

## Last Building on Earth Chapter 146-150

### *Chapter 146*

Wang Xuan felt the impact of the force on the metal tentacles, and the thunder and lightning swam along the metal tentacles, which made his right arm numb, and if he was electrocuted, he could hardly control the metal tentacles.

With awe in my heart, the two metal tentacles instantly merged and turned into a thicker metal tentacle, which wrapped around the thunder knife and tugged violently.

The terrifying power erupted, and the thunder knife was pulled into the air and flew into the air.

Many people around couldn't help but let out a soft cry, and the strength displayed by Wang Xuan shocked them.

What suddenly appeared was a tall man in his thirties, with dark skin, holding a knife in his right hand, with lightning flashing on the knife, making a light "slap" from time to time, with third-order metal alloy equipment all over his body, and a forehead pierced. He wears a yellow turban, which means that he comes from the "dynasties" of the five major powers.

He has a white epaulette on his left arm, with the word patrol in it, which is the emblem of the patrol.

He used the knife to fly off Wang Xuan's metal tentacles. He didn't expect Wang Xuan to be so domineering. When the metal tentacles tangled, the thunder knife he was holding in his hand was instantly pulled out of his hand and flew out.

This power was so powerful that he couldn't hold his own weapon, and he was horrified. He was going to block Wang Xuan and Liu Ming to stop the fight, but now he instinctively took a few steps back. The thunder knife that flew out of his hand quickly converged, turned into a thunder light, and returned to his right hand.

Liu Ming escaped the catastrophe, his left arm was twisted and he looked very embarrassed. He fell back and quickly took out a bottle of primary healing water from his storage belt. He just wanted to pour it into his mouth, not wanting the figure in front of him. In a flash, Wang Xuan came again.

"Fuck, I fought with you!"

Liu Ming is a powerful man and a big man in the Rakshasa. He is always majestic wherever he goes, and everyone wants to give him face. Today, he had several ribs broken in public, and even a left arm was twisted. A big loss, in his view, this is simply a great shame, and his heart is extremely angry.

He could no longer care about the former restraints of the Rakshasa leader, and let out a roar, his right arm, his front chest and back were turned into a translucent glass material. Fragments.

"Liu Ming, are you crazy?" The tall man from the "Dynasty" knew him and immediately gave a loud shout, because Liu Ming's attack was no longer just attacking Wang Xuan, but would affect everyone around him.

There are many adults around, and they can't stop the full-strength strike of the powerhouse. I am afraid that many people will be injured this time.

Those who were close and wanted to watch the fun saw that it was not good, and they stepped back, but it was too late, and they could only show their magical powers, showing their hatching beasts to resist or dodge, and collided with the table and chairs around them. Coupled with various exclamations, the scene was chaotic for a while.

Tie Jun showed that the diamond shield was in front of him, and Yu Shanshan held out a semi-circular mask, from top to bottom, to protect them all in the mask.

While the tall man shouted angrily, he stretched out his right hand, and the thunder knife appeared again, shaking the knife fiercely, and a series of electric lights exploded on it. The shards of glass that had been shot in the fan-shaped dash disappeared.

Liu Ming's face was hideous, completely disregarding the life and death of everyone around him, and suddenly he made a large-scale attack, but Wang Xuan, who didn't want to pounce in front of him, suddenly disappeared in a flash.

His heart skipped a beat, he knew it wasn't good, he was busy and wanted to turn around and attack, only to hear a screeching sound, he opened his mouth and let out a roar, his right leg was in severe pain, and his standing was unsteady. The bones have been trampled and broken from behind.

Liu Ming's strength is only average among the powerhouses. Whether it is speed or strength, Wang Xuan will definitely crush him even if he doesn't borrow the energy of the blue crystal scales.

Facing the fan-shaped attack launched by Liu Ming, Wang Xuan circled behind him with a sway, stepped on it, and broke Liu Ming's right leg. Broken leg.

Liu Ming's legs were broken and he fell to his knees. The severe pain made his face distorted, his face full of hideousness, but the madness and murderousness in his eyes disappeared completely and turned into horror.

He finally realized the huge difference in strength between himself and Wang Xuan.

Everyone around was constantly retreating. Liu Ming had just struck a blow. Although a tall man blocked it, there were still a lot of glass shards shot out with powerful force, even Yu Shanshan's mask couldn't resist it. , shattered in an instant, and many people watching the play around were pierced by glass fragments, and a huge wound was immediately cut, submerged in the body, and disappeared.

These people were not lightly injured, and while they stepped back to avoid another disaster, they scolded Liu Ming's ancestors for the eighteenth generation in their hearts.

At the exit of the tavern, the originally gathered crowd separated again, but they saw five people wearing patrol epaulets rushing over. They were the patrol team with the tall man. They knew that something had happened here. The man rushed over immediately, but they couldn't keep up, and they only caught up until now.

The tall man looked at Liu Ming's grief-stricken appearance, kneeling in front of Wang Xuan, with both legs being trampled off. He held the Thunder Sabre in his right hand, but he didn't dare to step forward to stop him for a while.

The strong man from the "Justice League" standing in the corridor on the second floor also had a solemn expression, staring at Wang Xuan from a distance, as if he wanted to take a deep note of his appearance.

Wang Xuan stepped on Liu Ming's legs, waved his right hand, and the metal tentacles appeared again, entangling Liu Ming's vitrified right arm from behind, launching a "twisting strangulation".

This Liu Ming roared, his vitrified right arm was as hard as steel, and it was not easy to twist it off.

"stop--"

Another loud shout sounded, and a figure separated from the crowd at the exit of the tavern, took a few steps, and rushed towards it like a bolt of lightning.

