Chapter 16

The massive and opulent group dispersed on campus, and the helicopters in the sky departed with the sound of their rotors as if they had never been there.

However, the extravagant display and the wealth mentioned by the beauties would be remembered by many for a long time to come.

Who would have thought that Robert, who studied hard in ordinary times and went to work during vacations, would have such a family background?

They thought, "Robert's family is so rich, and he knows how to work and study hard."

"Yet, Barry is acting so arrogant with just a little bit of money. Does he really think that he can disrespect Robert like that?" they mused.

"Look in the mirror and see what kind of trash you are!" they thought.

Of course, Samuel and the other two had never experienced such a thing. They all looked at Robert in confusion for a moment.

"Let's go!" Robert said these words without hesitation and then ran toward the school gate.

While running, Robert turned his head and looked in the direction of Marilyn.

Marilyn's eyes also stayed on Robert.

When they glanced at each other, Robert smiled unconsciously.

"Marilyn, you think I'm poor and chose to break up with me. But look at me now, am I still poor?"

After running all the way out of the school and making sure that no one was chasing after them, Robert and the others stopped.

The students were getting ready to surround Robert, and the girls seemed even more eager to win his attention.

Samuel clearly saw a hot girl unbutton her jacket and boldly show her stunning figure to Robert. If they did not run away just now, they would not be able to run away.

"Robert, I know you have money, but it's too much!" Samuel could not come back to his senses when he recalled the scene just now.

Robert smiled bitterly. "I think it's a little exaggerated too."

Simon praised Robert and said, "Robert, your story will be talked about in our school for at least the next ten years!"

Marilyn looked at Robert. When Robert disappeared, she still stared in his direction, feeling happy and depressed.

She was happy about Robert's sudden change of identity and depressed for not insisting on staying with him.

She ignored Kendrick and walked out of the school. At the same time, she took out her phone and made a phone call. "Linda, I'm graduating. Come and have a drink with me at Elephant Bar!"

Kendrick's face turned livid when he looked at Marilyn's behavior.

However, he vaguely heard Marilyn's words about drinking. His eyes darkened, and he took out his phone. "Keep an eye on Marilyn and see where she will go to drink later!"

He added, "Besides, ask someone to check the cars with the car plates Yrinas A00000 to Yrinas A99999!"

At ten o'clock in the evening, Robert was busy finishing his work. When he was about to go home, she received a call from a stranger.

Robert answered the phone, and a delicate voice came from the phone. "Robert, you are so heartless. I pretended to be your girlfriend yesterday, and I was hated by others. You said you wanted to invite me to dinner, but you didn't even give me a phone call. I'm really sad."

Hearing her call out his name, Robert immediately thought of a person, Naomi, with her beautiful and alluring figure.

To be honest, Robert could not bear to interact with such a bold and rich woman.

Robert didn't come into contact with such a person in the environment of his upbringing.

Robert scratched the back of his head and replied embarrassedly, "Sorry, I'm busy celebrating my graduation today. How about I treat you to dinner tomorrow?"

"Humph, I have to contact you first before you talk to me. No, tomorrow is too late. I pretended to be your girlfriend yesterday. You have to pretend to be my boyfriend now. I

don't want to watch them act all lovey-dovey," Naomi complained before adding. "I'm at my family's Elephant Bar. You just spent 150 thousand dollars last time. I'll ask the general manager to replenish your membership card."

"Your family owns Elephant Bar?" Robert was stunned for a moment.

"Yes, and I'm in charge of it. Thank you for spending, Robert!" Naomi giggled and hung up the phone.
