

Chapter 921

“You guys, you guys.” The man with the twisted face pointed at Omi and Speechless Moon, he was so angry that he couldn’t speak.

Words Wuyue immediately hugged Omi’s neck and said, “Tibetan Baiqiu, what are you doing in here, get out, do you know we’re not finished yet, you’ll scare Uncle Omi if you suddenly run in here.”

“Hoo, hoo.” Tibetan Baiqiu’s angry chest was rising and falling, he hadn’t said anything yet, but Speechless Moon actually accused him of rushing in.

Tibetan Bakuqiu’s fists were clenched, his eyes showed an eerie murderous intent, and he didn’t know whether he wanted to kill Omi or Wordswept Moon.

The man at the second level of the Unity Realm Perfection who stood beside Tibetan Bakuqiu gradually calmed down, though.

Omi did not speak.

“Die, all of you.” Zang Baiqiu said coldly.

Speechless Moon said, “This is the Famous Sword Villa, you guys dare, get out, we’re not done yet, we’ll come out and settle this with you when we’re done.”

“Yah yah.” Tibetan Baiqiu’s teeth were chattering with anger.

Omi said in his heart, this brain-damaged lady is also really angry.

“You all go to hell.” One second to remember to read the book

“Wait.” That Unity Realm Complete man was busy stopping him.

“Father, why are you stopping me, I’m going to kill them today, this pair of dogs.”

Tibetan Baiqiu’s father said, “Qiu’er, she’s from the Famous Sword Villa, you can’t kill her.”

“But, she has done such a wrong thing to me.”

“Even if she did something wrong to you, we can’t kill him, it would turn the Famous Sword Villa against us in the Long Pine Valley.”

“So I’m just going to let it go?”

“Of course you can’t just let it go like this, it’s only a matter of withdrawing from the marriage.”

“But, district withdrawal, I’m not happy, it’s obvious that she’s the one who cheated on me, so why is it me who’s hurting.”

“Hmph, of course I’m not willing, so today, we do nothing. Tomorrow, is the day of the wedding of the Famous Sword Villa’s Words of Intent, there will be many, many strong people coming to the wedding, we have to expose this scandalous matter of Words of Intent in front of everyone, and make the Famous Sword Villa pay the price for this matter and sweep the name under the rug, otherwise, we can’t fight or kill, how can we be willing.”

“But, who will believe it?”

“They’ll believe it.”

“Click-click-click, click-click.” At this moment, the sound of a camera taking pictures came out.

Tibetan Baiqiu’s father actually had the foresight to bring a special camera before he came, the technology here was a little more backward, so the camera used was also a little more backward.

“Let’s go.” Tibetan Baiqiu’s father said.

With these pictures tomorrow, you’ll have to believe it if you don’t.

“Wait.” Suddenly, Omi shouted.

Tibetan Baiqiu raged, “You traitor, you’re lucky today, otherwise, I’ll definitely break you into pieces.”

Omi said, “Did you disturb my good fortune and want to just walk away?”

“What did you say?”

“I say, interrupting my good work, without a word of explanation?”

“Hahaha, hahaha.” Both father and son of Tibetan Baiqiu laughed, a laugh from anger, they had been extraordinarily gracious by not killing the adulterous pair for fear of turning against the Famous Sword Villa, but they didn’t expect Omi to say that they had disturbed his good fortune.

“Father,

, you heard me, how can you bear this anger.”

Tibetan Baiqiu's father also raged, "So unaware of your own feelings, then don't blame me, kill this adulterer."

"Hmph." Omi's disdainful mouth rose.

Tibetan Baiqiu's father suddenly drew his sword and killed Omi with a sword.

The powerful sword qi ripped the cloths of the entire room and the entire room was strong and windy.

"Drink." Omi struck out with a punch.

The hundred thousand pounds of punch suppressed the murderous aura that filled the entire room.

Although the gap between each realm grew wider and wider after stepping into the complete Unity Realm, and it was no longer possible to fight across several realms like before, Omi's strength was still significantly higher than Zang Baiqiu's father. With a single punch, he suppressed the opponent.

"Boom." In the next second, Zang Baiqiu's father's entire body flew out.

"Clatter." The bones in his chest shattered.

"Father." Tibetan Bakuqiu rushed out in a panic.

