

Chapter 266

Omi laughed, "Do I have many enemies?"

"Isn't there enough? And that Bai Maoquan, there are so many others who have a grudge against you, you're really too dangerous."

"Oh, so I'm that dangerous." Omi himself didn't even realize it, it seemed that Omi was too disdainful, so he never put these so-called enemies in his eyes, so he didn't even realize that he had so many enemies.

Unfortunately, Omi was still disdainful, where is this kind of mosquito worthy of being Omi's enemy, don't tarnish Omi. A mosquito is just a mosquito even if they come in a group, have you ever seen a human, treating a mosquito as an enemy?

"Break up with my sister, this time I'm begging you." Xu Mei Qian said.

"Oh, I don't care if you talk to Xu Yan about this."

"I'll advise her, besides, even if Xu Yan falls in love with you, she won't be able to marry you in the future."

"Oh." Omi smiled indifferently and didn't bother to ask why.

Xu Mei Qian and Xu Yan, they must have come from a big family, they weren't locals, if they came from a big family, Xu Yan that was also the daughter of a big family, marriage naturally didn't make their own decisions, perhaps it had already been arranged by the family.

Liao Shui Niu was sent to the hospital, count him lucky, the doctor said that his cut off lifeblood can still be attached, but, the future function will definitely be greatly reduced.

Liao Jiayuan stood outside the operating room, remembering the scene where he had brutally beaten his father, and was very angry. Remember the URL . . . net

“Omi, I’m not done with you.”Liao Jia Yuan said through gritted teeth.

Alas, it had nothing to do with Omi, he was to blame for everything.Omi was also really tragic, luckily Omi never put anyone in his eyes, otherwise he would have to die of depression.

Omi returned to his class, and his afternoon classes still continued.

Tomorrow and the day after tomorrow would be the weekend again.

In the evening, class teacher Chen Tianming came to the classroom.

“Classmates, next Monday, it’s New Year’s Day, and New Year’s Day is a three-day holiday.Tomorrow is Saturday, starting tomorrow, and the next Monday is New Year’s Day, which is also a holiday, the whole school is not in class, but the talent competition will be held on that day, and the New Year’s Day party will be held in the evening.In other words, although there are no classes next Monday, everyone has to come to the school to participate in various New Year’s Day activities, understand?”

“Understood.”

“Alright, let’s get out of school then.”

After school, Omi and Liona prepared to go home, and today Carlos also went to Liona’s house to practice martial arts.

When driving halfway, Carlos suddenly said, "Omi, there's a car following us all the way behind."

Omi took a look in the rearview mirror and sure enough a car was following him.

However, Omi could see who it was with a glance.

"It's Xu Yan's car." Omi said.

Liona was suddenly depressed, "Why is she following us." Liona hated to see Omi with Xu Yan.

"Oh, I don't know."

"Get rid of her." Liona said.

Omi, however, didn't, but of course, he wasn't that great at driving.

"What's the point of dumping her, after all, she is indeed my nominal girlfriend now." Omi said.

"What in name only, didn't you say it was a matter of necessity?"

"Of course, but it's also true that it's nominal."

Omi returned home, and Xu Yan followed behind to Liona's house.

After getting out of the car, Omi asked, "Xu Yan, why did you follow me all the way?"

“I want to see where you live ah.”

Liona went upstairs in a rage, out of sight, out of mind.

“Alright, Xu Yan, I’m going to instruct Omi in martial arts.”

/>

“Then you practice, I won’t bother you.”

Omi didn’t care about Xu Yan, at the back of the villa, he started instructing Carlos to practice martial arts, Xu Yan sat on the side and watched, while Liona was nowhere to be seen, in the past Liona would sit on the side and watch, but today she was hiding in her room and didn’t want to see.

“Omi, did you really defeat Liao Buffalo?” Xu Yan asked, she had always disbelieved this, but Liao Shui Niu was still a level thirty expert anyway, right?

“Oh, yes.” Omi nodded his head.

