

## King of kings 371-390

Omi saw Lin Chaofeng kneeling on the ground and smacking his mouth swollen, his brows furrowed and he wondered what had happened. Only after asking the person next to him did he find out what had happened.

Bai Jianheng yelled at Lin Chaofeng, "Hear it or not, eat it."

Bai Yijun saw that Lin Chaofeng's mouth was swollen by itself, and pleaded once again, "Senior, please, be generous, your surname is also Bai, my surname is also Bai, give me some face, okay. Look, Lin Chaofeng also regrets beating himself up, so just let him go."

Many of the onlookers' freshmen also persuaded, "That's right, although he spat in your shoes indeed morally deficient, but he has already beaten his own swollen mouth, why don't you let him go for once."

The onlookers were saying one thing after another, pleading for Lin Chaofeng.

Bai Jianheng sneered, "Who the hell says one more word, believe it or not I'll rip your mouths off, I'll eat him if I let him, I'll count to three, if he hasn't been eaten within three, I'll definitely beat him to death."

"One."

"Two."

Omi said, "Why do you have to be so desperate when you can spare others."

Bai Jianheng stared at Omi, seeing that Omi was a freshman, he grunted, ", Anyone who says another word, I'll rip his mouth off, didn't you fucking hear me?"

Omi saw that this Bai Jianheng was so quite ruthless, and sneered, "I hear, I also advise you, to spare others, let Lin Chaofeng erase you just, don't go too far." One second to remember to read the book

This Bai Jianheng, Omi didn't even care about him, his realm was only Outer Gate Perfection.

Bai Jianheng waved his hand at Omi and said, "Kid, come up here, I promise not to beat you."

Omi walked straight out of the crowd.

When Bai Jianheng saw that Omi had actually walked out, as if he wasn't scrupulous at all, he was furious.

"Kid, you like to meddle in other people's business, okay, just spare this kid today. But, the phlegm on my shoes, you eat it." Bai Jianheng said to Omi.

Omi laughed.

Bai Yijun saw Omi come out and was busy going to help Lin Chaofeng up, Lin Chaofeng looked at Omi with complicated eyes. Lin Chaofeng looked at Omi with complicated eyes. He originally hated Omi, but he didn't expect that it was Omi who came out to help him today.

Bai Yijun said to Lin Chaofeng, "Don't worry, you know Omi, he's not so easily bullied. It seems that it's not bad to know a bully, at least there's someone who can help out a bit in this unfamiliar place."

Everyone's eyes shifted to Omi and Bai Jianheng.

Omi certainly wasn't afraid of playing with such a brutally ruthless senior, he wasn't a mere weak new student like Lin Chaofeng.

“Hear me, eat the phlegm off my shoes, since you like meddling so much, I’ll simply do it for you.”

Omi said, “What if I don’t eat it? Is it that if I don’t eat it, you eat it yourself?”

“F\*ck you, I’ll say it again, eat it or I’ll make sure you don’t get into school.” Bai Jianheng shouted.

Omi said, “Take off your shoes and give them to me.”

Bai Jianheng laughed and despised, “I thought how ballsy, but I didn’t think I’d be good enough to eat.” After saying that, Bai Jianheng took off the shoes with phlegm, handed them to Omi in front of him, and said, “Eat.”

Omi took the shoes, and the crowd roared with discussion, thinking that Omi really wanted to eat.

However, at that moment, Omi suddenly rushed up, holding the shoe with one hand and squeezing open Bai Jianheng’s mouth with the other, and Tang Zi

The minister shoved half of his shoe into Bai Jianheng’s mouth, just as the phlegm was right on the tip of the shoe, and was shoved straight down his throat by the tang.

“Wow.” The crowd of onlookers shouted, never expecting this freshman to be so grippy.

Bai Jian Heng Ton pulled out half of the shoe that was stuffed into his mouth, that anger in his heart ah.

“I grass you.” Bai Jianheng smashed the pulled out shoe at Omi, then instantly drew his sword and killed Omi with a single blow. Of course, Bai Jianheng’s heart was incredible, this freshman was actually able to stuff shoes into his mouth so quickly, so he definitely wasn’t a weakling.

“Swoosh swoosh.” In the blink of an eye, Bai Jianheng performed several killing moves, and in his rage he seemed to dare to kill Omi.

Omi lightly dodged Bai Jianheng’s killing moves and came directly in front of Bai Jianheng, Omi made a sudden move and grabbed Bai Jianheng’s neck, hanging him up in one fell swoop.

“Ah.” Seeing this scene, the crowd was horrified, Omi, a freshman, was so powerful that he directly hung the second year senior up.

“How is that possible.” Bai Jianheng felt his head explode.

Omi said, “Don’t be so arrogant in the future, do you hear me?”

Bai Jianheng growled, “I F\*ck you, put me down.”

“Slap.” Omi saw that he still dared to yell arrogantly and slapped him again, and one side of Bai Jianheng’s face reddened.

“Ahhhh, you dare to hit me.” It was as if Bai Jianheng had never suffered this kind of anger before, and his angry lungs were about to explode.

“If you dare to utter one more word of arrogance, I won’t just hit you.”

“Grass you? My family won’t let you go, I have a hundred ways to make you lose your place in the Martial Arts Academy.”

“Bang,” Omi smashed him hard on the ground.

“Poof.” Bai Jianheng fiercely spat out a mouthful of blood.

Omi stomped on Bai Jianheng’s chest.

“Kid, listen, my name is Omi, from now on, when you hear the three words I, Omi, immediately worship me.”

“F\*ck you.” Bai Jianheng hissed.

Omi’s eyebrows furrowed deeply, wasn’t this brat too blind, still stubborn and daring to curse him even at this time.

“Looking for death.” Omi ran out of patience and stomped on Bai Jianheng’s thigh.

“Clack.”

“Ah.” Bai Jianheng hissed as Omi stepped on him and broke one of his legs.

Omi said, “Kid, I advise you not to try to be arrogant in front of me or I’ll let you die, don’t think I’m joking with you, get out.” After saying that, Omi kicked hard again, and Bai Jianheng’s body flew into the distance, falling heavily to the ground.

Many of the onlooking freshmen applauded.

It was so awesome for a freshman to blow up a senior.

At this moment, in the crowd of onlookers, an inner-door level freshman was watching Omi with narrowed eyes, this inner-door level freshman was the same inner-door level expert that Omi had found before, called Wu Wolf.

At this moment, Crow Wolf said in his heart, "Just like me, he even reached the Inner Gate level before entering school, I don't know if he can beat me. This New Student Assembly, I must become the champion and never allow failure. If it wasn't for that championship, how would I, Crow Wolf, come to any Martial Academy."

A man standing beside Crow Wolf said, "Young Master, this person is likely to threaten you, just in case, should we find a chance to kill him secretly? Make him unable to attend the freshman assembly."

373

Crow Wolf snorted, "This New Student Competition, Senior Qin Feng of the Martial Island's Qin Gu Family will choose the winner of the competition to become his disciple. I'm afraid that there will be many, many experts who will come to the Martial Academy because of this. Just like me, if it wasn't for this, I wouldn't want to be a student of the Martial Academy. So, it's pointless to kill one of them, there will be other strong opponents that will appear."

Crow Wolf stared at Omi for a few seconds before turning around and walking away, getting into a special car and heading directly to the Martial Arts Academy.

In this new year, there would be more experts than any previous year, because, the four strongest families of Martial Island, Senior Qin Feng of the Qin Gu Family, would choose the first place winner of the New Student Competition to be his disciple. Therefore, there would definitely be many experts who would deliberately join the Martial Arts Academy in order to pay homage to their master.

It was just that this matter belonged to insider information, and only those powerful families and powers would know about this insider information. It was naturally impossible for Omi, a small citizen from Linjiang City, to know this kind of insider information. It just happened to be so coincidental that Omi was someone who possessed the strength to enter the top fifty of the Freshman Competition.

“Thank you.” Lin Chaofeng walked up to Omi and lowered his head, saying that he was very grateful to Omi for helping him today.

Although Omi didn’t have any good feelings towards Lin Chaofeng as a person, Omi would naturally go out of his way to help him out for the sake of the face of coming from the same place.

“There’s no need to be polite, at least you’re from Linjiang City, I won’t stand by and watch you get bullied by outsiders, anyone who bullies you in the future can come to me.” Omi said.

“Thank you, Omi, I was hostile to you on the way here, I’m sorry.”

“Hahaha, it doesn’t matter, I’m not going to be common with you at all.” Omi laughed, patted Lin Chaofeng’s shoulder and said, “Alright, you guys take the special bus to the Martial Arts Academy first.”

“What about you guys?” Bai Yijun asked.

“Since Xiangyun doesn’t belong to the Martial Academy yet, she can’t go, so I’m going to wait until Xiangyun finishes her assessment and successfully enters the Martial Academy, until then, I’ll also take a stroll around the Martial Island for fun.” First URL m. .net

“Alright then, see you at the academy.”

Lin Chaofeng and Bai Yijun got into a special car and went straight to the Martial Arts Academy.

And Omi and Liona left the airport on foot.

They were walking on a main road.

“Where are we going?”

“Nonsense, definitely go find a place to stay first, I think the assessment should be in a good few days.”

Omi and Liona arrived at a hotel.

“Hello, book us a room.” Omi said to the waiter.

The waiter asked, “Do you have any martial coins?”

“What is a martial coin? Don’t you take RMB?” Xiang Yun Liu was confused.

“I’m sorry, but the currency we pass here is the Wulin Coin, which is unique to our area and cannot be exchanged for any other currency.” The waiter said.

Omi asked, “Then what does it take to have the Martial Coin?”

“Go earn it.”

Omi looked at the waiter, but he was actually a mid Outer Gate expert.

&nbsp;

; “You’re a middle stage Outer Gate martial arts practitioner, and you’re actually working as a waiter here.” Omi said somewhat incredulously.

The waiter laughed, "You don't know this, ten years ago, when I first came to Martial Island, I was a person who couldn't do martial arts, and I came to Martial Island with the purpose of practicing martial arts. Ten years later, I became a mid-term martial arts practitioner in the outer gate, because, Martial Island is a place full of opportunities, I worked here as a waiter in order to be able to practice martial arts, and after ten years, it really didn't disappoint me. I'm not afraid to tell you that even a trash sweeper in Wulin Island knows martial arts, and, most likely, this trash sweeper is a rich man in his hometown. For example, I, in my hometown, I was originally a wealthy lady."

"I see, it seems that Martial Island is really different from outside."

The waiter said, "Two students, it's quite pleasant to chat with you, but unfortunately you don't have any Martial Coins, so I can't give you a room. I'll guide you two ways. The first way, you will walk to the Martial Academy, although you can't go in, you can find a place outside to set up a tent and wait for the assessment. If you succeed in the assessment, you can enter the Martial Academy and become a new student. If you don't succeed, you'll have to pay for your own tickets back. By the way, the airport is the only place where you can use RMB to buy a plane ticket."

Liona looked at Omi and said, "Then let's walk to the Martial Arts Academy and set up a tent to deal with it. Or, you can enter the Martial Arts Academy first, you have a gold medal, and I'll set up a tent by myself."

Omi gave Liona a glance and said angrily, "You're a girl, how can I let you out alone."

Omi asked the waiter, "What about the second way?"

"The second path is to go to the 'Novice Village' on Martial Island, there are quests there, you'll get paid for completing them, and then you'll have Martial Coins to stay in a hotel. These two paths, you guys can choose yourselves, anyway, I can tell you guys, there is at least a week or more until the Martial Forest Academy assessment, and even if you sleep in tents for more than a week, then you have to eat, right? You have to have martial coins to eat too, otherwise, you guys will be the ones to suffer when you're hungry and exhausted by the time of the assessment."

Liona was speechless, “We are here to assess, how can you do this to us, starve us for a week, how can we still have the strength to assess.”

“Haha, I won’t lie to you, I’ve been a waiter here for ten years, I’ve seen too many new students, I was very strong and could have succeeded in the assessment, but because I starved for a week, I failed the assessment as a result. Actually, you guys can’t blame the Martial Arts Academy, whether or not you can survive independently may also be a standard for the assessment, people who are starving and have no strength, their survival ability is definitely poorer, anyway, the Martial Arts Academy doesn’t worry about not having students.”

“Ugh, what a place.”Liona complained, thanks to her dad giving her a 200 million bank card before he left, in order to not lose out in terms of living expenses at the Martial Arts Academy in the future. I didn’t expect that only Martial Arts coins would be passed here.

The waiter smiled, “There’s one more thing oh.”

“What?”

“Even if you succeed in the assessment, if you don’t have the money to pay the tuition, you’ll still be expelled from the school just the same.”

“Don’t tell me the tuition is also paid with Martial Coins.”Omi said.

“Hehe, you’re right, this handsome man, tuition and accommodation fees are also paid with Martial Coins. I’m not going to lie to you, every year there are many, many new students who are forced to drop out because they can’t pay the tuition, alright, you guys can see for yourselves, you can ask anyone you encounter that you don’t understand, in Martial Island, even the people who sweep the floor are very clear about these things.”

Omi and Liona immediately went to the novice village.

“Too depressing, the main purpose of coming to the Martial Arts Academy is to practice martial arts, but as a result, I still have to spend time to earn money.” Liona grumbled.

“Alright, stop being depressed and hurry to the Novice Village to make money, if you’re still complaining, then the others won’t know what to complain about. The other newcomers, whose strength hasn’t reached the outer gate, have a much harder time completing their tasks than we do. We, on the other hand, with the strength of my inner gate, making money is just one more threshold to walk through.”

“Well, it’s still you who’s optimistic.”

Omi laughed, and the two of them flew hand in hand, heading to their destination, the Novice Village.

There were almost no cars to be seen on Martial Island, as everyone relied on leaping and flying.

Half an hour later, Omi and Liona arrived at the entrance of a small village with a stone tablet standing at the entrance of the village, which read ‘Novice Village’.

“Here we are, go in.”

Omi was about to enter the novice village when several new students came behind him, it seemed that many of them had learned the news and rushed to the novice village to do quests to earn money.

There was an old grandfather sitting at the entrance of the village.

Liona went up and asked, “Grandpa, I heard that if you come to the Novice Village, you can do quests and earn martial coins, how do you want to do the quests.” Remember the URL . . . net

That old grandpa smiled, "Hello, I am the village chief here, to the east of our village, there is a corn field with many locusts, go kill the locusts, the more you kill, the more martial coins you earn. The more you kill, the more you'll earn martial arts coins. Hurry up and go, there aren't always quests in the village. However, be careful when killing locusts, because locusts are not ordinary locusts, if you are careless, you can also lose your life."

"Good." Omi and Liona didn't think about it that much and immediately went to the eastern side of the village, where there was indeed a large field of corn.

In the field of corn, many locusts traveled as if they were arrows, very fast, and indeed not ordinary locusts.

"Xiang Yun, you stand here first, I'll go in first to kill the locusts." Omi said, because the locusts were a bit weird, Omi was afraid that Liona would get hurt, as for Omi, he certainly didn't put a few locusts in his eyes.

Liona was thoughtful and asked, "You can earn martial coins by killing locusts, but that grandpa didn't say how many, does everyone who kills locusts earn the exact same amount of martial coins?"

"Never mind that for now, kill it."

"Okay." Xiang Yun Liu sat outside the cornfield and watched Omi enter the kill, but Xiang Yun Liu always felt a little strange.

Omi's body leapt and flew into the cornfield.

