

Chapter 985

“Good.”

“Well, let’s go.” Only then did the Martial Island Lord drift away.

“Omi, get out of here.” Wang Qi continued hissing.

Omi sneered, “Wang Qi, if I had known earlier, why would I have done it, when you killed my brother for no reason, weren’t you very tuggy? Why didn’t you think of today. Wang Qi, I’ll tell you right now, I’ll kill all your brothers one by one, and finally, I’ll kill you.”

“Omi, you have the guts to come out now.”

“Hahaha, I said that I won’t let you die until everyone around you is dead. If you want me to come out now, it’s not impossible, unless, you kill the three dog brothers around you right now, so that you’re the only one left, I can come out and take care of you.”

“Ahhhh.” Wang Qi yelled angrily.

“Omi, in front of so many people today, are you just going to be a shrinking turtle? You come out here.”

“Hmph, Wang Qi, do you think you’ve irritated me? Alright, Wang Qi, within three years, I will definitely come looking for you, you wait for me, three years from today, I will personally go to the Yanhuang Empire Wangjing City and kill you under the city.”

Wang Qi saw that Omi would definitely not be stimulated out by him and had no choice but to stop, he bit his teeth and said, “Okay, Omi, I’ll wait for you, three years from now, if you don’t come looking for me, then I’ll find the whole world and dig you out.”

“Don’t worry, three years from now, today, you will die, everyone here can remember this day, oh, Wang Qi’s death anniversary.” Premiere URL m.kanshu8.net

Wang Qi was trembling with anger, Wang Qi had just learned that Omi was only at the first level of the Unity Realm Great Perfection and was not a match for him at all, so he didn’t dare to come out. However, Omi said that after three years, Wang Qi was also very disdainful, three years, Omi was presumptuous to surpass him? This is too ridiculous.

Xu Mei Qian said, “Omi, wouldn’t three years be too much of a rush? Are you sure you can reach the third level of the Unity Realm in three years? Moreover, in these three years, Wang Qi is also improving, what if he steps into the peak after three years?”

“Hmph, I don’t believe that this turtle will be able to step into the pinnacle in three years. No matter, I don’t want to be a shrinking turtle, in front of so many people, I have to make a statement, three years is also my deadline, I will definitely take revenge within three years, I can’t let Big Brother Tian Xing, Big Sister Yang Huan, and Wei Cherry wait for a long time, three years from now, either he will die or I will die.” Omi said resolutely.

Xiaomeng and the others didn’t say anything more, originally they felt that it wasn’t too late for a gentleman to take revenge for ten years, and it wouldn’t be too late to wait ten years to find Wang Qi face to face to settle the matter.

The entire Martial Arts Academy was in a stir.

Whether it was Omi or Wang Qi, both of them were world sensational celebrities, these two, duking it out to the death today after three years, this was worthy of an earth shattering event, as the two most recognized geniuses in this world, duking it out to the death, it was no joke.

Afterwards, Wang Qi walked away with the bodies of his nine brothers, vowing that after three years, he would definitely pay homage to his brothers with Omi’s head.

The Martial Academy also gradually calmed down, and many outsiders left one after another.

Two days later, the chief of the world village, Jin Daofu, came to look for Omi.

“Brother Tang, my master said that he wants to meet you, are you free?”

“Uh, your master volunteered to see me?”

“Yes, my master also said that you are the first genius in this world, ever to step into the Unity Realm Grand Perfection in your twenties, and that you will likely be the first to surpass the Unity Realm in the future.”

“Haha, lending your master’s auspicious words, I hope so.”

Omi also didn’t dare to guarantee whether he would be able to reach the Ancestor Realm in the future, because in his previous world, not everyone could transcend the Unity Realm, and there were many uncles and apprentices in his master’s school who were unable to reach the Ancestor Realm in their entire lives, and they would still have to be very powerful to reach the Ancestor Realm.

As for those who were stronger than the Ancestor Realm, let alone Omi, back then, the ancestors of Omi’s division only wanted to fantasize, now Omi, the most important thing was to defeat Wang Qi, as for the future, it could only depend on the will of God.

Omi took Xiao Meng, Xu Mei Qian, Liona, Simran, and Lin Han, the dean, to the Martial Island Master.

Jin Daoist said that Omi could take the others.

Led by Jin Daofu, they came to a place that was like a paradise, passed through a cave, and then opened up, what was it if it wasn’t a paradise.