“So then, wouldn’t I be much weaker than you, my martial arts strength, only level 25, alas.” Xu Yan sighed, she had thought that Omi was only a few levels stronger than her, but she didn’t expect to be this much stronger.

Omi instructed Carlos as he said, “If you want, I can raise your strength, immediately to level 28.”

“Ah, you’re willing to help me? I thought you were unimpressed with me?” Xu Yan asked.

“It’s one thing to move your heart, but before I broke up with you, you were my girlfriend in name only.”

“Then how are you so sure that you’ll let me quickly improve to level 28?” Xu Yan asked.

“I made you refine your sword skills, or did it.”

“Okay, thank you so much.” Xu Yan rushed up and happily hugged Omi.

Carlos looked on enviously.

Omi glared at Carlos and said, “Practice your own, don’t look around.”

“Oh.” Carlos had to turn his head and not look.

Omi saw that Xu Yan was still hugging him and said, “Alright, stop hugging, have a few moves with me and I’ll guide you on how to make your swordsmanship more refined.”

“Mm.” Xu Yan instantly took out her sword.

Omi and Xu Yan began to fight, Xu Yan was worthy of being the former number one expert at Baiyun High School, and also worthy of being the most suitable person to be Omi’s girlfriend at the moment, at least she could go through a few moves with Omi. Although Omi really wanted to defeat her, half a move was enough.

Omi had gone through a few dozen moves with Xu Yan seriously, and was considered to have understood Xu Yan’s sword skills a little bit.

“Your swordsmanship is quite clever.”

Xu Yan said, “It’s called the Moon Worshiping Sword Technique, my sister taught it to me.”

Omi said, “If you go through a few hundred more moves with me, your sword technique will greatly improve, I will deliberately guide you, how much you can improve will depend on your comprehension.”

“Okay, thanks.”

Omi began to fight Xu Yan again, and the two of them went back and forth, exchanging thousands of rounds.

Xu Yan was delighted, Omi really was a person of high comprehension, she finally knew why her sister was so supportive of her falling in love with Omi. By fighting with Omi and constantly guiding her, she was able to gain more inspiration and suddenly had a more thorough understanding of how to exert more power.

It didn’t stop until it was dark.

Omi said, “Alright, let’s call it a day, Xu Yan, your sword skills have already improved a lot from when you first fought me.”

“Thank you.” Xu Yan jumped in front of Omi and gave him a kiss on the cheek.

Xu Yan said, “I’ll go back and comprehend it again, I think it should improve to level 28.”

“Oh.” Omi calmly wiped the drool from his face.

“Carlos, let’s go back together, I’ll drop you off on the way.” Xu Yan said to Carlos.

“Thanks.” Carlos envied Xu Yan’s martial arts skills being so high, while he could only practice his three-legged cat.

As Xu Yan left, she turned back and said, “Omi, tomorrow weekend, do you want to go with me.”

“Oh, I don’t think I’ll be free.”

Xu Yan regretted that Omi always kept a distance from her, but she understood that Omi didn’t like her after all.

267

It’s late at night.

Don Omi was lying in bed, playing with his phone for a while before going to bed.

After playing for a few minutes, Omi put down his phone and said, “Come out.”

Omi had already discovered that there was a person hiding behind the curtains of his room, although it was very secretive and there was no scent at all, but who Omi was, he found out from the first moment he stepped into the room.

It was just that Omi deliberately didn’t make a sound, just to see what the person hiding behind the curtains in his room wanted. The person hiding behind the curtains was definitely very strong, Omi was

really not his opponent at the moment, but unfortunately, Omi still discovered his existence right away, who made Omi once so awesome.

At this moment, the person hiding behind the curtains was shocked.

He couldn't believe it, he was an inner sect expert. He had been discovered by a youngster who had not yet reached the outer door realm.

Omi said, "Don't hide, who's that behind the curtains." This time, Omi made it clear that he was talking about you, the one hiding behind the curtains.

A few seconds later, an old man came out from behind the curtain, seemingly embarrassed with his old face, but he was even more shocked, why could Omi, who hadn't stepped foot in the outer door yet, spot him.

"Kid, you were able to spot me." The old man said.