This man was wearing a full set of Tier 3 alloy equipment, with a red belt tied around his waist. Looking at the speed at which he shot, it was obvious that he was a powerhouse from "Rakshasa".

The man waved his right hand, and a long metal sword about 1.5 meters long appeared in his hand. On this long sword, there were several white halos surrounding it. Swinging out, these white halos skyrocketed like a horse, and they came towards Wang Xuanwei from a distance.

Wang Xuan fully used the power of the metal tentacles, and wanted to twist Liu Ming's last right arm. He didn't want another powerful person to intervene. He frowned and was about to carry Liu Ming and use his body as a shield. Resisting it, Gu Manyao on the other side suddenly flashed, and the monster in his right hand changed, forming a giant blade two meters long, and slashing out with the blade in the air.

A huge blade pierced through the blade, like a giant crescent moon. Wherever it went, although the table and chair were not cut open due to the special material, it was touched by the blade and couldn't stand it, and rolled over instantly. It flew out with astonishing power.

The white halo slashed by the powerhouse from the "Rakshasa" who just appeared was slashed head-on by Gu Manyao's huge saber aura. With a loud bang, a terrifying air wave was set off. The saber aura and the white mask exchanged. Offset, the blow from both sides was evenly matched.

When Gu Manyao made his move, everyone around was shocked. Only then did they know that among the eight people from the "Xuan Gang", there was actually a hidden powerhouse.

"Gao Tian—" Just as Liu Ming, who was kneeling on the ground, called out the name to the visitor, he heard a crisp sound, and Wang Xuan twisted his glassy right arm.

A faint blue light appeared in the metal tentacles. It was too difficult to twist the vitrified right arm. Wang Xuan had already borrowed a little power from the blue crystal scales.

The right arm was twisted and broken, Liu Mingru was hit hard, let out a miserable roar, a stream of blood spurted out of his open mouth, and fell heavily to the ground.

Wang Xuan stepped forward and stepped on his face. Liu Ming had previously broken Duan Chen's limbs and stepped on the ground. Now Wang Xuan has returned all the humiliation Duan Chen suffered to him.

Duan Chen and Yao Tiande looked at them, and their eyes were flooded with light. For the first time, they really felt what it means to raise their eyebrows. Even Duan Chen, whose limbs were interrupted, felt that the wound seemed to be less painful, watching Liu Ming being trampled by Wang Xuan. Under his feet, his chest was full of bad breath, and his whole body felt indescribably comfortable.

Gao Tian, who had just appeared, was shaking slightly, holding a long sword in his right hand, looking at Wang Xuan and Gu Manyao, and then looking at Liu Ming, who was trampled on the ground by Wang Xuan's feet, his face was full of anger that could not be easily done. There was a gust of air in his chest that was about to explode.

A dignified and powerful person who was interrupted and stepped on his face, what insult can surpass this?

Gao Tian understood, only that Liu Ming wanted to die.

"You... this is insulting our entire 'Rakshasa'..."

Gao Tian slowly put down the long sword that he held tightly in his hand. With a pair of two, he knew that Wang Xuan and Gu Manyao were not the opponents in front of him, so he restrained his anger and just stared at Wang Xuan, word by word, It came out of the gap between the teeth.

Behind him, men and women wearing red belts appeared one after another, all of them were the core members of Rakshasa.

Everyone's faces were full of anger, showing that the hatching beasts they were holding were aimed at Wang Xuan from a distance. As long as Gao Tian said a word, they would rush up to shoot without hesitation.

Zhao Lei, Tie Jun and others also knew that it was not good, and they also showed their respective hatching beasts, and while protecting the injured Duan Chen, they gathered behind Wang Xuan.

Wang Xuan grabbed a bottle of primary healing water that Liu Ming had originally taken out, and threw it to Yao Tiande to feed it to Duan Chen.

Duan Chen drank this primary healing water, and the broken bones of his limbs continued to emit white light, and the wounds were healing at an accelerated rate.

Things are getting bigger and bigger tonight, and the news is spreading at an alarming speed. The entire insect town is not big, and people who get the news are constantly gathering here.

A large number of people have gathered outside the tavern, looking inside.

Soon, Xiao Bichen rode a unicorn horse and came with another patrol.

Seeing so many people gathered in front of her, Xiao Bichen frowned slightly, got off the unicorn, and put it away. With a sway of her body, the crowd felt a huge force separating them, and she couldn't help but retreat to both sides.

On the other side of the street, more people are running towards here.

Among these people, there are Rakshasa people wearing red belts, and there are people from the Xuan Gang wearing black bracelets.

Now that the news has spread, everyone knows that the big man of Rakshasa and the core members of the Xuan Gang clashed in the tavern, causing countless casualties.

The core members of the Rakshasa and Xuan Gang who got the news were shocked, and they all came to the tavern, wanting to see what happened.

"Sword Comes"

Of course, people from the other three major forces are also gathering in large numbers, and the streets of the entire trading area have become crowded in just a short period of time.

It's just that the tavern can't accommodate everyone. People outside can't see what's going on inside. They can only rely on mutual rumors. According to rumors, Rakshasa and Xuan Gang are fighting inside. At present, both sides have suffered heavy casualties and the battle is very fierce.

In the tavern, Wang Xuan stepped on Liu Ming's soles, and Gao Tian stared at Wang Xuan, saying every word with a gloomy face: "Today... no matter who comes here, they can't save you..."

Wang Xuan was a little surprised by Gao Tian's threat, looked up at him with a faint smile, and said, "It's just you?"

The power of Gao Tian's blow just now was comparable to that of Gu Manyao. In terms of strength, Gao Tian's strength was not much stronger than Liu Ming, and the leader of the Rakshasa was dead, why did he say such a big thing?

"It's just me!" A voice suddenly interjected coldly, a figure flashed around Gao Tian, and a short man appeared silently.