Speechless Moon clapped her hands and said, "Wow, Uncle Omi is so powerful."

Omi said, "He's the one who's so bad, by the way, what's this person's name?"

“His name is Zang Wannian, he’s Zang Baiqiu’s father.”

“Zang Wannian, that’s an interesting name, by the way, is he the strongest person in the Long Pine Valley?”

“How is that possible, although the Long Pine Valley can’t match the strength of our Famous Sword Villa, it’s still a very powerful force. Let’s put it simply, there are three strong people in Chang Song Valley who are at the third level of the Unity Realm, the most powerful one, it seems like he’s at the third level of the Unity Realm.”

“I’ll go.” Omi’s eyebrows furrowed, Omi didn’t know if it was a good thing or a bad thing to punch out, had he known it was better not to hit this Hidden Wannian.

However, the fight was over, there was nothing to regret.

Omi walked out, and Zang Wannian was unable to get up, just one punch.

Omi said, “Go back, I’ll let you live, don’t come tomorrow to cause trouble. My grandfather is one of the world, one of the thirty peak Unity Realm Great Perfection, you can’t fight me, you will only cause the destruction of your Long Song Valley.” Omi lied to see if he could avoid some unnecessary trouble.

“Let’s go.” The people of Long Pine Valley left in a panic.

“Uncle Omi, you’re so awesome, if my grandparents knew you were so awesome, they might really be willing to let me marry you.”

“Alright, I just didn’t surrender their cameras, so nine times out of ten they’ll come to your brother’s wedding tomorrow to cause trouble, so we’d better get ready.”

Omi said inwardly, "Tomorrow, I'll fight with Wordsmith in public, if I defeat Wordsmith and announce my age in public, then it will definitely shock the whole arena, and then I, a special genius who is stronger than Wordsmith, will definitely get the Famous Sword Villa to pull in, then Wordsmith and I can fake it, and finally, I'll be able to help Mu Qianji and find out about anotherThe entrance is located."

This was Omi's plan.

Omi hadn't originally planned to fight with Words Intentional, but he hadn't expected that Mu Qianji's appearance would force Omi to take the initiative to fight with Words Intentional.

"Hopefully, I'll be able to defeat Words Intentional tomorrow, Words Intentional is also at the first level of the Complete Unity Realm, so I don't think there's any reason why I can't beat him. I'm sorry, Speech Intentional, it's not that I intentionally wanted to beat you at your wedding to make you lose face, it's really the circumstances that forced me to do it, plus the fact that the upper and lower levels of your Famous Sword Villa, one mouthful of your legendary story, really made me very unhappy as well." Omi chuckled.

922

Tomorrow's big wedding, so many people came to attend the wedding, those people were all because they worshipped Yangyi, if Omi defeated Yangyi in public and let everyone know that Omi was only twenty-one years old, far more than Yangyi's bull by several levels, then it would definitely start a foul storm, Omi would probably become tomorrow's protagonist. I'm not sure if I'm going to be able to do that, but I think I'm going to be able to do that.

However, Omi must decide on the way to appear, it would be best to have Yangyin take the initiative to challenge Omi, that way, after blowing up Yangyin, the Famous Sword Villa wouldn't say that it was Omi who had disgraced them.

"Uncle Omi, what are you thinking about?" When Yan Wuyue saw Omi's silence, he was busy asking.

Omi looked at Speechless Moon and said in his heart, "Uncle, tomorrow, when I announce my age, I'll see if you still call me uncle, brother I'm just a year older than you."

"Nothing."

"Are you wondering if Chang Song Valley will send someone to take care of you tomorrow? Don't worry, this is the Famous Sword Villa, they won't dare, besides, tomorrow is my brother's wedding, my brother is a special genius, no one will dare to disrespect him. Uncle Omi, after you become my man in the future, you'll also have face."

"Why do you have face."

"Because my brother is speechless ah, you're the brother-in-law of a special genius, that's not enough to have face ah, in the future, when you go out, even if you encounter a strong person of the Unity Realm, all you have to do is give out my brother's name, and they'll immediately get close to you."

"Hahaha, is that so, then I'm really looking forward to it." Omi said with inner disdain.

