Chapter 58

Chapter 58

Lawrence looked at Kendrick's appearance and asked worriedly, "Kendrick, what's wrong with you? What happened?"

Kendrick was a little surprised to see the two members of the Quesnell family. He called Marilyn's parents, but two irrelevant people came instead, which made him a little upset. In addition, what happened the night before made Kendrick very frustrated. "Nothing happened!"

Kendrick sat directly in his office chair and did not show any politeness to Lawrence.

Lawrence did not mind and hurriedly called Marilyn, "Marilyn, why are you still sitting here? Your husband is in such a state, and you should go and worried about him!"

"That's right, Mari." Matthew also said, "The women I had sought will immediately come to please me once I frowned slightly. Go and massage Kendrick's shoulders!"

Marilyn did not even look at Kendrick. After having a fallout with Kendrick that night, Marilyn felt that the latter was more and more disgusting.

When Kendrick heard the words from Lawrence and Matthew, satisfaction was shown on his face. He thought, "At least those two from the Quesnell family are understanding people!"

"Marilyn, why are you still sitting there?" Lawrence scolded, "Are you not even listening to me too? Fine, I'll call your mother right now and ask her to tell you in person!"

As soon as her mother was mentioned, Marilyn immediately stood up. She glanced at Kendrick, who looked like a mess with those bruises, and walked over slowly.

When Marilyn was about to walk to Kendrick's side, the latter suddenly smiled and stood up. He hugged Matthew and Lawrence respectively. "Matthew, Lawrence. Both of you had come all the way from Acocester and must have not yet taken your rest. Let's go to have a meal first."

While speaking, Kendrick walked out with his arms around their necks and left Marilyn where she was.

Looking at Kendrick's figure, Marilyn knew that Kendrick was humiliating her. However, her mother's situation made Marilyn unable to choose to run away without caring anymore. The current situation of the Quesnell family was that the Zabel family was their huge backer. Without the Zabel family, the Quesnell family would be gone.

Marilyn took out her phone and dialed a number. "Linda, have a drink with me."

It was nine o'clock at night.

In front of the Grand Triumphant Hotel, there were countless luxury cars.

That day, Zabel Group held a banquet and invited the heads of Yrinas' big corporations, but Zabinski Group and the Hoffman family were not invited.

Zabinski Group was a powerful local corporation, and Zabel Group was a powerful foreign corporation. Both sides would definitely compete with each other fully, while the rest of the people could only be treated as a foil.

Naomi drove Robert to the parking lot of Grand Triumphant Hotel.

Looking at the fully parked luxury cars, Robert glanced at Naomi's perfect side face and asked, "For major corporations like yours, how do they think of Zabinski Group and Zabel Group? Tell me the truth."

Naomi smiled. "Robert, if that's what you want to hear, I'll tell you the truth. Zabinski Group is way too successful, and everyone is jealous but can't do anything about it. Now that Zabel Group suddenly intervenes, of course, everyone thinks that the more chaotic the situation is, the better it will be. There would be development only when the situation is chaotic!"

Robert chuckled lightly and glanced at the brightly lit banquet hall. "In that case, now you are on the side of Zabel Group."

Naomi stopped the car steadily and shook her head.

"Everyone had not yet made up their minds about who they wanted to support. I can only say that all of them are observing from the side. Zabinski Group is powerful, but Zabel Group also has huge financial support behind it. But Robert, do you know why there are so many people attending this banquet today?"

Robert was confused.