Omi snorted, "Old man, the skill of concealment hasn't been fully learned, next time don't hide in other people's homes, be careful of being beaten out with a random stick." One second to remember to read the book

"You, a person who hasn't stepped into the outer realm yet, how dare you speak to me like that, do you know what realm I'm in?"

Omi said without even thinking, "A mere middle stage of the Inner Gate, you dare to talk about the realm."

"What? You you a weakling who hasn't reached the outer gate, you can even judge the realm of old man." The old man trembled and looked at Omi with eyes full of incredulity, he originally wanted to pretend to compare, because he was found hiding behind the curtains, it was already very disgraceful,

pretending to compare to make his image awesome, he didn't expect this young man to surprise him, he knew his realm right away, and he also had a very wild tone.

Omi looked at the old man standing in the room, actually can't say old man, because of the martial arts training, doesn't look old.

Omi smiled, "Not bad, you're the strongest person I've seen so far, finally I've seen a person with a real martial arts realm." Omi saw such a strong one for the first time in such a long time.

The old man snorted, "Kid, your tone makes me very unhappy, I'm a mid-term expert of the Inner Sect, as if I'm weak in your eyes. Could it be that you, a little kid who hasn't opened the Renguo vein, are even stronger than old man?"

Omi smiled, he knew he couldn't possibly be a match for this old man, because Omi wasn't even at the outer door realm now, although he was awesome in his previous life, but that was his previous life, and his vision was so powerful now, all thanks to his experience in his previous life, not to his current weak body.

"Alright, old man, what do you want to hide behind the curtains of my room?" Omi asked, and Omi could sense that the old man should have no malicious intent.

Only then did the old man take out a gold medal, with three words written on it, the words 'Martial Island'.

The old man took the gold medal and said, "Kid, do you see this gold medal? Don't get excited, stay calm."

The old man thought that Omi would be excited, so the corners of his mouth lifted, and he could finally get his way.

However, Omi was nowhere near excited, and with a calm face, he asked, "Martial Island, what

A ghost thing."

"Ah, you actually said that Martial Island is a ghost thing."The old man's eyes were startled.

"Oh, please forgive me if I've offended you, but please tell me what Martial Island is, or else I'm going to sleep, old senior."Omi yawned.

When the old man saw Omi's expression, it seemed like he was going to faint, thanks to which he also said to take it easy and remain calm, but as a result, Omi didn't even know what the Martial Forest Island was.It must be an act, the old man thought to himself.

"Martial Island, is the place that every martial arts practitioner in the entire Yanhuang Empire dreams of, boy, don't pretend you don't know ah ."

"Dreamy place?Oh, well, what do you want me to do?"Omi thought that Martial Forest Island had come to beg him for something, how shameless.

The old man said, "Alright, kid, I'm not going to bother talking to you, I'm now formally informing you on behalf of Martial Island Martial Academy that you've been accepted into Martial Island Martial Academy as a Martial Level 1 student."

Omi's eyebrows furrowed, "What nonsense."

The old man was shocked and snorted, "Such a serious matter, and you call it a mess."

"What martial academy, what martial level."

“In Martial Island, there is a Martial Academy, Martial Academy for short, you, now accepted by the Martial Academy, as a first year student of our Martial Academy, is that clear enough this time?”

Omi snorted, “Joke, does this young man still need to be a student?”

“Hey, kid, you haven’t even reached the outer gate of the realm yet, yet your tone is so wild, does your mother know about this? I specially admitted you because of your good talent, and if it were anyone else, don’t even dream of it, you still don’t know how to cherish it.”

Omi looked at the old man and asked, “Are you the president of the Martial Academy?”

“Kid, insulting me is fine, don’t insult our dean, our dean is already an innate expert.”

Omi was shocked, an innate expert?

“Your dean, is he really an innate expert?”

“Nonsense, twenty years ago it was late innate.”

Omi was shocked again, wouldn’t this be even more awesome than Omi’s previous life, Omi had only just stepped into the Innate Realm.