Seeing Speechless Moon say this, it reinforced Omi's idea to make a good scene tomorrow.

There would be many, many strong people from all over the world tomorrow, and it was time for Omi to spread his reputation, it was time to let everyone know that there was another extraordinarily talented person. First URL m.kanshu8.net

Omi said to Speechless Moon, "I'll go back to Wuling Mountain Resort first."

"Why are you going back? I'll go with you."

"No, those brothers and sisters of mine are still there and I can't leave them behind."

“Then will you come sleep at my place at night?” Words blushed and said.

Omi nodded, “Of course, let’s continue the bridal chamber at night.”

“Mmhmm.”

Omi was speechless in his heart, then returned to Wuling Villa.

Some of those friends of Omi were chatting, some were exchanging sword skills, some were playing chess or something.

“Omi, you’re back.”

“Mm.”

“How was it going?” When he saw Omi return, he immediately flew down from the roof, and it seemed that Mu Qianji and the Omi mercenaries didn’t get along, but that was to be expected.

“Okay.”

“What do you mean by okay?”

“Just okay.”

“Well, I hope you do manage to help me get the Burial Moon Sword.”

“Do my best.”

“So what’s your plan? You said before that you still have to face Speechless Moon’s grandparents and others.”

“Naturally, I have a plan, just now Speechless Moon’s fiancé has come to catch the spy, if nothing else, tomorrow they will definitely come and cause trouble on the day of Speechless Moon’s wedding. They don’t dare to kill Speechless Moon, but are unwilling to do so, and will definitely make the Famous Sword Mountain Villa lose face because of this.”

“Then what?”

“

“Then tomorrow I’ll find a suitable opportunity to fight with Words Intentional, in short, I’ll let everyone know that I, Omi, am more powerful than Words Intentional, then the Famous Sword Villa will definitely take the opportunity to draw me in, after that, I can help you explore another entrance.”

Mu Qianji smiled, “Good plan, but how can you be sure that you will be able to defeat Words Intentional? What if we lose to him? Wouldn’t that be stealing a chicken.”

Omi’s eyes were full of confidence as he said, “I can definitely defeat Speechless.”

“Omi, the punch you hit me with today was so powerful that it was incredibly large, what kind of punch was that?” Mu Qianji suddenly remembered and asked.

“That’s Herculean Divine Power, the punch I struck you with was 100,000 jin, but unfortunately, I could only exert two punches, and after two punches I had no internal strength left.”

Mu Qianji bit his teeth and said, "I have a precious elixir here, he can keep your internal strength undiminished, this was originally my own elixir to save my own life, for the sake of that Burial Moon Sword, I'm willing to give it up, give it to you."

Omi looked at the elixir in Mu Qianji's hand and said, "Don't tell me that there aren't any side effects, I don't know any elixir in the world that doesn't have side effects."

"Of course there are side effects."

"What are the side effects?"

"The side effect is that your martial realm will drop four or five realms afterwards, and your mental strength will also be greatly damaged, this is used to save your life, I brought it from another world myself, and I haven't used it yet."

Omi snorted, "I don't want it, I'll have to sacrifice so much to help you, it's impossible."

"Then what if you don't win the fight tomorrow?The one who will deal with you tomorrow is definitely not just Words of Intent alone, and the one who returned to Chang Song Valley, in any case, there are more than one or two people you'll be dealing with tomorrow."

"If I can't handle it and lose, then it's the will of the gods, which means you don't deserve the Burial Moon Sword yet, and I won't take your elixir to harm myself."Omi turned around and walked away.

The next day, Omi woke up early in the morning from Speechless Moon's bed.

Speechless Moon also woke up.

“Uncle Omi, did we still have a bridal chamber last night?” Wordless Moon asked.

“Crap, cave all night.” Omi said in a bad mood.

“Ah, then why don’t I still feel anything?”

“It’s not your fault.”

“What do you mean? And who’s to blame?”

“Blame me for making you overcomfortable, didn’t I tell you that overcomforting would mean nothing, didn’t your grandparents tell you that?”

“Oh, no.” Speechless Moon shook her head.

Omi said in his heart, what a silly young lady, Omi had slept here all night but nothing had happened to her, she’d merely fainted for the night .

“Alright, get up early, your brother is getting married today and you have to help out.”