The man was no more than 1.6 meters tall, and was wearing two third-order alloy equipment, namely an alloy helmet and alloy gauntlets, and the other three pieces of black metal equipment.

As soon as he saw this black metal equipment, Wang Xuan's heart moved, and he immediately knew that it was a third-order high-quality ghost equipment, and he also had a pair of ghost boots in his current Xumi belt.

Being able to have three pieces of Tier 3 equipment of excellent quality, the short man who suddenly appeared in front of him is naturally not simple.

Wang Xuan looked at him and felt that he was a little familiar. He looked like a dead Rakshasa leader, just like two brothers.

However, the short man did not cover his face. It could be seen that he was about thirty years old, his complexion was a little pale, his cheeks were sunken, his face was fleshless, and he looked a bit bitter.

"Brother Chen."

When Gao Tian saw the short man who suddenly appeared, he immediately showed a very respectful look, bowed slightly, and called Brother Chen.

"Brother Chen, save me..." Liu Ming, who was trampled on the ground by Wang Xuan, also saw it, and immediately cried out with difficulty, but he was trampled on his head by Wang Xuan and did not dare to move in vain, for fear that Wang Xuan would use force on his feet, and His head exploded, and for Wang Xuan, he was terrified in his heart.

"Chen Daolin?" Suddenly a female voice came from behind.

Following this voice, Xiao Bichen appeared.

She looked at the short man with a slightly surprised look on her face, and said, "Why are you here? It seems that there is a big commotion tonight." As she spoke, she looked inside, and immediately saw When Wang Xuan stepped on Liu Ming under his feet, he was even more startled.

Chen Daolin put his hands behind his back, looking a little arrogant, he turned his head slightly to look at Xiao Bichen, and then said shyly: "It won't work if we don't come, our entire Rakshasa has been stomped on the bottom of our feet, even if the leader of the Xuan Gang is here tonight. , also have to give us an account of Rakshasa."

"What do we need to explain to you from the Xuan Gang?"

A high-pitched voice sounded from the exit of the tavern, and the crowd blocking the exit of the tavern separated again, but it was a few people from the Xuan Gang who came in with a fair-skinned young man.

This young man was wearing a full set of Tier 3 alloy equipment and had long hair. He seemed to have some feminine temperament. His waist twisted slightly when he walked. If he only looked at the back, he would almost suspect that it was a woman.

The young man was wearing a black bracelet on his left wrist, apparently an important figure from the "Xuan Gang".

Wang Xuan's eyes narrowed slightly. He didn't expect the incident to get bigger and bigger tonight. Not only the core personnel of "Rakshasa" appeared one after another, but Chen Daolin was naturally not an ordinary powerhouse, although he was not as good as he was. On the Rakshasa leader's full set of third-

order high-quality ghost suits, he also has three ghost suits. It can be seen from this alone that Chen Daolin is by no means simple.

Now that even the core members of the "Xuan Gang" have finally arrived, listening to their tone of voice is a little bit tit-for-tat with the "Rakshasa", this matter immediately becomes a little subtle.

"Qiu Yuanfeng, shouldn't your Xuan Gang give us an explanation tonight?" When Chen Daolin heard the young man's words, a trace of anger flashed in his eyes, he turned around, and looked at Qiu Yuanfeng who walked in.

Qiu Yuanfeng walked in with a group of core members from the Xuan Gang behind him, twisting his buttocks, and the crowd in front of him gave in one after another.

He had not seen the situation at the entrance of the tavern, but only heard Chen Daolin's words from a distance, so he took it up, walked in at this moment, and saw the situation in the tavern, he couldn't help being surprised, he thought he was dazzled, took a few glances at Liu Ming who was trampled on the ground by Wang Xuan~[www.mtlnovel.com](http://www.mtlnovel.com)~ and then took a closer look at Wang Xuan with a puzzled look on his face.

Because he did not know Wang Xuan.

Seeing that Wang Xuan and these people are wearing black bracelets on their left hands, they are naturally members of the "Xuan Gang", but they can break the limbs of Liu Ming, who is a strong man, and humiliate Wang Xuan who is stepping on his feet. Naturally beyond the normal state, there are people with such strength in the "Xuan Gang", how could Qiu Yuanfeng not know?

Her thoughts turned, but Qiu Yuanfeng didn't ask who Wang Xuan was, but he laughed and said, "I thought it was going to happen, but there was a little friction between the two sides. Young people, they fought each other on impulse. Nothing unusual."

Wang Xuan glanced at Qiu Yuanfeng, his heart moved slightly, thinking that this guy obviously didn't know him, but because he was wearing a black bracelet, he was able to speak for himself immediately. Small, trivial matters, although he is not afraid of Chen Daolin and Gao Tian, these Rakshasa people, but he still has a good feeling in his heart that Qiu Yuanfeng can help him.

"Small friction? Nothing unusual?" Chen Daolin suddenly laughed angrily and said, "Qiu Yuanfeng, it seems that your Xuan Gang really wants to prepare for a war with our Rakshasa?"

Qiu Yuanfeng said with a smile: "Brother Chen, what you said is too serious. There are no dead people, so it's just a little conflict. What are you going to do?"

"Yes, what our brother Feng said must be reasonable."

Suddenly, another rude voice sounded, but it was a tall man with a height of nearly two meters like a little giant who pushed aside the few people in front of him and strode in.

This little giant is also wearing a full set of Tier 3 alloy equipment, with a dark face, standing there like an iron tower, which is daunting.

## Chapter 147

He wears a black bracelet on his left hand, and people watching the play from a distance around him can see that this is another powerful man from the "Xuan Gang".

