

Chapter 926

Right at this moment, Words of Intention, who had already been unable to hold back his anger, said loudly, "Grandpa, let me handle this matter."

"Intentional, this."

"Grandpa, today is my big wedding, I'm the protagonist of the day, I should have held the wedding ceremony happily, but it's been disturbed by this, so today's matter should have been left up to me, let me handle it." Words were not intended to be loud.

The Master of the Famous Sword Villa nodded his head, this was the best, let Zhi Intentional deal with it, even if it was handled unfairly, no one would say anything, even if Zhi Intentional was biased in favor of his sister, no one would accuse him with his identity as a special genius.

"Then, Intentional, you can look after today's matter." The Master of the Famous Sword Villa said.

With his eyes already full of anger and his eyes locked directly on Omi, there was no doubt that the anger of Yangyin was going to be directed at Omi today. He couldn't blame Chang Song Gu for deliberately causing trouble, because his sister did steal someone, so all the sins must be borne by this adulterer.

Omi saw that Words of Intent was looking at him very angrily and was secretly happy anyway, "Haha, I originally wanted Words of Intent to take the initiative to provoke me, but now it seems that Words of Intent is really going to deal with me, well, that's for the best."

Sure enough, Yan Wei Intentional stared at Omi and said, "You shameless dog man, my sister is young and ignorant, you have lived for a long time, attempted to old cow eat young grass, seduced my sister, caused a gap between my Famous Sword Villa and Chang Song Valley, also ruined my big wedding, you are the culprit, today, I Yan Wei Intentional will definitely take your life."

Yan Wuyue was busy saying, "Brother, please don't kill Uncle Omi."

Omi also immediately pretended to say, "Yangyin, I'm in true love with Moonless."

"I pooh, you're enough to be my sister's father and still talk about true love, you shameless thing." Yan Intentional said angrily. Remember the URL . kanshu8. net

Omi smiled, "Then, what do you want."

"I have said that I will kill you today, although my sister is also at fault, but my sister is young and ignorant, she only made this mistake because she was lured by you, an outlaw, so my sister can be forgiven, but you can't."

When the crowd heard Yangyi say that, they also felt that Yangyi had handled the situation fairly, and the Master and his wife of the Famous Sword Villa were also very satisfied with Yangyi's handling of the situation, in this way, although the Famous Sword Villa had lost some of its face, it was also able to properly save some of its face when handled properly. It was just that Nagatsugu wasn't very satisfied, but the crowd was satisfied, and Nagatsugu couldn't toss it any more if he wanted to.

"Hahaha." Omi laughed out loud.

Speechless Moon blocked in front of Omi and pleaded, "Brother, please, don't hurt Uncle Omi, my Uncle Omi is sincere."

"Moonless, back off, I want to kill this adulterer who is harming your innocence." Speechless yelled.

Omi said, "Moonless, you stand down, I also want to have a go at the world-famous Yangying, to see if he's really so awesome."

Speech Intentional snorted, “Dog Man, I only said to kill you, not fight you, with you, you are not worthy of fighting me.”

“Oh, how unworthy?”

A person from the Famous Sword Villa beside him said, “My Prince, is a special genius, what are you, worthy of fighting my Prince? Although you are also at the first level of Unity Realm Completion, you are by no means on the same level as my gongzi.”

>

“Hahaha.” Omi laughed out loud, the laughter was filled with mockery, Omi had endured it for a long time.

At this time, Speechless Moon said to Omi, “Uncle Omi, you’re still running away, I’ll stop my brother for you, you’re no match for him, he’s a special genius and spikes his opponents at the same level.”

Omi said squarely, “Moonless, don’t call me uncle.”

“Ah, why?”

Omi looked at Wordsmith and then said word for word, “Because, I’m only a year older than you, I’m only 21 years old, how can you call me uncle.”

“Ah.”

“Wow, is that true or not.” The entire crowd in the main hall was stirring and talking, Omi is only 21 years old? However, almost everyone was in disbelief.

“Hahaha, hahaha, ridiculous, ridiculous.” Yan Yi laughed loudly and said, “If you’re only 21 years old, then I’ll write the three words Yan Yi backwards, and you won’t even look at what you are, I pooh.”