“What about you?”

“Don’t worry about me, I’ll definitely be there when your brother performs his wedding ceremony, and I’ll be standing out if anyone from Nagatsugu comes.”

“Uh-huh, Uncle Toshin, then let’s kiss again, shall we.”

“No.”

“Why?”

“I’ve been sucked dry from caving with you all night last night and I’m weak now, what? Aren’t you weak? You’re so strong.”

923

“Hehehehe.” Speechless looked very embarrassed and said, “Actually, I’m a little bit weak too la.”

“Silly girl, all right, all right, hurry up and go busy with your work.”

“Mhmm.”

Today’s Famous Sword Villa was filled with joy everywhere.

In the sky, in all directions, flying ships were constantly flying in.

On the main peak of the Famous Sword Mountain Villa, it was lively with lights.

“The Emperor of the Biyue Empire, Sovereign Ashima, has arrived.”

“Thank you, thank you for coming to my grandson’s wedding.”

“Villa Master is courteous, who doesn’t know that your Famous Sword Villa’s Prince Yan Yi, a young genius, is a genius extraordinaire, stepping into the late Unity Realm at the age of only twenty-six, and even more so, stepping into the Unity Realm Perfection in the span of ten years ah, such a genius’s big wedding, how can I not come.”

“Hahaha, Sovereign Ashima, please enter the great hall.”

“Gomoya Empire, His Holiness Gomstar has arrived.” Remember the URL . kanshu8. net

“Thank you, thank you.”

“Villa Master, congratulations.”

“His Holiness of the Glazed Empire has arrived.”

“Thank you.”

“Congratulations.”

The Emperor of the Glazed Empire came and casually said thank you, but it seemed that the Famous Sword Villa was also quite powerful, coming to the wedding at any rate. For a small country like the Glazed Kingdom, the hospitality was not nearly as meaningful.

At this moment, Omi was standing in a low-key corner of the main peak of the Famous Sword Villa, and no one noticed him at all.

Omi's eyes looked at the entrance to the main hall, where the Master and his wife, the Master of the Famous Sword Mountain Villa, stood to greet him. There were constantly flying ships in the sky, and then someone shouted that so-and-so had arrived.

Every single person who arrived was of extremely noble status, and the king of the Lucid Kingdom who had just arrived was considered a pawn, so naturally, he was just casually received.

“Emperor of the Yanhuang Empire, Sovereign Yanlong has arrived.” At this moment, a voice shouted, and a man came down from a flying ship that had just landed on the ground.

It was the Emperor of the Yan Huang Empire, Yan Long.

Omi, who was far away, saw Yan Long and smiled, this old man really did come to the Famous Sword Villa for the fun.

But Omi didn't go up to greet Yan Long, after all, he was here to attend the wedding of Yan Yi, it's none of Omi's business.

Yan Long walked up to the entrance of the main hall.

“Congratulations.” Emperor Yan Long congratulated the Master couple of the Famous Sword Villa with an arch of his hand.

“Thank you, please enter the palace.”

“Good.” Emperor Yan Long looked a little embarrassed, as the rules of reception for the Master Couple of the Famous Sword Villa were similar to those of the King of the Glazed Kingdom.

In the distance, Omi secretly said, "Hey, Yan Long is actually so disgraceful, at least he is the Emperor of my Yanhuang Empire, but he is approaching with such low rules, similar to a small country like the Glazed Kingdom."

Omi saw the Master couple of the Famous Sword Villa, did not welcome Yan Long ceremoniously, a bit unhappy inside, it is not that Omi is so close to Yan Long, but Omi is also a member of the Yanhuang Empire, Emperor Yan Long represents the Yanhuang Empire, the supreme emperor in the Yanhuang Empire, but came to the Famous Sword Villa to attend the wedding, but was not treated ceremoniously, so it is not very refreshing.

"Golden Mountain Valley Valley Master has arrived."

"Congratulations."

"Please." The villa master and his wife casually said please.

In the distance, Omi burst out laughing, "I go, there's an even lower profile one, it's simply like a deadbeat coming to a wedding."

&nbs.

p; "United Nations, Lord Thirty Thousand has arrived."

The lord and his wife immediately greeted him.

"Welcome, welcome Lord Thousand Thousand Thousand to my grandson's wedding."