"Xuan Gang" appeared Qiu Yuanfeng and this little giant-like powerhouse in succession, plus Wang Xuan and Gu Manyao, Chen Daolin's momentum was obviously suppressed, but the expression on his face became colder and colder.

"well....."

Chen Daolin suddenly said two good words in a row, nodded slightly, and said coldly: "Today, I think you need your Xuan Gang leader to give us an explanation from Rakshasa, I want to know, this is your idea, Or the meaning of your mysterious gang leader."

Qiu Yuanfeng frowned slightly, and said, "Chen Daolin, what you said is a bit too much. This is just a small conflict. Are you really going to make things bigger?"

Chen Daolin looked at Liu Ming, who had been trampled under his feet by Wang Xuan, and sneered twice.

Seeing this, Qiu Yuanfeng understood, looked at Wang Xuan with a toothy smile, and said, "Brother, can you let Liu Ming go first? It's not a problem for everyone to be stuck here, let's take a step back and sit down and talk."

Burning text

Wang Xuan has been stepping on Liu Ming's face. Liu Ming is the core character of "Rakshasa" anyway, which means that he has been stepping on Rakshasa's face all the time. It is no wonder that Chen Daolin's face is extremely difficult to see, and his tone is getting heavier.

When Wang Xuan heard this, he let go of Liu Ming, took a step back, raised his left hand, and asked everyone behind him to put away the hatching beast.

After Qiu Yuanfeng came in, he stood firmly on his side and was very protective. For this, he had to give Qiu Yuanfeng a face.

As Wang Xuan and others put away the hatching beasts, the tense atmosphere at the scene eased slightly.

Seeing that Wang Xuan was selling his face, Qiu Yuanfeng was in a good mood, looked at Chen Daolin with a smile on his face and said, "Brother Chen, look, this is purely a misunderstanding, I think this matter, how about just letting it go? To prevent everyone from gathering here. Look at our two jokes."

Seeing that Wang Xuan let go of Liu Ming, several Rakshasa people rushed forward and carried back Liu Ming, whose limbs were broken on the ground.

Xiao Bichen, who has not spoken since he came in, took a step forward and said, "Yes, I don't think it's good for any of you if this matter gets too big. The five of us have a mutual agreement that fighting and fighting in Bug Town is strictly prohibited. People of status and status always have to set an example."

Another tall man from the "Dynasty" holding a thunder knife said, "Today, Xiao Bichen and I are patrolling the team. Our duty is to maintain the stability of Insect Town, and it is strictly forbidden for anyone to fight ruthlessly without permission. I have to take care of it, and since today's troubles are up to now, I think everyone should give in each other, and let's just relax."

At this moment, the crowd gathered at the entrance of the tavern separated again, and three more people walked in together. All three of them were wearing white epaulettes of the patrol team, but their logos were different, representing that one of them came from the "Xuan Gang". One from "Rakshasa" and one from "Justice League".

There are five patrol teams in "Insect Town", each with a captain, and one from each of the five major forces, all of whom are powerful. These three, plus Xiao Bichen and the tall man who just came in first, are the five teams on duty today. The captain of the patrol team, all gathered at this moment.

The three walked in and were slightly surprised when they saw the scene in front of them. The captain who belonged to "Rakshasa" said to Chen Daolin, "Brother Chen." It was a greeting.

Chen Daolin nodded towards him without speaking, but looked at Liu Ming who had just been brought back.

Gao Tian took out a bottle of primary healing water and fed it to Liu Ming. White light began to appear on Liu Ming's limbs, and the broken bones were healing at an astonishing speed.

The physical injury was recovering quickly, and with Chen Daolin by his side, Liu Ming's courage immediately grew stronger. Hearing that Xiao Bichen and the tall man were trying to persuade him to make peace, he became more and more angry when he heard Chen Daolin again. With a wink, he motioned for him to speak. He understood in his heart and said, "Our Rakshasa is in charge of this matter today. It is the Xuan Gang who is bullying others, and we must give us an explanation."

"Liu Ming, what's going on?" Chen Daolin frowned and said, "It just so happens that the five captains of the patrol team are all here. If you say it, justice is in the hearts of the people, so let the five captains judge, I believe. They will do justice."

He saw that Qiu Yuanfeng was wholeheartedly helping Wang Xuan to speak, and he knew that this matter was not easy to handle today. Qiu Yuanfeng was very powerful in the "Xuan Gang", and he could even influence the decision of the leader of the Xuan Gang. Coupled with the persuasion of Xiao Bichen and the tall man, he insisted on going his own way. Not only offending the Xuan Gang, but also offending the "Phoenix" and the "Dynasty", he immediately deliberately held the five patrol captains and kicked the ball to them.

"Yes." Liu Ming responded, stretched out his hand and pointed to Yao Tiande and Duan Chen, who had retreated behind Wang Xuan, and said, "These two traitors of Rakshasa, who were originally under Wang Ziren's men, colluded with outsiders and killed Wang Ziren, Lu Bingbing and Li Xing also obeyed

the leader's order and went to Centipede Island to investigate the cause. They didn't think they had come back, but these two \*\*\*\* traitors returned to Bug Town first. I got the news, so I brought someone to arrest them. These two traitors were arrested, but they were met with..."

He paused for a moment when he said this, and then continued: "As a result, the people from the Xuan Gang intervened and interfered in our Rakshasa's family affairs."

When everyone heard this, they all understood that it was Liu Ming who wanted to arrest Yao Tiande and Duan Chen, but Wang Xuan intervened, breaking his limbs and stepping on his feet to humiliate them.

Hearing this, Qiu Yuanfeng frowned slightly, looking at Wang Xuan and the others, then at Yao Tiande and Duan Chen.

Xiao Bichen, the tall man and the other three patrol captains all showed moving expressions on their faces.