"Swoosh." Locusts traveled through the corn field like bullets, which is a locust ah, this is simply a secret weapon ah, Omi was also really confused, is there such locusts in the world.

But Omi didn't want that much, although this locust was awesome, but in front of Omi, it was just a small worm.

Omi quickly took out his sword in his hand and slashed at an incoming locust.

“Swoosh.” Even though the locust was flying fast, it was sliced into two pieces by Omi's sword in one fell swoop.

At this moment, a sound suddenly came from Omi's ears, “Ding.”

Omi didn't think much of it, thinking it was because he hadn't slept well on the plane last night.

“Swoosh.” Omi applied his sword technique and with one stroke, seven or eight locusts were cut in half.

At this time, in Omi's mind, “Ding Ding Ding Ding Ding.” It rang seven or eight times.

&nbs

p; “Holy shit, what's going on.” Don was shocked and exited the cornfield in a panic.

“What's going on? Why have you suddenly stopped killing locusts?” Liona was busy asking.

“Xiangyun, what's going on, it's not normal for my ears to ring with a 'ding' sound when I kill a locust.” Omi said.

Liona said, “Do you feel abnormal too?”

“Uh, did you hear the ding too?”

“That’s not true, it’s just that, I always feel that this Martial Island is a bit strange.”

At this moment, at the entrance of the novice village, that old grandfather said in his heart, “What a brilliant sword skill, killing locusts is like swatting mosquitoes, I’ve been here for so many years, I’ve never seen any newborn, killing locusts is so neat and tidy, this son is bound to do something great.”

Outside the corn field, Liona said, “I’ll go in and kill them too.” Saying that, Liona leapt into the cornfield, Omi shouted, “Be careful ah.”

As soon as Omi finished speaking, she heard Liona ah, she thought it would be easy to kill a few stink bugs, but she didn’t expect a locust to sting her skin as soon as she went in.

Liona immediately perked up and used her sword, but those locusts weren’t so easy to deal with.

A minute later, Liona finally killed a locust.

“Ding.” The sound of a ding sounded in Liona’s ears as well.

Liona immediately exited the cornfield.

Omi was busy asking, “Did you hear the dings?”

Liona, however, looked at Omi incredulously and asked, “You just killed locusts very easily, you killed eight or nine in just a few seconds, why did it take me a minute to kill one locust when I went in.”

Omi laughed, "Nonsense, what strength do you have, what strength do I have, I'm of the inner class, if it also took me a minute to kill an insect like you, what am I still hanging around for. After you killed the locust, did you hear a ding or not? Why would it ding ah, can't figure it out."

Liona said, "I heard, I don't know, I just said, it feels weird here, and the locusts here are too powerful, where can there be such locusts ah, why don't we go to the village first and ask that old grandpa."

"Let's kill the locusts first, no matter if he's weird or not, let's earn martial coins first."

"Alright."

Omi and Liona both leapt into the corn field again.

All the while, Omi's ears were tinkling and ringing.

At the village entrance, that old grandfather smacked his lips in the dark, Martial Academy also had many new students of the inner class every year, but there had never been one as powerful as Omi.

At this moment, there were also many many new students who came to the corn field and entered the corn field to start killing locusts, they were all like Liona, it took them several minutes to kill a locust. The first thing that you need to do is to get your own copy of the book, and then you'll be able to get your own copy of the book.

Omi had lost count of how many times his ears had dinged, in short, his ears were going to be deaf.

After about an hour or so, Liona was exhausted and flew out of the corn field.

Omi also immediately got out of the cornfield.

“How many have been killed?” Omi asked Liona.

“I don’t know, I think it’s about 50 or so, the more I get tired, the less I can kill, how about you?”

375

“I don’t know, I think it was about fifty or so, and the more you get tired, the fewer you kill, don’t you?”

“I’m going deaf with one ding in my ear, I don’t know how many I’ve killed.”

“Let’s go, let’s go find the village chief and see what we need to do to earn Martial Coins, and that one dings in my ear, what’s going on, what the hell is this Martial Island, locusts are so powerful.” Liona said.

Omi and Liona left the cornfield and returned to the novice village, finding the old grandfather under a thatched roof at the entrance of the village.

“You guys are back, how was the locust killing.” Old Grandpa asked with a smile.

Liona was busy asking, “Old grandpa, what’s going on, why kill a locust and get a ding in your ear. Also, why are locusts so powerful.”

Grandpa Village Chief said, “You are not the first to ask this question, and I believe you are not the last to ask this question.”

Omi said, "Village Chief, don't sell yourself short, just tell us the truth, why is Wulin Island strange."

"Hahaha, two children, I also want to know the answer to your question."

"You want to know the answer too?"

"Yeah, I'd like to know why too, alright, here are the martial coins you earned today, I'll send them to you." One second to remember to read the book

Saying that, the village chief flipped a black bag in his hand and pulled out a banknote.

Omi saw the black bag and said in shock, "A storage bag."

"Hey, you actually have eyesight." The village chief looked at Omi in surprise.

"Oh, it's just a storage bag."

"Little girl, here are the martial coins you earned today, a total of 5.5 yuan."

"I killed for an hour and it's only 5.5? "Liona felt foolish.

"You killed a total of 55 locusts."

Omi was busy asking, "How do you know that she killed 55 locusts?"

“Don’t ask so many questions, anyway, remember, in Martial Island, everything is done according to the rules of Martial Island, so don’t ask.”

Omi saw how resolute the old grandfather was and didn’t ask any more questions, it was obvious that there was definitely something wrong with Martial Island, but it wasn’t something he could know about. Omi sized up the village chief, trying to see what realm he was in, and found that this village chief didn’t have the slightest bit of internal strength or momentum. However, Omi didn’t believe it.

Liona received the 5.5 yuan, which she had earned after an hour of tiring.

“What about me? How much money did I make?” Omi asked.

The village chief flipped out a few more hundred dollar bills from his storage bag and smiled, “You made nine hundred.”

“Nine hundred, that much.” Liona was also shocked, comparing it to her five dollars and fifty, it was indeed considered very much.

“Haha.”

Omi put away the nine hundred dollars.

Liona asked, “Grandpa Village Chief, is Omi the freshman who earned the most in one day?”

Grandpa Murakami shook his head, “No.”

“Where’s anyone else who makes more money than him?” Xiang Yun Liu asked.

“There were several new students from the inner class who came here yesterday, they killed locusts for a day, and several of them made tens of thousands of dollars. Of course, this little friend, his sword skills are extremely high, and he is the cleanest and fastest at killing locusts.”

Omi immediately said unconvinced, “Then I’m going to continue to kill locusts, I want to surpass that inner class freshman from yesterday.”

Liona said, “I’m tired today, let’s go back to the

Go rest, come back tomorrow ah, anyway, there are still seven or eight days until the new student assessment, and even longer until the start of registration.”

The village head grandfather smiled, “This young lady, the old man might as well mention something to you, if everyone has such an attitude, then I’m afraid you’ll have to leave Martial Island.”

“Why?”

“You just killed for an hour and you’re tired, come back tomorrow, then do you know that the five and a half dollars you just earned is just enough for you to eat a bowl of clear soup noodles. Of course, it’s true that you won’t starve to death if you only eat one bowl of clear soup noodles a day, and you’ll still have the energy to do so during the assessment. But, do you know why new students have to earn martial coins?”

“Why?” Omi asked.

“Because, earning Martial Coins, you have to do the task of killing locusts, and in the process of killing them, you are already stimulating your potential, the purpose is, to open up the new student’s Ren and Zhu veins. By the time of the formal assessment, if you haven’t opened up your Rendui, you generally won’t have a chance to enter the Martial Arts Academy.”

“Ah, the purpose of killing locusts is to open up the Ren and Dou channels?”Liona was shocked.

“Yes, earning martial coins is one aspect, but the most important thing is to open up the newborn’s Ren and Ren Vessels.Now, do you still want to go back and rest?Of course, this little friend is already at the Inner Gate level, you can go back and find a hotel to sleep in instead, you’ve already opened the Rendu and Second Vessel, killing these locusts is just making some money.”

Omi frowned, “No, a lot of people who received gold medal acceptance notices didn’t open the Rendu and Second Vessel either, ah?”

“Although they haven’t opened up the Renguo and Duguo veins yet, they will receive an acceptance letter, that’s their greater talent and they will definitely open up.After they come to Martial Island, in order to pay their tuition, they will naturally come to the Novice Village to do missions, and then they will also get through it, just one less assessment.”

Liona immediately said, “I’m not going back, I’m going to continue to kill locusts.”

“Then you guys go, I hope you can get through the Ren and Zhu Vessels before the official assessment.”

“I definitely will.”Liona vowed to say.

After that, Omi and Liona continued to kill locusts, the corn field was huge, and the number of people going in to kill locusts was increasing.

Omi’s goal in killing locusts was to make money, and then Liona’s goal was to open the Rendu and then to make money.

Omi kept killing and killing.

By evening, it was dark before Omi exited the cornfield, Omi looked at Liona, she was still struggling to kill locusts.

“Xiangyun, today is almost done, you can’t eat fat in one day, come tomorrow.”

“Good.”Liona came out covered in sweat, Omi wiped the beads of sweat from her face a bit sadly.

And in the cornfield, there were still many, many new students, who continued to kill locusts despite the sky.

In fact, the assessment has already started, whether or not you can open the Ren and Duke veins by killing locusts is the assessment.

Omi and Liona returned to the village once again, and that old grandfather at the village entrance was eating dinner.

“Grandpa Village Chief, I’ve come to collect the Martial Coins I earned today, and after that I’m going back to the hotel to eat and sleep.”Omi said.

“Good, you’ve earned a total of 13,200 Martial Coins, you’ve already collected 900 this morning, and you still have 12,300 Martial Coins left.”The village chief handed Omi a bundle of hundred yuan bills.

“Wow.”Liona incomparably exclaimed with admiration, it looks like she can follow Omi to eat and drink.

“What about me?”Liona was busy asking.

“You have earned a total of 95 Martial Coins, you collected 5.5 in the morning, you still have 89.5 Martial Coins left, take it.”

Liona pursed her lips, she didn't even have a hundred, how pitiful.

376

“Come on, Xiangyun, let's go to a hotel first, I have plenty of money here, so I can eat whatever I want.”

“Hehehe, it's nice to have an awesome boyfriend to take care of.”Liona smiled happily.

Five minutes after Omi and Liona left, a man and a woman walked out of the village and asked the village chief, “Village chief, how much did I earn today?”

This woman was none other than Xu Mei Qian.

“78 pieces.”The village chief grandfather said.

The man beside Xu Mei Qian asked, “What about me?I'm probably the freshman who earned the most today.”

“You made 9,500 martial coins.”

“Wow.”Xu Mei Qian was impressed and laughed, “Wang Xing, you're too good, it's absolutely impossible for anyone to surpass you who came here today.”

“Haha, Mei Qian, don’t worship me too much, brother is a legend.”

The village chief grandfather said, “You are not a legend, the person who earned the most martial coins today is not you.”

“What? It’s not me.” First URL m. .net

“That’s right, the one who earned the most martial coins today is 13,200 yuan, you’re not even close, and that person came to the Novice Village after you and left earlier than you did, five minutes ago to be exact.”

Xu Mei Qian exclaimed, “So strong, tsk tsk, I don’t know who it is, it must be a new student of the inner gate level as well.”

The man beside Xu Mei Qian was unhappy inside and grunted, “I’ll definitely surpass him tomorrow, right, Village Chief, who is currently first in the overall ranking of the Novice Village?How much money has been made.”

“There’s no detailed statistics yet, but I think the first place on the overall list should have earned over forty thousand dollars.”

“Forty thousand, wow, a local hero.”Xu Mei Qian said enviously, but unfortunately, this kind of local heroes would only appear on the freshmen with strong strength.Those with weak strength, it’s good that they can eat well, stay in hotels, and can afford to pay tuition.

“Mei Qian, don’t worry, I’ll definitely get the top three in the novice village’s overall martial coin list, otherwise, I’ll be too sorry for my middle level of the Inner Gate.”

“Wang Xing, I believe in you, go for it.”

Omi and Liona arrived at the hotel.

“Hello, book us a room.” Omi said.

“Okay, please wait a moment, what level room would you like?”

“What’s the best?”

“The best room is the villa, 9,800 Wookiee a night.”

“So expensive.” Omi wiped his cold sweat.

“The next best room is the Building in the Middle Suite, 3600 martial coins a night, and the even cheaper Presidential Suite, 1800 a night, and of course, the cheapest quadruple room, 180 a night.”

Omi boldly said, “Then book the presidential suite.”

Liona advised, “Don’t, just any regular room will do.” Liona knew that it was not easy to make money, she was tired for a day to earn ninety-five dollars, if it wasn’t for Omi, she wouldn’t even be able to afford the most ordinary four-bedroom room.

“It’s okay, I can afford it.”

Omi resolutely booked a presidential suite, on the top floor of the hotel, and opened the door, inside was a luxurious suite with a living room balcony and three rooms.

After they showered, they asked the waiter to bring up the food and had a beautiful dinner, a dinner that cost Omi over three hundred martial coins.

The next day, early in the morning, Omi and Liona set off to the Novice Village once again.

However, at the entrance of the Novice Village, there was an additional sign with a ranking on it.

&nbsp;

; “Newbie Village Martial Coins Ranking.”

Liona said happily, “Omi, you’re ranked 12th.”

Omi scanned indifferently, but the first place actually earned over 40,000 Martial Coins, also all newcomers, which made Omi feel a bit less than happy.

At this moment, Xu Mei Qian and the man called Wang Xing came.

Wang Xing said, “Mei Qian, do you believe that I’m going to surpass the man who made thirteen thousand yesterday today.”

Xu Mei Qian smiled, “Just try your best, there’s no need to compare.”

Omi heard a voice from behind and turned back in a panic, it was indeed Xu Mei Qian.

Omi burst out laughing, “Haha, Captain Xu, it really is you.”

“Uh, Omi.” Xu Mei Qian was surprised when she saw Omi, although Xu Mei Qian knew that Omi had also been admitted, she never expected to meet up at the village entrance of the novice village.”

“Hello, Officer Xu.” Liona greeted.

When Xu Mei Qian saw Liona, she was even more surprised and asked, “Liona, why are you here if you don’t know martial arts?”

Omi smiled, “Captain Xu, I’m afraid you don’t know yet, Xiang Yun she knows martial arts now, and this time she came with me, ready to assess the Martial Arts Academy.”

“How is that possible.” Xu Mei Qian’s head was a bit spinning.

“Captain Xu, I’m not going to lie, Xiangyun she’s very talented, after my teaching, his martial arts skills have almost reached the ninetieth level, she even earned 95 pieces here yesterday.”

“Ah.” Xu Mei Qian looked at Liona incredulously, such a high level of martial arts skill, better than her, she only earned 78 pieces yesterday. At this moment, Xu Mei Qian was a bit incredulous.

At this moment, that man called Wang Xing shouted, “Mei Qian, come over here and look, there’s a ranking of freshmen martial coins here, I’ve entered the overall list.”

Xu Mei Qian walked over, and that Wang Xing excitedly said, “Mei Qian, look, I entered the 21st ranking on my first day here yesterday, Mei Qian, admire me, hahaha.”

Xu Mei Qian swept a glance at the rankings, seeing that the 12th place was Omi’s name, Xu Mei Qian’s heart thumped, those who could enter the rankings were at least freshmen who had reached the inner door level ah, Omi had reached the inner door level?

Xu Mei Qian was suddenly shocked.