Omi snorted, “I’m not, I don’t need to prove it to you, since you want to kill me, that’s just right. From the moment I stepped into the Famous Sword Villa, your great name as well as the legendary story, I’ve been hearing cocoons, and I’m really a bit impatient to hear it. So, I’m also eager to learn from you, by the way, I heard that you still have two extraordinarily talented friends, call them out and come together, so that it will be more interesting.”

“What did you say?” Words didn’t mean to burst into rage.

The two Extraordinary Geniuses were also suddenly furious.

Who didn’t know that every one of their Special Grade Geniuses was a proud son of the heavens and unattainable as a human being. However, Omi actually let Speechless go with the other two Extraordinary Geniuses.

In the palace, not only were the two Special Grade Geniuses angry, even the guests trembled in fear.

Speech Intentional said furiously, “To kill you, one hand is enough for me.”

In his eyes, the killing intent was soaring, never in this life had he been so eager to kill someone as he was today, as he had never suffered this kind of excitement of being ignored before, he, he could kill this madman with a single move.

“Buzz.” Words of Intent’s sword was very playful and subtle, the sword Qi, which almost condensed into a thread, was very tough and unmatchedly strong in attack.

However, Omi stood in place, not even moving a single step.

Omi's punch simply blasted out, seemingly with great fluidity and simplicity.

The power of Omi's punch was naturally 100,000 jin, although this 100,000 jin punch did not precisely strike at the body of Wordship, Omi felt that it was enough, Wordship was after all only a first level of Unity Realm Completion, the same level as him, if it struck him, Omi was really afraid of killing him.

“Boom.”The power fist field carried on that fist was like a magnetic field, invisibly shattering all of Speech Intention's attacks and pushing them hard towards him.

“Wow.”Speech Intention's body felt like it was violently pushed backwards by an invisible force, the sword in his hand came off and his body flew backwards uncontrollably.

After the blink of an eye, with a thud, the body flew backwards onto the stage at the back of the main hall, spoiling the wedding setting.

“Ah.”The whole place was shocked.

At this moment, the entire palace was silent.

927

Speechless Moon seemed to look at Omi as if he didn't know Uncle Omi at this moment, as if he was a stranger.

Even the owner and his wife of the Famous Sword Villa seemed to be dreaming when they saw Omi blow his grandson away with a single punch so lightly, his grandson, but a special genius ah, a special genius could also blow away with a single punch so easily, wasn't this a dream?

The palace was also silent for an unknown length of time, and suddenly one person laughed out loud.

“Hahaha, powerful, indeed, just now I didn't believe that you were only twenty-one years old, but now, I kind of believe it.” A strong man laughed out loud.

Omi looked at the strong man, but didn't recognize him.

And when the others saw him, they all paid their respects and said, “Greetings to the Old Villa Master.”

“Meet the Old Villa Master.”

That's right, the person who suddenly appeared out of nowhere was the Old Villa Master of the Famous Sword Villa, which was one of the thirty strongest people in the entire world who had stepped into the peak of the Unity Realm.

Right now on the scene, he was the strongest and the only strongest person on the scene at the peak of the Unity Realm Great Perfection.

With so many great figures on the scene, there was usually no chance to see such a powerful person.

Today, the world's strongest Unity Realm Grand Perfection peak was appearing before everyone's eyes for the sake of Omi. A second to remember to read the book

“Father.”The Master of the Famous Sword Villa was busy calling out, not to mention others, even he hadn’t seen his father in ten years.

However, the old villains ignored no one, walked up to Omi and smiled, “What’s your name?”

“Back to Senior, Senior’s name is Omi.”

“Omi, not bad, you’re strong, I, Xuan Sun, am not on the same level as you at all.”

“Senior is overpraised, Senior has no intention of hurting my Xuan Sun, it’s just that Senior is helpless.”Omi said falsely, of course, others didn’t know that he was speaking falsely, Omi had withheld his strength and talent until now, others still thought that Omi was too low-key.

Right at this moment, Words of Intent yelled, “Ahhhhh.”