No matter which force he is in, the traitor is despised by others. No matter from which angle this matter is viewed, Liu Ming is absolutely logical.

Although Qiu Yuanfeng can speak well, he doesn't know what to say at this moment, so he can only look at Wang Xuan and the others, frowning.

Yao Tiande and Duan Chen's faces turned pale, and they could notice the changes in the eyes of everyone around them.

If Wang Xuan stopped defending them because of this, then their fate today would be extremely miserable.

"Qiu Yuanfeng, you want to protect your Xuan Gang's brother, I can understand, but Liu Ming is wrong in trying to arrest the traitor of Rakshasa? Why did your Xuan Gang intervene? What is the reason?" Chen Daolin showed anger on his face. meaning.

Qiu Yuanfeng smiled awkwardly and said, "I think there may be some misunderstanding in this? Everyone should investigate clearly." Interfering with others to deal with traitors is a taboo in Bug Town. Now, in front of so many people, he was asked by Chen Daolin in one sentence. Got to be a little out of the way.

The patrol captain from "Rakshasa" immediately said solemnly: "What misunderstanding can there be? There are so many people gathered here, I think many people should have witnessed it at the time, you can just ask some people to come over and ask and it will be clear."

Wang Xuan has been listening with a calm expression, knowing that Liu Ming and the others only know that Wang Ziren is dead, Yao Tiande and Duan Chen have become traitors, but they don't know the news that Lu Bingbing and Li Xing are also dead, his heart moved slightly and said: " Everyone keeps saying that Yao Tiande and Duan Chen are traitors, colluding with outsiders, but they don't know what crimes they committed, who they betrayed and who they colluded with."

Liu Ming smiled coldly and said, "Don't think I don't know, they colluded with you to kill Wang Ziren, I just want to understand now, no wonder you have so many Tier 3 equipment, I'm afraid some of them are princes It's on Jen."

Wang Xuan laughed and said, "He hurt Wang Ziren? But I don't know what evidence you have? Yao Tiande and Duan Chen met on the way to Centipede Island. Because of similar temperaments, we walked together. Could it be that there are regulations in Insect Town? People from the Xuan Gang can't go with your Rakshasa's people? Otherwise, they are all traitors?"

Liu Ming was furious and said, "What nonsense, many people saw that Wang Ziren took Yao Tiande and Duan Chen out of the South Gate yesterday. Now Yao Tiande and Duan Chen are back, what about Ziren?"

As he spoke, he glared at Yao Tiande and Duan Chen and said, "I ask you, what about Ziren?"

Yao Tiande's mind turned fast, he already knew what Wang Xuan meant, and immediately showed a blank expression: "Duan Chen and I did go out of the South Gate with Brother Wang yesterday, and then Brother Wang wanted to enter the depths of Centipede Island alone. We were not strong enough, so he let us move around the edge of Centipede Island. Later, we met Wang Xuan and the others. At that time, everyone had a good conversation, so we followed them to hunt centipedes on Centipede Island. You know how to become a traitor of Rakshasa, and you still say that Brother Wang is dead? How is this possible? What kind of monster can kill Brother Wang on Centipede Island?"

Wang Xuan said, "I'm also curious now, I don't even know who this Ziren is, why did I suddenly become an outsider who colluded with Yao Tiande and Duan Chen, and became the murderer of this Ziren? Your name is Liu. Obviously, you screamed so happily, it seems that you have evidence? If you can't produce enough evidence today, dare to frame us with slanderous words, and deliberately provoke a conflict between Xuan Gang and Rakshasa, I will never forgive you!"

When Wang Xuan said this, he suddenly stopped drinking, his face full of anger, and he stared at Liu Ming fiercely, which made Liu Ming startled, and then he was stunned, his throat shook up and down, and he was speechless for a while.

Qiu Yuanfeng immediately said: "Yes, Liu Ming, since you insisted that they killed Wang Ziren, you have to show evidence. If nothing else, at least Wang Ziren's body must be there. Let's take a look at Wang Ziren's body. Look where the fatal wound is, so you can determine who the killer is."

Liu Ming regained his breath and stared at Wang Xuan and Yao Tiande angrily, and said, "Don't think that you can call a deer a horse if you are eloquent. Wang Ziren died yesterday, and it was the news of our leader's death, and he sent Lu Bingbing and Li later. I went to the place where Wang Ziren lived to investigate. Wang Ziren died. Yao Tiande and Duan Chen followed him out of Insect Town. Now you are living here well. You are not a traitor who colluded with outsiders to kill him? "

Wang Xuan said with a smile: "The leader of the Rakshasa knew about Wang Ziren's death yesterday? How did he know? According to what you said, Wang Ziren went to Centipede Island yesterday, so he died on Centipede Island? Then your leader also On Centipede Island? Why didn't he rescue or avenge Wang Ziren when he saw that Wang Ziren was killed? He had to return to Insect Town again, and then send Lu Bingbing and Li Xing to investigate? Don't you think your logic is very confusing and ridiculous? "

Liu Ming was stopped by Wang Xuan. In fact, he didn't know why the Rakshasa leader knew that Wang Ziren died on Centipede Island and sent Lu Bingbing and Li Xing there. He just instinctively believed that the Rakshasa leader had such abilities, but now he wanted to. Show evidence, but nothing.

Xiao Bichen couldn't help it anymore, frowned, and said, "So, Liu Ming, you guys don't have any substantive evidence at all, it's all guesswork, and then you fight the so-called traitors? Righteous indignation, it's not too much to help your friends."

Wang Xuan glanced at Xiao Bichen in surprise, and found that her words were faintly on his side.

"Anyway, I didn't lie. It must be Yao Tiande and Duan Chen who seduced these people and killed Wang Ziren. Our leader's judgment will not be wrong. Wang Ziren is really dead. You guys are so clever."