Xu Mei Qian was busy, "Omi, what's going on, why is your name up there? Is it the same name?"

Omi smiled, "It's not the same name, but it's only twelfth, nothing to be happy about."

"But, but this ranking, it's impossible to earn so much money without the strength of the inner ranking." Xu Mei Qian said incredulously.

"Oh, Captain Xu, to tell you the truth, I'm an inner-door level, I used to be in Linjiang City, I just kept a low profile, so... you know."

"Ah, you you you." Xu Mei Qian learned the truth and was a bit unable to believe that Omi, a high school student, was actually at the inner-door level.

That Wang Xing was just happy, but when he saw Omi's twelve, his face pulled down and he grunted, "Kid, you've accumulated these twelve for two days, right."

Omi looked at Wang Xing and smiled, "This is my income from yesterday."

"What? Yesterday's thirteen thousand income was you."

"Oh." Omi looked at Xu Mei Qian and asked with a smile, "Captain Xu, is he your boyfriend? Not bad, alright, I'll go in first." Saying that, Omi and Liona entered the village.

When Wang Xing saw that Xu Mei Qian still looked shocked, he immediately swore, "Mei Qian, do you believe that I will surpass him today, I swear, I will surpass him."

Omi and Liona switched places today, yesterday in the cornfield, today they went to the orchard, the orchard also a lot of locusts, and more people in the orchard than in the cornfield to kill locusts there.

Today, Omi is dying to make money, and has been killing and killing since he came in the morning.

Liona, too, has been killing until late afternoon.

“It’s almost time, Xiangyun.” Omi shouted.

However, there was no response to Omi’s shout, but there was no response from Liona.

Omi immediately flew to the top of the tree to look for Liona, and didn’t see Liona at the place where Liona had killed the locusts before.

Omi had a bad thought inside.

“Xiangyun.” Omi shouted.

Omi was so focused on killing and killing himself that he didn’t notice Liona.

Omi immediately flew down and asked a new student at the place where Liona had killed locusts before, “Did you see a beautiful woman who was killing locusts here before? Where did she go?”

The freshman was stunned and said, “What’s your relationship with her?” Remember the URL . . .net

“Come on, did you see that?Where did she go?”

The freshman said, “A man claiming to be her boyfriend just took him away.”

“Claiming to be her boyfriend?”

“Yeah, she went with him of her own accord.”

“Where the F\*ck did he go?”Omi was on fire, no wonder there wasn’t any movement at all, that person must be an expert in mesmerism, the Samira she met in Linjiang City before, the charm she knew was also a type of mesmerism.

“Heading in this direction, just left a short while ago.”

Omi immediately chased after her.

He didn’t even see Liona until he chased out of the orchard.

At this time, in a valley not far from the orchard, Liona was haunted and followed by two men with dazed eyes.

One of the men said: “Brother Fat, we have charmed this woman to come here, will something happen ah, her boyfriend is a freshman of the inner class ah, just now you also saw his strength to kill locusts.”

That tall boy snorted, “He knows nothing, although this beauty’s boyfriend is a new student of the inner gate level, but where so what.I’ll charm her, and when we’re done sleeping, we’ll pat our asses and leave, God knows who did her, hahaha.”

“Brother Fat, this beauty is so beautiful, she’s definitely the courtyard flower of the Martial Academy. Once she becomes the courtyard flower in the future, there will be plenty of strong people chasing after her, at that time it won’t be the turn of us shrimps to play. So now, while she’s still not enrolled in school and hasn’t been named the courtyard flower yet, we’ll play around with her first.”

The tall boy shook his finger and said, “Not us, but me.”

“What? Fatty, you don’t want to share my play.”

“This beauty is too pretty for me to share your play, unless, you introduce your sister to me.”

“Brother Fatty, my sister already has someone she likes.”

“Then you help me and sleep with your sister, so I can share your play.”

“Sorry, Fatty, my sister is good at charming and the man she likes is very powerful, I don’t want to get killed. Since you won’t share my play, I’ll have to tell this pretty girl’s boyfriend, if her boyfriend finds out, he’ll definitely find you to settle the score, you’re just an outer door intermediate, even if you’re good at charming, you’re definitely not her boyfriend’s opponent.”

“Alright, alright, I’m afraid of you, it’s okay to share your play, but it has to wait until I’m done.”

“No problem.”

Arriving behind a large rock in a valley, the two men looked back at Liona, the tall man opened his five fingers and asked, “What’s your name.”

“My name is Liona.”Liona said in a daze, Liona hadn’t stepped into the outer gate yet, and her Ren and Ren Vessels hadn’t been opened, so naturally she couldn’t resist this man’s mesmerizing technique.In the Martial Arts Academy, there were many departments, including the sword method department, sword method department, stick method department, spirit method department, sound method department, and all kinds of classifications of martial arts, this tall boy was the new student who came to the Martial Arts Academy to enchant his soul.Today also came to earn martial coins, did not expect to encounter a stunning beauty, so he immediately lusted, cast a mesmerizing technique on Liona, and tricked Liona away without moving a muscle, he thought he could do it without knowing, because, before he came to the Martial Arts Academy, he did not know how many female stars he had mesmerized.This kind of bewitchment was so terrifying that Omi’s former life was also very scrupulous.

“The inner class man killing locusts not far from you today, is he your boyfriend?”

“Yes, he’s my boyfriend.”

“What’s his name?”

“His name is Don Omi.”

“Don Omi?What family is it from?Reaching the inner gate level right after the start of the school year, he must be a key child to cultivate in the family.”

“No family, we came from Linjiang City.”

“What? From the bottom level.”The tall boy was a little surprised, but, hearing that he came from the bottom, he immediately snorted: “Thought it was from some big family, didn’t expect a bottom, cut, so much more nothing to be afraid of.”

That more: “Linjiang City, my sister has also stayed in Linjiang City before.”

The taller boy who smiled hehely said to Liona: "From now on, I am your boyfriend, you are good to play with me, let me cool, hear me."

"Yes."

"Take off your clothes, hehehehe."

Liona's gaze was dull as she reached out to unbutton her clothes.

Just then, there was a cold snort.

"Who."The two of them were shocked.

"Swoosh."A figure flew down overhead and stood beside Liona.

It was Omi.

Omi hit Liona's body with an internal force, and Liona was suddenly awake.

"Ah, where is this."Liona was oblivious.

The two men were shocked that Omi was actually here and immediately ran.

Omi kicked up two rocks and thumped them twice, the two men were hit in the back of the head and fell down with blood all over their heads, momentarily unconscious.

“What’s going on.”Liona asked.

“Xiangyun, you were caught in their mesmerizing spell and lured you here in an attempt to defile you.”Omi said.

“What? I’ve been tainted.”Liona shuddered and burst into tears, not wanting to live.

“Don’t worry, it’s a good thing I got here just in time, you haven’t even undone a single button yet.”Omi comforted.

“How can there be a mesmerizing technique, it’s too scary.”Liona said in fear.

“Martial Arts Academy, there should be all kinds of martial arts, alright, let’s not talk about that now.Damn it, these two scum, I won’t let them go.”

Omi walked up angrily, the two men were still unconscious.

Omi unzipped his pants, grabbed each of the two men by the hair, opened their mouths, and pulled urine right into their mouths, pouring it down.

378

But despite that, the two still hadn’t woken up, and the two rocks Omi had just casually kicked had knocked them completely unconscious.

“How come they didn’t wake up after drinking and peeing.”Liona said, and Liona also felt that they deserved it.

Omi said, "It should be because they didn't drink enough, Xiang'er, I'm sure you're also anxious to pee, pull it out and give them another drink."

Liona blushed and said angrily, "I don't want it."

"What, do you still sympathize with them?"

"I don't pity them, you're a boy and I'm a girl, I don't want it."

Don Omi said, "I didn't tell you to just pull it out for them, I told you to find a bottle to put it in and I'll pour it for them."

"Ah."Liona was startled.

"Go on, I don't know how to punish them at the moment other than drinking urine, I can't kill anyone here and I'm embarrassed, otherwise, I'll just kill this kind of scum.Of course, it's not that I'm afraid of Martial Island, just that I respect the rules here."

Liona looked at Omi helplessly and asked, "Really?Don't."

"Yes. Here's an empty bottle, you go behind the rock and pull it into the bottle." One second to remember to read the book

"I, would that be too humiliating."Liona blushed.

"They're all unconscious, and I'm your boyfriend, no one knows, so go."

Liona had no choice but to go behind the stone with a red face, and a minute later, Liona came out shyly and threw a bottle full of urine at Omi with a very speechless look on her face.

Omi took the bottle full of urine and walked up to the two unconscious people.

Omi slapped each of them and used his internal force to slap them awake, this time they had to be awake to drink, they were both unconscious and senseless when Omi just sprinkled it directly into their mouths, it wasn't painful at all.

“Ahhhh.” Once they woke up, they scrambled up.

“What have you done to us.” They sniffled and felt the smell of urine on their bodies.

Omi snorted, “You two bastards, you even dare to hit on my woman, you don't want to hang around do you.”

The tall boy left his mouth open and snorted, “Omi, I know where you're from, you're just from a lower class Linjiang City. Even if I hit on your woman, so what, I come from a big family, can you afford to offend me?”

That: “And me, I also come from a big family, Omi, you're at the bottom of Linjiang City, you should have heard of my sister's name, my sister has also spent time in Linjiang City, her name is Samira. You might want to think about whether you had to offend my sister when you were in Linjiang City.”

“Shangguan Zhuo?” Omi's eyebrows furrowed, not expecting that there was another one here who was Shangguan Zuo's brother.

“Very good, no wonder that slut Shangguan Zuo always wants to seduce me, it's bad genes.”

“You know my sister? Then let me go quickly.”, he thought that his sister was in Linjiang City, surely no one would dare to offend her, after all, she was from a big family.

“Hmph, dumbass, do you want to know why your mouth smells like urine? That’s because I just peed for you guys to drink.”

“What.” They yelled out, feeling sick to their stomachs for a moment.

“My zipper isn’t even up yet.”

The two looked and sure enough, Don Omi’s zipper wasn’t even up yet.

“Omi.

You’re insolent.” The tall boy yelled, actually taking out the air of a big family’s young master.

“Hahaha, yes, I’m insolent, but don’t worry, you guys, it’s not over yet. See this mineral water bottle full of urine in my hand? It’s my girlfriend who just took a shit, and you guys want to covet my woman, so how can you leave empty-handed if that’s the case, so let’s just drink half a bottle of her pee each, and it’s not a waste of time, you guys say?”

“You you you.”

Shangguan Zuo’s brother roared, “Omi, if you dare, do you believe I’ll tell my sister, I’m not afraid to tell you that my sister’s charm, incomparably powerful, she’s also come to the Martial Arts Academy, and the man my sister likes, he’ll beat you to shit.”

“Hahaha, I’m so scared, since you’re in such a hurry, you’ll be the first.” After saying that, Omi grabbed Shangguan Zuo’s brother in an instant, pinned him down on the ground, propped his mouth open, and then the bottle of urine was poured into his mouth.

Shangguan Zuo’s brother struggled desperately, but unfortunately, it was all useless.

The tall boy, on the other hand, didn’t talk about morality anymore and immediately fled.

But, Omi snapped his fingers and a stone hit him in the leg.

“Ah.” The boy flung himself to the ground.

Omi quickly finished filling half the bottle of urine and immediately leapt in front of that tall boy, propped his mouth open, and filled the remaining half of the bottle as well.

In this way, Liona had peed a whole bottle of urine, which the two of them drank up.

“Oooh.” Shangguan Zuo’s brother cried out, he desperately wanted to vomit out, but for some reason, he couldn’t.

This was because, Omi had clicked an acupuncture point on them so that they couldn’t vomit it out, the same was true for that tall boy.

Liona stood timidly to the side, immediately felt a blush and shame at the thought of them drinking all her urine, only to blame Omi for being ridiculous and having to make her pull it into a bottle.

Omi threw the bottle away and grunted, "You two scum, my woman is a wonderful beauty, you are able to drink her urine, it's considered that you haven't tarnished your identity from a big family, it's really cheap for you."

The two of them desperately owed to vomit, but unfortunately couldn't vomit.

However, Omi still wasn't relieved and beat each of them up, bruising them up.

Shangguan Zuo's brother roared, "You're an ant from the bottom, I won't let you go."

The tall boy was also angry, "Wait for me, if my family doesn't put you to death, I'll follow your surname."

Omi said disdainfully, "Go ahead, my urine is every day anyway."

"You."

"Hmph, you don't have the strength."

Omi led Liona this way, Omi picked up Liona's waist and stepped on the treetops of the orchard, leaping over the huge orchard and arriving at the novice village.

It was already late, and the two of them immediately went up to the village chief to settle their accounts.

And now, at the entrance of the village, Xu Mei Qian and the man called Wang Xing were already waiting there.

Wang Xing asked, "Mei Qian, do you believe that I definitely earned more than that Omi today?"

Xu Mei Qian said, "Wang Xing, why are you so fond of comparing yourself to him, it doesn't matter at all if you make a lot or a little, making 10,000 is no different from making 9,000."

"Mei Qian, what exactly is your relationship with Omi? Why do you defend him so much?"

379

"Omi is sort of my friend, he was my sister's ex-boyfriend when we were in Linjiang City."

"What? Xu Yan's sister is his ex-girlfriend, damn." Wang Xing was very upset when he thought of Xu Yan's beauty, such a beautiful woman had been played by someone from the bottom like Omi. Wang Xing had planned to shift his target to Xu Yan if Xu Mei Qian couldn't get it, but who knew that Xu Yan had already been played by someone.

"What do you mean?" Xu Mei Qian was dissatisfied and looked at Wang Xing.

"Omi a person from the lower class, your sister is too much of that."

"Neither my sister nor I are people who view people by their status."

At this moment, Omi and Liona came out of the village holding hands.

Xu Mei Qian immediately walked up.

"Omi, Liona, why did you guys come out so late, how was the kill today." Xu Mei Qian asked.

“Oh, I haven’t checked with the village chief yet, I don’t know, how about you guys?”Liona asked.

Xu Mei Qian said, “I made 150 martial coins today.”

“Oh, so little.”Omi said, Xu Mei Qian white eyed Omi and laughed, “Where do I dare to compete with you, you’re an inner-door level, you guy, you used to pretend so much, I really want to beat you up.”

When Wang Xing saw Xu Mei Qian talking to Omi in such a good tone, he grunted sourly, “Mei Qian, it’s still an unknown how much he earned today, have you forgotten how much I earned today?Besides, you’re standing next to an inner-door rank, so why act as if you’ve never seen an inner-door rank before.Don’t forget, you’re from a big family, an insightful person, an inner-door level only.”

Omi looked at Wang Xing and smiled, “This Captain Xu’s boyfriend, it looks like you’ve earned a lot of martial coins today, why don’t you tell us.”

Xu Mei Qian immediately said, “Omi, don’t talk nonsense, I’m not his girlfriend.”

“Then what is the relationship between the two of you?Why does he have such an intimate tone with you.”

“My family and the Uranus family are friendly families for generations, we all just grew up together, don’t talk nonsense, or I’ll get angry.”

Wang Xing saw Xu Mei Qian’s anxious denial of their relationship, he was sore, although it was the truth, but such anxious denial showed that Xu Mei Qian didn’t like him at all in her heart ah.

Wang Xing snorted to Omi, “Kid, do you dare to compete with me, who earned more martial coins today?”

“Uh, this brother Wang, what do you want to compete with me.”

