

Life Makeover: Minted Edition Novel

Chapter 56

Chapter 56

Robert was still sitting there with a smile on his face. "Mr. York, let me introduce myself. My name is Robert, and I'm the current chairman of Zabinski Group."

Gabriel could feel his legs losing their strength. If his hands were not on the desk, he would have collapsed to the floor limply.

At that moment, a total of seven black commercial vehicles stopped in front of Everlasting Trade's building. Those series of cars that were akin to a fleet attracted the attention of many people.

A group of bodyguards dressed in black suits and sunglasses were the first to get out when the car door opened. Each and every one of them was tall and bulky.

Immediately after, more than a dozen financial elites of Zabinski Group in formal attire got out of the car with their laptops. They all had cold expressions on their faces.

Finally, Carlos got out of the car and looked up at the building in front of him. He was the one who walked into the building first. The rest of the people who came with Carlos followed behind him.

Carlos stood in front of Everlasting Trade's reception desk. At that time, he showed a completely different temperament than the ones he held before. He was so imposing that the young receptionist did not dare to look him in the eye.

Carlos handed out a business card and put it on the receptionist's desk. "I'm Carlos from Zabinski Group."

When the receptionist could clearly read the name on the business card, she was immediately surprised and exclaimed, "Mr. Camidge!"

"I'm just an assistant manager." Carlos smiled and turned around. Immediately, his expression turned stern and he shouted, "Check the account!"

A large number of people came in from the entrance of Everlasting Trade's building following Carlos' order. They were all dressed in suits and wore sunglasses, with tall and bulky figures. This group of people immediately rushed into every office in the company's building after coming in. They took out their identification and directly took over every computer without letting anyone touch it.

Soon after, a group of people in professional attire came in. Those people were all financial elites of Zabinski Group and they began to check every computer, every ledger, and all the receipts Everlasting Trade had.

Gabriel naturally heard what Carlos had shouted clearly outside the office.

"Check the account!" he repeated inwardly.

Those words made Gabriel's heart skip a beat. He started to wonder what was going on and why those people were checking the company's account. He really did not want them

to check the company's account.

Gabriel's face instantly turned pale, and his forehead was covered with cold sweat.

"Mr. York, this is not your office, is it?" Robert stood up.

At the same time, the door of the office was opened, and Carlos stood at the door of the office with two people.

"Mr. Camidge!" Gabriel's mind went completely blank as fear began to fill it. He knew very well who Carlos was, and he knew that he was done for now that Carlos was conducting an audit.

"Mr. Camidge, there are many traces of tempering in the account, with all of the money going to a media company called Mindful Media. That company is registered under the name of Mr. York's brother-in-law."

Gabriel heard the words of the people doing the audit loud and clear.

Gabriel's face turned pale and he turned to look at Robert. Without the arrogance he had before, he said, "Mr. Zabinski..."

"Who are you? Do you have any right to speak here?" Robert interrupted Gabriel and threw his previous words right back at him. "Carlos, take this man away and deal with him accordingly!"

Carlos nodded and the two people standing behind him immediately went forward before pressing Gabriel to the

Chapter 56

floor. Gabriel had embezzled the company's funds and took bribery. It was enough to take him down.

The people who checked the accounts came quickly and left equally as fast. The secretary came into the office to clean up while trembling. They did not even dare to look at Robert, the big boss of the company.

After the secretary left, only Robert and Naomi were left in the office.