"Hahaha, Wordsmith, you're welcome."

“Please please please.”The villains said please several times in a row.

Look at the reception of others, it was too grand, feeling like a humongous event, while some people, however, felt like they were here to set up a friendship and were not treated by the Famous Sword Villa at all.

These forces like the Glazed Kingdom, Yanhuang Empire, and Golden Valley were just dispensable to the Famous Sword Villa.

“Moon Worshipping Empire, Prince Green Cliff has arrived.”

At this moment, a young man disembarked from the flying ship.

The Lady of the Villa immediately greeted him.

Omi noticed that this young man’s realm was not high, only at the peak of the late stage of the Unity Realm, a late stage peak was treated so grandly, then there was only one possibility, he was also a special genius.

“Grandpa Zhuang, Grandma Zhuang, congratulations.”

“Haha, Green Cliff, you’re here, I have no intention of waiting for you for a long time, go in, I have no intention of entertaining VIPs in the main hall.”

“Good, then Green Cliff will go in first.”

Omi said under his breath, "Sure enough, he's a special genius, before that Speechless Moon said that her brother has a few friends who are also special geniuses, and this Green Cliff is one of them."

"United Nations, Senior Yue Sheng Nai, and his grandson, Prince Yue Tian Hua have arrived."

The Noble Sword Villa's master and his wife also immediately welcomed them.

"Welcome Senior Yue Sheng Nai, and also Duke Yue Tianhua."

"Hahaha, Elder Yan, with our friendship, do we still need to be so polite, Yan Yi is also my elder grandson of Yue Sheng Nai, he and my grandson Yue Tianhua, the same age, moreover, the realm martial dao is the same, the elder grandson of Yi Yi is getting married, how can I not come."

"Please please please."

In the distance, Omi secretly said, "Another special genius has come, two special geniuses have come, Green Cliff, Yue Tianhua, hehe, well, if there's a chance today, let's blow up together."

Omi's face smiled, three Special Grade Geniuses, burst together, this scene should be very sensational.

Don't blame Omi, Omi was holding the intention of becoming famous today, three extraordinarily talented people will only become even more famous if they burst together. Although, the Famous Sword Villa would probably not be too happy about it, but considering that Omi and Speechless Moon got on well, the Famous Sword Villa would definitely throw away their displeasure and take advantage of the opportunity to pull together.

One after another, guests kept coming, from nine in the morning until eleven in the morning, it was two hours.

In short, the entire main hall of the Famous Sword Villa was no longer able to accommodate them. Those of Omi's level couldn't even enter the main hall, and guests similar to Omi were standing all over the outside of the main hall. Omi was really incomparably depressed, messing with the fact that he was here to play soy sauce, the big names were all inside, and the runners were all outside.

However, Omi was fine with it.

At this time, the voice of the strong man who presided over the wedding came from inside the hall, "Dear friends and family, thank you for coming to the Famous Sword Villa to attend the wedding of Prince Speechless. I'm sure everyone knows that Prince Speech Intentional of the Famous Sword Villa is a special genius who stepped into the late Unity Realm at the age of twenty-six."

"Wow." Although everyone already knew, they still wowed when they heard this.

Right now, Speechless was standing very proudly above the main hall, looking at the crowd in the main hall.

Speechless was also standing on the side of the stage of the main hall, and Speechless was looking around, as if she wanted to see where Omi was.

924

As a result, she didn't see Omi, and only then did she realize that Omi's level was too low to enter the main hall, and she sighed, as if there was a hint of worry in her heart. Yes, a Omi whose level was so low that he could only stand outside the main hall, would her grandparents agree to date a Omi? It was only until this moment that Speechless suddenly felt that Uncle Omi, compared to these big personalities, was really so low, but, inside, Speechless still liked Uncle Omi.

The host introduced the words of Words Without Intent and then said, "Next, let me tell a legendary story about Prince Words Without Intent."

“Good.”

“Pah-pah.”

Everyone applauded.

Omi, who was standing outside the palace, was speechless to, “Legend, see legend again, how come there are so many legendary stories, can’t we get into the rhythm faster? By the way, is it true that the people in the Long Pine Valley are not going to make trouble? How else am I supposed to carry out my plan if I don’t come and mess with it, am I going to be forced to take the initiative to challenge Wordsmith?”