The more Liu Ming spoke, the angrier he became. He glared at Wang Xuan and Yao Tiande, but when everyone around heard it, they shook their heads slightly and frowned slightly.

Wang Xuan looked at Liu Ming with an angry face, and said slowly, "Whether it's me or Yao Tiande, it's only now that they know the news of Wang Ziren's death, but it is you who insisted that Wang Ziren died. I firmly believe that if I hadn't seen it with my own eyes, how could I be so convinced? I'm very doubtful now. Could it be that you and Ziren have some grudge, or some other reason, secretly followed this Ziren to Centipede Island yesterday, and then take advantage of it, kill him, and then put the blame on Yao Tiande and Duan Chen. By the way, they colluded with outsiders, dragged our Xuan Gang into the water, and then provoked a conflict between Xuan Gang and Rakshasa, it is best for us and Luo. Both sides will suffer, I really doubt now, are you a spy in the Rakshasa? The purpose is to destroy the Rakshasa?"

The more Wang Xuan said that Liu Ming's face became paler, the eyes of everyone around him fell on Liu Ming's face, Liu Ming was extremely angry, and every word Wang Xuan said, he would yell out nonsense or fart and so on, listening to everyone's ears. I only think that Wang Xuan's analysis is justified and well-founded, but this Liu Ming's face is disgusting and vulgar.

Chen Daolin's face became more and more ugly. Originally, he asked Liu Ming to speak, because he wanted to make a rationale, so that everyone in the patrol team would stand on his side and use words to run on Qiu Yuanfeng, so that no party would help Wang Xuan. Wait for someone, and then they make another move. No matter how powerful Wang Xuan is, he is not a match for so many of them, but he didn't want Liu Ming to be stopped by Wang Xuan and Yao Tiande after a few words. After listening to Wang Xuan's analysis, Liu Ming was furious. He was so angry that he seemed to have been told, and even he couldn't help but look at Liu Ming.

He only returned from Scorpion City to Insect Town today. He didn't know whether the Rakshasa leader really knew about Wang Ziren's death yesterday. The news he got today was all rumors from the people below. He was naturally convinced before, no it was suspected, but now Wang Xuan has repeatedly questioned him and said several doubts. After seeing Liu Ming's reaction, even Chen Daolin began to doubt it.

Seeing Chen Daolin looking at him suspiciously, Liu Ming was frightened and couldn't help shouting, "Brother Chen, you won't believe this kid's nonsense, will you?"

Chen Daolin didn't answer, Wang Xuandan smiled and said: "You want to know the truth of the facts, and you want to verify it, it's very simple."

"How simple?" Chen Daolin looked at him.

Wang Xuan said: "Liu Ming just announced the death of Wang Ziren in front of everyone, and it was the death news that your Rakshasa leader got."

"That's right." Chen Daolin nodded, and many people around him nodded one after another. Qiu Yuanfeng also asked with some doubts, "How to verify this?" I wondered if Wang Xuan wanted to ask the Rakshasa leader to verify the authenticity? It's just that even if the Rakshasa leader is willing to come forward, he will not help Wang Xuan and these people.

"That's very simple. If it is true or false, ask the leader of your Rakshasa, and you will know by asking."

"If there is no such thing, this Liu Ming must have ill intentions and ulterior motives."

As Wang Xuan spoke, he thought to himself that this Rakshasa leader had already died in the gate of immortality and had already gone to the underworld. These people wanted to find him to verify the authenticity, unless they also died and went to the underworld to ask him.

Seeing that Wang Xuan was so calm, Qiu Yuanfeng nodded with a smile, although he didn't know the reason, "Yes, it's true or not, the leader of your Rakshasa must know."

Chen Daolin smiled coldly and said, "When I came, I asked someone to invite the leader. He should also know what happened here by now, and maybe he will come soon."

When they heard that the Rakshasa leader would appear in person, everyone in the tavern was shocked.

If the Rakshasa leader really appeared in person and confirmed that Liu Ming did not lie, then Wang Xuan and his party and Yao Tiande would be in for a big disaster tonight.

Qiu Yuanfeng, who had always been relaxed, also changed his face, and his smile was a little stiff: "Chen Daolin, it really belongs to you, just like this, do you really need to invite the leader?"

Chen Daolin said slowly: "Is it a small matter? If it's just a simple conflict, a fight or something is naturally not a big deal~[www.mtlnovel.com](http://www.mtlnovel.com)~ But if Wang Ziren is really colluded and killed by these people, what do you say? Is it a little thing?"

Qiu Yuanfeng stopped talking, and he naturally understood that no matter how badly Wang Xuan beat Liu Ming, as long as his life was not injured, it would only be a loss of face for Rakshasa, and if he turned back to get his face back, the matter would subside. Well, it's not a serious matter.

But if Wang Xuan and others really colluded with Yao Tiande and Duan Chen, and killed Wang Ziren and involved human lives, then the nature would be different.

Qiu Yuanfeng gave a wink to the person beside him, who realized that, he quietly backed away, and quickly left.

Qiu Yuanfeng understood that the leader of the Rakshasa was really coming, and they would not be able to hold it back unless the leader of the Xuan Gang came forward.

He asked people to quickly report the news here to the leader of the Xuan Gang.

When Chen Daolin saw Qiu Yuanfeng's small movements, he just sneered and didn't care.

Seeing that the situation is getting more serious, the leaders of the suspected Rakshasa and Xuan Gang may appear. The three forces of the Phoenix, the Dynasty and the Justice League have already left quietly to pass the news back, and they must pass the news back as soon as possible.

Liu Ming sneered. He firmly believed that as long as the Rakshasa leader was present, everyone would know that everything he said was true. At that time, both Wang Xuan and Yao Tiande would have to die.