For some reason, Omi was suddenly a bit interested, but unfortunately, he wasn’t even an outer door now, if he were to return to his previous life’s innate realm now, he would definitely have to go play a couple of games with that whatever dean.

“Hey, kid, the admission notice, do you want it or not?” The old man asked with a glare.

“Oh, let me be a teacher, will you?” Omi asked laughingly.

“Yo, you yellow-haired brat, you actually want to be a teacher of the Martial Forest Academy, even I’m not qualified to be a teacher of the Martial Forest Academy, a teacher of the Martial Forest Academy is at least a Houtian expert.”

“Oh, so that means I can only go as a student?”

“Nonsense.” The old man stared fiercely, never seen a brat with such arrogant tone, which of the other accepted people didn’t kneel down in excitement, he actually wanted to be a teacher.

Omi pondered, that dean, actually more powerful than his previous life, and the teachers were at least of the Houtian realm, Omi was quite interested.

“Alright, I’ll accept your admission, right, when are you going? I’m not available right now,” Don Omi said.

268

“Kid, what’s your hurry, who told you that school starts now, even if you’re going to college, admissions start a few months before the start of the school year. Alright, this gold medal is your admission letter, you yourself put your thumb on it and press a fingerprint, how to press a fingerprint, I don’t need to teach you.”

Omi received the gold medal, the gold medal was hard, how to fingerprint it?

Omi immediately used his inner force, and then pressed his thumb on the gold medal, and his fingerprints were immediately engraved on the medal, which ordinary people really couldn’t do.

The old man looked at the fingerprints that Omi pressed and smiled, "Kid, no wonder the tone is so crazy, the control of internal force is very precise, right, if it were some people who are unable to control their internal force, they would only press an utterance, but you, the fingerprints are like engraved on it."

"Now is that okay?" Omi asked.

"It's okay, you've taken your fingerprints, which means you've officially been accepted, bring your acceptance letter with you when you start school, and when you arrive, enroll with the fingerprints on your acceptance letter. Are there any other questions?"

Don asked, "When does school start?"

"The semester isn't even over yet, how can it be so soon, about the same time as your high school starts next semester."

"Oh." Omi nodded, high school usually started around the fifteenth day of the first month, but now it was almost New Year's Day, wouldn't there be nearly two months left.

As the old man was about to leave, Omi suddenly asked, "By the way, why did you admit me? I'm low key to boot."

The old man smiled back, "Yeah, a defeat of red dust." First URL m. .net

"Er, One Defeat Red Dust."

“Do you think that no one really knows about you being One Defeat Red Dust, it’s because I saw that you’re quite capable as One Defeat Red Dust that I paid attention to you, saw that you’re good, and officially accepted you.”

“Oh, so my identity was leaked?”

“Don’t worry, I’m not interested in your personal business, I’ll see you later.”

“Wait a minute, where’s Wulin Island?” Omi was busy asking.

The old man gave him a blank look and said, “You can’t read the admission notice yourself.”

Omi picked up the gold medal, and sure enough, there was an address engraved on the back of the gold medal, there were quite a few ways to get to Martial Island, you could take a boat, you could also take a plane, but not every airport or pier, only a few features were available, Linjiang City was unfortunate, there was none, Omi needed to take a boat or plane somewhere else.

Omi raised his head again after reading, the old man had already left and disappeared into the night, his light power was very strong, Omi’s light power was incomparable to him, not that Omi was bad, after all, he was an expert in the middle of the inner door, Omi hadn’t even entered.

Omi threw the gold medal onto his bed and fell back to sleep, if it were anyone else he would definitely not be able to sleep for a night, what an honor it was to be accepted by the Martial Arts Academy on his own initiative.

Generally speaking, there were three ways to be accepted by the Martial Arts Academy, the first was to take the initiative to ask for admission, the second was to pass the assessment and enroll normally, and the third was to be approached for admission. Omi belonged to the third, being approached for admission, this type of student was naturally the most honorable and free of charge, but after all, it was a minority, most of them passed the assessment for admission.

Not long after, at Xu Mei Qian's home, Xu Mei Qian was getting ready for bed.

