

Chapter 121

Aislinn nodded resolutely and then walked into the bedroom still pulling Makeda happily along behind her. Cullen and Cadifor stood back while the women undressed each other. Makeda and Aislinn were kissing again. Makeda was doing her best to remind Aislinn why she had originally thought this was a good idea.

Aislinn pulled Makeda's shirt over her head and kissed the bare skin on her shoulders as Makeda unhooked Aislinn's bra. Slowly, in between caresses the rest of the women's clothing found its way to the floor. Aislinn's lips traveled down Makeda's collar bone and then breast. When she reached Makeda's hard nipple she ran her tongue around the bud before drawing it into her mouth and sucking and biting it. Makeda growled hungrily.

The scent of arousal emanated through the room. Makeda pulled Aislinn down onto the bed, sparing a wicked look at the men as she straddled Aislinn's waist and pinned her down. Not that Aislinn was putting up a struggle. Makeda stroked the flesh around Aislinn's breasts, working her way in gentle touches to her nipples and then she pinched the hard knots viciously as she leaned in to capture Aislinn's moan with her mouth.

The kissing and touching took a sudden needy turn. Aislinn rolled Makeda to her back and knelt above Makeda's head. Leaning down she bit playfully at Makeda's thighs. Makeda pulled on Aislinn's hips as she let Aislinn press her legs apart. Aislinn took in Makeda's musky arousal. She smelled a little spicey and hot. Aislinn leaned in to taste her.**Ww©.Növ©ℓW©RM.č©M**

Makeda growled wantonly and pulled Aislinn's sex to her own mouth. Her tongue danced in Aislinn's wet folds. Aislinn pressed a finger and then two into Makeda's open slit. There was more growling as they took turns sucking on each other's clits.

Cullen and Cadifor didn't know how long to hold back. They stood there watching and tentatively stroking themselves as the women licked at each other. Cadifor was the one who gave in first. Mostly because he was less concerned for Aislinn's reluctance than the others were. He knelt on the bed between Makeda's legs.

The movement drew Aislinn's attention and she looked up to see the strange foggy golden eyes of Cadifor looking down at her. His member was rock hard. His hand stroked Aislinn's hair. Cullen stood by considering what he would do if Aislinn changed her mind. Aislinn sat up a bit and Cadifor moved in closer to Makeda. He watched Aislinn with amusement as she stared down at his cock while he pushed into Makeda. Aislinn felt a rumbling vibration against her clit as Makeda growled her pleasure at the intrusion of Cadifor's cock. Aislinn closed her eyes and felt the delicious sensation surge through her.

Cadifor growled as he moved in Makeda. He leaned down and whispered into Aislinn's ear. "You don't have to stop. She loves it when someone licks her clit."

Aislinn stared down at the man's huge member sliding slowly in and out of Makeda's pussy. It had to have been one of the most erotic things she had ever seen. She leaned back down and let her tongue stroke Makeda's clit. There was no real way to go about it without taking in Cadifor's scent or brushing the base of his cock as her fucked her. The taste of Makeda's sex mingled with Cadifor and Aislinn found that it was much more pleasant than she had originally thought it would be.

Having established that he wouldn't have to come to Aislinn's rescue Cullen found himself the only one left out. He stepped up to the edge of the bed where Aislinn was kneeling. He felt Makeda's tongue snake up to taste the pre-cum on his cock. He felt her tongue dragging along the length of his cock as he pushed into Aislinn. He couldn't help the moan of pleasure that escaped as he filled her.

The room was filled with moans and the scent of sex as the men's thrusts increased into the women. Aislinn was overwhelmed. The taste, the smell and the feel of the entire situation was nothing like she had thought it would be. She was the first one to release. She felt it building deep in her stomach. Between the assault on her senses from watching Cadifor pound into Makeda as she tasted it and felling Makeda's tongue lap at her clit as Cullen thrust into her she couldn't handle it. Cullen growled with pleasure as he felt Aislinn's body tense in his hands and her orgasm surge through his mind.

Aislinn cried out and he had to hold her up to keep her from collapsing on top of Makeda. He pulled her up so that her back was against his chest as he continued to pound up into her body. Makeda pushed a growling Cadifor back so that she could turn around and give him a better angle. Cadifor grabbed a hold of her hips roughly as she stood on her hands and knees in front of him. He plunged back into her and began thrusting harder than before.

Makeda growled and moved forward so that she could get to Aislinn. There was a brief struggle between Makeda and Cadifor as he tried to pull her back to himself for better leverage and she tried to move forward to play with Aislinn as he fucked her. Makeda won the contest of wills and Cadifor gave in and moved forward on the bed.

Aislinn moaned and wiggled as Makeda leaned down and began licking at her clit again. Wave after wave of pleasure washed over Aislinn. She reached up and held on to Cullen's arm that was wrapped around her chest supporting her. Makeda reached up and began to stroke the base of Cullen's cock with one hand as he thrust up into Aislinn. The growling and moaning got louder and louder as the four of them moved closer and closer to their climaxes.

Cullen started to shift. His wolf surged forward to take control. Somewhere in the haze of sex rushing through her Aislinn heard him in her mind. She only barely registered what he was saying to her. This is what will happen tomorrow night, he growled.

Aislinn could feel him swelling inside her. His thrusts became more manic. Aislinn had long since lost the ability to do anything beyond moan incoherently through the pleasure onslaught. She felt his claws dig into her body and then his mouth on her shoulder. Cullen bit down on her as he started to come. Blood rushed into his mouth as Aislinn cried out and came again. Her body jerked in his arms. Makeda rolled away from Cadifor as he pulled out of her and jerked madly on his cock before spraying cum across her stomach. Makeda moaned happily and ran a finger through the mess he had made before putting it in her mouth.

Cadifor grinned at Makeda then looked hungrily at the other couple. Cullen and Aislinn were still trembling and clinging to one another. From the looks of things Cadifor figured that he and Makeda were done here for the night. He crawled across the bed shifting into a large snow white wolf. Aislinn looked at the beautiful animal as it approached her. Cullen was licking at the wound he had created on her shoulder and was ignoring Cadifor. He sniffed at Aislinn's sex. Cullen was still inside her and would be for some time yet. Cadifor's tongue snacked out and he ran it along the join between the two, tasting the mixed scents. A rumble of approval issued from his chest and then he turned and jumped down from the bed.**WWW.noœℓwOR(m).com**

Makeda watched the two of them collapse on the bed. Cullen wrapped himself possessively around Aislinn. He was already trying to coax her into round two and Aislinn wasn't putting up much of a fight against it. They gave the obvious impression that the other couple wasn't invited to the next session of fun though.

Makeda was in no way surprised that it had gone that far. She watched as Cullen, in his hybrid form, pulled Aislinn to her knees again. She was this tiny little thing beneath the large dark lycan. But she was certainly holding her own against him. Makeda smiled and went to join Cadifor, making a mental note to coax Aislinn into another couples night before they left. Cadifor grabbed her roughly and pulled her to the floor with him. She laughed and let him have his way.

"Again?" He growled into her ear and she laughed.

"Let's leave them alone," she said, pushed him off of her and started grabbing her clothes up off of the floor, while he chased her around the room.**W©W.nOvœℓw©Rm.cœM**