Words of Intent’s eyes were red, today he had a big wedding ah, being made to be like this, even a sane person would lose control, not to mention that he wasn’t a sane person at all, he was instead a proud and complacent person.

Speechless raised his sword and roared, “I’ll kill him, Green Cliff, Yue Tianhua, you two come out, together, follow me and kill him.”

Everyone looked at Words of Intent.

The two men named Green Cliff and Yue Tianhua were in a dilemma.

The old lord of the Famous Sword Villa shouted, “Intentional, you’re no match for Brother Tang, so don’t retreat.”

“No, he made me sweep the floor in name, I want to kill him.”

“No one asked you to sweep the floor in name.”

“It’s him, I want to kill him.” Words of Intent was out of control inside as soon as the thought that no one would probably like to hear his legendary story anymore.

“Green Cliff, Yue Tianhua, are you my friends, if so, join forces with me and kill this dog man.” Words didn’t mean to shout.

“Bastard, retreat.” Old Villa Master shouted.

Omi smiled, “No, Senior, let them join forces together, three extraordinarily talented people together, perhaps, really can kill me.”

Old Villa Master saw that Omi had said that, he didn’t say anything else, his body moved and retreated to the side.

The other two Extraordinary Geniuses, Green Cliff, and Yue Tianhua, immediately walked up to Wei Wei and prepared themselves for battle, vowing within themselves that they would definitely beat Omi down and earn back some face for Wei Wei and for them as well.

“Go.” Speech Intention shouted, then went to kill Omi.

The other two Extraordinary Geniuses didn’t hesitate either, and each used their divine power techniques to charge up.

Omi looked at the three, not very scrupulous in his heart, after all, of these three, two were of the same level and one was a lower level, Omi didn't believe that he would even fight one level lower!

No win.

Omi had just used Hercules once already, and now he could only use it once.

However, this time, he was facing three people, so Omi had to be cautious in using it, otherwise, if he couldn't defeat three at the same time, it would be dangerous for Omi.

“Swoosh.”

“Buzz.”

All three of them's attacks were very fierce, ordinary people definitely couldn't practice at this level, and they were worthy of being special geniuses.

Omi's body flashed as he performed the Ghost Wheel Determination at once.

However, only then did Omi himself realize that in the face of the three people's attacks, he was able to narrowly avoid the range of the attack.

Omi trembled a little.

Can't hesitate anymore, the longer he entangled with them, the more disadvantageous it would be for Omi, he must be the fastest, use his Herculean Power, blow away with one punch, the three of them can't resist Omi's Herculean Power at all.

A few seconds later, Omi seized the best opportunity and blasted out with his Herculean Divine Power Fist.

“Wow.”

This time, they were facing the entrance of the main hall with their backs to the door, Omi’s powerful punch suddenly blasted the three of them out of the main hall and flew down the mountain.

“Wow.”The crowd was stunned, as Omi fought them for just a few seconds.

Omi’s internal strength was suddenly depleted.

This Hercules was powerful but also consuming, and no one at the same level, regardless of whether he was a genius or not, could block it, which was the reason why Omi was so powerful.

Now that Omi didn’t have the Herculean Divine Power, with his saber technique, although it was also powerful, it was estimated that he would be able to easily defeat Speechless, but, it definitely wasn’t as dry and sharp as the Herculean Divine Power.

“Accept it.”Omi could only arch his hands to the crowd, since those three people had blown down the mountain.

“Pah-pah.”Everyone applauded, looking at Omi with eyes full of adoration.

Among them, the Emperor of the Yanhuang Empire immediately ran out and shouted, “Everyone, everyone, Omi is from our Yanhuang Empire, oh.”

“Wow, the Yanhuang Empire has such a genius character.”

“Hahaha, that’s right, Omi is the pride of our Yanhuang Empire, I believe that Omi will one day become the strongest person in our Yanhuang Empire.” Yan Long said with a face full of vanity, the Master couple of the Famous Sword Villa had previously treated him with a bit of contempt, but now he felt so browbeaten and in Omi’s good graces. Yan Long sighed deeply inside, making peace with Omi in the first place was the right choice in life.

Omi was almost done with his appearance as he saw fit.