“If you earn less martial coins than me today, then you’ll be cutting ties with Xu Mei Qian from now on, do you dare?”

“Boring.”

“What? You’re afraid to compete with me?”

Xu Mei Qian said angrily, “Wang Xing, Omi and Liona are both my friends, if you continue like this, I’m really going to be angry.”

Wang Xing said in disappointment, “Mei Qian, you actually want to turn against me, a childhood friend who grew up together, for the sake of a low-level friend.”

“You’re the one who’s gone too far.”

Liona pulled Omi and said, “Let’s go find the village chief and leave them alone.”

Omi and Liona went to look for the village chief.

“Village Chief, pay us the bill, how many Martial Coins did I earn today.” Omi said.

The village chief smiled and said, “Kid, you’re great today.”

That Wang Xing also ran up and asked, "Village Chief, he should have less than me."

The village chief laughed, "You made 14,000 Martial Coins today, that's really quite a lot. However, he's more, he earned 25,000 Martial Coins today."

/>

"What? Twenty-five thousand." Wang Xing's face changed dramatically, he fought to the death to kill locusts today, breaking his record of nine thousand yesterday, and thought that fourteen thousand today was very bullish, definitely surpassing Omi, but he didn't expect that Omi actually earned twenty-five thousand.

"Wow." Xu Mei Qian looked at Omi incredulously, Xu Mei Qian felt that Omi had changed, changed differently from Linjiang City.

The village chief, under the horrified gaze of Xu Mei Qian and Wang Xing, took several stacks of hundred yuan bills to Omi.

"This is yours, put it away."

"Village Chief, what about me?" Xiang Yun Liu was busy asking.

"You made \$160 today, good, it's an improvement from yesterday." The village chief took another 160 yuan to Liona.

Xu Mei Qian sighed, she earned less than Liona yesterday and less than her today, now, not only Omi has changed, even Liona has changed, it seems like they are not the same person as the one they knew in Linjiang City.

Wang Xing grunted very unhappily.

Omi said, "This brother Wang, do you still want to compete with me now?"

"You're out later than me, we don't even kill locusts at the same time, so what's the point of comparing." Wang Xing snorted.

Omi didn't bother to bullshit with this kind of person, but Omi still wanted to be angry with this person.

So, Omi said to Xu Mei Qian, "That, Captain Xu, there's someone in Linjiang City who wants to entrust me to bring you a few words."

"Who is it?"

"He said his name was One Defeat."

"What." Xu Mei Qian's body trembled.

When Wang Xing noticed Xu Mei Qian's face, he was busy asking, "Mei Qian, who is One Defeat Red Dust? Why are you so nervous all of a sudden?"

Xu Mei Qian ignored Wang Xing and was busy saying, "Tell me, what message did he ask you to bring me?"

Omi chuckled, "One Defeated Red Dust let me tell you that he was so happy that night, he'll never forget it."

“Which night?” Xu Mei Qian was busy asking.

And Wang Xing’s face darkened.

Omi smiled, “I’m not sure, it seems to be some basement outside the city.”

Xu Mei Qian suddenly knew which night it was, that she was set up a trap and almost defiled by Wang Ge, fortunately One Defeat Red Dust saved her, which night she flew back to the city with her top half naked and carried by One Defeat Red Dust.

“What else? Are there any other words?” Xu Mei Qian asked anxiously.

Xu Mei Qian couldn’t forget the one defeat of red dust within her heart, she had thought that she would forget about this person after she left Linjiang City.

Omi touched his head and smiled, “And there’s, ouch, it’s a bit ambiguous, I’m too embarrassed to say it, hehehehe.” Omi chuckled, looking like a very pleasing person.

“Hurry up and say it, what else did he say.” Xu Mei Qian was in a great hurry.

Liona looked at Omi in confusion, why would a defeated red dust find Omi to deliver a message?

And that Wang Xing was even more anxious, his heart trembled when he saw how nervous Xu Mei Qian looked.

Omi smiled, “Alright, Captain Xu, don’t say it.”

“Omi, I order you to say it.” Xu Mei Qian was so anxious that she actually took out her momentum as a police captain with a roar.

“Captain Xu, we’ll talk next time.”

“It must be said, if you don’t say it, I won’t know you later.”

Omi only then said, “Well, that one defeated red dust also said that you are beautiful, he is actually very moved, just because, he doesn’t have much of a family background, he is not worthy of you.”

380

Xu Mei Qian’s eyes were confused and said with a bitter smile, “He, what a fool, I’m not someone who only looks at family background.”

That Wang Xing was anxious, busy saying, “Mei Qian, you must tell me clearly, who exactly is One Defeat Red Dust? Say it.” Wang Xing was about to cry out.

Omi smiled heedlessly, seeing the way Wang Xing was about to cry, achieving the purpose of being angry with him.

Xu Mei Qian didn’t pay any attention to Wang Xing and asked Omi again, “Does One Defeat Red Dust have anything else to say?”

“Uh.” Omi deceived Xu Mei Qian, feeling a bit overwhelmed.

“Tell me, did the one defeat say anything else?” Xu Mei Qian grabbed Omi’s arm and asked urgently.

That Wang Xing yelled, "Mei Qian, I'm talking to you, do you hear me or not, you even ignore me."

Omi didn't want to lie to Xu Mei Qian anymore, now seeing Wang Xing angry, busy to change the topic, said: "Captain Xu, you'd better not ask, your hair is furious."

Xu Mei Qian looked glaring at Wang Xing and asked, "What did you say to me, I didn't hear."

Wang Xing was furious, "Mei Qian, I just asked you who the One Defeat Red Dust is and you didn't even hear it. Fine, then I'll ask you once more, who is the One Defeat Red Dust? What's your relationship with him? Why are you so nervous about him, you tell me."

Xu Mei Qian said, "My private life, there's no need to tell you so clearly." Remember the website . . . net

"Mei Qian, you've changed, then fine, I want you to say one thing right now, I'm with One Defeat Red Dust, your choice, do you want me, the hairdresser, or do you want that One Defeat Red Dust." Wang Xing forced Xu Mei Qian.

Xu Mei Qian's eyebrows furrowed, unable to understand looking at Wang Xing.

"Tell me, do you want me as a hair kid, or do you want to take the one defeat of red dust."

Xu Mei Qian pleaded, "Wang Xing, we've known each other since we were kids, we grew up together, don't force me, okay?"

"I want you to make a choice, whether it's me, the hairdresser, that's important or that messy one defeat, you tell me."

Xu Mei Qian clenched her teeth and said, "Wang Xing, you want me to tell the truth, or lie."

"I want you to say what's in your heart, Mei Qian, I'm very upset right now, and if you don't give me a satisfactory answer to this matter, it's likely that we won't even be friends." Wang Xing had lost his mind because he was so upset.

Xu Mei Qian huffed, "Wang Xing, then I'll tell you what's in my heart, in my heart, you can't even compare to a single hair of a foot in a defeated red dust, now, are you satisfied?"

"Pfft." Wang Xing suddenly spurted out a mouthful of blood, he had liked Xu Mei Qian since he was a child, the feelings he had grown up together were actually worse than a foot hair of what a one defeat red dust.

"Xu Mei Qian, you you, too much, you forget that we played together when we were playing house, forget that we grew up together since we were young, a what trash from the bottom of the world a defeated red dust, you actually said that he a foot hair is more important than me. Hahaha, hahaha." Wang Xing laughed in disappointment and pain.

Omi was stunned, never thought that One Defeat Red Dust would be so important in Xu Mei Qian's heart, it seemed that she really liked One Defeat Red Dust. What can we do, others don't know, but Omi himself is very clear, he is the One Defeat Red Dust ah.

Xu Mei Qian saw Wang Xing laughing, but the corners of her mouth just turned up and hummed, "Growing up together, yes, I don't deny it, but that was when we were kids."

Wang Xing asked angrily, "Who exactly is One Defeat Red Dust to you? I want you to tell me."

Xu Mei Qian was also open-minded and said, "You want to know

Dao, I'll tell you, a defeat of red dust, is a man I liked in Linjiang City, and the man I Xu Mei Qian first fell in love with was him. Moreover, I'm not afraid to tell you that the man who first showed me my body naked was also him. Wang Xing, are you satisfied?"

"Pfft." Wang Xing spat out another mouthful of blood.

"Mei Qian, I will definitely report this matter to your family, and your family will kill that trash a defeat, definitely." Wang Xing said exasperatedly.

"Hmph." Xu Mei Qian snorted and turned around to walk away, looking a bit lonely.

Xu Mei Qian originally thought that she would forget about One Defeat Red Dust after she left Linjiang City, but instead, she missed One Defeat Red Dust more and more.

Omi felt guilty when he saw Xu Mei Qian's lonely expression, but Omi was helpless, who made her fall in love with One Defeat Red Dust.

Afterwards, Omi and Liona returned to the hotel.

Liona asked, "How do you know One Defeat Red Dust?"

"I don't know him."

"Then why did he ask you to send a message to Xu Mei Qian?"

"Oh, it's probably because I came to the Martial Arts Academy as well."

“I never thought that Xu Mei Qian would have an affair with One Defeat Red Dust, no wonder she hasn’t been able to catch One Defeat Red Dust.”

Omi was busy saying, “Don’t talk nonsense, I don’t know if they have an affair or not, but Xu Mei Qian is definitely an honest policeman, it’s because she fell in love with a criminal that she resigned in a hurry.”

“Oh, let’s not talk about them, let’s go to dinner.”

Late at night, Omi was lying on his bed, seemingly unable to sleep, the words of Xu Mei Qian today kept flashing in his mind, a defeat of red dust in her heart, surprisingly so heavy.

Omi was a complete heartless man in his previous life, and didn’t know how many women he had let down. He vowed not to be a negative man again in this life, but he didn’t expect that a disguised identity would make him a negative man again.

“Xu Mei Qian ah Xu Mei Qian, what’s so good about a defeat, what are you falling in love with him for, aren’t you bent on making me feel guilty, it’s so depressing.”

“Forget it, we’ll talk about it later, if Xu Mei Qian really can’t forget One Defeat Red Dust, at worst I’ll admit my identity and add an extra girlfriend, anyway, there’s no difference between two girlfriends and three girlfriends. In my time, it’s just a matter of adding an extra pair of chopstick bowls.” Omi made a decision within himself, he would only carry out this action if he was sure that Xu Mei Qian really couldn’t forget the one defeat of the Red Dust. Perhaps Xu Mei Qian would meet an even better man at the Martial Arts Academy, and then she would simply forget about One Defeat Red Dust.

The next day, Omi and Liona continued to the Novice Village.

At the entrance of the novice village, a pair of eyes stared at Omi, and it was Wang Xing.

“Omi, I won’t let you go, originally Xu Mei Qian if I can’t get it, I’ll go after Xu Yan, but you heck, Xu Yan is your ex-girlfriend, you make me very upset, I actually picked you up to play with the leftovers.” Wang Xing’s gaze revealed a fierce light.

Wang Xing was about to act when Xu Mei Qian suddenly emerged from his side.

Xu Mei Qian asked in warning, “Wang Xing, what do you want?”

“Didn’t try to.”

“Uranus, are you trying to beat up Don?” Xu Mei Qian asked.

“Heh, since you saw my intentions, I’ll just admit it, yes, I was upset with him, I wanted to hit him, how about it, did you stop it?” Wang Xing’s head popped up, and because of the one defeat of the red dust, he was now speaking to Xu Mei Qian in a less gentle tone.

381

“Why? Omi has nothing to do with you, I know you’re here because of the one defeat, but this has nothing to do with Omi, so if you’re upset with me, come at me.” Xu Mei Qian Dao.

“No injustice and no grudge? How can you know about my grudge against Omi.” Wang Xing snorted.

“Omi is my friend, I advise you not to touch him, otherwise, we won’t even be friends.” After saying that, Xu Mei Qian walked into the novice village.

Wang Xing gritted his teeth and said in anger, "Xu Mei Qian, you fell in love with another man, I had to choose your sister, but you heck, your sister is Omi's ex-girlfriend, can't I even be upset, I'm partial to beating up Omi."

Saying that, Wang Xing leaped and flew into the novice village, stopping Omi and Liona in front of him.

"Wait a minute, Omi." Wang Xing said.

Omi was stunned and asked, "Wang Xing, what are you stopping me for?"

"Omi, if you're a man, you'll duel with me."

Omi sneered, "Wang Xing, if you want to duel, you're also going to find a defeated red dust, what are you looking for me for."

Xu Mei Qian ran up and said angrily, "Wang Xing, don't be unreasonable."

Wang Xing snorted, "I'm upset with Omi today, I'm taking it out on him, can't I? Xu Mei Qian, if you want me to stop bothering Omi, it's simple, go get One Defeat Red Dust and let me flatten him." One Second Remember to Read the Book

"You." Xu Mei Qian's heart was furious, Xu Mei Qian knew that One Defeat Red Dust was also an inner class, so she didn't know if One Defeat Red Dust was Wang Xing's opponent. This Wang Xing had been a very strong person since he was a child, one of the key children of their family, of course Xu Mei Qian knew Wang Xing's strength, that's why he was not allowed to find trouble with Omi.

Liona saw toe Wang Xing high and mighty, angry, "Wang Xing, are you reasonable, capable of finding a defeat red dust duel to go, you find Omi to take out your anger is what ability."

Xu Mei Qian said, "Wang Xing, retreat."

"Hahaha, hahaha." Wang Xing let out a cold laugh, he was looking for Omi to trouble him, not because of the one defeat of the red dust, but because Omi was Xu Yan's ex-boyfriend, so Wang Xing had to pick up Omi's leftover play, feeling very unhappy, but he couldn't say it, or he would be despised by Xu Mei Qian.

Omi snorted, "Wang Xing, are you sure you want to trouble me?"

"Omi, if you're a man, draw your sword."

Xu Mei Qian was busy saying to Omi, "Omi, you take Liona and leave, leave this place to me. I'm really sorry that I got you into trouble, if you didn't help One Defeat Red Dust spread the word yesterday, this wouldn't have happened today."

Omi smiled, "Captain Xu, it's okay, I like this."

After saying that, Omi hooked his finger at Wang Xing, "Come on, Wang Xing, let me see how much of a bull that the big families focus on cultivating, and see how many moves I, who come from the bottom, can go through in your hands."

"Looking for death." Wang Xing snorted coldly.

Liona was a little worried and pulled Omi.

"It's fine, Xiangyun, this is a newbie village, I don't believe he would dare to kill me, I also want to see how many moves I can get through in the hands of a strong man cultivated by a big family." Although Omi said this on his lips, Omi was clearly carrying sarcasm inside.

“Well, be careful then.”Liona instructed.

Xu Mei Qian also instructed, retreating to the side, always vigilant that if Wang Xing did something excessive, she would come out to stop him.

Wang Xing snorted, “Omi, I didn’t think you, from the bottom, would have some guts, fine, then I’ll make it happen.”

Wang Xing’s eyes were very disdainful of Omi, probably related to the fact that Omi came from the bottom, coming from the bottom, he had no good skills at all, and he wasn’t like stepping on ants.

“Swoosh.”Wang Xing swung his sword and killed Omi.

Xu Mei Qian shouted, “Be careful, this is his strongest Meteor Butterfly Sword.”

“Meteor Butterfly Sword, what shit.”Omi snorted.

Wang Xing raged, “Omi, you dare to call my Meteor Butterfly Sword shit, fine, I’ll give you a taste of shit.”