“What a nice place, the island master is worthy of living in such a nice place.” Omi liked this kind of environment, this place did not have any traffic noise, it was full of the intention of returning to the basics, the moment Omi entered this place, it was as if he had returned to his previous life in a trance.

“Brother Tang, please come in, my master has already prepared a meal and wine waiting for you.”

“Hehe.”

Arriving at a thatched pavilion, a gray-haired old man sat in the pavilion, it was the Martial Island Master.

“Pay your respects to the Island Lord.” Omi entered the pavilion and paid his respects, while everyone else went elsewhere.

“Hahaha, no need to be polite, Omi, please sit down.”

“Thank you, Island Master.”

“Omi, I heard that you’re only in your twenties?”

“Back to the island master, yes, junior is twenty-three years old.”

“Wow.” Martial Island Lord was surprised, he thought that even if he was in his twenties, then he should be twenty-seven or twenty-eight, but he didn’t expect that he was only twenty-three, that’s too young.”

“Omi, I really didn’t expect that you would be only twenty-three years old and possess this achievement today, I can already be very sure that you are the most genius and strongest person in history.”

“Senior’s false praise.”

“Omi, do you know that in our world, no one has ever been able to transcend the Unity Realm and reach the legendary Ancestor Realm.”

Omi said strangely, “Senior said Ancestor Realm?” Omi remembered that no one in this world had transcended the Unity Realm, so it was impossible for anyone to know that the next realm was the Master Realm, did the Martial Islander also cross over?

The Martial Island Lord smiled, “Omi, you’re curious as to how I know the name Ancestral Realm.”

“Yes.” Omi nodded his head.

The Martial Forest Island Lord sighed, “Actually, I don’t know if it’s true or not, but when I was young, I heard my master say that after the Unity Realm, it’s the Sect Master Realm. The so-called Patriarchal Realm is to possess the strength to open a sect, called a Sect Master.”

“Island Master, how does your master know that?”

The Wulin Island Lord sighed, “At that time, my master had gone crazy, so I don’t know if my master was talking nonsense.”

“Why did the Island Master’s master go mad?”

“My master said that the world we live in is not a lonely world, that there is a stronger world outside of our world, and that stronger world has many strong people who transcend the realm of unity, and is far bigger and stronger than our world.”

“Ah.” Omi trembled, wasn’t this talking about the world he had crossed over to?

Seeing how shocked Omi was, the Martial Islander was busy saying, “Omi, are you alright?”

“No, it’s fine, just, too shocked, sorry for being rude.”

The Martial Island Lord didn’t think much of it and smiled, “Yes, when my master said that back then, I also felt incredulous and even didn’t believe it at all, but now that my big day is getting closer and closer, I keep dreaming about my master back then, and I feel more and more that my master might not be talking nonsense.”

“Dare I ask the island master, why would your master say such horrifying words? What makes him think there are other parallel worlds?” Omi asked.

“My master said that he met a traveler who had crossed over from another world, and it was from that person that he learned about the Ancestor Realm.”

“Ah.” At this moment, Omi was icy cold.

Wulin laughed, “Think it’s unbelievable, it’s complete nonsense, huh, maybe back then, my master, wanted to transcend the Unity Realm too much, that’s why there were so many illusions.”

Omi really wanted to tell him that your master wasn’t talking nonsense, it was true, I just crossed over.

Omi asked, “Island Master, what happened later?”

“Later, my master searched all over the world to find a passage through to the other world, but unfortunately, my master never found that passage until his death.” Remember the URL . kanshu8.net

Omi was busy asking, “So, there is a passage through to another world?”

“Oh, that’s what my master said, but well, whether or not there really is another world, that’s all still unknown, so let alone talk about the passage, Omi, I’m just having a casual conversation with you, so just take it as a story and don’t take it to heart.”

Omi hesitated and said, “Island Master, actually, I want to prove something for your master.”

“Uh, prove what?”

“Actually, your master, no nonsense, there really is another world.”

“Haha, Omi, what are you joking about, could it be that you’ve heard it from someone too?”

“Senior, I don’t know how to say this, but actually, I was surprised when you just said the Ancestor Realm, because, I was curious how you knew about the Ancestor Realm.”

“Uh.”

“Island Master, let me tell you a secret about me, actually, I just crossed here from another world.”

“What.”The Martial Island Lord shuddered.

“Island Master, if you don’t believe me, forget it, I’m telling the truth anyway.”

