous den.

omi was busy asking, "Are you Ziyé?"

"How do you know me?"

"Ah, is that really you?" omi shuddered, Ziba was the previous tenant of this room, it was just that it had been a year and she had come back in the middle of the night.

"Who are you again? Why are you sleeping in my bed?" That beautiful woman asked.

"My name is Wind Lightcloud, a year ago, I came to the Divine Plains Ghost Forest for an adventure and stayed at this inn, the owner said that you haven't been back for half a month, so you must be dead, so I stayed in this room, I didn't change this room, it was just the way it was, even the blankets and pillows everything didn't change." omi said.

That beauty was depressed, "This shop owner is really black-hearted, I've paid the room fee for 10,000 years in advance, but I'm giving it back to someone else. Who wouldn't have a bit of personal business, I just left for a year to do a bit of my own personal business, and came back surprisingly."

"Uh, you didn't die in the Divine Plains You Forest ah?"

"You're the one who died in there."

"Oh oh, and where have you been all year? You haven't come out for so long, people must suspect that you died in there ah."

"Do I have to spend eternity practicing in the Divine Plains Phantom Forest ah, can't I just give myself a vacation? I gave myself a vacation and went home for a year, can't I?"

"Okay, sure."

"Alright, it's just a misunderstanding." The woman said.

&nbs.

p; omi said, "What now, this room, I also prepaid the ten thousand annual room fee."

"I don't care, it's my room, go find the shopkeeper yourself to change over."

omi looked at Zi Ye, a little lost in thought, this waking people up in the middle of the night and finding a beautiful woman in front of him, it's really hard to endure ah.

omi was already obsessed with that smell on her before, and slept with her smell every night, now, finally seeing her in person, it's really a bit exciting."

"Why are you looking at me like that?"

"Ziba, you're beautiful, you know that?The first time I entered this room, I thought the cottage was cozy, and the bed smelled of you, and I was so enchanted that I kept it intact.This year, I've been guessing what kind of person you are, and I guessed you must be someone soft on the outside and strong on the inside, and you must be very beautiful looking, and so it is."

That beautiful woman blushed and took a step back in panic, "What do you want, I advise you not to do anything, I'm a top quality god, you can't beat me."

omi smiled, "Don't worry, I won't do anything to you, I just want to express my love and admiration."

"Nuts, I've only met you for the first time, what's the adoration for."

omi said, "Not to me, I've known you for a year."

"Alright, I'm tired, go over to the room."

omi said, "I don't want to go anywhere, I just want to live here."

"In that case, I'll go change over."Saying that, the pretty girl walked away.

omi busily followed, omi felt that this beauty was very gentle, not quite like she would hit someone, so she became bolder, otherwise, people were top quality gods, omi really had to be more careful.

"Boss, still feel me?"Ziba found the boss and asked.

"Ah, it's you, Miss Ziba, you, you're dead, aren't you?"The shopkeeper was shocked.

"Who told you that I was dead, I just went back to my hometown to recuperate for a year."

"But you didn't tell me, I thought you were dead, so I arranged the room for this Windy Senior."The shopkeeper said ashamedly.

"Since that's the case, I can't blame you, so give me a different room."

The shopkeeper looked embarrassed, "Miss Ziyee, I'm really sorry, I really can't spare any room, even the one I sleep in myself was forced by a senior, I myself can only sleep in the woodshed."

"Then what do I do? This Wind Light Cloud he is not willing to move away, I also prepaid 10,000 annual room fees before, by all means, you must give me the room."

omi busily said, "I also prepaid the 10,000 annual room fee oh."

The shopkeeper said bitterly, "Truth be told, every tenant, they all pre-pay the ten thousand year room fee, because in case he dies one day, who will pay the bill for him."

"I don't care, you have to fix my accommodation."

The shopkeeper said, "How about I refund your room fee, I really don't have the room."

Miss Purple Leaf said, "But, in this place, there are already few inns, and I'm afraid that other inns won't be able to find rooms."

The shopkeeper sighed and shouted, "Little Two."

"Shopkeeper, what is it."

"You go to the other inns and ask if there are any rooms left, make sure to have the other inns make one available for me."

"Yes."

After Xiao Er left, the shopkeeper said, "Miss Zi Ye, you just wait, with my face, if the other inns have a way, they will definitely make one available for you."

"Alright."