At this moment, on the far side of the main peak of the Famous Sword Villa was a mountain top.

“Grandpa, when are we going over there?”

“There’s no rush, just wait.”

“Father, do you really intend to do it?”

“We at Long Pine Valley can’t put up with this, we didn’t harm Speechless Moon, so this loss of reputation is something they should bear, who let them not educate their children properly.” A second to remember to read the book

“Right.”

In the main peak hall.

“Everyone, there is much more to the legendary story of Prince Speechless, but that’s all for today. You all have come a long way and have worked hard, so let’s get into the wedding ceremony early.”

At the scene, there were a few famous Sword Villa’s hired trusts that shouted, “The legendary story of Prince Speechless will never be enough to hear, it will never be immortalized, we still have to hear it.”

“Hehehe, everyone, I’m sorry, we’ll tell the legendary story of Prince Speech Intentional when you come here another day, today is his big wedding, even if we like to hear his legendary story, we can’t delay his big event ah.”

Those few TOs didn’t shout at this point.

“Below, the wedding ceremony of Prince Speechless, officially begins, please welcome the bride into the hall.”

A bride wearing a red dress and a red cloth on her head entered the hall from the side.

Everyone didn’t know what the bride looked like.

That strong man who officiated the wedding said, “Everyone, you all want to know who the bride is and what she looks like, right?”

“Yes.”

“Hahaha, unfortunately, I can’t let you guys see the bride, but, I can tell you responsibly, the bride is a beautiful woman, and, the bride is also a genius, of course, she is a super genius who stepped into the Unity Realm before she was thirty years old, and this year, she is thirty-five years old and reached the middle stage of the Unity Realm, everyone say, is the bride and groom a natural pair ah.”

“Born to be a pair, born to be a pair.”Everyone shouted.

“Now, let’s perform the ceremony.”

Just then, there was a cry from outside, “Wait a minute.”

“Wow.”The palace immediately clamored, but there was actually someone shouting wait a moment outside, did someone want to stop the marriage of Prince Speechless?

Yan Yi was furious when he heard someone interrupt his worship.

Everyone looked outside, and the main hall automatically gave way.

Only four people were seen standing at the entrance of the main hall, one of which was

At the third level of the Unity Realm Great Perfection, it was the Valley Master of the Long Pine Valley, Zang Civilization, who brought his son, Zang Wannian, as well as his grandson, Zang Baiqiu, and another son, Zang Shimizu.

The Master of the Famous Sword Villa furrowed his brow and said angrily, “Zang Wenming, what are you doing?Why do you want to mess up my grandson’s wedding? Our Sword Villa has a marriage relationship with Chang Song Valley.Do you still want this marriage.”

All the guests looked at the people of Long Pine Valley, as well as the Master of the Famous Sword Villa.

Long Pine Valley’s Tibetan Civilization said, “Master Wordsmith, this is not me messing with you, but you have gone too far.”

“Excessive? How is our Famous Sword Villa going too far, Tibetan Civilization, it seems that you don’t want this marriage, let it go, this marriage is cancelled, my Famous Sword Villa’s Speech Wuyue, is no longer the fiancée of your Chang Song Valley’s Tibetan Hundred Autumn.”

“Hahaha, Master Wordsmith, today, I’m here to withdraw my marriage.”

“What? Come to withdraw from the marriage.”

“Yes, your Famous Sword Villa, teaching your daughter incompetence, Words Wuyue is already engaged to my grandson, but in his own boudoir, flipping clouds with other men, the matter was secretly reported, my grandson and his son came to catch the adulterer, and was caught on the spot, but I never thought that shameless pair of adulterous / husband / adulteress / woman, but also scolded and disturbed them, and even attacked my son. I’m sorry for my son and grandson, although they lost control of their senses on the spot, they still managed to control their senses and didn’t lay a hand on the couple, but this is by no means forgivable. Today, I will bring my grandson to withdraw my marriage, such a bitchy woman, don’t even want it, by the way, I also want to ask the Famous Sword Villa, how exactly did they educate their back children to do such a shameless thing.”

“What.” Everyone in the Famous Sword Mountain Villa turned white.