Just then, a voice rang out from the corner of her room, "Xu Mei Qian, congratulations."

"Ah." Xu Mei Qian was shocked and turned back in a panic, only to see an old man standing there.

; That's what this old man likes to do, startle people to make it look like he's awesome and silent.

"You you who? How did you get in." Xu Mei Qian was shocked.

The old man was filled with a smile of pretending to be a comparison, just now in Omi's room, being discovered by Omi first, it was very humiliating, this time here he could finally pretend to be a comparison.

"Xu Mei Qian, congratulations, you've been accepted into our Martial Arts Academy." The old man said inscrutably.

"What?" Xu Mei Qian wondered if she had heard correctly.

That old man took out a gold medal with several large characters on it.

Naturally, Xu Mei Qian was incomparably clear about it.

“Ah, Martial Arts Academy, I’ve been voluntarily accepted by Martial Arts Academy?” Xu Mei Qian looked at the gold medal incredulously.

“Yes, you were voluntarily admitted.” The old man said.

“How is that possible, I... I haven’t even opened up the Rendui vein yet.” Xu Mei Qian said.

“Just because you haven’t gotten through doesn’t mean you don’t have talent, it’s just that some people are born later, Xu Mei Qian, I’ve been observing you for a while now, you meet the conditions for active admission to our Martial Arts Academy, congratulations.”

Xu Mei Qian’s hands trembled as she received the gold medal acceptance letter.

Xu Mei Qian would have been able to go to the Martial Arts Academy long ago, as long as she opened the Ren and Zhu veins, she could almost always pass the assessment. But Xu Mei Qian had been unable to get through, but Xu Mei Qian’s family was willing to spend a huge amount of money to come to the door and beg for admission. Xu Mei Qian refuses. It’s a shame for her to ask for admission.

Of course, not everyone can open the Ren and Zhu Channels, and the average person, even if they die, can’t do it. In some martial arts TVs, if you open the Rendu and Second Vessel, your martial arts skills will immediately increase.

The old man said, “You are very talented, you can’t get through the Rendui artery only because you belong to the late category of people, usually people, who have the fate of a martial artist, can get through at the age of 18 to 20. Congratulations, Xu Mei Qian, come to the academy after the school year starts next year, it will help you open up the Ren and Zhu veins, you will become an expert.”

“Thank you.” Xu Mei Qian was so excited that she wanted to cry, when she looked up, the old man had already disappeared, Xu Mei Qian could not help but exclaim, so strong.

That old man loved when people looked at him with the eyes of a strong man, just like Xu Mei Qian just now, only to be angry at Omi.

At eight o'clock the next morning, Omi went to bed and woke up.

When Omi opened his eyes, he saw the gold medal on the bedside table.

In his heart, Omi said, "I've been accepted into the Martial Arts Academy, so I definitely won't be able to continue being Liona's bodyguard in the future. It seems that my hunch was right, I will leave this city sooner or later for a wider place. It's just that before I leave this city, I have to cure Miss's cold disease, and then I must also make sure that Uncle Liu and Miss, there is no one to bully in this city. Otherwise, with the people I've offended now, once I'm gone, their father and daughter will definitely be bullied."

Fortunately, there were still nearly two months left for Omi to spend a New Year here.

Only, Omi was worried that he wouldn't be able to cure Liona's illness within two months.

"I can't delay, I must step up my time to work out how to cure Miss's illness."

Today happened to be Saturday, Omi was going to spend the whole day researching how to cure Liona's illness.

After breakfast, Liona asked, "Aren't you going out on a date with Xu Yan today?"

269

Omi said, "I'm not going anywhere for the next two days, diving into research to cure cold diseases, Miss, go upstairs after dinner."

Liona looked at Omi in confusion and asked, "Why are you suddenly in such a hurry? I thought you said you had a year and a half to go?"

Omi had also thought that he would be working here as a bodyguard for a year and a half, but he hadn't expected that plans would change and Omi would only have less than two months left.

Omi didn't know how to say it, and now wasn't the right time to tell their father and daughter about it.