“Drink, Meteor Watching Moon.”Wang Xing slashed with his sword, a crescent-shaped sword Qi ripped up towards Omi.

Omi took out his sword in an instant, his heart fierce, and grunted, “Looks like I have to show some real strength too.”

Omi's eyes chilled, in the past when he was still under the outer gate, many profound sword techniques could not be displayed at all, but now that he had reached the middle stage of the inner gate, then he would be able to display many profound sword techniques.

"Killing God One Sword." Omi shouted.

"Swoosh." The same sword qi cut out from Omi's sword, and the ground was instantly cut out by his Killing God Slash, a crack spreading rapidly towards Wang Xing.

Wang Xing's Meteor Butterfly Sword, like a piece of paper, was instantly torn apart by Omi's Killing God Slash.

"Ah." Wang Xing was dumbfounded, Omi's slash directly tore through the ground and cut, too strong for him to resist.

Wang Xing hurriedly picked up his sword to resist, but before he could pick up his sword, Omi's God Killing Slash arrived right in front of him.

"Bang." Wang Xing's body was like a kite with a broken string, and it flew away in a flash, and the sword in his hand turned into pieces.

A few seconds later, a thatched hut just behind where Wang Xing was standing rumbled and was cut in half by Omi's Killing God's slash.

"Wow." Xu Mei Qian and Liona were stunned, Omi had only made one slash, not to mention tearing the ground apart, but also cutting a thatched hut a few dozen meters away in half. This killing slash was too powerful.

As for Wang Xing, he had already flown to nowhere.

Xu Mei Qian and Liona were both dumbfounded as they looked at Omi.

Omi instantly put the knife away, he had just used a knife, somewhat similar to an EGL warrior sword, which he had just picked up on the village road, and it was a bit rusty. That's why Omi used the Killing God One Sword, a sword technique that Omi had cultivated to the point of perfection in his previous life. The slash he had just used was called the 'Killing God One Slash Chopping Style', or simply Killing God One Slash Chopping. This Killing God One Slash Slash was the most lowly move in the Killing God Slash Technique, the one with the weakest power. With Omi's current mid Inner Gate realm, he was barely able to perform the lowest-grade move.

Of course, although the Killing God One Slash was the weakest move, Omi had just obviously stayed his hand, otherwise Wang Xing would have been cut in half. Omi had only just taken out less than 10% of the power of the God Killing One Slash.

Omi and Wang Xing were also both in the middle stage of the Inner Gate, but the difference in strength, was not insignificant. The main reason was that Omi's God Killing One Slash technique was too powerful, and that Quicksilver Chicken Feather Sword was really unbeatable.

## Chapter 382

Omi walked up to Liona and Xu Mei Qian and laughed, "Hey, Uranus has been flying away for a long time, still silly, let's go, go kill the locusts."

Xu Mei Qian and Liona then came back to their senses.

Xu Mei Qian was incredulous: "Omi, tell me, this isn't real."

Omi said, "Sorry, it's more real than a pearl, it's just a pity, I thought that Wang Xing came from a big family's cultivation, I shouldn't be able to get through a few moves in his hands, I didn't expect, not to

mention, in short, I'm very disappointed, I don't believe in those big families focusing on cultivating geniuses that are very strong and such bullshit anymore."

Xu Mei Qian didn't have a good mood, "Omi, okay, stop pretending to compare, what sword technique did you just use? Why did Uranus fly away in one move? There's no reason, I know how powerful Wang Xing's Meteor Butterfly Sword is, it's the three strongest unheralded secrets of their family ah."

Omi said, "Meteor Butterfly Sword, it really flies as fast as a shooting star, I don't know where Wang Xing has flown to, did he fall to his death. Oh, Captain Xu, you want to know what kind of sword technique I just had, right, that's not a sword technique, that's a saber technique. It's called Killing God One Slash, any opponent, just one slash."

"No way, it's that strong."

"Of course, why else would it be called the Killing God One Slash, but there are several styles of the Killing God One Slash, and the one I just performed is the weakest of the Killing God One Slash, and I can only perform this one now."

"Wow, this is the first time I've seen such a powerful blade, it's not a waste to know you."

Omi shook his head and said, "No, you haven't even seen the true power of the Killing God's One Slash Cut."

"Why?" First web site m. .net

"Because, I just used less than 10% of my power to come out with that slash, huh? I was afraid that I would behead Uranus, so I stayed my hand."

"What." Xu Mei Qian was stunned there.

Omi called out to Liona, "Let's go, wife, what are you waiting for, go kill the locusts, you don't want to get through the Rendui vein."

Liona scrambled to follow.

Xu Mei Qian looked at Omi's back, so no gas cursed, "Omi, you're really a pervert."

Omi turned back and smiled, "Captain Xu, actually, I fought with One Defeat Red Dust, One Defeat Red Dust is not weaker than me, oh, it might even be stronger than me."

"What? One Defeat Red Dust him, he's really that strong?" Xu Mei Qian said with a sudden blush.

"Yeah, why are you blushing."

"F\*ck you, where am I." Xu Mei Qian looked like she was shy.

"Hahaha." Omi laughed and walked away, Xu Mei Qian heard that the person she liked was as powerful as Omi, the surprise was abnormal, blushing, her mouth softly hummed, "A defeat of red dust, you come out ah, I really miss you more and more."

Just when Xu Mei Qian was still imagining herself entwined with One Defeat Red Dust, that Wang Xing crawled back in a mess.

"Wang Xing, are you alright?" Xu Mei Qian asked, because it was kind of tragic that Uranus' hair was messy and he even killed a piece of his eyebrows.

“Where’s Omi?He? I’m not done with him.”Wang Xing yelled in anger, he wasn’t that angry originally because he felt so ashamed when he saw Xu Mei Qian looking at him with a very miserable look.

“Omi and Liona went to kill the locusts.”Xu Mei Qian said.

When Wang Xing heard that Omi had left, he immediately became furious and said, “What the hell, he ran away so fast, otherwise I will definitely not spare him, my strongest move of the Meteor Butterfly Sword hasn’t even been performed yet.”

Xu Mei Qian said, “Omi has just left as well, so I’ll call him back, Tang Zi...”

Wang Xing was shocked, he dared to gripe like that precisely because he heard that Omi had already left, but he didn’t expect that Xu Mei Qian would actually call him back.

“Don’t.”Wang Xing panicked to stop Xu Mei Qian from calling out to Omi.

“Uh, didn’t you say that you haven’t performed your strongest move yet?”

Wang Xing snorted, “Since he’s already gone, I don’t want to be that troublesome.”

At this moment, Omi’s voice suddenly came from behind, “Who’s calling me and why?”

“Ah.”Wang Xing trembled when he heard Omi’s figure and turned his head in panic, looking at Omi in fear.

Xu Mei Qian said, “I called for you.”

“What is it?”

“That, Wang Xing said that his strongest move of the Meteor Butterfly Sword wasn’t even used, he wasn’t convinced and wanted to fight you.” Xu Mei Qian Dao.

Omi looked at Wang Xing and asked, “Really? Then hurry up, I’m in a hurry, I still have to kill locusts.”

Wang Xing snorted, “Omi, my strongest move of the Meteor Butterfly Sword didn’t even come into play, that was only skin deep just now. However, I won’t compete with you for the sake of you being so busy, I also have to hurry up and go kill locusts.”

“There’s something wrong with you, calling me back and not fighting.” Omi scowled, then turned around and walked away, Liona was still waiting for him there in front.

Omi walked away, Wang Xing said to Xu Mei Qian again, “Mei Qian, don’t think anything, my Meteor Butterfly Sword is definitely not weaker than Omi’s blade, I just took it lightly, as you can see.”

“Come on, Uranus, I’m not interested in imagining things.”

“That’s good, by the way, when are you free, ask your One Defeat Red Dust out, I want to have a spar with him.” Wang Xing acted like he was pretending to be a match, it was already disgraceful enough to have just been cut off by Omi, now he had to win back his face somewhat in tone.

“There’s something wrong.”

“Mei Qian, since you like One Defeat Red Dust, I, the hairdresser who grew up with you, should also look out for you and see if he’s really worthy of you, if he doesn’t even dare to cut and dice with me, then what qualifications does he have for you to like him.”

Xu Mei Qian said, "Omi fought with One Defeat Red Dust, even Omi could only get a draw with him, and even almost lost, do you really want to spar with One Defeat Red Dust? If you really want to spar with him, I can arrange it when I get the chance..."

"Ah, that, Mei Qian, I'm going to kill the locusts first, I'm going to earn more martial coins today than I did yesterday, I won't talk to you yet, see you in the evening." Wang Xing panicked and left.

Xu Mei Qian huffed, "Gutless, hearing that One Defeat Red Dust is powerful with Omi, slipping away faster than a rabbit, and still wanting to spar with him, is that strength of yours enough?"

Slipping away, Wang Xing depressed, "Oh my, one and all so perverted, Omi's strength is so perverted, that One Defeat Red Dust's strength is actually so perverted as well, how will I Wang Xing still be able to stand on my own in front of Xu Mei Qian in the future, holy shit."

And Xu Mei Qian, hearing Omi say that One Defeat Red Dust and his strength is almost the same, the more she misses One Defeat Red Dust, desperately hoping that One Defeat Red Dust will show up to find her, she is willing to be with him for the rest of her life.

383

"Killing God with a single slash."

"Swoosh."

"Boom boom."

With one slash, an unknown number of locusts were decimated by the blade.

Many of the surrounding freshmen who were killing locusts stopped to look at Omi, feeling incredible.

Omi was open-minded today, no longer using ordinary moves to kill locusts, but using this super powerful killing blade to kill locusts, really in line with the saying, why use a slaughter blade to kill a chicken?

Omi killed and killed like this until evening, Omi was already exhausted, if not for his powerful internal power, he would have already exhausted his power and collapsed to the ground.

“Killing God One Slash, I’ve been slashing for a day now, but unfortunately, I still can’t perform the second style, Killing God One Slash Break, it seems that the Killing God Slash is very demanding on the realm, as well as on every meridian of the body. I’m afraid that this body of mine right now will have difficulty performing the second style, Killing God One Blade Break.”

Omi regretted that today he wasn’t really trying to kill locusts, but wanted to see if he could perform the second style, and it turned out that he couldn’t.

The Killing God One Slash Break was much more powerful than the first style.

“Let’s go, Xiang’er, it’s time to go see how many locusts I killed today.” Omi said. Remember the URL .net

“Omi, you’ve been using the God-killing Blade Technique to kill locusts all day today, that’s too extravagant, you must have exhausted your internal energy.” Liona said.

Omi smiled, “Fine, but I’m really tired.”

When they arrived at the village entrance, the village chief was already waiting for Omi.

“Omi, you’re out.”

“Village Chief, how many Martial Coins did I earn today?” Don Omi asked.

“Omi, you’re trying too hard.”

“Tell me, Village Chief, how many Martial Coins did I earn.”

The village chief smiled, “You made 300,000 Martial Coins today.”

“What?” Liona was simply dumbfounded, three hundred thousand martial coins, what concept was this.

“What about me?” Liona was busy asking.

“You earned 210 Martial Coins.”

Liona threw out her tongue and looked at Omi, her eyes filled with ambiguity, as if she worshipped and loved Omi.

The village chief said, “Omi, you are currently the freshman who has earned the most Martial Coins in the Novice Village, the second place person earned 100,000 Martial Coins today, and the third place person 80,000. Of course, those people aren’t weaker than you, they’re just killing locusts with ordinary sword techniques, while you, you’re the strongest sword kill.”

“Ordinary sword killing locusts can kill 100,000, it’s truly extraordinary.” Omi said.

“Omi, there are more than three hundred new students in this new year’s class at the Inner Gate level. I see that you are at the locust killing stage, don’t reveal your strength, and keep your own cards a little more mysterious in order to be surprised. It’s only in the future freshmen competition that your ranking can be a bit higher.” The village chief kindly reminded Omi.

Liona was surprised, “No way, more than three hundred inner-level freshmen?”

“Yes, because this year’s situation is a bit special, very many inner class powerhouses came to the Martial Academy, I won’t reveal to you exactly because of what.”

Omi said excitedly, “It’s only good that way, otherwise it would be a bunch of weaklings, and the New Student Competition wouldn’t be any fun.”

The village chief laughed, “Omi, your knife skills, very domineering and unique, I hope you can enter the top 30 of the New Student Competition.

Omi snorted, “Village Chief, are you being sarcastic? Top 30? I, Omi, didn’t come to the Martial Arts Academy just to be a top thirty.

“

The village chief laughed, “Omi, don’t be too presumptuous, the Martial Academy is geared towards the martial geniuses of the entire East Asia, especially the Yanhuang Empire, and you are only one of them among so many martial geniuses. I might as well tell you that there’s a very strong genius this year, he’s only 16 years old and he’s already reached the late Inner Gate, but this person, however, isn’t the strongest, there are at least thirty others who are stronger than him. You, to be in the top thirty, that’s really good.”

Omi wasn’t convinced and didn’t bother ribbing the village chief.

“Xiangyun, we’re going back.” Omi snorted.

Liona said, “Are there really so many geniuses... reaching the late Inner Gate at 16, but there are actually 30 people stronger than him, gosh.”

Omi trailed off, “Genius a chicken hair, don’t you know that in my previous life, I reached the Innate level at 18 years old? Just these few little shrimps of the inner sect level, they even dare to bounce around in front of me, wait for me, New Life Competition, see how I’ll beat up these so-called geniuses one by one.”

“Mhmm, I believe you.”

At night, Omi closed his eyes and cultivated, Omi would try to cultivate to the late Inner Gate earlier, so that his strength would also increase a lot. Of course, Omi wasn’t afraid of not being able to beat those so-called geniuses, Omi was very confident even if he was in the middle stage of the inner gate, the number one youngest in the world, what a joke.

The next day, Omi continued to use the Killing God One Blade to kill locusts.

The village chief asked Omi to keep his cards a little more mysterious, but Omi still continued to kill locusts with the God Killing One Blade.

Omi didn’t need to keep it mysterious at all, because, the Killing God One Blade wasn’t Omi’s most powerful blade, nor was it Omi’s bottom card.

In the afternoon, Liona suddenly screamed.

“I’ve opened the two veins of the Rendu.” Liona said excitedly.

“Good, then, let’s start hitting the realm right away, and try to hit a higher realm the first time.”

“Mmhmm.”

Liona immediately found a quiet place and started hitting the realm.

Two hours later, Liona impacted the realm to finish.

“Yay.”Liona shouted excitedly.

“I’ve broken through to the middle stage of the outer gate.”Liona said excitedly.

Omi kissed Liona on the cheek, and Liona blushed brightly.

“Alright, it’s late today, let’s go back.”

Liona asked, “Now that I’ve opened up the Renguo vein, do I still have to come kill locusts tomorrow?”

“No need, you won’t be able to kill much with your strength, I’m afraid I have a lot of martial coins now, go to the village chief to settle the bill.”

Arriving at the village entrance, the village chief smiled and said, “Congratulations, Liona, you have opened the Ren and the Second Vessel and have hit the middle stage of the Outer Gate.”

“Thank you.”

“Village Chief, cut the crap and settle the bill, yesterday’s are still outstanding.” Omi said.

The village chief said, “You earned another 300,000 Martial Coins today, plus yesterday’s, for a total of 600,000.”

The village chief gave Omi a martial arts card, the same as a bank card.

By now, Omi had over 600,000 in savings, enough to pay tuition and such.