At that time, even Qiu Yuanfeng would not dare to protect Wang Xuan, Yao Tiande and others.

Wang Xuan, Gu Manyao, Zhao Lei and others looked at each other, and Zhao Lei looked at Wang Xuan with some admiration in his eyes.

I thought it was really a shame that this guy could figure it out, and even pushed the final question to the leader of the Rakshasa, asking them to find the leader for verification, but Zhao Lei and the others knew that the leader of the Rakshasa had already died, and these people wanted it will never be possible to ask the Rakshasa leader for verification.

### **Chapter 148**

At this moment, there was a person with a red belt around his waist. The person belonging to the "Rakshasa" rushed in from the outside. He came to Chen Daolin and whispered in a low voice. His voice was very low, but everyone could hear it very well. Qiang, I vaguely heard the Rakshasa leader's words to let them return immediately.

Chen Daolin's face was stunned, he looked at this man, and when he saw this man nodding at him again, he took a deep breath, looked at the people around him and said, "What's the truth about this? We will investigate clearly, whoever dares to kill our Rakshasa, then prepare to bear the wrath of our Rakshasa, and now all the Rakshasa's people will go back to me, and no more troubles are allowed."

When everyone around heard this, they immediately understood that the leader of the Rakshasa would not come forward tonight, and also sent people to let Chen Daolin and others return, and no more troubles were allowed.

Seeing this in the eyes of the surrounding people, I faintly felt that the Rakshasa leader seemed to be cowardly.

After Chen Daolin finished speaking, he glared at Liu Ming again and said, "Follow me back to see the leader!"

Hearing this, Liu Ming shivered and his face was pale.

Wang Xuan's brows furrowed slightly. Chen Daolin suddenly softened and wanted to take someone away. Could it be that...he already knew that the Rakshasa leader had an accident? As for him saying to take Liu Ming back to see the leader, it was naturally just a scene, but when he heard it, he was a little embarrassed.

Then Chen Daolin cupped his hands towards the people around him without speaking, turned around and walked out, with Gao Tian and Liu Ming following closely behind.

Seeing that a conflict was suddenly resolved, all parties were secretly relieved, and Yao Tiande and Duan Chen also let out a sigh of relief. After this, Rakshasa had no reason to use traitors to deal with them.

They just breathed a sigh of relief, not wanting Chen Daolin to take two steps, then suddenly stopped, turned to look at Yao Tiande and Duan Chen, frowned, and said, "You are also from Rakshasa, since it is not certain that you are traitors now. , that is still a member of our Rakshasa, why don't you go back with us?"

Yao Tiande and Duan Chen were startled, and their expressions changed immediately.

How dare they go back with Chen Daolin? Once it falls into Chen Daolin's hands, even death is an extravagant hope at that time, and he has the means to rectify them.

"Come on, don't you even listen to the leader? It's the leader's intention to let everyone go back. Do you want to openly disobey the leader's order?" Chen Daolin's tone increased.

In the major forces, daring to disobey the leader's orders is a real crime of disobedience. Chen Daolin can directly kill or arrest them on the spot, and no one is easy to interfere.

Duan Chen's face was pale, and he didn't know how to respond. Yao Tiande looked at Wang Xuan for help. Although he was not stupid, he didn't know how to deal with it at the moment.

Zhao Lei suddenly said: "Yao Tiande, do you Rakshasa have a rule that you can't leave after joining? I remember that I joined the Xuan Gang before, but they didn't say that. The Xuan Gang doesn't have this rule."

Yao Tiande was startled and said, "There is no such rule in Rakshasa."

Wang Xuan laughed and said, "Since they framed you as a traitor to Rakshasa, why are you staying in such a place, you should leave Rakshasa and come to our Xuan Gang."

Yao Tiande understood, and immediately tore off the red belt around his waist, saying: "From now on, I will officially leave the Rakshasa, I will no longer be a member of the Rakshasa, and naturally I don't need to obey the orders of the Rakshasa leader, Chen Daolin, This is the symbol of your Rakshasa, and now I will give it back to you, the crystal scales I paid more, you don't need to pay it back."

After he finished speaking, he crumpled the red belt into a ball and threw it in the air.

Yao Tiande thought that he had already torn his face anyway, and he was not afraid of offending Chen Daolin again.

Chen Daolin stretched out his right hand, and the red belt that was thrown over suddenly burst into flames, instantly turning into a flame, falling down, and burning into coke.

Seeing Yao Tiande's actions, Duan Chen was busy undoing the red belt around his waist, but he didn't have Yao Tiande's guts and courage to throw it directly to Chen Daolin, but carefully placed it on a table aside.

The one or two hundred people gathered in the tavern at the moment were watching silently, watching Yao Tiande and Duan Chen who had announced in public that they had left the Rakshasa, and then looking at Chen Daolin, Gao Tian and the others, all with ashen faces.

It can be said that today's Rakshasa has completely lost face.

Not to mention them, even ordinary Rakshasa members felt their faces pale at this moment.

The atmosphere in the entire tavern seemed to freeze, Chen Daolin stared at Yao Tiande, his eyelids twitching slightly.

Yao Tiande suddenly felt a chill in his heart when he stared at him, and instinctively wanted to retreat behind Wang Xuan. Almost at the same moment, Chen Daolin jumped out and rose into the air, like a goshawk attacking a rabbit. With a distance of four or five meters, he attacked Yao Tiande who wanted to retreat.

Yao Tiande's face changed greatly, but with his speed and reaction, he didn't have time to dodge anything.

Chen Daolin suddenly shot, and the speed was faster than that of ordinary powerhouses. Even Gu Manyao felt a flash in front of him, and it was difficult to intercept his attack in an instant.

