"Thanks."

"You're welcome."

omi said goodbye to Ouya and quickly flew to the edge of the universe.

omi planned to go home, but omi was afraid of getting everyone in the Sky World in trouble.

After pondering for a long time, omi decided not to go home for now.

"Wind Light Cloud, where are you going." Just at this moment, a voice suddenly came from his ears.

"Who is it?" omi looked behind him and a man flew in.

"It's you." omi's body trembled, the person who came was none other than the God Emperor called Chi Rise who had been humiliated by Old Sang during the Super Banquet.

"Hahaha, Wind Lightning, Wind Lightning, I didn't expect that you would have today."

"Ji Up, what do you want?"

"Wind Lightning, how dare you f\*cking call me by my first name? Do you believe I'll pinch you?" First web site m . kanshu8.net

"Hmph, pinch me, you definitely wouldn't dare."

"Hahaha, yes, I do dare not, but it's not because of your master, Old Sang, your dead ghost master, who doesn't even have a divine personality."

"Who killed my master?"

"There's no harm in telling you, your dead ghost master, who dared to defy the First God Emperor without giving him a second thought, deserved it."

"It's the First Godly Emperor again, what does he want? Where did his master offend him." omi raged.

Zhi Up said, "Offended? No, no, no, you're the one who caused your master's death, do you know, why?"

"Say."

"It's because someone has taken a fancy to your Godhead."

"My Godhead?"

"Yes, the First God Emperor has a grandson, named Gu Xinghe, that Gu Xinghe, was born with a problem with his divine personality, the First God Emperor thought of countless ways to help him, but he couldn't help him fix the problem with his divine personality. Until you appeared, your popularity at the Super Banquet was really strong ah, all the competitions, you won the championship, and you also broke a record that no one in the universe could break. You're so powerful that the First God Emperor was deeply impressed, but of course, he was impressed by your divinity, hahaha. So, he needs your divine essence, and as for how to use your divine essence, I don't know, but I can tell you with certainty that you have no life to live. The First God Emperor called your master, Old Sang, over to bring you over, but unfortunately, your master rebelled against the First God Emperor, and not only didn't bring you over, he also didn't tell you where you were. Thus, angered the First God Emperor and destroyed your master, hahaha." Ji Up let out a loud laugh, it was really painful, thinking about when he was slapped by Old Sang at the Super Banquet, and now, Old Sang no longer existed.

omi finally understood why the First God Emperor's people wanted to arrest him.

"Pounce." omi kneeled down.

"Master, I'm sorry, I'm the one who harmed you." omi couldn't stop sobbing.

Had he known that, in the beginning, omi shouldn't have been so dazzling when he was at the Super Banquet, but it was good that he was being stared at.

In fact, even if the First God Emperor didn't keep an eye on omi's divinity, there were still big people keeping an eye on it, because the fact that omi was so ungodly showed that his divinity was worth a lot of money, and even if it was fused with omi's divinity, all of them could continue to develop, and even if omi's divinity could be transformed into a divine crystal.

Ji Up said, "Don't cry, it's useless, let's go, do you want me to tie you up, or do you want to go by yourself."

"Wisdom Rise, what the hell do you want?"

&nb

sp; "Nonsense, I want to take you to the First God Emperor and offer you to the First God Emperor, so that I can take the opportunity to kiss the First God Emperor's ass."

"You dare."

Wisdom Rise's gaze chilled, "Wind Lightning, don't be cross with me just because you are now the person the First God Emperor wants, I don't believe that I will destroy you, God knows nothing."

"Hahahaha, saying you're retarded really retarded, you wouldn't dare, do it if you can."

Zhi Up forced himself to calm down and said, "Come with me."

After saying that, omi was grabbed and walked away.

Zhi Up was a God Emperor, omi was unable to resist.

After an unknown amount of time, omi opened his eyes and saw himself lying in a prison-like place.

"Where is this." omi wanted to rush out, but a powerful restraint blocked it.

“Quiet, this is the First God Emperor’s divine domain.”

“Chi up.”omi growled, it must have been Chi Up that knocked him out and brought him here.

At that moment, a voice came from the air, “Bring the wind and light clouds.”

“Yes, God Emperor Gu Chen.”The God Emperor guards outside were busy nodding.

omi was brought out of the prison by a few God Emperor guards and arrived in a large hall.

Above the palace sat an incomparably powerful God Emperor, and next to him sat a relatively young male.

This person was the famous First God Emperor, Gu Chen, and the one next to him was his grandson, Gu Xinghe.

“Grandpa, he is Wind Lightning.”That Guxinghe was busy pointing at omi and said, “I saw him at the Super Banquet, at that time, I was so envious.”

Guchen smiled, “Well, it seems that Ji Up guy didn’t lie to me, he really captured Wind Lightning.”

“Grandpa, when can we take his divine frame ah?! can’t wait.”That ancient Xinghe asked anxiously, as if omi was a dish that he couldn’t wait to start eating.

The Ancient Chen God Emperor said, “Xinghe, there’s no need to be anxious, although this person’s divine form is extremely good, but he is after all too weak right now, such a weak divine form, but he hasn’t reached the requirements I want.”

“Eh, if he hasn’t reached it yet, then why did you capture him here?Why not wait for him to become powerful before capturing him.”

Gu Chen laughed, “My grandson yo, this Wind Lightning, the limelight is very strong, in the main world, it’s almost rumored that he will replace my first God Emperor in the future, do you think, this kind of person, how many people miss his Godhead?If I don’t make a move to arrest him now, in a few years, someone else will have already done it.”

“And yes, there are plenty of people who want to take his divine essence.”

That Gu Xinghe came down from above the palace, walked up to omi and said condescendingly, “Wind Lightning, didn’t expect it.”

“I pooh.”omi gritted his teeth and looked at Guxinghe.

“Hahaha, Wind Lightning Cloud, Wind Lightning Cloud, you’re just a treasure in my eyes, to think that you were really out of the limelight at the Super Banquet, you broke the universe record right off the bat, everyone said that you will definitely be a God Emperor in the future that surpasses my grandfather, unfortunately, that’s only if you have a future.”

omi said, “I won’t let you get your wish, from now on, I, Wind Light Cloud, if I add another divine power, my name written backwards, even if I die, I won’t let you do anything with my divine form.”

Gu Xinghe raged, “You dare.”

“Idiot, hahaha.”omi laughed wildly.
