

## Last Building on Earth Chapter 11

Wang Xuan smashed open the car window, opened the door and trunk, and looked for food.

Zhao Lei and Gu Manyao also started to move. They didn't stay away, but chose the cars parked in the same row, all within each other's visual range.

Because of the injury, Wang Qin was weak and could not use any strength. She rested on the off-road vehicle with a steel rod in her hand. Zhang Qianwen was timid, clenching the steel pipe in her hands, and followed Wang with a nervous expression on her face. beside Qin.

"Wang Qin, Zhang Qianwen, please pay more attention to your surroundings. If you find something is wrong, remember to remind us immediately." Zhao Lei turned his head and saw Zhang Qianwen resting with Wang Qin. Considering the situation of the two women, would he expect them to find food? If possible, they arranged another important task for them.

Wang Qin nodded weakly, Zhang Qianwen looked around nervously, and said, "I know, if there is any danger, I will call, and you also hurry to find food."

Among the others, Zhang Haofei was the fastest, and quickly smashed three cars away, but he didn't gain much. In total, he found a box of chewing gum, he opened it, and threw one into his mouth.

Wang Xuan searched two cars, but found no food. He only saw a small square bag used by a woman. When he opened it, he saw that it was filled with things for women. He put it aside with some regret. At this moment, Gu Manyao was a little surprised. "There are bags of bread and egg yolk pie here."

Wang Xuan looked over and saw Gu Manyao with a happy face, got out of a car, holding a bag of bread in his left hand and a bag of egg yolk pie in his right.

He was already hungry when he saw these two bags of food, and he was immediately hungry and thirsty. He was about to walk over when Zhang Qianwen suddenly let out a terrified scream.

Wang Xuan's expression changed, his whole body tense, and he immediately looked towards Zhang Qianwen.

A monster with black scales all over its body and the body of a wolf-headed ape was lying on top of the off-road vehicle she and Wang Qin were leaning against, making a posture of about to attack.

Zhang Qianwen held the steel pipe in both hands and kept observing the situation. She turned her head inadvertently, and suddenly found that a monster appeared on top of the off-road vehicle at some point, less than a meter away from them.

The monster quietly climbed onto the roof, not to mention Wang Xuan, Zhao Lei, Gu Manyao, and Zhang Haofei who were looking for food, not even Wang Qin and Zhang Qianwen, who were resting on the side of the off-road vehicle.

Zhang Qianwen turned her head and found it inadvertently. She screamed in fear and fled back. Because she was too panicked and fearful, she couldn't stand still when she stepped out. long stream.

Wang Qin still didn't know what was going on, but when she turned her head, her eyes suddenly darkened, and the stench was pungent. The next instant, her neck was aching, and her shoulders were caught by sharp-blade-like claws. She could see her bones, and she felt a huge

force pounce on her. In the middle, he could not stand, and fell backwards.

"Wang Qin—" Gu Manyao cried out in surprise.

The speed of this monster was terrifying. It knocked down Wang Qin and successfully locked her throat. The \*\*\*\* mouth pinched her neck and pulled it upward. Wang Qin was like a torn rag doll, torn apart.

The blood was gushing out like a spring, and even the neck bone was pulled out. Wang Xuan only glanced at it and knew that Wang Qin could not survive.

The five of them have a good relationship and are good friends. Seeing Wang Qin's fate now, my heart is miserable.

The monster's reaction was quicker than all of them. It tore Wang Qin's neck open, bowed his body, pushed his limbs to the ground, stretched out his bowed body, and stood up, leaving Wang Qin, who was lying on the ground, , stabbed and rushed out.

This time its target is Zhang Haofei.

Zhang Haofei didn't have time to dodge or escape at all. He just lifted the baseball bat in his hand when he was hit by the monster and fell down.

With a wave of the five claws stained with Wang Qin's blood, they slapped Zhang Haofei's baseball bat into the air, and the blood bowl opened its mouth and bit him.

Zhang Haofei fell to the ground, raised his left arm to block him, the monster's \*\*\*\* mouth bit his left arm.

The left arm was in severe pain, Zhang Haofei let out a scream, and stretched out his right hand to open the monster's mouth.

Gu Manyao was only two meters away from Zhang Haofei. Seeing that Zhang Haofei was in danger, she did not flinch and ran, but rushed up with the steel bar that was sharpened at the end, trying to help Zhang Haofei.

"Dangerous, go to the car—" Zhao Lei was shocked, realizing that Gu Manyao had no white scales. If she was bitten by this monster, she would end up like Wang Qin. She rushed up like this and was almost the same as sending her to death.

Wang Xuan was a little farther away, and was rushing towards this side at full speed. He didn't want to be in the middle of the two cars parked on the right when another dark shadow suddenly rushed out.

With a "bang", Wang Xuan felt as if he had been hit by a heavy object.

His back hit the ground heavily, his whole body was in pain like falling apart, and the steel pipe in his hand flew out.

He was terrified, UU reading www. As soon as uukanshu.com touched the ground, he saw five claws almost touching his body, scratching five shallow white marks on the concrete floor.

Another monster appeared.

Wang Xuan took a deep breath, his whole body turned cold.

They are already very difficult to deal with a monster, and no one would have thought that a second monster would appear.

The monster that appeared suddenly smashed into Wang Xuan, and then jumped on it. Its claws grabbed towards Wang Xuan, who fell to the ground. He barely rolled to avoid it, and his stomach suddenly suffered severe pain, and he was already caught by the second claw.

These claws are like five slender knives, extremely sharp, they can easily cut into his flesh and into his abdomen.

He let out a scream, his body was pressed by his claws, and it was difficult to move and turn over. He watched the \*\*\*\* mouth full of stench grow wide in front of him and was falling towards his neck.

Wang Xuan didn't have time to think about it, he only felt the white scales in the palm of his right hand squirming and expanding, as if it also sensed Wang Xuan's danger.

The originally swollen and uncomfortable right palm suddenly became extremely itchy, and I wish I could tear apart the flesh on my right hand to relieve the itching.

Wang Xuan let out a roar, and stretched out his hands together, his right hand pressed against the upper jaw of this big \*\*\*\* mouth, and his left hand grabbed its lower jaw.

The monster let out a low roar, desperately moving forward, trying to smash Wang Xuan's hands together with his neck, the \*\*\*\* mouth kept spewing out the stench, all of which were sprayed onto Wang Xuan's head and face.

Wang Xuan's hands were drenched with blood by the sharp teeth. This severe pain relieved the itching and made him feel comfortable all over. He desperately grabbed the upper and lower jaws of the monster, trying to tear it apart.

The flesh of his right hand was constantly expanding, and the white scales were releasing a kind of heat, which radiated from his right hand to the whole body.