Omi said to the Master and his wife of the Famous Sword Villa, “I am sorry to disturb your grandson’s wedding, I am willing to take responsibility for today’s matter, if there is any punishment, feel free to come to me, I am still living in your Villa Wuling, I will take my leave first.”

Omi nodded to the old villa master again, then turned around and left, no one dared to stop him.

Omi’s goal had been achieved, it was not suitable to stay any longer.

Omi flew back to Wuling Villa, what would happen next, Omi didn’t know, he wouldn’t know until after the end of the wedding of Words of Intent, but it was very certain that Omi was halfway to his goal, and the Old Villa Master of the Famous Sword Villa, should still come looking for Omi.

Omi lay on the roof and closed his eyes to rest.

Just at this moment, a man flew in.

“Omi, Omi, it’s not good.”

“What’s happened.”

“It was hard to rearrange the scene and continue the wedding ceremony, but, when it was time to pay our respects, that bride suddenly said that she wasn’t getting married.”

“Why not?”

“I don’t know, Speechless has just vomited half a kilo of blood.”

“Ah, it’s that bad.”

928

“Oh, what a bummer.” Don still closed his eyes and left things high and dry.

However, after a few more minutes, the black bar flew in.

“Brother Tang.”

“Uh, Brother Black Bar, what do you want from me?”

“I’m really sorry, something happened over at the main peak.”

“Oh, I heard, that what kind of bride said she suddenly stopped marrying, and Words didn’t mean to vomit half a kilo of blood.”

“Oh, I’m sorry to make you laugh.”

“But, you came over to see me on purpose just to say that you’re laughing?”

“No, Brother Tang, that, the bride suddenly said that she wanted to say a few words to you.”

“Hahaha, Brother Black Bar, don’t be ridiculous, I don’t know the bride at all, didn’t the person who officiated the wedding before say that the bride is in her thirties, I don’t have any female friends in their thirties.”

“Brother Tang, although I don’t know why, could you please do me a favor and go meet the bride.”
First URL m.kanshu8.net

“Alright, then I’ll go take a look.”

Omi flew to the main peak hall again.

Before Omi entered the main hall, he heard someone inside say, “Intentional, stop vomiting, you’ll die if you do.”

It seemed that the half kilogram of blood that Speech Intentional vomited was really not an exaggeration.

Omi walked into the main hall and everyone looked at Omi.

The wife of the Master of the Famous Sword Villa immediately said in anger, “Omi, what exactly did you do to my grandson’s daughter-in-law?”

Omi said unhappily, "Troublesome Lady Zhuangzhi don't throw all kinds of problems at me, I still want to know why."

When the bride saw Omi coming, she immediately tidied her hair, then walked up to Omi and looked at him with a longing gaze.

Omi also looked at the bride.

Omi didn't know this person at all.

"Are you looking for me?" Don Tzu-Chen said.

The bride said, "Don Omi, can we talk about it?"

"Oh, I don't think I know you, why do you want to talk to me."

"Yes, it's true that we don't know each other, but, I suddenly don't want to marry Wordsmith, it does have something to do with you."

"Nuts, don't pull everything on me, I don't want to make an enemy of the Famous Sword Villa."

"Omi, I see that you seem to like Speechless Moon very much." The bride said.

Omi looked at the bride and said, "Yes."

Next to her, Speechless looked happy, but in the next second, Speechless suddenly realized that it was impossible for someone as good as Omi to like her, all due to the Three Leaves Love Flower Poison, so there was nothing happy again.

The bride said, "Omi, in terms of looks, I'm half a catty or eight in any case with Yan Wuyue, and in terms of talent, I'm a super genius, so if you would like Yan Wuyue, you should also like me even more, so I'm not willing to marry Yan Wuyue just like that, I want to fight for it. I'm so much better than Wordswept Moon, I have to fight for myself."

"Hahaha." Omi sort of understood why the bride suddenly didn't want to marry, because she saw that Omi would even like Speechless Moon, and she, who was so much better than Speechless Moon, so she was unwilling to marry Speechless.

Omi said, "Miss, do you know that if you say that, it will make everyone think that I'm better than Yangyue, how can you embarrass Yangyue, he's at least a special genius."