In the next few days, Omi and Liona really didn’t go to the novice village, but instead, they went around in the Martial Island, not bad for money anyway, and also opened up the Rengui pulse, so what’s the point of killing locusts.

The scenery of Wulin Island was gorgeous, and the two were enjoying themselves like a honeymoon.

However, the relationship between the two had never broken through to that point.

384

Omi is afraid that Liona is unwilling, and Liona girls are too embarrassed to take the initiative, so there has been no relationship, the two occasionally cuddle a bit will feel exceptionally exciting, the most beautiful period of love, perhaps the ambiguous period of it.

Just on the fourth day of the tour, Liona’s ears suddenly sounded a voice: “Please all the new students who participated in the assessment, to the admissions department of Martial Arts College to receive the assessment, expired.”

“Omi, I’ve received a notification of the assessment in my ear, go to the Admissions Department of the Martial Arts Academy to take the assessment.”

“Go.”

Omi and Liona flew hand in hand, stepping on trees and heading to the Martial Forest Academy.

The following day, Liona took the assessment, passed it successfully, and became an official student of the Martial Forest Academy. Those who didn't get through the Ren and Zhu veins had no choice but to take a plane and leave Martial Island, many of them didn't understand until they left why they didn't succeed in the assessment.

Omi and Liona finally entered the Martial Forest Academy.

“My dormitory is in Building 8 in Area 3.” Liona said.

Omi looked at his key and on the back it said, “District 9, Number One.”

“Oh no, our dormitories aren't very close.”

“It doesn't matter, we're all in the same place anyway, so why don't you go with me first and I'll go with you to find a dorm when you're done, okay?” One second to remember to read the book

“Good.” Omi nodded his head.

Quickly, he found Liu Shuyun's dormitory, Building 8 in Area 3, where all the girls were in the same building.

Liona arrived at room 604, this was her dormitory now.

Liona used her key to open the door to her room, it was wide, equivalent to a small three-bedroom suite.

Liona's room was in the first one and had the best sunlight.

However, when Liona opens her room, she finds that someone has taken over inside.

Omi asked, "Isn't this the room that was arranged for you? Why is someone sleeping?"

"That's right, it's this one ah, why is someone living here." Liona also frowned in confusion.

At that moment, a girl from another room opened the door and came out, saying, "Hello, are you our roommate?"

"Yeah, I'm Liona, and this is my boyfriend, and you are?" Xiang Yun Liu asked the girl.

"Hello, my name is Gao Yun, I received the gold medal notice directly to admit in, I've been here for a week first."

"Hello, Gao Yun, by the way, how come this room that was arranged for me is occupied?"

Gao Yun said, "She's one of our other roommates, her name is Bai Ling'er."

"Bai Ling'er, why did she take over my dorm room." Liona asked, Liona quite liked the first room.

Gao Yun smiled, "Liona, you'd better stay in Bai Ling'er's room, she saw that your room has better light, so she took over."

Omi asked, "Why should she hog it."

"Bai Ling'er comes from a big family and is extremely talented, she's already at the middle stage of the outer gate before she even enters school, she was one of the first to come here. People from big clans can't afford to offend her, it's better to let her have it, we're all in the same dorm after all, so let's make peace." Gao Yun advised.

Liona thought about it and said, "In that case, let her have it."

Omi resolutely said, "I can't let, my girlfriend, how can I let people bully her."

Gao Yun advised, "This student, let's back off, Bai Ling'er really can't offend

Up, she came with her boyfriend, who is even stronger and reached the inner level before she even enrolled."

"Yeah, still can't let." Omi huffed.

Just then, there was the sound of a key opening the door, and Gao Yun whispered, "She's back."

In the next moment, a girl opened the dormitory door, and it was the Bai Ling'er that Gao Yun spoke of.

Omi looked at Bai Ling'er, her looks were average, and her talent was also average in Omi's eyes.

Gao Yun was busy smiling, "Ling'er, you're back, oh, right, this is Liona, our other roommate, and standing next to her is her boyfriend."

Bai Ling'er looked at Liona and was distracted when she saw how beautiful Liona looked. Because Bai Ling'er's boyfriend Liu Feng, often see beautiful women on a pair of lustful eyes meowing non-stop, now it's good, directly dormitory to a beautiful woman, in case she is not in the future, her boyfriend seduced this Liona how to do, so Bai Ling'er immediately no good feelings for Liona, as if Liona seduced her boyfriend, is a third child.

Liona asked, "Are you Bai Ling'er?"

"I am, how's that." Bai Ling'er huffed and looked at Liona with her head Yang.

"Hello, Bai Ling'er, this room you're staying in, the academy is arranged for me, how come you've taken over without even saying a word?" Liona asked.

Bai Ling'er snorted, "How about I just hogged it."

Liona pursed her lips, "If you want my room, you tell me and I can let you have it, but your attitude makes me reluctant to let you have it."

Bai Ling'er sneered, "Little vixen, why should I say anything to you, Miss Ben can stay in whichever room she wants, if you're upset, get out of this dormitory."

Liona was angry, "What right do you have to call me a vixen."

"As soon as I look at you, you look like a fox spirit, fox spirit, I am ordering you to move out of this dormitory, I don't want you to live in this dormitory." Bai Ling'er said that she didn't want her boyfriend to be seduced by Liona in the future or her boyfriend to cheat on her with Liona, so she simply asked her to move out.

Omi said, "You're so arrogant, aren't you afraid of getting beaten up?"

Bai Ling'er looked at Omi and trailed off, "Who can beat me? Do you know who my boyfriend is? Do you want me to say it to scare you to death?"

"Fine, hurry up and say it to scare me to death." Omi snorted.

"My boyfriend is a freshman at the inner gate level, scared? If you get scared, take your vixen girlfriend and get out of here immediately."

"Slap." Suddenly, a crisp sound rang out in the dormitory, and Omi slapped Bai Ling'er's face.

When Bai Ling'er realized that she had been hit by Omi, her entire body went silly, and she was hit for the first time since she was a child.

"How dare you hit me."

"Slap." Omi slapped again, although hitting a woman was not a heroic act, Omi couldn't help it.

Omi ordered, "Bai Ling'er, I now order you, immediately, immediately, remove your things, my girlfriend wants to live."

Bai Ling'er suddenly took out her sword and stabbed at Omi.

"Ka-ching." Omi snapped her sword into a thousand pieces with a slap.

Bai Ling'er raged, "Wait for me, don't leave if you have the guts."

Bai Ling'er knew that Liona's boyfriend was stronger than her and immediately wanted to go call her boyfriend.

Omi grabbed Bai Ling'er by the hair and pulled her back, ordering, "You can call someone if you want, but first move your things, quickly."

385

"Let go of my hair." Beringer yelled in anger.

"Go, move your things." Omi threw Bai Ling'er across the room.

"Just you wait, if my boyfriend doesn't kill you, I'll take your last name."

Omi trailed off, "No need to take my surname, you can just kill yourself."

Bai Ling'er opened the window of her room and jumped down from the window, immediately going to call someone.

Omi was helpless, and since she didn't move her things away herself, Omi threw her things away.

So, Omi threw all of Bai Ling'er's things down from the window.

"Xiangyun, you can live now."

Liona was a little worried, "Will Bai Ling'er's boyfriend be strong."

"It doesn't matter, the stronger the better, I haven't been beaten up in a long time, I want to experience what it's like to be beaten up, whoever can beat me, I'll reward him with martial coins instead." Omi said.

Gao Yun listened, busy asking Liona, "What kind of strength is your boyfriend? Why aren't you afraid of Bai Ling'er's boyfriend." First URL m. .net

Liona smiled happily and proudly, "He's also an inner-door level."

"Wow, no wonder he dares to be so arrogant, Xiangyun, I'm so jealous of you, having such a great boyfriend." Gao Yun said enviously.

"Hehe, what about you? No boyfriend?" Xiang Yun Liu asked.

"Not yet, I don't know where it is, but I must have a strong boyfriend while I'm at the Martial Arts Academy." Gao Yun said full of purpose.

Omi sized up this Gao Yun, her appearance conditions were average, her talent should be good, she had already reached the middle stage of the outer gate, she should also have hit the middle stage of the outer gate for the first time by opening the Renguo vein.

At this moment, Bai Ling'er arrived at a male dormitory building and shouted downstairs, "Liu Feng, come down here."

Everyone in this dormitory building poked their heads out to look.

“Who’s shouting Liu Feng’s name?”

“Liu Feng just became the floor bully of this dormitory two days ago, the most powerful freshman in our dormitory, who dares to call him by his name.”

The students who poked their heads out to see what was going on were discussing.

Although Liu Feng was a new student, he was famous in this dormitory building, he was the strongest new student in this dormitory building, his strength reached the middle of the inner gate class, in the Martial Arts Academy Genius Restaurant, Liu Feng was rated in the top two hundred of this year’s freshman competition.

In a dormitory on the fifth floor, Liu Feng immediately poked his head out of the window and saw that it was his girlfriend, Bai Ling’er.

“Ling’er, what are you calling me for? Didn’t you just go back just now, didn’t, just didn’t make you cool enough ah, then come up and play again.” Liu Feng unashamedly said, just now Bai Ling’er only left from his room, back to her own dormitory, this is not even twenty minutes, Bai Ling’er came again, so Liu Feng only lustily said is not she just not satisfied.

Bai Ling’er angrily said, “Liu Feng, your woman is being bullied, and you’re still in the mood to tease me here.”

“Che, who dares to bully my woman.” Liu Feng trailed off.

“Liu Feng, you get down, I’ve got five finger marks on one side of my face now, you’re blind and can’t see ah.” Bai Ling’er yelled in anger.

Liu Feng took a look, and sure enough, there were five fingerprints on one side of Bai Ling'er's face, the other new students in this dormitory building also saw them and talked about them.

“There really are fingerprints, Liu Feng's girlfriend can't have really been beaten up.”

“It's only just started school, how come she got beaten up.”

>

“Who hit Liu Feng's girlfriend ah.”

Liu Feng suddenly put on a mocking expression and flew down from the building.

“Who hit you?” Liu Feng roared with anger.

Bai Ling'er cried, “It's one of my roommate's boyfriends.”

“Grass him? is that your roommate who hasn't come yet?” Liu Feng asked angrily.

“Well, it's just her boyfriend, and he grabbed my hair, oohh.” Bai Ling'er cried in frustration.

“I, Liu Feng, don't beat him up, I'll take his last name.” Liu Feng said angrily.

The new students in this dormitory building got excited, Liu Feng was furious, as if there was a good show on. They didn't care that Bai Ling'er was beaten, they only knew that Bai Ling'er's roommate's boyfriend had beaten her, so Liu Feng would definitely go and brutally beat the other party, there was a good show to watch.

Liu Feng immediately followed Bai Ling'er and went to Bai Ling'er's dormitory to find Liona and her boyfriend, Omi.

Behind Liu Feng, dozens of new students in the same dormitory building followed, mouth to Liu Feng to increase the momentum, but actually watching the fun, Liu Feng did not stop them from following him.

In an instant, this matter spread to the Martial Arts Academy's Genius Restaurant.

At this moment, on the Genius Restaurant, many people were eating, drinking tea and chatting, there were first year, second year, third year, and even fourth year.

At this moment, in the center of the restaurant, a screen suddenly appeared in the void, and in the screen Liu Feng was going to a place in a fiery rage.

The students who were eating said, "Hey, isn't this Liu Feng, the freshman who made a big scene in District 12 Building 3 two days ago and became a building bully?"

"Yeah, this Liu Feng, who reached the middle stage of the Inner Gate before enrolling in school, is very capable of entering the top two hundred, what is he doing?"

The owner of the Genius Restaurant came out and smiled, "Fellow students, we just received news from our restaurant's special security guard, Liu Feng, his girlfriend was beaten up by a roommate's boyfriend, Liu Feng is about to take revenge. If you are not interested in this news, don't read it, so as not to affect your mood."

Many of the students who were eating said, "Liu Feng was just on the news of the Genius Restaurant's special report a couple of days ago. However, Liu Feng is indeed a genius, he just entered the first year and he's as strong as our third year students."

“I don’t know who dared to hit Liu Feng’s girlfriend.”

Everyone looked at the screen in the void.

At this moment, Omi was just helping Liona tidy up the dormitory.

Omi said, “What a cozy room, it would be nice if I could live here too.”

Liona blushed and shyly didn’t say anything, the atmosphere was a bit awkward.

At this time, a roar came from downstairs, “Which bitch called Liona, come out.”

Omi’s brows furrowed when he heard someone call Liona a slut.

Omi looked down at the window and saw a group of people standing on the downstairs lawn.

“It’s Bai Ling’er, she’s called her boyfriend so quickly.”Liona said.

Omi snorted and said, “Go down.”

After saying that, Omi jumped down with Liona in his arms, landing a few meters in front of Bai Ling’er and Liu Feng.

Liu Feng had an angry expression, but when he saw Liona, his eyelids suddenly jumped. Inwardly filled with shock, he said, “Holy shit, super beauty, no way, that roommate of Bai Ling’er’s is so beautiful.”

And at this moment, at the Genius Restaurant, there was a roar.

386

“Wow damn, another super beautiful freshman has been found, this is properly a courtyard flower.”

“So beautiful, why are there so many beauties in this year’s freshmen, it’s a bit unusual, in the previous freshmen, there couldn’t be a single beauty of this level in three or four years, but this year, there are already several, right?”

“Boss, quick, quick, record it, another hospital flower has been born.”

“Unfortunately, where so what, people already have boyfriends.” A second year student who was eating said.

“So what if she has a boyfriend, believe it or not, she’ll definitely be snatched up later, beautiful women, they never belong to the strong.”

At the scene, Omi and Liona didn’t know that the image of him at the moment had appeared in one of the biggest restaurants in the Martial Arts Academy, because there was no camera to capture it, but a bee had transmitted the image to the restaurant’s empty screen.

Liu Feng looked at Liona and gulped down his saliva, as if he had forgotten the purpose of his visit and was only looking at the beauty.

When Bai Ling’er saw that Liu Feng had been silent, she immediately turned her head to look at Liu Feng, only to see Liu Feng’s mouth flowing, his throat still making swallowing motions, and his eyes looking straight at Liona.

Bai Ling'er kicked over.

“Liu Feng, you're dead.”

Liu Feng only came back to his senses, forced down his intense heartbeat and said to Liona, “You are my girlfriend's roommate?” Remember the URL . .net

“Yes, I'm Liona, and your girlfriend Bai Ling'er is exactly my roommate.”

Liu Feng asked, “Why are you bullying my girlfriend?”

“It was your girlfriend who took over my room in the first place and was quite unreasonable, then my boyfriend beat up Bai Ling'er.”

Liu Feng looked at Omi and said with an unhappy face, “You're her boyfriend?”

Omi snorted, “Idiot.”

Liu Feng was stunned, he didn't expect Omi to call him an idiot in the first sentence.

“What did you say?” Liu Feng got all fired up.

“I said you're acting like an idiot.” Omi repeated.

Liu Feng's nostrils were smoking with anger, but he didn't immediately attack, he laughed and pointed at Omi and said, “You're finished.”

“Idiot, still playing with eggs, I see that you did grow up playing with eggs.”

Liu Feng didn't seem to react and turned his head to ask Bai Ling'er, “What did he mean?”

Bai Ling'er raged, “He said you grew up playing with your own eggs, eggs don't even know ah, how come you're so stupid, people scold you like this, don't put you in their eyes, you still don't do anything.”

Liu Feng just realized this.

“Okay, you're grippy enough.” Liu Feng bit his teeth.