Omi said, "Wouldn't it be better to treat it sooner?"

Liona snickered, "Is it that you don't want to go out on a date with Xu Yan to escape, so you have to research how to cure me?"

Omi simply nodded his head, "Nothing can be hidden from you."

Liona was very happy and smiled.

Omi looked at Liona's smiling face and sighed in his heart, when he left here in the future, he didn't know if he would miss them or not.

"Miss, let's go upstairs."

"Mm." Remember the URL . . . net

Liona and Omi went upstairs together, and Liona closed the door to her room.

The last weekend has been studied once, so Liona naturally know to undress, leaving the hood and panties can be, Liona red face, did not let Omi rush, the initiative to take off the clothes, and then lie on the bed on their backs.

The first thing you need to do is to take a look at the shoes and shoes, and then you can see that the shoes and shoes have been taken care of.

Xu Yan did call Omi, but Omi was so focused on curing the cold disease that he didn't hear the call and muted it.

At the moment, at Xu Mei Qian's home, Xu Mei Qian is on leave today.

Xu Mei Qian was also on vacation today, and was rarely so happy to receive an acceptance letter from the Martial Arts Academy.

“Yan, forget it, you've made so many calls and Omi won't pick up, you should know that it's nothing more than wishful thinking for you to fall in love with him. Now that Omi has so many enemies, it's not safe for you to fall in love with him, the family called last night and asked you to go back, you're also eighteen years old, and you need to start trying to see if you can get through to the Renguo vein. If you can't get through the Ren and Zhu veins, then in your whole life, your martial strength will only be seventy to eighty levels, and you won't be able to reach the real martial arts realm.”

“I know.”

“If you know, then go back to your family early, you've followed me here for two years.”

Xu Yan had a look of sadness on her face.

Xu Yan asked, “Sister, are you going to resign as well? You've already received an acceptance letter from the Martial Arts Academy, what's the point of being a police officer.”

Xu Mei Qian said, "Yes, I'm definitely going to resign, but there's still a month and a half until New Year's Eve, I'll work until New Year's Eve, besides, One Defeat Red Dust is a criminal who appeared during my tenure, I want to arrest him before I resign. You go home first, Don Omi, oh, forget it."

"But, sis...I can't let go a bit."

"You silly girl, what can't you let go of, you and Omi, it was already impossible, you are the thousandth daughter of the Xu family, your marriage family has already arranged it for you, what can you do if you can't let go, besides, you are only wishful thinking about Omi, why bother. Go back to the family, you also have to work hard to open the Renguo vein, that's the most important thing in your life."

"Sister, I'll reconsider, I want to spend a few more days with Omi, anyway, it's my first boyfriend, it's good to leave more memories for the future, even if it's just wishful thinking on my part."

"Hey, whatever you want."

&n

bsp;Xu Yan made another call, and Omi didn't answer.

Xu Yan was in a very low mood, her days with Omi, not many, to hold on to death, it was only a month or so before the year, or maybe just a few days. After leaving Linjiang City, she probably won't come back here in her lifetime, the world is so big, maybe we'll never see each other again.

Omi researched and treated the cold disease until evening, this whole day, Omi did not stop, Omi was also scrambling for time.

"How's it going?"Liona asked, she fell asleep on the bed all twice.

Omi was sweating and shook his head and sighed, "Clueless, at the moment, I really hate me for being in the first place, why didn't I study medicine more seriously."

Liona consoled, "It's fine, there's still plenty of time anyway, if you can't do it in high school, then come back when you're in college, you're definitely going to college too, it'll be fine if I go to the same university as you then."

Omi laughed to himself, "With my academic performance, even if I cheat on the exam, it's just a junior college."

"A junior college is just a junior college, I study junior college too."

"You're a top student, you're destined for a major university, stop it."

"I'm not messing with you."

Omi said in his heart, "In two months, I'll be leaving, I can't even wait for the college entrance exam, how can I go to college."

"Alright, Miss, let's leave it like this for today, it's useless to rush this kind of thing, it's also useless to be clueless."