The bride said, "Isn't this nonsense, whether you're appearance or talent, or martial

I only want to fight for myself, even if I make this marriage yellow. Omi, you like all of the words Wu Yue, I can't find any reason for you not to like me, between me and Yue, you should not hesitate to choose me, I implore you, think it over. Truth be told, I, I fell in love with you at first sight."

"Pfft." At this time, Speechless spat out another mouthful of blood wildly.

Throughout the main hall, many people immediately began to point fingers.

"Why is this person so shameless."

"Already at the worship ceremony, and still falling in love at first sight with another man."

“I haven’t seen this kind of person in all my life.”

However, the bride didn’t seem to be afraid of other people’s comments, she felt that she had the right to pursue someone better, even if she was about to get married.

“Omi, please.”

“Oh, friend, you’re trying to make the Famous Sword Villa hate me,” Omi said.

“I’m definitely better than Speechless Moon, if you even like her, then there’s no reason not to like me.”

Omi said, “Can you let me take your pulse?”

“Yes.”

Omi immediately took the bride’s pulse.

After a minute, Omi said, “Alright, you do have good roots, but unfortunately, I’ve fallen in love with Wordswept Moon, sorry.”

“No, I don’t believe it, Omi, as far as I know, you’ve only known Wordswept Moon for a few days, otherwise, I wouldn’t have risked confessing to you.”

“Uh, yes, it was indeed a few days, but what does that have to do with anything?”

Omi turned around and wanted to leave.

Omi wouldn't have come over if it wasn't for the pleading of Big Brother Black Bar, this bride, there was really nothing else to say, how could Omi possibly look at her.

"Omi." When the bride saw Omi was leaving, she immediately grabbed Omi's arm and seemed to be in a hurry.

"Let go of me and finish your wedding well, words are not bad."

"No, Omi, I just want to know, why don't you like me? There's no reason, if you don't tell me why, I, I won't let go of you."

Omi was cornered and said, "Don't push me."

"Since I've done this in public, I'm not afraid to push you, tell me why you don't like me, I have no reason to be worse than Speechless Moon."

Omi said, "Okay, if you really want me to tell you, then I'll have no choice but to tell you, I just took your pulse and I found out that you had an abortion about three years ago."

"Ah." The bride was stunned that she could know about three years ago.

"You, how did you know." The bride blanched a bit.

"Pfft." Yangyi, who had a hard time stopping spitting blood beside her, suddenly spewed another mouthful of blood wildly, pointed at the bride and said, "You, you, you still say you're a virgin, poof." After saying that, another mouthful of blood spurted wildly.

The entire palace was suddenly talking and stirring again.

The bride also seemed a bit embarrassed and asked Omi, "Is that the reason you don't like me?"

"No, the physical damage to your body from an abortion is almost zero, so why would I mind, it's just that if you don't like it, you don't like it, and there's no reason for it. It's like I like Wordsmith Moon, there's no reason for it, I don't even know why I like her myself." Omi said.

Next to her, Speechless Moon bit her lips, she was starting to feel a bit self-conscious inside, using Love Flower Poison on Omi, Omi had made this very clear, he didn't know why he liked it, it was because of Love Flower Poison ah. Of course, this was all just self-consciousness on the part of Speechless Moon.

929

In fact, Omi could also use this reason to pull away after helping Mu Qianji obtain the Buried Moon Sword in the future.

"I'm sorry, go ahead and continue paying your respects with Wordshift, I wish you happiness." Omi shook off the bride's hand and walked out of the main hall.

The bride didn't pull Omi again, her gaze was dull as she looked at Omi's back, she had indeed fallen in love with Omi at first sight, after thinking about it for a long time, she finally made up her mind to fight for herself the moment she was about to pay her respects, she had thought that it should be very possible with her.

The Master of the Famous Sword Villa sighed sadly.

Although this matter was not directly caused by Omi, it was also indirectly caused by Omi.

If Omi hadn't been too brilliant and made the bride fall in love at first sight, this wouldn't have happened.

Seeing Omi leave, the Zhuang Master said, "The worship ceremony, continue."

