Chapter 60

## Chapter 60

Kendrick said until that point and did not continue further on. They were all from Acocester, so he knew what kind of person Matthew was.

Just as Kendrick expected, Matthew had already walked toward Naomi.

Matthew looked at Robert with his gaze full of disdain.

He thought that Robert was a big shot when he managed to charm a stunning woman. After figuring it out for a long time, he was just a toy boy.

It was a pity that such a good woman was with Robert. Matthew thought he should have had the woman instead.

Looking at Naomi's attractive figure, Matthew could not help sticking out his tongue and licking his lips.

He sneered and thought, "I did hear about Robert from my family that he had been with Mari, but my family forced them to break up."

Matthew strode to Robert and stood still. He looked down at him. "Are you Robert?"

Robert turned to look at the other man. Matthew's contempt face, with also an interrogating look, made Robert furrow his eyebrows, but he still asked politely, "You are?"

"My name is Matthew, and Marilyn is my sister." Matthew said proudly, "Now I want to talk to this beauty. Go sit aside."

Hearing the name of Marilyn, Robert snorted coldly. "What if I

don't want to?"

"You're such a jerk who can't see the situation clearly."  
Matthew said mercilessly, "No wonder you insisted on following my sister. Fortunately, she was smart and didn't give her first time to such a loser like you. Otherwise, it would be really difficult for her to marry my brother-in-law. Otherwise, if his family knew that Marilyn had slept with a loser like you, she would definitely not be allowed to join the family."

"Young man, there are certain things you can just go back and say at home, got it?" Seeing that Robert's face became more and more unpleasant, Naomi tried to persuade Matthew.

"Beauty, are you interested in a drink?" Matthew looked at Naomi with a smile.

Marilyn, standing aside, suddenly found that Matthew had run up to Robert and Naomi and hurried over.

Her family knew a little about her relationship with Robert. She was afraid that Matthew would say something to Robert.

For Marilyn, she knew that she was sorry enough for Robert.

"Fuck off." Robert withdrew his gaze from Matthew and spat out the words.

Matthew was instantly stunned for a moment.

He did not expect that this toy boy dared to scold him. After a second of returning to his senses, he immediately scolded back, "You should be the one to fuck off!"

Matthew's cursing was particularly abrupt at the slightly quiet

banquet, which instantly attracted countless people's attention.

Slap!

When everyone turned their gaze at them, they saw the scene of Robert slapping Matthew in the face.

The slap directly made Matthew swallow back the words he was about to say. At the same time, it also made many people widen their eyes. They all noticed that Matthew had come with Kendrick.

All of them thought, "How dare this man slap someone brought along by Kendrick?"

Marilyn shouted in alarm and hurriedly accelerated her pace.

Seeing that scene, Kendrick's eyes were filled with smiles.

In the corner of the banquet hall, Matthew covered his side face and looked at Robert in disbelief. He could not believe that the toy boy dared to hit him. He wondered what rights Robert had to do so.

When some people saw that scene and were about to scold the man brought by Naomi, who dared to hit someone from the Zabel family, they were stopped by someone beside them.

"Don't try to do anything and get involved in this!"

"Why?" Someone asked.

"You can't afford to get involved!" The person who reached out to stop them had saw Robert before at the auction that day.

Marilyn strode before Robert and looked at Matthew, who had an angry expression as if he wanted to gobble someone up. She pulled Matthew to her back and shouted with a soft voice at Robert, "Robert, what are you doing?"