Numerous guests were also shocked on the spot and looked at each other, and suddenly, the entire hall and beyond were discussing.

On the day of her wedding, Speech Intentional had been withdrawn at her doorstep, exposing a shameless scandal, and had actually slapped the Famous Sword Villa in public.

At the moment, Yan Zhiwei was very angry, but today was his wedding day.

“You’re talking nonsense, I see that you are intent on disturbing my big wedding, my sister is by no means such a person, you are saying verbally that my sister stole someone, what evidence do you have.”

“Evidence, you want evidence? I’ll give you the proof.” After saying that, Tibetan Civilization of Nagatsugu pulled out a stack of photos and threw them above the main hall, spilling them all over the palace. Many of the guests immediately picked up the photos to look at, and in them, a man and woman were embracing in a blanket.

Mingyou also picked up a photo at his feet, and in the photo, it was indeed his sister, with a man.

Chang Songgu took the photos taken that day, shuffled hundreds of photos, the scene a throw, almost everyone saw, and how to argue.

The owner and his wife of the Famous Sword Villa also turned pale.

At this moment, standing at the side of the main hall, Speechless, also pale, as if very afraid, before she vowed to be open-minded, showdown, do not like Tibetan Baiqiu. However, today, when she actually arrived at the scene and saw everyone’s faces, she was trembling with fear.

There was another person who was trembling, and he was the Black Bar who brought Omi to the Famous Sword Villa.

He looked at the photo and was dumbfounded, he never expected that the Omi he brought back would actually have an affair with the lady and be caught in the act.

At this moment, Omi was outside the main hall.

Omi stretched his lazy waist.

All of this was just what Omi had expected.

It seemed that Omi had been waiting here for half a day, and finally, he was about to take the stage.

925

The Master of the Famous Sword Villa turned his gaze towards Speechless Moon and roared, “, What’s going on here?”

Words were also furious and said, “Sister, tell me this isn’t true.”

“I, I.”Speechless was too frightened to speak.

“Quickly tell me, it’s the people of Chang Song Valley who framed you.”The Master of the Famous Sword Villa yelled.

Speechless Moon clenched her teeth and said, “I don’t like Zang Baiqiu, he’s ugly.”

“What? So, this is true?”Speech Intentional Body trembled and said incredulously.

“Hahaha, hahaha, people of the Famous Sword Villa, what else do you have to say.”Long Pine Valley’s Hidden Civilization sneered.

Yan Yi was now filled with shame and indignation, on his wedding day, being exposed in public for his sister’s scandalous theft, this was a deliberate attempt to hit him in the face and disgrace the reputation of the Famous Sword Villa.Many sneers and whispers were coming from certain corners of the palace.

“Xiao Yue, where is that adulterer?”

“I, I don’t know.”When Yan Wuyue saw how angry her brother was, she knew that things were beyond her imagination and it was very likely that she would kill Omi, so she didn’t dare to say anything.She felt guilty and told Omi to leave everything to her, but now well, she couldn’t handle it at all.

Tibetan Baiqiu of Long Song Valley said loudly, “Such an adulterous/husband/woman should really be immersed in a pigsty.” First website m.kanshu8.net

“Who dares to harm my Little Moon.”Suddenly, a loud voice came from outside the main hall.

Hearing this voice, the crowd in the main hall boiled once again.

Could it be that the rapist still dared to come?It really was bold enough.

When Yan Wuyue heard Omi’s voice, she felt her heart melt, though she knew that it was probably the effect of the Three Leaves Love Flower and not Omi’s true intentions.

The crowd automatically made a way out.

Omi’s tall body stood at the entrance of the palace, being watched by the crowd.

Among them, the emperor of the Gonorja Empire said, “It really is him.”However, Goma Star could not believe that Omi would do such a thing, because even his granddaughter, Princess Zhou’er, Omi could resist the temptation, in terms of beauty, Wordsmith was still far from Princess Zhou’er, and even farther from talent, how could Omi steal together with Wordsmith?

In addition, the emperors of the Yan Huang Empire and the king of the Glazed Kingdom recognized Omi, especially the emperor of the Glazed Kingdom, who looked at Omi with a murderous gaze, he would not forget that Omi had killed his most favored prince, Wei Yan.