Speechless laughed out loud, his voice filled with sadness, his body swayed and looked like he was about to fall, probably because of the anger, plus the vomiting of blood.

"You, you, you still lied to me about being a virgin, you liar." Words didn't mean to point at the bride.

The bride took off the flower she was wearing on her head and humphed, "Omi was right, I did have an abortion three years ago, but so what, Words of Intent, how dare you say you've never touched a woman? This marriage has no meaning anymore. Words are not intended, let's say goodbye to it." After saying that, the bride threw the flowers away, turned around and walked out of the main hall, the crowd was dumbfounded.

Speechless saw the bride really want to leave, and shouted, "No, don't go, actually, I don't mind that you had an abortion at all, I, I'm just venting casually." Remember the URL .kanshu8.net

However, the bride didn't have any intention of staying.

The Zhuang Master raged, "No Intentions, will you behave yourself."

"No, ahhhh," Yangying didn't intend to yell, "Omi, Omi, I'm not done with you, oooooh." Speechless fell to the ground and cried out.

The bride, on the other hand, had flown away into the distance.

Omi also saw the back of the bride flying away, his heart was incomparably depressed, such a dogged thing, but actually let him run into it, this is good, speech intention must have hated him to death.

The Master of the Famous Sword Villa said to the guests, "Dear friends from afar, sorry for making you laugh, today's wedding banquet has been prepared, please go eat first, sorry."

Everyone said, "I have some things to do at home, I'm going home first, so I won't eat."

"Oh my, I F*cking suddenly remembered, my clothes at home haven't been confiscated yet, I'll go back first to collect them."

"Go go go."

So, boom, all the guests had gone all at once.

People's weddings were gone, so naturally everyone couldn't have any more wedding banquets, so it was only right to leave quickly.

A big and splendid wedding, fell apart, one moment the hall was packed with people, the next moment there were only people from the Famous Sword Villa itself.

A few of the servants looked at the villa's master in six different directions and asked, "What should we do now, villa master?The banquet has been prepared."

The Zhuang Master looked at Wordsmith, who was sitting paralyzed on the floor, and said, "Don't disturb me, I want to be quiet."

"Yes."

Omi and his friends, went to the back of the main hall, where hundreds of feasts had already been prepared, but there was no one there, except for a few kitchen servants.

Omi said, "Get ready to eat, it's too bad no one is eating so much delicious food."

Although the wedding of Speechless was gone, it didn't affect Omi's appetite.

"Everyone, come on.

Cheers." Omi said holding up his wine glass.

Xu Mei Qian said, "Shh, keep your voice down, it's just a dozen of us eating here now, and we're still so loud."

"Hehe, apart from us, it's the kitchen servants here, the others aren't even in the mood to come over to eat, so let's fill up the wine, feel free to drink." Omi said.

Indeed, the Master of the Famous Sword Villa didn't even come, and the others didn't dare to come over to eat.

So, in the huge banquet hall, only Omi's dozen or so people were eating very high there.

Halfway through the meal, a servant came over and said, "Senior Tang, the old villa master has an invitation."

"Uh, Old Villa Master."

“Yes.”

Omi put down his wine cup and immediately went forward to meet Old Villa Master.

Omi had guessed correctly, Old Villa Master would definitely see Omi again.

In a tea room, Omi met Old Villa Master.

Old Villa Master looked very old and looked like he was about to go into a coffin.

“Pay your respects to Senior.”

“Brother Tang, no need to be polite, I suddenly called you over, I didn’t disturb your meal, right?”

Omi said, “Uh, I’m sorry, your Xuan Sun’s wedding is gone and I’m still eating and drinking there, it’s really disrespectful.” Omi said disingenuously.

“Hahaha, Brother Tang, when you live to be my age, you’ll know that these are just insignificant extraneous things.”

“Uh, Senior seems to be very reasonable.”

“Alright, sit down, let’s have tea and chat.”

“Good.”

Omi sat down, and Old Villa Master poured a cup of tea for Omi.

Old Villa Master said, "Brother Tang, I'm really envious of you."

"Uh, what does Senior envy me for, I also envy Senior, the whole world, the thirty strongest people who have stepped into the pinnacle of the Unity Realm." Omi said.