Omi put away the needle, Liona climbed up, her figure as graceful as possible, Liona plucked up her courage and blushed as she asked, "Do you think I have a good figure?"

Omi laughed and nodded, "Very good."

“Nonsense.”

“Why would I lie to you.”

Liona put on her clothes, her heart angry, “If it’s good, then why don’t you like me, if it’s good, then why don’t you let me be your girlfriend.”

Omi walked back to his room, picked up his phone, and found many missed calls, from morning to afternoon, all from Xu Yan.

Omi wanted to call back, but, he didn’t know what to say, he and Xu Yan said that they were boyfriend and girlfriend, but they both knew that it wasn’t really boyfriend and girlfriend. Omi hadn’t answered all day, how to explain.

Omi was a little despondent as he walked to the balcony of his room, it was raining outside.

Omi was perhaps too focused, not even realizing that it was raining outside.

Suddenly, Omi saw a girl in front of the villa, she didn’t have an umbrella, her whole body was drenched, she seemed a little lost, standing there at a loss.

Omi was startled, it was Xu Yan.

Omi saw Xu Yan standing outside, drenched by the rain, for some reason, suddenly felt a heartache.

Omi immediately jumped downstairs and ran towards the villa’s front door.

At this moment, Xu Yan smiled in her heart and persuaded herself, "Forget it, go back, he didn't even answer his phone, so what if I rang the doorbell, go back."

However, Xu Yan felt heavy on her feet, after all, it was her first boyfriend ah, just somehow, without even a confession to end it? It was just wishful thinking though.

"Xu Yan."

Suddenly, Omi's body appeared on the fence.

"Tzichen." Xu Yan saw Omi come out and smiled.

Omi flew in front of Xu Yan, her clothes were soaked and her hair was stuck to her face from the rain.

Omi felt a heartache as he looked at her and involuntarily hugged her.

270

"How long have you been waiting over here?"

"Three hours."

"Why don't you ring the doorbell and stand outside the front door in the rain."

"I've been calling you so many times all day and you don't answer, so what about ringing the doorbell, so I don't know if I should."

“I didn’t answer the phone all day because I was busy with something important, not because I didn’t answer it on purpose.”

“I knew it, there must be a reason.” Xu Yan would smile.

Omi launched his internal force onto Xu Yan’s body, evaporating and drying Xu Yan’s damp clothes.

Soon, Xu Yan’s wet clothes all over evaporated and dried.

“Go inside.” Omi said.

“No, it’s getting late.” Xu Yan smiled slightly.

Feeling a bit guilty, Omi said, “Then tonight, I’ll treat you to dinner.” One Second Remember to Read the Book

“Really?”

“Go.”

Omi drove off with Xu Yan in his car, and Liona stood upstairs in the villa, watching Omi and Xu Yan leave, stomping her foot in depression. But when she saw Xu Yan standing outside in the rain, she also felt a bit sad, but not as depressed as before, and could only sigh deeply.

Omi and Xu Yan had a romantic candlelight dinner, then went shopping, and Xu Yan bought Omi a new outfit as a New Year’s gift. Omi also bought her a pair of shoes as a return gift.

This one night, for the first time, Omi was not so resistant to being with Xu Yan, they went to the playground, played at the ice rink, rode the Ferris wheel, and even went boating in the river, a night of fun.

It wasn't until eleven o'clock in the evening that Omi sent Xu Yan home, Xu Yan reluctantly waved her hand and looked at the car that Omi left, secretly saying, "Omi, tonight was fun, tomorrow I'm leaving, perhaps, this is the last time we'll see each other in this life."

Xu Mei Qian came out from her home and said, "He has already left, what are you standing silly for, go inside."

Xu Yan walked into the house, looking a little sad.

Xu Mei Qian asked, "Did you tell him that you're leaving tomorrow?"

Xu Yan shook her head, "No."

"What? You specifically went to find him, not to say goodbye to him?"

"Tonight, he offered to take me out for a candlelight dinner, we went shopping together, I gave him clothes, he gave me shoes, we also went ice skating, we went on the Ferris wheel, and we went boating, and when we were done, he took me all the way home. Oh, tonight, I'm really happy, so, I really can't say."

