

## Chapter 975

“No way, you really want to enter the palace.”

“What if I don’t, I came back to Wangjing City just to kill the Wang Qi brothers.”

“But you don’t have to be in such a hurry, you’re not confident enough to face Wang Qi in your martial arts anyway, so why be in such a hurry, if you enter the palace and let Wang Qi discover the secret passage and track you here, wouldn’t it be the end of the game.”

“Don’t worry, I’m not that bad yet, and I don’t think Wang Qi will be able to discover me, alright, I’ll enter the palace tonight and kill one of Wang Qi’s brothers, after that, every night.”

Yan Long was helpless.

That night, Omi went through the secret passageway to the direction of the palace.

A few thousand meters later, Omi crawled out in one of the ruined palaces of the imperial palace.

Yan Long followed Omi, or else Omi wouldn’t have known how to get out of the mechanism at the end of the secret passageway.

“This is one of the main halls of the palace, it used to be a cold palace.”Yan Long said.

Omi asked, “How far is this place from Wang Qi’s sleeping quarters?”

“The bedchamber where Wang Qi lives is just ahead.” A second to remember to read the book

“Holy shit, so close.”

“Yes, that’s why I said, it’s dangerous, maybe Wang Qi is already watching us in the dark now.”

Omi said, “Yan Long, go back first, you will influence me here.”

“My realm is not lower than yours, what makes you think that I will influence you.”

“If you don’t want to die, go back, I know the Turtle Breath Technique, you can do it without breathing at all, can you?”

“All right.”Yan Long returned to the secret passage without interest.

Omi immediately applied the Turtle Breath Technique, making himself completely breathless, not even a heartbeat existed, or an extremely faint presence, if anything, Wang Qi could only discover Omi through his eyes.

When Omi walked out of the main hall, there were a few servants on night patrol in front of him, sitting in a pavilion and dozing off.

Omi walked up and immediately spotted one of them, then dragged them to the side to perform a mesmerizing technique.

“Say, where does Wang Qi’s brother live?”

“The Holy Ghost has many brothers, which one are you asking about?”

“Whichever one is closest to me.”

“There’s an Evergreen Garden on the left, where three princes live, all three of whom are brothers of His Majesty. They are named Lian Meng, Gao Qin, and Jedav.”

“Very well.” Omi ended his enchantment and that servant proceeded to doze off.

Omi arrived at the Evergreen Garden.

It was now late at night, and apart from the night patrol, there was only snoring.

Omi entered the Evergreen Garden quietly.

There were indeed three strong people living in the left and right rear directions of the Evergreen Garden, but all three of them were at the Unity Realm Perfection level.

This was best, the ones at the Unity Realm Perfection level, Omi could kill them in the blink of an eye, while if they were at the Unity Realm Perfection level, Omi would have to waste a bit of effort, perhaps alerting Wang Qi.

Omi arrived at the door of one of them and walked in.

“Who are you.” The man woke up.

“Shoo.” Without saying a word, a kitchen knife flew out, and suddenly, that person was cut in two by Omi, as if slaughtering a pig, and finally broke into two halves.

Then, Omi went to the other two separately and killed both with the same ease.

“Withdraw.” Omi wasn’t greedy, killing Wang Qi’s brothers, one by one, not all at once .

Wang Qi should be given enough time to torture himself, and then finally kill him for revenge when Omi possessed enough confidence to go head to head with him.

Omi returned to the secret room, Omi made sure that no traces were left behind, otherwise it would be game over if he tracked down the secret room below the mausoleum.

The next day, Wang Qi stood at the entrance of the main hall early in the morning, and a brother came to report.

Wang Qi asked, “Have you searched out Omi’s burial place yet?”

“Brother, not yet, the person who killed Tuo Lei has no trace of him at all, it’s as if he hasn’t appeared at all, I don’t even know if it’s Omi who has come back for revenge or not.”

Wang Qi snorted, “It must be him, the more you can’t find a trace, the more it means it’s him, a person who even I can’t find a trace, besides Omi, I can’t think of a second person.”

At that moment, a man came running in the distance crying.

“Black Pepper, why are you crying?”

“Captain, big brother, whimper.”

“What the hell are you crying about?”