Old Villa Master's gaze was filled with sorrow, "Unfortunately, my life has come to an end, no matter how strong I am, what can I do, it's truly a sunset, just nearing dusk."

Omi looked at the old vassal's gaze and suddenly thought of his master uncle.

Back then, his master uncle seemed to have the same look in his eyes.

It was a sentiment that only someone whose life was about to come to an end would give out, and although he was already standing in the top thirty columns of the world, it meant that the lifespan wasn't long either.

"Senior seems to be very reluctant to die." Omi said.

"Hahaha, Brother Tang, don't you think I can see through life and death, no, the more powerful I become, the less I can see through it. The day of my great limit is getting closer and closer, my death won't be long, I really don't want to die, I've spent countless nights thinking, if the heavens drape the curtains and let me suddenly have an epiphany, transcend the realm of unity and step into the next mystical martial realm, then I won't have to die, at least I'll be able to live for another few decades, even a hundred years."

Omi sighed, in fact, if Omi wanted to save him, he could have the Emperor Worm him on his body, and that would allow him to live for another few decades.

However, it was impossible for Omi, who was not related to him, to give him the Emperor Worm.

Although, the Emperor Worm meant very little to Omi, as Omi had already taken one, and taking it again would have no stacking effect and would be tantamount to a waste.

At this time, Omi suddenly felt that the Old Villa Master was staring at him with his gaze, looking at Omi uncomfortably.

Omi's heart thudded, secretly saying, "Old Villa Master must not know that I have the Emperor Bug on me, right?"

930

"Why is Senior looking at me like that?" Omi asked.

"Tell me honestly, what are your intentions in coming to our Famous Sword Villa?"

"Senior is joking, what attempts can I make."

"Don't be nervous, I'm not going to do anything to you, no matter what your intentions are, you might as well be generous and tell me, if I can do it, I might as well satisfy your intentions. Don't tell me no, with your talent, it's impossible for you to look at my Xuan granddaughter, Speechless Moon, then you must have an intention, don't tell me that you've been hit by the Three Leaves Love Flower Poison, there's no such poison in the world."

“Uh.” Omi had the feeling that there was nothing to hide, in that case, it would be impossible for Omi to help Mu Qianji obtain the Buried Moon Sword.

“Hahaha, Senior is truly a visionary.”

“Tell me, for what.”

Omi said, “Since that’s the case, I’ll tell you, a friend of mine, I heard that there is a sword buried underneath your Famous Sword Villa, called the Buried Moon Sword, and she really wants to obtain it. I heard that there is another entrance, and I am the one who helped her to explore the other entrance.”

“The Buried Moon Sword, it turned out to be a runner, unfortunately, it is a sword full of toxicity, it was forged using a meteorite from outer space, my ancestors only knew it was an evil sword after it was cast, and for that, my ancestors died multiple times. Unfortunately, they buried the sword underground and never let anyone take it out. Although this Buried Moon Sword is an unparalleled treasure, it cannot be used.”

“I don’t care about that, that friend of mine she is a genius poisoner herself, the same age as me, she is already a fifteen-grade poisoner, she said she can control it.”

“So now that I’ve figured out what you’re up to, what are you going to do?” One second to remember to read the book

Omi said, “Since my purpose has been revealed to you, I can only regret that I have to show that she is not destined for the Buried Moon Sword, and I will leave it at that.”

The old vassal said, “The Buried Moon Sword has been buried beneath my famous Sword Villa for hundreds of years, and even I have never seen the real thing, but if it weren’t for the words of my ancestors, I would have wanted to see it. Omi, tell that friend of yours that this sword is an evil sword, not suitable for her.”

“Oh.” Omi hesitated and said in his heart, “Forget it, helping people to the end, I’ll trade the Emperor Worm for the Burial Moon Sword? The Emperor Worm is no longer of much use to me anyway.”

“Senior, that friend of mine is very eager to obtain the Burial Moon Sword.”

“Impossible.” The Old Villa Master directly refused and looked at Omi as if he had a warning in his eyes.