Xu Mei Qian said, "I've already booked the tickets for you, and the family is urging you to hurry back, so don't stay, staying here doesn't mean anything to you, you and Omi are wishful thinking after all, and there's no future, no matter how happy you are tonight, it won't change the fact."

Xu Yan nodded, "I understand, so I'll leave tomorrow."

Omi drove the car, all the way home, and before he knew it, he was playing until eleven o'clock, it must be twelve o'clock when he got home, and there weren't many cars on the street.

Omi was in a good mood, tonight with Xu Yan played so long, two people, really have a kind of sweet dating feeling, this feeling, Omi suddenly feel quite beautiful, inside can not help but a little bit back. If Xu Yan asked him out again next time, Omi wasn't even sure if he had the strength to refuse.

"Xu Yan, huh." Omi involuntarily smiled, remembering tonight's rowing boat

At the time, her springtime appearance was not pleasant to the eye.

When he got home, the light in Liona's room was still on, Omi flew straight up to the balcony of his room, and saw that the light in Liona's room was still on, and flipped over to the balcony of Liona's room.

Liona was wearing pajamas, sitting on the bed, leaning her back against the head of the bed, looking as if she was in a daze.

"Knock knock." Omi knocked on the window glass of the balcony of Liona's room.

Liona was startled and saw Omi outside, busy getting out of bed and opening the balcony door.

"Miss, why are you still up so late?" Don Zimmer asked.

"You're just coming back now?" Liona said that she was sore from playing with Xu Yan until so late.

“Oh, yeah, it’s late, why don’t you go to sleep.”

Liona couldn’t sleep at all before, her mind was so confused, wondering where Omi and Xu Yan had gone to play, would they not come back tonight to get a room and so on, so confused, she couldn’t sleep at all.

“I don’t want you to care, where did you and Xu Yan go to play and come back so late.”Liona asked, couldn’t help but look a little jealous.

“Oh, had dinner first, then went shopping at the mall, she bought me a dress and I also gave her a pair of shoes, so it’s even. Then went ice skating at the fairgrounds, rode that whatever sky wheel, and then went boating after that, and then nothing. Miss, it’s so late and you’re so gossipy.”

“Hmm, sleep.”Liona huffed and the door slammed shut, even she hadn’t gone with Omi for so long and was jealous.

Omi shook his head and laughed, turning back to his room and taking a shower before falling asleep.

The next morning at seven o’clock, Omi went to bed and woke up, today was Sunday.

In his heart, Omi said, “I don’t know if Xu Yan will still ask me to play today, but yesterday, I researched how to cure cold illness to no avail, so I still have no clue what to do today. If Xu Yan invites me to play again, let’s go out.”

Omi got up when he thought of this, and had wanted to rely on the bed for a while.

Omi had just finished brushing his teeth and washing his face when his phone rang, and at first glance, it was really Xu Yan calling.

“Hehe, calling early in the morning.”

Omi picked it up.

“Hey, Xu Yan, what’s up again?” Omi asked, although Omi sounded like he was impatient, but Omi was not really impatient inside, he woke up so early just to prepare for a situation where he might go out at any time.

On the phone, Xu Yan smiled, “Up yet? I bet you haven’t yet, it’s the weekend, you boys love to sleep in, and you must be particularly upset that I’m calling so early to wake you up.”

“Fine, what’s going on today?” Omi asked in a light tone.

“Omi, I want to tell you something that is considered a good thing for you.”

“What good thing?”

“It’s kind of good for you that you can finally stop being annoyed by me, I’ve really been quite annoyed with you these past few days.”

“What do you mean?” Omi’s eyebrows furrowed.

Xu Yan was silent for a while, and after a dozen seconds, Xu Yan smiled bitterly, “As you wish, let’s break up.” Although Xu Yan finished the word break up with a smile, her heart was empty, although it was her wishful feelings, but after all, she had really liked Omi.

“Break up?” Omi’s body trembled, and for some reason, there was an unspeakable taste inside.
