

Lady Gu Is Too Weak To Fend For Herself

- Chapter 1269 - 1270

1269 Nothing To Say

Qiao Xi looked at Xia Cheng with interest. She really wanted to see Xia Cheng's shocked and regretful expression when he found out the truth. If he found out that the instigator of all this today was Xia Mengyan and the person who embarrassed the Xia family was his most beloved granddaughter, how exciting would Xia Cheng's expression be?

After a while, Xia Ji sent someone to bring over an exquisite sandalwood box. Just by looking at the box, one knew that the item inside was expensive. The bodyguards were careful, afraid that the item inside would knock against something.

Xia Mengyan smiled sweetly, took the microphone, and said gently, "I'm very sorry to have delayed everyone's time and made you see some unhappy things. We indeed don't have Young Master Luo's porcelain sculpture in our hands, but we do have a treasure personally carved by the Luo family's head."

As soon as she finished speaking, she smiled at Qiao Xi in embarrassment. "Xi Xi, I'm sorry. I don't want to embarrass you, but we can't offend the Luo family. I can only take out this porcelain sculpture now. I hope you won't blame me."

!!

Xia Mengyan stared fixedly into Qiao Xi's eyes, wanting to see a trace of anger in them. However, Qiao Xi's eyes were so calm from the beginning until the end as if everything had nothing to do with her. Instead, the corners of her mouth curled up into a smile. "Of course not."

Qiao Xi raised her eyes and met Xia Mengyan's eyes. A trace of ridicule actually appeared in Qiao Xi's eyes. Xia Mengyan's entire body instantly trembled. Why was she still so indifferent?

Xia Cheng said unhappily, "Mengyan, what have you done to her? If she hadn't messed up this matter, you wouldn't have to step out and clean up her mess! What right does she have to blame you? So what if she doesn't blame you? She's no longer a member of the Xia family!"

Xia Mengyan still advised gently, "Grandpa, don't say that about Xi Xi. It was definitely not her intention. She must be facing her own difficulties. Xi Xi, although you made a mistake today, you'll always be a member of the Xia family. Today's matter won't spread. We'll try our best to suppress it. I hope everyone here can give Xi Xi a chance. She's still young and definitely won't be stupid in the future."

Xia Mengyan was so tolerant and kind. Not only did she comfort Xia Cheng, but she also spoke up for Qiao Xi. Everyone praised her in succession. As expected of the daughter of the Xia family. Even though Qiao Xi had snatched her position as the person in charge, she did not have the slightest resentment. Instead, she kept helping Qiao Xi clean up her mess. In the end, she even advised everyone not to spread this matter, lest Qiao Xi's reputation be affected.

Seeing that Qiao Xi was silent, Xia Mengyan asked softly, "Xi Xi, promise me not to do anything stupid in the future, alright?"

Qiao Xi raised her eyes slightly, and her eyes were filled with coldness. Xia Mengyan instantly felt that Qiao Xi did not take her seriously at all. No matter how she acted and slandered Qiao Xi in front of everyone, Qiao Xi would not care.

Anger surged in Xia Mengyan's heart as she gritted her teeth. "Xi Xi, don't you have anything to say?"

Everyone's gaze landed on Qiao Xi. This woman had ruined the opening ceremony that Xia Corporation had been preparing for a long time with a fake gift. At this point, she could only show weakness and beg for mercy.

In the next second, Qiao Xi smiled lazily. "No."

Xia Mengyan's expression froze. She pretended to be helpless and advised, "Xi Xi, I know you blame me for occupying your position today, but I have no choice—"

"Miss Xia." Qiao Xi interrupted her and raised her eyebrows. "I never said I blamed you. I really have nothing to say."

Qiao Xi truly did not have anything to say. She just wanted to see the expressions of the Xia family after finding out the truth. She also wanted to know if Xia Yunlou would shamelessly look for her again after cutting ties with her.

Xia Mengyan was a little aggrieved. "Since Xi Xi doesn't want to say anything, we won't waste any more time. After all, today is the opening ceremony of New City Mall."

Immediately after, she straightened her back and raised her voice. "Now, I'll show everyone the masterpiece of the Luo family!"

Xia Mengyan smiled in embarrassment. "This collaboration is very important to Xia Corporation. Xi Xi is young and has never been in charge of a collaboration project. That's why she went astray. As her sister, I should help her take responsibility. Everyone, I ask that you don't blame her."

With that, Xia Mengyan opened the box. There was a beautiful porcelain sculpture of a crabapple tree inside. It shone under the sunlight.

Qiao Xi revealed a trace of ridicule when she saw the porcelain sculpture.