Omi said, “Senior, what if I am willing to exchange it for a treasure?”

“Nor is it possible.”

“Senior, you just said that the day of the great limit will arrive soon, if I can let you live for another few decades, or even a hundred years, are you willing to exchange?”

The old lord’s body trembled.

“Make your words clear.” Old Villa Master’s voice trembled, and Omi knew that he simply couldn’t refuse the temptation of life, the more he was about to die.

“I wonder if Senior has heard of the Emperor Worm.”

“Emperor, Emperor Worm?”

“It seems that Senior has heard of it.”

“Isn’t the emperor worm a legendary thing?It doesn’t exist at all, it was made up by someone else in the ancient times.”

Omi said, “No, no, no, it’s true, to tell the truth, I was fortunate enough to obtain two Emperor Insects, one of which I took, and I still have one left.Unfortunately, the effects of the Emperor Worm cannot be stacked, that is, after eating one, and then eating the second one

There’s only no point, it’s pure waste, that’s why I’m willing to exchange the Burial Moon Sword.Of course, the most important thing is that I’m quite fond of Senior, so it’s a half-gift, half-exchange.”Omi lied that he had gotten two of them because he didn’t want to cause any complications.

“There really are, there really are.”Old Villa Master looked at Omi in excitement.

“Yes, there really is one, what does senior mean.”

“You first show me the Emperor Worm.”

“No, Senior shouldn’t be such an unreasonable person, if I dare to cheat, I don’t think I’ll be able to leave here alive.”

The old vassal nodded, “Good, then you go and call your friend here, we’ll go into the ground together and take out the Burial Moon Sword.”

“Good, there’s no time to lose, I’ll go and call her now.”

Omi immediately went to call Mu Qianji over.

Not long after, Mu Qianji arrived at this tea room.

Mu Qianji was touched to hear that Omi had exchanged the rare Emperor Insect for the Buried Moon Sword, and even, Mu Qianji felt unworthy. However, having said that, Omi was also a half-gift and half-exchange, and there was no room for redemption, even if he wanted to go back on his word, I'm afraid the old villains wouldn't let Omi leave alive. Moreover, although the Emperor Worm was precious, its main function was to increase lifespan as well as strengthen the meridians, both of which were of little significance to Mu Qianji.

"You must be that friend of Omi's." Old Villa Master looked at Mu Qianji and said.

"Yes."

"Omi is very good to you and is willing to exchange the Exalted Treasure for the Burial Moon Sword, you know that."

Mu Qianji looked at Omi and said, "I know."

Mu Qianji was indeed quite touched, the first time Omi was so good to her, thinking about how many touching things she had done to Wind Lightning in the other world, he was indifferent. Mu Qianji felt that perhaps Omi was trying to make it up to her out of guilt.

"Let's go, into the underground."

Omi, the three of them, immediately entered the underground of the Famous Sword Villa, the entrance was in the old Villa Master's room.

Omi asked, "Senior, take the liberty to ask, where is the other entrance?"

“The Famous Sword Villa was rebuilt in the past, so the other entrance was in the main peak hall before it was rebuilt, but it has long been closed, and even if you guys knew the location of the other entrance, you’d have to dig for a long time, and digging for so long, you’re bound to be discovered.”

Omi, the three of them, followed the underground passage and went down about hundreds of meters deep, and saw a larger cavity, and at the side of the cavity, a bag of dirt bulged up like a tomb.

Old Villa Master said, “The Burial Moon Sword is buried there, the sword is highly poisonous, so I’d better not go over there, you guys go dig it out yourselves, I’ll wait for you on the ground.”

After saying that, the old villains rushed up to the ground along the passage that came down.

Mu Qianji immediately went up and started digging for the Burial Moon Sword.

In a short while, he dug into a wooden box, through which a faint purple light was emitted.

“It glows?” Omi said.

Mu Qianji said, “Omi, you’d better go farther away, in case it really is highly poisonous and doesn’t hurt you.”

Omi asked, “Now have you studied thoroughly why the sword is poisonous? Do you know how to protect against that poison?”

“I don’t know.”

“If you don’t know, then don’t open it until you’ve studied it thoroughly, and you must promise me.”