“Omi, if you really are a traveler, then why did you tell me such a secret?”

“Island Master, I’m telling you because you said that your master was looking for a passage through to another world back then, so I very much hope that there really is such a passage so that I can return to my homeland.”

“Ah.”The Martial Islander looked at Omi and seemed to believe it a bit.

Omi smiled, “Island Lord, then let me tell you about the fact that I’m in the other world. I’m in another world, my name is Wind Light Cloud, I was orphaned as a child and was picked up by my master and then grew up in his master’s school. I have shown very strong martial arts talent since I was a child, and the Jiang Hu where I am located has many many sects, each of which has geniuses. Many people named me the number one youngster in the world, not only because of my high talent, but also because I was talented, proficient in music, chess, calligraphy and painting, and of course, because I was handsome. Then, when I was eighteen, I inadvertently did a bad thing and fell into a ten thousand feet cliff. Originally, with my strength at the time, I couldn’t have fallen to my death even if I fell into the cliff, and besides, I didn’t feel like I fell to my death. The next moment, I don’t know how long it took, but anyway, once I opened my eyes, I found myself in a strange place, a strange house, strange clothes, strange

Man. I was confused, and then I saw the reflection on the mirror and realized that even I wasn’t the same. No, my appearance hadn’t changed much, my hair, clothes and all, my name had changed too. Then I realized that this strange place was a school, some classroom, and I was a student. After that, I started trying to fit in.”

“Wow, Don Omi, you’re really not lying?”

“Senior Island Master, I don’t have to lie to you.”

The Island Lord sat down on his butt and said, "It seems that my master really saw a traveler back then, there really is another world."

"There definitely is, by the way, Island Master, in my previous life, I was very likeable, countless young girls in the Jianghu Lake took me as their dream lover, among them, there was a Demonic Princess who liked me so much that she even went so far as to sneak into my master's gate to be my sword serving girl in order to get close to me. This Demon Princess, her martial arts talent, I have to admit, is actually above me. Moreover, she has also crossed into this world."

"Ah, no, so many travelers."

"Yes."

"And what about her now?"

"I don't know, the last time I saw him was during the wedding of Words of the Famous Sword Villa, when I used the Emperor Worm to exchange the Burial Moon Sword with the old man of the Famous Sword Villa, and I haven't seen her since."

"What worm did you just say?"

"The emperor worm."

"Where did you get the emperor worm?"

"I got it in an underground city."

“Oh my god, you’re exchanging the Emperor Worm for some kind of Burial Moon Sword, you really.”The Martial Island Lord seemed like he was going mad.

Omi suddenly understood how furious he was now that his deadline was approaching, and how much he craved the Emperor Insect.

“Senior, I was given around twenty Emperor Insects, the Emperor Insects were almost ineffective after taking them once, so they’re no longer precious to me, it’s just a pity that I didn’t know senior at that time, or else I would have gifted one to senior.”

“Don’t say that, my heart can’t take it anymore.”The Martial Forest Islander waved his hand in regret.

However, in the next moment, the Martial Forest Island Lord suddenly remembered something and was busy saying, “Where did you say you got the Emperor Bug?”

“An underground city in the Gomorrah Empire.”

“Is there more there?”

“I don’t think so.”

“Ah.”

“Emperor worms usually grow in underground cities with strict growing conditions, so it’s hard to find them.”

The Martial Islander was busy saying, “Wait, what if I know of other underground cities?”

“Uh, other dungeons? Are there other dungeons in this world?”

“There is.”

“Haha, Island Master, if there are other underground cities, then it’s very likely that the Emperor Worm can be found again.”

“Really?”

“If Island Master knows where there is still an underground city, I am willing to go with Senior to catch the Emperor Worm.”

The Island Lord was pleasantly surprised and said, “Good, good, then it’s not too late, let’s go now.”

“Why is senior in such a hurry, you must make some preparations before going.”

The Martial Island Lord had already left the other world behind when he learned about the Emperor Worm, while Omi was more daringly interested in the other world, such as the passage to the other world, whether it really existed, whether the Island Lord’s master had left any clues about the passage to the other world back then, unfortunately, the Island Lord was more concerned about the Emperor Worm at the moment.

Unfortunately, Omi had to help him catch the Emperor Worm first, if this matter was not resolved, I’m afraid the Island Lord would have no desire to talk about the other world, after all, life had come to an end, and there was no point in talking about any world.