Bai Ling'er roared, “Liu Feng, you quickly hit her ah, what are you still waiting for, smack that bitch Liona a few slaps.”

Liu Feng was really angry, actually dared to hit his girlfriend, but I don't know why, after seeing Liona, hardened his anger to reduce. Because, he felt that his girlfriend was so bad, when compared to Liona, she was just like a village woman, so, the anger was diluted.

Bai Ling'er was very unruly, seeing Liu Feng always aiming at Liona, just not making a move to hit Liona, very angry, kicked Liu Feng's body and ordered, “Liu Feng, I told you to hit that bitch, do you hear me.”

Liu Feng yelled, “Alright, I know the score.”

Liu Feng looked at Liona and said, “Your name is Liona is it? You lightly beat yourself up and this matter is over.”

Liona said, “What if I don't?”

Liu Feng frowned, "You know what, I'm struggling right now."

Liona huffed, "What are you struggling with, are you afraid that you can't beat my boyfriend? Then F\*ck off."

Liu Feng sneered, "I don't even care about your boyfriend, it's you I'm obsessing over right now. Okay, I'll say it straight away, I just felt shocked the first time I saw you, I didn't think there was such a beautiful woman in this world. I don't know if I should hit you now, if you're willing to be my girlfriend, then I'll ditch Bai Ling'er and be with you, what do you think?"

Liona body trembled, really good idiot, at the sight of a beautiful woman delirious, who is his girlfriend have forgotten.

Omi's mouth raised, very disdainful of Liu Feng.

Bai Ling'er was going to explode with anger, never thought that calling her boyfriend to take revenge, and as a result, being bewitched by Liona's beauty, she wanted to abandon her.

"Liu Feng, you're not human." Bai Ling'er roared.

Liu Feng, however, ignored Bai Ling'er and looked at Liona, his heartbeat accelerating, "What do you think of the proposal I just made? I, Liu Feng, used to be very flirtatious, but seeing you right now, I vow that I will never be flirtatious again, I will only be good to you. Also, I'm a genius, I'm only 20 years old this year, but I've already reached the middle stage of the Inner Gate, and also, I've been rated by the Genius Restaurant as someone who can hit the top two hundred of the Freshman Competition. Just think about it, I really fell in love with you at first sight."

At this moment, at the Genius Restaurant, many people sneered, "This Liu Feng, he was really bewitched by the beauty of a super beauty."

“Liu Feng actually said these words, it seems that Liu Feng is moved by true love.”

“Liu Feng doesn’t even think about it, is he worthy of a courtyard flower level beauty with him? Whether it’s him, or that boy beside Liona, he’s not destined to get the courtyard flower. A beauty at the level of the courtyard flower, only the strongest can get it, what an idiot.”

“It’s the guy next to Liona, what luck, he got Liona before he entered the school, but unfortunately, the future no longer belongs to him, but he at least had it once, what luck.”

At the scene, Omi didn’t move a muscle, just to see how stupid this Liu Feng, really was. It was supposed to be revenge for his girlfriend, but he ended up being confused by someone else’s girlfriend.

Bai Ling’er cried, “Liu Feng, you’re still not a human being, sob.”

The deeper Liu Feng sank, the more he looked at Liona, the more he wanted to have her in his heart, as if she was a very, very favorite work of art, feeling so perfect in every place. As soon as Liu Feng closed his eyes, his mind fantasized about possessing such a beauty, the image enchanted him.

“Liona, I really mean it.”

Liona was bored: “Nuts, I have a boyfriend, you didn’t see it with your eyes.”

Liu Feng shook his head and laughed, “It’s okay, I don’t mind how many boyfriends you’ve had before, I’m willing to abandon Bai Ling’er for you.”

Omi suddenly said, “Then do you dare to hit Bai Ling’er? If you dare to fight, it means that you are sincere.”

As soon as Liu Feng heard this, he really lost his mind, turned around, and slapped Bai Ling'er's face with a "slap".

Bai Ling'er was instantly slapped to the ground.

Liona was stunned, and even looked at Bai Ling'er with some pity, how did she meet such a person.

387

Liu Feng was busy saying, "Liona, see? I can beat my ex-girlfriend for you."

Liona huffed, "Liu Feng, how can you do that."

"Xiangyun, don't blame me for being cruel, I like you too much, I'm willing to do everything for you."

Omi deliberately said, "Who knows if you were just acting, have the guts to hit harder."

Liu Feng turned around and grabbed Bai Ling'er who had fallen to the ground.

"Slap slap." After slapping dozens of slaps to the left and right of his face, he threw Bai Ling'er away and looked at Liona and said, "Is this time tough enough?"

Omi said, "Surely ruthless enough, it seems, you really like my girlfriend well, unfortunately, the sky floated two words, in vain."

Liu Feng's eyes shot to Omi and hummed, "Your girlfriend, she's mine now."

“Idiot.”

Liu Feng said to Liona again, “You’ve seen my true heart, now, it’s just waiting for a word from you.”

Liona was a little scared and hid behind Omi, depressed, “I already have a boyfriend, I’m his for the rest of my life, you die this heart.” One second to remember to read the book

Liu Feng laughed and said through clenched teeth, “Liona, I was willing to violently beat my girlfriend for you, and you did this to me. Then, don’t blame me for being cruel.”

“What do you want?”

“I’ll beat up your boyfriend.”

Liona looked at Omi, wondering if Omi really couldn’t beat Liu Feng and was very worried.

Omi said, “Xiangyun, there’s nothing for you to do next, let me take care of it.”

“You be careful, he’s also a middle stage Inner Gate, he seems to be a genius.” Liona said.

“Hahaha.” Omi gave a disdainful laugh.

Omi looked at Liu Feng and said, “Dumbass, you like my girlfriend? Isn’t it desirable?”

Liu Feng gritted his teeth, "She's mine, I'm willing to use my life to snatch her, I've never felt so strongly about a woman before, if you're sensible, break up with her automatically, otherwise, don't blame me Liu Feng."

"Cut the crap, make your move." Omi didn't want to follow the idiot nonsense anymore.

Liu Feng looked at Liona, pulled out a sword and said, "Liona, I'll let you see if I'll be at a disadvantage if you follow me, for your sake, I'll use my strongest sword technique early today, the Undefeated Sword Duel. Originally, I won't use this card until the New Student Competition, but today, for your sake, I'm bringing it out early because, after I'm done, I'm moved to me."

Liu Feng had a very serious expression on his face because he was really moved, and it seemed that Liona had made an otherwise amorous boy so serious, Liona was really too pretty.

Liu Feng shouted and immediately used his strongest move on Omi, he hoped that, after he used his strongest move, Liona would be smitten with him.

At this time, at the Genius Restaurant, a third year student said, "The Undefeated Sword Duel, this is the secret of his family, I'm from, the Undefeated Sword Duel, is the supreme martial art of his family, it has only been passed down to genius children over the generations."

A boy from the next table asked, "This student, you seem to know Liu Feng's Undefeated Sword Duel very well."

"Nonsense, I'm from the same place as him, only, I'm from the bottom, I think if I were Liona and saw the Undefeated Sword Duel, I would be tempted, just with that sword technique."

Many people were amazed, as expected, every new student who reached the inner level before entering school had an extraordinary sword duel.

At the scene, Liu Feng shouted, "Not falling to earth."

"Swoosh swoosh." There was a swoosh in the air, but it couldn't feel where the sword was, and indeed, a very domineering sword, Not Falling to Earth, I heard that it was once created by a transcendent expert named Not Falling to Earth.

At the scene, those who were onlookers, more than ten meters away, still choked by a sword qi blowing up dust, and exclaimed, "What a strong sword move, it seems Liu Feng has used the strongest sword move in the family for a chick, and I don't know if Liona will really be impressed by him after seeing it."

The place where the sword qi pointed was exactly where Omi was.

Omi remained motionless, his eyes seemed to feel Liu Feng's sword Qi coming like a gale, this Liu Feng's strength was actually stronger than Wang Xing, to be precise, stronger than Wang Xing's Meteor Butterfly Sword.

Just when everyone was worried about whether Omi could carry it, Omi moved.

"Killing God One Slash." In the blink of an eye, Omi cut with a single slash.

A crack was instantly cut out of the ground, the crack quickly tore towards Liu Feng, at the same time a blade that carried air tearing, the blade broke through the stone when it met the stone, it cut through whatever it met, the invincible feeling, the whole scene raised a dust.

The Killing God's blade cut, and in a split second, it collided with Liu Feng's Undefeated Earth.

"Pah." Liu Feng's Unfallen Earth sword move was cut apart by the Killing God's One Slash, but still, it didn't hinder the momentum of the Killing God's One Slash at all.

“Swoosh.”The killing god’s one slash beheaded Liu Feng.

“What.”Liu Feng’s face went white and he panicked to rack his sword.

Liu Feng racked his sword to block it for less than half a second, his sword shattered in a flash, then his body was bombarded with sword Qi and his body flew backwards in the air.Liu Feng who was flying upside down in the air, because he didn’t have his sword in his hand, his eyebrows, hair, and all of a sudden he was shaved by the killing god’s saber qi.

“Boom.”Liu Feng’s body fell to the ground, at this point, he had turned into a bald guy who didn’t even have any eyebrows.

When the dust from the scene drifted down, everyone was busy saying, “Hey, where’s Liu Feng?”

“How come it’s gone.”

For a moment, everyone didn’t even recognize that old man Guang was Liu Feng.

Even Liona looked around and didn’t see Liu Feng.

There was also that girlfriend of Liu Feng’s, Bai Ling’er, who couldn’t find Liu Feng either.

Suddenly, a person shouted, “Everyone, look, is that bald old man Liu Feng?”

Everyone looked over at the bald guy, and holy crap, it was really Liu Feng.

“What’s going on?Why did Liu Feng suddenly become a bald guy?”

Liu Feng touched the blood at the corner of his mouth, then touched his head, and his body trembled, he didn't even realize that he had become a bald man himself.

At that moment, a man shouted again, "His eyebrows are also gone."

Liu Feng sniffed and wiped his own eyebrows, and sure enough, his eyebrows were gone too.

"What's going on, in the blink of an eye, bald guy, no eyebrows guy." Everyone looked at Omi.

Omi put away his sword and said to Liu Feng, "Silly boy, don't like other people's girlfriends in the future. Also, your so-called no-fall sword duel is too bad, go home and practice for another ten years."

"Ahhhh." Liu Feng shouted, feeling very ashamed, he also thought that Liona would worship and thus be moved after seeing his Undefeated Sword Duel, but as a result, his sword was in pieces, and he actually turned into a bald guy, no eyebrow guy, this face hit.

At the Genius Restaurant, everyone remained silent for a long time before exclaiming, "What a domineering blade, this boyfriend of Liona's, could it be that he was the one who used the strongest blade to kill locusts in the Novice Village a few days ago?"

"This Liu Feng, hitting his face now, although his family's Undefeated Sword Duel is strong, unfortunately, it's just not worth mentioning in front of someone's saber technique."

"This boyfriend of Liona, he's definitely the novice village's Omi who makes three hundred thousand martial coins a day."

“Omi, what a common name, but his saber technique, I remember it, I think he should have a hope of entering the top 100 of the Novice Competition.”

“I don’t know who can break his sword.”

For a while, the discussions in the Genius Restaurant were roaring, people rated Omi as being able to enter the top one hundred of the Freshmen Competition, while Liu Feng, everyone only thought that he could enter the top two hundred, it seemed that Omi’s killing blade had shocked everyone to the core.

At the scene, Liu Feng looked at Liona and felt his heart ache, he really liked this beautiful girl, but unfortunately, his dream had been shattered, his childhood proud of his undefeated sword duel, lost to Liona’s boyfriend.

“Ahhhh.”Liu Feng yelled non-stop.

After yelling, Liu Feng immediately looked at Bai Ling’er with his eyes, Bai Ling’er’s family was a bit more powerful than his family. Moreover, if Bai Ling’er was to marry, her dowry was a very powerful gun technique of her family, Liu Feng was ordered by his family to chase after Bai Ling’er and get her family’s set of gun techniques.

Liu Feng saw that Liona was hopeless and ran to Bai Ling’er in a panic.

“Ling’er.” First URL m. .net

Bai Ling’er huffed, “Liu Feng, you’re ruthless.”

“Ling’er, I’m sorry lah, I was just messing with you.”

“Get lost, bald guy.” Bai Ling’er roared.

“Ling’er.”

“Baldy, from this moment on, there is no relationship between you and me.”

“Ling’er, stop it.” Liu Feng attempted to salvage it.

“Pah.”

“Bitch.” Bai Ling’er slapped Liu Feng’s face before cursing a bitch again and spitting on Liu Feng’s face.

Liu Feng was furious and roared, “Bai Ling’er, don’t give me shame, I now order you to be good and be my girlfriend again, or else don’t blame me for being rude.”

When Bai Ling’er saw Liu Feng’s gloomy gaze, she took a few steps back in fear, and when she saw Omi and Liona not far away, Bai Ling’er immediately ran up. Smiling pleasantly at Liona, she said, “Xiangyun.”

Liona huffed, “Why, don’t call me that, am I familiar with you?”

“Xiangyun, I’m sorry, I apologize to you, I shouldn’t have taken the room with you, I was blind, I’m sorry.”

Liona was a soft hearted person, seeing that Bai Ling’er had apologized, she forgave her.

“Forget it, I’m not bothering with you.”

Omi said, “Xiangyun, don’t make up with this kind of person, tell her to get out of the dormitory.”

Bai Ling’er was busy, “I swear, I won’t be like that again, I’ll give you your room back, don’t kick me out, okay?”

Liona said to Omi, “Or, let’s just leave it at that, she’s already known that she was wrong, and she’s also very poor now, her face swollen by her boyfriend.”

At that moment, Liu Feng suddenly came up and grabbed Bai Ling’er’s hair and dragged her away.

“Bai Ling’er, I’ll give you one more chance, do you want to be my girlfriend again.”Liu Feng threatened, he was ordered by the family.

“Ah.”Bai Ling’er screamed, what a tragedy today, first she was slapped twice by Omi and pulled her hair.Then looking for a boyfriend to take revenge, and as a result

Instead, her boyfriend slapped her dozens of times and is now pulling her hair.

Bai Ling’er shouted towards Liona, “Xiangyun, tell your boyfriend to save me, okay?”

Omi said, “Self-defeating, ignore her.”

“Xiangyun, save me, okay.”Bai Ling’er shouted pleadingly, her biggest reliance was Liu Feng, now Liu Feng and her have turned against each other, she has no one to rely on, she can’t find anyone to help her when she is bullied, that’s why she wants to make up with Liona, unfortunately, it’s too late.

“Xiangyun, I’m begging you, help me, I was wrong, sooooo.” Bai Ling’er cried out as Liu Feng dragged her away by her hair.

Many people scolded Liu Feng for not being human, unfortunately, Liu Feng was such a powerful genius, who dared to say him, ordinary students, even the second grade couldn’t beat him.

Liona softly said to Omi, “Forget it, save her once, it’s better to have more friends than more enemies.”

Omi saw Liona say this and helplessly laughed, “You ah, always too soft-hearted, if it were me, I wouldn’t bother to care about her. Forget it, let’s save it then.”

Omi walked up.

Liu Feng huffed, “This is a private matter between us, I advise you to stay out of it.”

Omi said, “I don’t want to interfere either, but unfortunately, my girlfriend is too soft-hearted, I don’t want her to be bullied by you, Liu Feng, I am now ordering you in your father’s name to let her go, and have nothing to do with her from now on, don’t harass her again.”

