

# King of kings

2530

When he reappeared, omi was already at the edge of the Divine Plains You Forest.

Nearly a million years had passed, and the edge of the Divine Plains You Forest didn't seem to have changed much, it was still the same.

"Wind Light Cloud."As soon as omi appeared, a shout came from him.

Although omi didn't turn back, he already saw who it was.

omi had an ability, which could be called '360-degree surround view', although his eyes were in front of him, he could see clearly in every direction of 360 degrees, which was completely different from a divine sense scan.

omi said as he turned back, "Ziye, it's you, how come you also happen to be here."

Zi Ye walked up and looked at omi seriously, as if she couldn't quite believe that this was true.

"Are you really Wind Lightning?"Zi Ye asked.

omi smiled, "Of course."

"But, you?"

"I've been in the Divine Plains Phantom Forest for almost a million years." Remember in a second to read the book

"My God, you stayed so long and you're actually still alive, I thought it was dangerous at night?There used to be people who didn't come out at night, and they all died as a result."

omi said, "That was someone else, but I, not only didn't die, but my strength increased greatly, and I even obtained the Crystal of the Beast."

At that moment, Zi Ye suddenly felt omi's realm and said in shock, "Your realm?"

"Twelve Realm God Emperor."omi said.

"Heavens, how is this possible, the restriction that the Ancient Chen God Emperor has placed on you is that you have to reach thirty horses in a million years, but you, you have reached the Twelve Realm God Emperor, heavens."Zi Ye was scared silly.

"Oh, if I tell you that if I want to become a God Emperor, it's just a thought, what do you think?"

"What do you mean?"

"God Emperor to me, it's just a matter of whether I want to become one or not.Ziba, I'm going to look for the Old Thief of Gu Chen now, do you want to come along?"

“Uh-huh, but will I be a burden to you if I go?”

“Don’t worry.”

omi brought Ziyue and swiftly traveled to the divine domain of Old Sang of Guchen, omi’s speed was fast, almost instantaneous.

And right now, in the divine Domain of Guchen.

“Ahhhh, I can’t stand it anymore.” A man roared, and this man was Guxinghe.

“Young master, wait a little longer, a million years will be here soon.”

“No, I can’t wait, I really want to play busted Ouya right now, I’ve been putting up with this for a million f\*cking years.”

Just at this moment, a voice suddenly came from the ear, “Can’t stand it anymore, can you? Then there is no need to endure.”

“Who?” Guxinghe turned his head violently.

However, before Gu Xinghe could see who it was, a loud slap slapped down.

“Slap.” Guxinghe was slapped to the ground in one fell swoop.

“Ah.” Guxinghe was stupid and was trying to get up, but, before he could get up, a foot stepped on his skull, and that foot stomped hard on Guxinghe’s skull into the mud, Guxinghe couldn’t struggle at all, or even, didn’t have a chance to see the other person.

“Who the hell are you?” Gu Xinghe growled.

omi snorted, “Can’t you even hear my voice?”

“Ah, you, you’re Wind Lightning?” Gu Xinghe was silly.

“Hmph, yes, I’m Wind Lightning.” omi pushed on his foot, and with a click, he stomped on Guxinghe’s skull.

Guxinghe’s spirit rushed out of his body.

omi grabbed Gu Xinghe’s spirit with one hand and put the

He held it up in front of him.

“Ah, it really is you.” Gu Xinghe was dumbfounded, but it really was Wind Lightning.

omi asked, “Where’s your dog grandfather, Old Thief Guchen?”

“Wind Lightning, you ordered you to let me go immediately, otherwise, my grandfather will not let you go when he returns from his retreat.” Gu Xinghe snarled.

“So you’ve been hiding somewhere in seclusion.” omi snorted, no wonder omi came here and didn’t find the old thief Guchen.

"Wind Lightning, I can tell you, my grandfather has broken through again this time, at the end of this retreat, he will become a Ten Realm God Emperor, do you damn well know what a Ten Realm God Emperor is? My grandfather was originally the first God Emperor, and now that he has progressed once again to become a Ten Realm God Emperor, the entire universe is mine."

Ziba beside him trembled, a Ten Realm God Emperor? Gosh.

Gu Xinghe saw Zi Ye's expression and said proudly, "See, when the time comes, it will be too late for you to kneel down. In the entire main world, there are hundreds of God Emperors, and the second ranked God Emperor is only in the third realm, while my grandfather, is already in the tenth realm. All the God Emperors in the main world combined can't beat my grandfather with one hand, Wind Lightning, who the hell are you."

omi was also quite shocked in his heart.

Unexpectedly, that old dog, Guchen, was in such a high realm, all ten realms of God Emperors, seven realms stronger than the second ranked, no wonder all the God Emperors came to worship old dog Guchen.

omi said, "Guxinghe, the day your grandfather leaves the gate will be the day I, Wind Light Cloud, kill him. Unfortunately, you can no longer see such a beautiful scene."

After saying that, the force in omi's hands increased for a while.

"Ah, don't, don't kill me." Gu Xinghe felt death approaching and struggled desperately.

In the next second, omi pinned Guxinghe to death, completely.

"Phew, this disgusting man is finally dead, it's a pity to let him die so happily." omi said.

Zi Ye said, "Wind Lightning, go and save Miss Ouya, she must have suffered a lot in these million years."

"Mm." In the next second, omi appeared in a prison cell, which was sealed by the Old Thief of Gu Chen's ban.

omi immediately used an ability that turned his entire body into an air.

This air was real air, not a blindfold.

omi didn't try to forcefully break the restriction, he could easily enter it, so why waste his strength.

Ou Ya was locked inside, her eyes closed at the moment.

omi came in, Ouya didn't feel it in the slightest.

"Ou Ya." omi called out.

Suddenly, Ou Ya opened her eyes.

"Ah, you, when did you get caught in here." Ouya was so busy pouncing on her, she thought that Don omi had been locked in too.

"Ouya, you're suffering." Don omi said.

"Say it, when were you captured." Ou Ya was in a great hurry.

"Ouya, don't worry, I'm already strong enough to take you out of here, and even, I'm capable of fighting with the old thief, Gu Chen."

"Ah." Ouya was stunned.

"What's going on?"

"It's a long story, I'll tell you more slowly." Saying that, omi hugged Ou Ya, turned into air, and disappeared into the spot.

When he reappeared, he was already on the ground.

Ouya still hadn't returned to her senses.

"Wind Light Cloud, how did you become so strong?"

"Oh, this isn't pie in the sky, I've fought for a million years to do this, remember the Divine Plains Youlin? I was there, for almost a million years."