Omi swept a glance at the crowd and said, "Who dares to harm my Moon."

"Uncle Omi." Speechless Moon jumped at Omi in excitement when she saw him stand out.

Omi hugged Speechless Moon and said, "Yue'er, don't worry, I won't let anyone hurt you, including your family."

"Mhmm." Yan Wuyue was touched to the core.

The Master and his wife of the Famous Sword Villa looked at Omi with furrowed brows, originally they thought that this was just an ordinary adulterer, but they didn't expect that this adulterer would dare to stand up to protect their granddaughter at this time and say in public that he wouldn't let anyone harm their granddaughter, including their family. The Zhuang Master and his wife who were originally very angry to tear the adulterer apart, seeing this.

A little bit of anger was quelled.

However, when Yan Wei looked at Omi at the moment, he did not quell his anger at all, he only knew that his big wedding was messed up by this Omi and became a joke to the whole world, he looked at Omi and was so angry that he wanted to kill him, but Yan Wei did not do it right away.

Omi looked at the few people in Chang Song Valley and said, "Who just said that they wanted to dip into a pigsty?"

Tibetan Civilization snorted, "Like I said, shouldn't you dogs and girls be immersed in pig pens?"

"Hmph, ridiculous, your grandson is not worthy of Yan Wu Yue, and you're still saying shameless things here."

Cang Wen Ming was furious, "My grandson's engagement to Yan Wuyue was facilitated through the Famous Sword Villa's marriage proposal competition, if it wasn't for Yan Wuyue's sake, do you think that with my grandson's talent, he would be able to see this lowly woman Yan Wuyue?"

"Alright, don't bite a bitch, in short, the marriage contract between Tibetan Baiqiu and Moonless is off, so let's all get along."

"Ridiculous."The man beside Tibetan Civilization shouted, this man was Tibetan Bakuqiu's uncle, and his martial arts realm was also the first level of the Unity Realm Completion.

"Then go home and laugh slowly."

"I'll kill you, you traitor."Tibetan Bakuqiu's uncle killed Omi with a knife.

Also at the Unity Realm Perfection, Omi didn't even need to waste any strength, he just slapped his opponent out of the palace and flew down the mountain a few hundred meters away, as the palace was built on top of the mountain.

"Ah."The crowd was horrified, Omi had so easily slapped a strong man of the same realm and sent him a few hundred meters away, which an ordinary person wouldn't be able to do.

"Yay, good fight, Uncle Omi, you're amazing."Speechless forgot about the fear just now and patted.

Because of the fact that Speechless Moon had one mouthful of Uncle Omi, none of the many people present treated Omi as a young man, and some of them even secretly cursed Omi for eating young grass with an old cow.However, Omi's palm strike sent an expert of his level flying hundreds of meters, which also shocked the people present.

"You."Tibetan Civilization saw his son fly away by Omi's palm, he was both angry and horrified, yesterday when they came back they said that Omi had injured Tibetan Baiqiu's father, he still didn't

believe it, thinking that Omi had dumped some conspiracy trick, but it turned out that Omi's strength was really not simple.

Omi looked at Tibetan Civilization and asked, "What? You want to do it too? Or do you think I'm bullying your son? We are all at the first level of Unity Realm Perfection, your son is so unbeatable, you need to go back and write a good review of how you taught your son."

"Omi, I won't lay a hand on you, although you and the slut have hurt my grandson's feelings, but in order not to destroy the relationship between our Long Pine Valley and the Famous Sword Villa, I won't lay a hand on you, otherwise, when I caught the rape on the spot yesterday, I would have killed you. Now, I just want to ask the Famous Sword Villa, this pair of adulterous/husband/wife is right in front of us, what does the Famous Sword Villa want to do about it?" Tibetan Civilization's eyes looked towards the Famous Sword Villa's Zhuang Master couple.

The Master and his wife of the Famous Sword Villa were angry and helpless in the face of Tibetan Civilization's aggressive gaze, in front of so many people, this was to force him to deal with the adulterer/husband/wife, the adulterer was just fine, but the other one was their granddaughter.

So, for a while, the owner and his wife felt quite embarrassed to kill only the adulterer, for fear that Chang Song Gu wouldn't, inciting the people at the scene to say that the Famous Sword Villa was selling its reputation.