Liu Feng angrily said, “In whose name did you say?”

“In your father’s name.”

Liu Feng is so suffocating, in his father’s name, this is blatantly taking advantage of him.

“Don’t go too far, although I just lost to you, it doesn’t mean that I’m inferior to you. My swordsmanship also doesn’t mean that it’s inferior to yours, it’s just that I haven’t practiced enough

personally. You and I are both genius students, who is stronger in the future is anyone's guess, so don't force me."

Omi snorted, "I'm forcing you in the name of your grandfather to release Bai Ling'er."

"You you you, you still come." Liu Feng did not expect that the more he threatened Omi, the more arrogant Omi became.

At the Genius Restaurant, the Void's picture was still special reporting this matter, and after seeing it, everyone said, "This Omi, is indeed so gripping. Every genius, they all seem to be arrogant, just like Liu Feng from before, he's also gripping, he beat up all the new students in his dormitory building and became a building bully."

"Haha, yeah, a few days ago Liu Feng was so gripping that he beat up all the new students in his entire building, at that time, he definitely didn't expect that he would be beaten up by another person today."

"Yes, in the same way, Omi is so gripping now, he must not have thought that maybe in a few days, he would be beaten up by another, even grippier person. One beating the other, we seniors, we've seen it too many times, but they're all geniuses, and in the future realm, it's really hard for anyone to tell who's stronger than who. No matter how awesome the swordsmanship is, that's all obtained by relying on family and opportunity, but the cultivation of the realm is up to you. If the realm is low, no matter how awesome the sword or saber technique is, it will be in vain."

"If one day, Liu Feng's realm reaches the late Inner Gate, then Omi will be blown away."

Everyone said one thing and I another, each expressing their opinions, as if Liu Feng and Omi had seen a lot of battles at the Martial Arts Academy.

At the scene, Liu Feng did not give face and Omi knocked Liu Feng down again.

Liu Feng swore through clenched teeth, "Wait for me, when I break through to the late Inner Gate, see how I will cripple you."

Omi trailed off, "By the time you break through to the late Inner Gate, I'm afraid I'll have already broken through to the Inner Gate Great Perfection. Liu Feng, remember me, my name is Omi." After saying that, Omi walked away.

That Bai Ling'er was busy saying, "Thank you, Omi, thank you, Liona, thank you."

389

Afterwards, Liona accompanied Omi to find his dormitory.

Omi's dormitory was in Building 1 of District 9, Room 608.

Omi knocked on the door and a boy opened the dormitory door, seeing the person who opened the door, Omi was stunned.

"Wang Xing?"

"Omi."

Both of them were shocked, this Wang Xing, the one who liked Xu Mei Qian, was the one who was beaten up by Omi in the novice village a few days ago.

Omi never expected that the wrongdoer would turn out to be a roommate, and Wang Xing and him actually became roommates.

“What are you doing here?” Uranus Star saw Omi a roar.

Since it was such a coincidence, Omi could only accept the reality that it was Wang Xing who was the one who was suffering anyway.

“I’m from this dorm, Wang Xing, so, you’re my roommate.”

“Ahhhh, why is that.” Wang Xing yelled in anger, but, Omi was so awesome, Wang Xing was no match for him. Remember the website . . . net

Omi walked into the dormitory, followed by Liona.

This dormitory, also has three rooms.

Omi asked, “Wang Xing, since you and I are roommates now, just accept reality, if you can’t accept reality, then move out.”

“Why should I move out, it’s hilarious, as if I’m afraid of you.” Wang Xing snorted.

Omi swept a glance at the dormitory and found that only Wang Xing was alone, and asked, “Isn’t it a triple room? And a roommate?”

“It’s not here yet.” Uranus snorted in frustration.

“Oh, it’s not here yet.”

Liona asked, "Omi, which room are you in? There are two empty rooms left here, this third room at the far end, the light is so bad, the bathroom doesn't even have a window, and there's a beam going through the middle of the room."

Omi picked up the key and looked at it, hoping that his room wasn't number three.

However, when Omi looked at it, the room arranged for him was exactly number three, meaning that the room with the best light and air was that of the roommate who hadn't come yet, followed by Wang Xing's, and the worst was Omi's.

"Damn, how am I supposed to live here." Omi said speechlessly.

Omi suddenly aimed his gaze at that number one room, Liona seemed to see something in Omi's eyes, busy saying, "Omi, the rooms are all randomly arranged by the college, almost almost."

Liona was afraid that Omi would go and take over the best one because his room was so bad, wouldn't it be the same as her dorm's Bai Ling'er, whose end she had seen, and it was miserable.

Omi said, "I don't want to stay in the worst room, I want to stay in the best."

"Ah, you're really planning to rob someone else's ah." Liona was afraid of whatever came her way, Omi was really planning to take over the best room, and what happened to Bai Ling'er was a repeat of what happened to Omi.

"Why not."

"Omi, don't, have you forgotten, Bai Ling'er because she took over my room, look at the result, so miserable. But now that you're taking someone else's room, you're behaving just like Bai Ling'er, what if you get beaten up by that roommate who hasn't come yet. Also, it's not moral." Liona advised.

Omi nodded, "Alright, I won't take it then, do the big things without restraint, the room is almost there."

At this moment, in a hillside villa somewhere in Martial Academy, a second year boy desperately ran to the villa.

/> "Brother, it's bad."

"Brother, it's bad, something big has happened."

A man with sharp eyes grunted, "Why are you panicking, what's the big deal?"

"Brother, no, I saw someone you'll never guess who it was."

"Who?"

"Brother, Don Omi, do you remember? That punk Omi, who spied on your fiancée in the shower. I actually, actually saw him at the Martial Arts Academy."

"What." The man with the sharp eyes stood up abruptly, his face full of shock, yes, this was indeed someone he had never expected to see.

"Brother, Omi was expelled from the family several years ago, we've lost news of him all these years, how could he appear at the Martial Arts Academy, this is incredible."

These two people, one of them was called Tang Zhenghao and the other was called Tang Zilan.

That Tang Zhenghao was the original Omi's cousin, the original Omi had peeked at his fiancée's bath and was driven out of the family as a result. The main reason was that the original Omi was a loser and a disgrace to the family, Tang Zhenghao's fiancée's family was very unhappy about this, and in order to give an explanation to the other party, they expelled Omi from the family and left him to fend for himself from then on. Tang Zhenghao, who was the Tang family's key child to cultivate, was very strong and talented, and, now he was already a third year student.

And that Tang Zilan, who was also a genius child of the Tang family, was in the second grade this year, and was also very talented, and had already reached the middle stage of the inner gate.

Just now, Tang Zilan passed by the Genius Restaurant and saw that it was sensational, so he went in to take a look, but as a result, he didn't expect to see Omi.

Of course, he knew the waste Omi, although nowadays, Omi's outlook had changed a lot, because the original Omi was only in the third year of junior high when he was expelled from the family, and three years later, he had obviously grown up a lot taller.

The shocked Tang Zilan, immediately went to report to Tang Zhenghao.

"Zilan, are you sure you're not mistaken?"

"Brother, how could I be wrong, that trash Omi, he's been in the same family as us since we were kids, his face wouldn't be unrecognizable even if he grew up, and his name is Omi."

Tang Zhenghao shuddered, "How is that possible, that trash, doesn't he have no roots at all? How could he come to Martial Arts Academy? Could it be that he's had some kind of adventure in the last three years?"

"I don't know about that, but he's at the Martial Arts Academy right now anyway, he's a new student this year."

“Zilan, where did you see him?”Tang Zhenghao asked.

“I was at the Genius Restaurant, the Genius Restaurant’s special news, and I saw that he had a conflict with another freshman, like it was triggered by their mutual girlfriends stealing a room.Oh, right, that Omi is really something, he’s so strong, he’s actually an inner-door level freshman.”

“What? An inner-door level freshman?”Tang Zhenghao’s body trembled as he heard this, this was too incredible.Two years ago, when he first entered the Martial Academy, he was also an inner class freshman, Omi, that trash, could actually be compared to him back then, and he, however, was the son of the family’s key cultivator.

“Brother, he’s not just an inner-door freshman, he also has a girlfriend, that girlfriend of his who came with him to enter the school, at the Genius Restaurant, everyone immediately rated his girlfriend as a hospital flower level.The same as sister-in-law ah, both are at the level of hospital flower.”Tang Zilan said, there seemed to be a hint of jealousy in her voice, Omi, that loser, actually had a hospital flower level girlfriend, even he couldn’t get one.In Tang Zilan’s eyes, Omi was a trash since he was a child, and it was really impossible not to be jealous of someone who felt that Omi was so lowly, such a lowly person, actually had a girlfriend at the level of a courtyard flower.

“A hospital flower level girlfriend?”Tang Zhenghao’s eyebrows locked, it felt like it couldn’t even be believed, unless he saw it with his own eyes.

“Yeah, I saw his girlfriend in the Genius Restaurant’s screen, like what’s her name, Liona, she’s really beautiful, I wanted to jump on her when I looked at her, as pretty as his sister-in-law, heck, what kind of strange encounter did this loser get, the change was so great.Shit.”

Just at this moment, a girl walked in from outside.

Tang Zilan saw that girl walk in and busily called out, "Sister-in-law."

This person, was Tang Zhenghao's fiancée, named Murong Guoguo, the original Omi, who was peeping into the bath.

"What are you guys talking about?" MUYOUNG GUOGUO asked, looking as if he was very serious and not the active type.

"Sister-in-law, I just saw someone at the Martial Arts Academy that you would never expect."

"Who."

"Omi."

"Who is Omi?" Murong Guoguo seemed to have forgotten about that incident.

"It's the Omi who dared to peep at you in the shower a few years ago, ah, and was later expelled from our Tang family." One second to remember to read the book

"It's him, isn't he a loser?" Murong Guoguo was shocked.

Tang Zhenghao said, "It's true that he used to be a waste, but, now I've heard that he's already at the inner level and has entered the Martial Arts Academy, I don't know if that's true or not."

"I know where his dormitory is, just go and check it out." Tang Zilan said.

“Go and see.”Tang Zhenghao nodded, something of this magnitude had to be seen with his own eyes to know if it was true or not.

“I’ll go too.”Murong Guoguo said.

At the moment, in Omi’s dormitory, Liona was helping Omi tidy up his room, having a girlfriend to help take care of it, it really wasn’t bad.

Outside the living room, Wang Xing jealously looked, really don’t know why Omi’s life is so good, found such a beautiful girlfriend, and he, but he can’t chase Xu Mei Qian, even if he went after Xu Yan instead, but also Omi play leftovers, really depressed ah.

At this moment, there was the sound of a key opening the door.

A boy walked in carrying his luggage.

“Hello, I’m also from this dormitory, my name is Su Jinhe, please take care of me.”The boy who came in was busy greeting Omi and Wang Xing politely.

Wang Xing took a look at Su Jinhe and knew at a glance that he was only at the outer door level, grunted and ignored it.The main reason was that Wang Xing was upset with Omi at the moment, so he was even upset with the newcomer.

Omi said to his new roommate, “My name is Omi, okay, no need to be polite, we’re all new students, we’ll be roommates from now on, your room is in number one.”

“Thank you brother Tang.”

Su Jinhe looked at Wang Xing and asked, "Excuse me, are you Wang Xing?"

"How do you know me?" Wang Xing's eyebrows furrowed and he asked.

"You really are Wang Xing ah, I met you a few days ago in the watermelon field in the novice village killing locusts, I saw you, you were really powerful when you killed locusts, that posture was so beautiful, and I also know that you are a new student at the inner gate level, I worship you too much." Su Jinhe said that Su Jinhe was only in the middle stage of the outer gate, so it was normal to worship Wang Xing.

Only then did Wang Xing said with a pretentious face, "There's nothing to worship, although I'm strong in your weak eyes, I'm weak in my own eyes."

"Brother Wang Xing, you're too modest. By the way, Brother Uranus, my dormitory has the best light, so why don't I switch my dorm to you."

"Eh." Wang Xing was stunned, this kid was so good at making connections.

"You really want to?"

"Of course, I adore you, so I'm willing to dedicate something better, to my idol."

/>

Omi was a bit upset when he heard that the more bullish than all of them were here, and the idol.

"Cough cough." Omi deliberately coughed.

“Brother Tang, do you have a bad throat? It’s okay, I’ve got medicine here.”

Omi really wanted to kick it over.

Omi said, “Brother Su, there’s an even more awesome one here, so don’t worship it just yet.”

“What do you mean?”

“Oh, that means that the Uranus you worship is not as powerful as me.”

“Ah, how is that possible.” Su Jinhe said.

Omi said, “If you don’t believe me, ask Wang Xing if he’s my opponent.”

Su Jinhe looked at Wang Xing and asked, “Brother Wang Xing, he can’t be joking.”

Wang Xing was very upset with Omi and snorted, “Omi, what are you pretending to be compared to.” Wang Xing was very upset, it was hard to have a ratio to pretend, but I didn’t expect that Omi would still want to steal from him.

Omi smiled, “Brother Su, see, Wang Xing is afraid of me. How about it, do you want to let me have your room?”

“Yes, if you like it, take it, I don’t care anyway.”

Omi smiled, “Brother Su, thank you, whoever bullies you in the future, remember to report my name.”

“Uh.”

Omi said to Liona, “Xiangyun, quick, switch to room one.”

“Speechless.” Liona glared at Omi, but since people were willing to switch, there was nothing for Liona to say.

So, Omi switched to the best room to go, that Wang Xing stared at Omi fiercely, originally Wang Xing thought that he was definitely the strongest in this dormitory, maybe even the strongest freshman in the whole building, he could be the boss. Who knew, Omi came running and he felt invisibly oppressed.

Liona was helping Omi rearrange his room when that Su Jinhe walked in and said, “Brother Tang, Mrs. Tang, this is a special product I brought from my hometown, do you want to try it.”

“Uh.” Omi looked at Su Jinhe, this guy is quite good at making relationships, changing rooms and making specialties again.

“Thank you, by the way, her name is Liona, she’s my woman.” Omi introduced.

“Brother Tang you’re really lucky to have such a pretty girlfriend.”

“You’ll have a pretty girlfriend too.” Omi patted Su Jinhe’s shoulder.

At this moment, at the Genius Restaurant.

In the empty space in the center of the restaurant, the screen suddenly switched news.

In the screen's image, two men and a woman flew down from a scenic villa complex in the Martial Arts Academy.

“Hey, isn't that Tang Zhenghao, who won the title of 'supreme genius' from the Martial Academy, and his beautiful fiancée Murong Guoguo, the courtyard flower?”

“How did they both end up on the restaurant's special news?”

“Nonsense, third year supreme geniuses usually don't leave their houses, and now that they've not only left, but they're flying to the Martial Arts Academy's teaching and martial arts department, there must be something going on. The matter of the supreme genius can definitely make the special news.”

“I don't know, what's the matter with Tang Zhenghao and his courtyard flower fiancée coming to the teaching martial department, I'm quite curious, at least, it's good to see his courtyard flower fiancée. Look at the screen, his fiancée Murong Guoguo, that figure, that waist, it's really flabbergasting.”

In the Genius Restaurant, everyone was staring at the screen in the void, saying one thing to each other, seemingly more interested than the two freshmen fights Liu Feng and Omi had just had. After all, those were the people who had obtained the supreme genius of the Martial Arts Academy, like stars, so others were naturally more interested.