1270 Mr. Luo Is Here

Perhaps outsiders were unable to discern the quality of this porcelain sculpture, but Qiao Xi was clearly aware that the standard of this sculpture was not bad, but this porcelain piece was not good. It only looked gorgeous, but upon closer inspection, it was flawed.

With Second Brother's skills, he could not make porcelain sculptures of this standard. It seemed that he had casually bought it to fool the Xia family.

However, in everyone's eyes, this porcelain sculpture was very gorgeous. Everyone was excited. "It's indeed a treasure! I've seen the work of the Luo family's head before. It's gorgeous and dazzling!"

"This porcelain sculpture is much better than that of the peach blossom. As expected, the real deal is the real deal. Although we don't know anything about porcelain sculptures, we can clearly differentiate between good and bad."

!!

"The daughter raised by the Xia family is indeed outstanding! Not only is she beautiful and kind-hearted, but she's also capable. I heard that she's the future heir of the Xia family!"

"Actually, in terms of appearance, Miss Qiao is more beautiful, but beauty alone is naturally not enough. She grew up in the countryside and doesn't know etiquette. She doesn't have the ability either. Although her identity is a little better than Miss Xia, the position of heir should be given to someone more capable."

Xia Cheng heard the discussion around him and immediately beamed.

Ai Sumei was overjoyed. "Ah Cheng, I already said that Mengyan is the most outstanding. She saved the Xia family's reputation and the Luo family's collaboration. She's more suitable to be in charge than Qiao Xi."

"Qiao Xi is really too naughty and mischievous. If the Yin family finds out that she causes trouble all day and even sold the porcelain sculpture Young Master Luo gave her, they'll probably chase her out of the house!"

Xia Cheng glanced at Qiao Xi in disgust. The more he looked at Xia Mengyan, the happier he felt. As expected of the granddaughter he had carefully nurtured. "Mengyan, you did very well today. In a while, I'll announce in public that you're the heir of Xia Corporation. I believe the company won't object. After all, if it weren't for you, I don't know what consequences we would have to bear today."

“Qiao Xi has been fooling around like this and causing Xia Corporation to lose face. She’s not worthy of continuing to be the person in charge. Mengyan, I’ll leave the rest of the matters to you.”

Xia Cheng raised the microphone and announced in front of everyone, “As everyone can see, Qiao Xi almost ruined the collaboration between Xia Corporation and the Luo family. Such a person is not worthy of continuing to work at Xia Corporation. Fortunately, I have an outstanding granddaughter. If it weren’t for Mengyan, Xia Corporation would definitely have suffered a heavy blow this time.

“So I announce that the new person in charge of the collaboration between Xia Corporation and the Luo family is—”

Before he could finish, there was a sudden rumble not far away. A few black luxury cars slowly stopped in front of New City Mall. A gentleman walked out of the car.

Xia Cheng was standing on the stage. He was too far away to see who it was, but he heard a shocked voice. “Chairman Xia! The Luo family has sent someone!”

Xia Cheng stood on the spot in a daze. Before he could react, the man had already walked in front of him.

The young man was dressed in a suit and leather shoes. He had a refined temperament and a gentle smile on his face. Every move he made gave others the feeling of a spring breeze.

His voice was gentle. “Hello, Chairman Xia. My surname is Luo. Young Master sent me to celebrate the opening of Xia Corporation’s new mall.”

He was indeed from the Luo family!

Everyone had never seen him before, but when they saw the totem on his clothes and the bodyguards behind him, everyone could guess that he was from the Luo family. After all, no one dared to pretend to be from the Luo family of Xuan Island.

Mr. Luo smiled gently. “Young Master has something important to attend to and can’t come, so he asked me to congratulate you on your opening. Our Luo family previously sent over a porcelain sculpture, but that’s only half of it. I’m here today to give you the other half. The two porcelain sculptures have to be combined. I hope that your opening ceremony will go smoothly.

“Chairman Xia, who is that sculpture with?”

The moment that was said, the Xia family was so excited that they almost fainted. They were already unable to extricate themselves.

However, Qiao Xi sneered in her heart. The Luo family's patriarch had given a porcelain sculpture to Xia Mengyan. Although Young Master Luo could not come, he sent someone to specially give another piece to her. Who did the Xia family think they were to make the Luo family think so highly of them?

Xia Mengyan was already overwhelmed by surprise. Her body seemed to be floating when Ai Sumei reminded her, "Mengyan, Mr. Luo wants to see you. Hurry up and go over!"

Xia Mengyan lifted her dress and walked forward elegantly.

"Oh! Miss Xia is really going to stand out now. So what if she's the daughter of an illegitimate child?"

"It's too normal for families in high society to have illegitimate children. Actually, status doesn't matter. The main thing is ability. Previously, the Yin family insisted on not interacting with the Xia family anymore. They must be regretting it now."