“Brother, you guys should go to the Evergreen Garden.”

Wang Qi’s figure flashed and rushed towards the Evergreen Garden.

In the Evergreen Garden, many maids knelt on the ground and wept, of course they didn’t really want to weep, after all, the three dead princes were none of their business, but the three princes were the Emperor’s brothers, so they had to pretend to cry sadly.

Wang Qi entered each of the three brothers’ rooms and lifted the white cloth.

“Ah.” Wang Qi felt cold all over, only to see his brothers, split in half, and a shiny kitchen knife at the end of the bed, which seemed to demonstrate to him.

“Jedav, woah.” Another man who rushed in at the same moment cried out.

Wang Qi went to the other two rooms, and the bed in the other two rooms, the same way, those two brothers named Lian Meng and Gao Qin respectively, also died miserably, including Gao Qin was still naked, making it more like slaughtering pigs.

“Ahhhh.” Wang Qi shrieked uncontrollably.

“Omi, I know it’s you, come out, have the guts to settle it with me face to face, don’t be my brother in the dark.” Wang Qi shouted at the sky, the entire palace heard his voice, not only that, at least half of Wangjing City could faintly hear his roar, his roar that consumed at least half of his internal force, intending to be heard by Omi.

Omi was in the secret room of the mausoleum and had just woken up.

Yan Long laughed, "Brother Tang, did you hear that, Wang Qi found out."

"It's not like I'm deaf."

"Brother Tang, Wang Qi told you to settle it with him face to face, what do you think?"

"It's not time yet, sooner or later, when I settle this with him face to face, it will be the day of his death." Omi's gaze was cold.

Omi had killed his brother first, and that was the purpose, to make Wang Qi live in pain every day before he died.

Yan Long said, "Brother Tang, now that you've killed four of his brothers in a row, I'm afraid it's a bit difficult to go out and kill again, he will definitely guard against it all night."

Omi huffed, "Unfortunately, I'm going to pause for a while, wait a few months until he slackens off, I'll take another shot, I want him to be exhausted forever."

"You're ready to pause now."

"Yes, I'm going to search for those brothers and sisters of mine now, I don't have time to stay here all the time, it's no fun to kill them all at once, so take your time."

"So you're leaving Wangjing City?"

“Yes.”

“Or I’ll go with you.”

“Suit yourself.”

Omi disguised himself and then left Wangjing City.

Yan Long originally wanted to leave with Omi, but as a result, there were chasers everywhere outside, and Yan Long wasn’t sure that he would not attract attention one hundred percent, so he had to give up on the idea of leaving with Omi.

Omi drove the sports car by himself and left Wangjing City.

Omi must now first go in search of his siblings and let them know that he wasn’t dead yet.

However, Omi didn’t know where to look for them at the moment.

“I don’t know if Little Meng has escaped from the Ten Thousand Beasts Forest, but let’s just say I’ll go to Little Meng’s family first, if Little Meng has escaped back, I should be able to find out a little bit of news, and this place is the closest to Little Meng’s family.”

Omi took the plane and headed to where the Little Meng family was.

“Looking for who?” Upon arriving at Xiaomeng’s family, the doorman stopped Omi.

“Excuse me, is Han Xiaomeng in the family?”

“What do you want with our family Little Meng ancestor.”The doorman frowned, because the doorman was too lowly, so he couldn’t feel Omi’s strength, and because Omi hid his momentum, it wasn’t so easy to feel.

When Omi heard the gate guard say Little Meng Old Ancestor, he was delighted inside. The first website

“So, Little Meng is still alive.”

“Nonsense, how could our Little Meng ancestor die so easily.”

Omi didn’t get angry at all when he saw the gate guard’s arrogant attitude towards him, he just laughed, who let Omi be in such a good mood.

In the next moment, Omi disappeared, and the gate guard touched his head, feeling as if he had just lost his mind for a moment, and feeling as if no one had just spoken to him at all.

In fact, Omi had just used Ecstasy on him, and Omi had asked where Xiao Meng lived.

In the Han Wang family, outside a certain hilltop villa, Xiao Meng came all the way from the distance to the house she lived in.

Today, Xiaomeng, along with a few old men from the family, had just returned from a visit to another kingly family.It was because a certain one hundred years old ancestor of another family actually said that he wanted to marry Xiao Meng, and Xiao Meng flipped out.

The first thing you need to know is how to get rid of the problem of the problem, and how to get rid of it. These two years, Xiaomeng didn't even know how to live, it felt like every day was unhappy and muddled, her martial arts skills hadn't changed much, it had only been two years since she had improved to the late stage of the Unity Realm, although to the family, she was already very ungodly, even to the Yanhuang Empire.

I heard that her reputation had reached the ears of the emperor, who was Wang Qi, the head of the king's mercenary group, and Xiao Meng always still remembered that revenge. However, if the emperor really wanted to see her, Xiaomeng didn't know what to do, before she and the emperor, there was a very, very big difference in strength. If she didn't go to see him, she was afraid that her family would cause trouble. Today, when she went to visit another royal family, she had plans to plan ahead.

Xiao Meng's footsteps were a little heavy as she approached her home, this huge mountain top villa, she was the only one living there.

At this moment, in the living room of this villa, Omi was sitting there.

Xiao Meng didn't sense it in the slightest, stepping into the living room, only to see a strange man sitting there.

&

nbsp; "What are you?" Xiaomeng's eyebrows furrowed.

Omi looked up at Xiao Meng and smiled slightly, more than two years ago, Xiao Meng has changed a lot, two years ago, Xiao Meng was still more of a little girl, but now, more mature, the figure is also more feminine, more sexy, no longer feel like a little girl, except for her somewhat baby-faced face.

Words, anger, "I'll give you one last chance to see who it is."

Don Zimmer removed the mask from his face and said, "It's me."

"Ah." Xiao Meng was dumbfounded, looking at Omi incredulously, and suddenly, tears came out of her eyes.

"Brother Omi, you, you, is it really you?"

Omi reached out his hand to touch Xiao Meng's tears and smiled, "Of course it's me."

"Brother Omi, that's great, ooooooh." Xiao Meng cried and threw herself into Omi's embrace, this moment felt like the happiest moment she had experienced in the past two years.

Omi had held Xiaomeng for so long, and had missed her very much.

Xiao Meng's body had matured a lot, Omi felt it immediately when he held her, but Omi wasn't that kind of person, and wouldn't think so shamelessly.

Xiaomeng cried for a long time before letting go of Omi.

"Alright, Xiaomeng, don't cry anymore."

"Brother Omi, you, you, ooooooh." What agitated words, but, a thousand words, in the end, they turned into cries.

Omi patted Xiao Meng's shoulder, and the corners of his eyes were also a bit wet from the excitement.

Only after a long time did Xiao Meng's agitation stabilize.

“Brother Omi, tell me, what happened to you afterwards, since you are still alive, why did you only come back now, where have you been for the past two years.”

Omi said, “That time in the Forest of Ten Thousand Beasts, I used the God Sucking Great Law to kill that beast, unfortunately, another one came after, then I used it again, twice in a row, I immediately suffered a strong spiritual revulsion, I thought I would definitely die. But when I awoke here, I found myself on an island, and the man who had rescued me said that I had been asleep for six months. But then, I found out that two years had passed. What I have experienced in those two years, I myself do not know, and why I am on a distant island, I do not know.”

“Ah, why?”

“I don’t know, I always feel like I experienced something very unforgettable in those two years, and I always feel like there’s someone or something that I can’t let go of.”

“Brother Omi, no matter what, it’s really great that you’re still alive. By the way, I heard that over at Wangjing City, Wang Qi has lost several brothers. Could it really have anything to do with you?”

Omi smiled, “Isn’t this nonsense, I came back to take revenge, I want to kill Wang Qi’s brothers one by one, and in the end, I’ll kill him again.”

“Brother Omi, your strength? It seems to have gotten stronger.”

“Yes, I’m now at the first level of the Unity Realm Grand Perfection, and I already have the strength to challenge Wang Qi, but unfortunately, I’m still weaker than him and don’t have full confidence, but instead, I’m more dangerous, which is why I’m not planning to confront him head on now. Before I go head to head with him, I’ll kill his brothers one by one and make him also taste the loss of a brother, which he chose.” Omi said through clenched teeth.