Among the crowd, only Wang Xuan reacted.

He is assimilated with monsters and has an instinctive sense that is far beyond ordinary people. When Chen Daolin made his move, his heart was full of murderous intentions. Wang Xuan immediately sensed it. He stretched out his left hand and pulled Yao Tiande behind him. , slammed his head down towards Chen Daolin who rushed over.

Chen Daolin was surprised by Wang Xuan's quick response, but he didn't stop his hand. He slammed out his right fist, and with all five fingers, he accurately grabbed the metal tentacle that Wang Xuan had drawn from the side, causing him to draw the metal tentacle. power is lost.

Chen Daolin fell to the ground and arrived in front of Wang Xuan. A flame suddenly burned violently from the metal tentacles and swept up towards Wang Xuan along the metal tentacles. The fist of his left hand appeared in front of Wang Xuan.

All of this happened in the blink of an eye. Chen Daolin suddenly shot, and everyone around was in an uproar. Gao Tian and Liu Ming took a step forward and wanted to help.

"Stop it!" Qiu Yuanfeng shouted, and together with the little giant standing beside him, they shot Gao Tian and Liu Ming.

Groups of Rakshasa's core members rushed up, showing hatching beasts one after another, and the scene immediately became chaotic.

With a "bang", the metal tentacle controlled by Wang Xuan lit up with a blue dim light, and a terrifying force erupted. Chen Daolin suddenly felt unable to hold his right hand, and the metal tentacle flew out of his hand, and he was thrown to the ground. Shaking and falling back.

The flame that swept up on the metal tentacles was extinguished immediately, Wang Xuan opened his arms, the two metal tentacles were divided into two, and they wound up along his wrists to activate the giant arms of beasts.

Xiao Bichen, the tall man using the thunder knife, and the other three patrol captains from the "Xuan Gang", "Rakshasa" and "Justice League", all five attacked at the same time. The hatching beast was caught between Wang Xuan and Chen Daolin, to prevent them from continuing to work.

They looked at Wang Xuan with an undisguised shock in their eyes.

They are no strangers to Chen Daolin. This is the second person in the Rakshasa. It is said that his strength has reached the peak of his state. It can even be said that he is a super-powerhouse with half a foot in a higher form. Apart from the leader, he is one of the most important people.

Such a strong man was just blown away by the metal tentacles swung by Wang Xuan?

How powerful is this Wang Xuande?

Chen Daolin stabilized his body, with flames lingering on his right hand clenched into a fist, his eyes glowed with terrifying light, and he suddenly shouted: "Stop!"

He has a very high prestige in the Rakshasa, he shouted loudly, and the people of the Rakshasa stopped one after another.

Wang Xuan also raised his left hand again, signaling Gu Manyao and Zhao Lei to stop.

Gu Manyao showed a giant blade that was two meters long, and was about to volley towards Liu Ming, who was about to rush up. When he saw Wang Xuan's gesture, he stopped.

"Brother Chen, this is the case tonight, it's almost time to stop. If it goes on, it won't look good in every way." The tall man looked at Chen Daolin, and although he called him Brother Chen, there was already a faint hint in his tone. dissatisfied.

In front of their five patrol captains, they suddenly tried to kill Yao Tiande, which was completely ignoring them.

Xiao Bichen said in a daze: "From now on, whoever makes a rash move will be the enemy of all five parties."

Although this tone was sullen, when everyone heard it, they were all stunned.

Unlike tall men in the "Dynasty", who didn't know that Xiao Bichen was favored by the "Phoenix" leader? What she is saying now can almost represent the leader of the "Phoenix", which is an important reason why Chen Daolin is also afraid of her three points.

Wang Xuan put away the metal tentacles, Chen Daolin also slowly released his clenched right hand, and the flames burning on his right hand disappeared.

His face became more and more ugly.

If he really kills Yao Tiande in one blow, these people can't really treat him with his strength and status. After all, the current Yao Tiande does not belong to any force, but the shot just now was not only blocked by Wang Xuan, but also under the watchful eyes of the public. , was shocked by Wang Xuan and fell back, it can be said that this face is even more embarrassing.

Seeing the strange eyes of the people around him, even Xiao Bichen and the tall men from the patrol team had some opinions on him. Chen Daolin understood that if the trouble continued, Rakshasa would only lose more face, and it would be more disadvantageous to himself.

"Let's go!" Chen Daolin didn't even want to explain the scene, he turned around and walked outside the tavern.

Everyone in the Rakshasa knew that he was holding a sigh of shame in his heart, and no one dared to touch his bad head.

As Chen Daolin left, Gao Tian and Liu Ming followed closely, and they soon belonged to the core members of the Xuan Gang and left one after another.

As the Xuan Gang dispersed, tonight's conflict was considered to be over.

The one who belonged to the "Xuan Gang" among the five patrol captains also turned around and left.

After that, the tall man nodded towards Qiu Yuanfeng and the others, said "goodbye", and started to leave.

People from all parties began to leave the venue one after another, and soon the rest were almost all "Xuan Gang" people and a large number of idlers. Although these people had the symbols of the five major forces, the five major forces did not really regard them as themselves. People, these are just the objects of their exploitation.

Qiu Yuanfeng walked up with a smile on his face, and said to Wang Xuan: "My name is Qiu Yuanfeng, this is Mou Gang, I know your name, Brother Wang, but I still don't know what this person is called?" He introduced the person beside him. The little giant Mu Gang looked at Gu Manyao.

"Her name is Gu Manyao." Wang Xuan smiled and said, "My two brothers have left the Rakshasa now, can they join the Xuan Gang?"

Saying that, he beckoned Yao Tiande and Duan Chen to come over.

Qiu Yuanfeng had a slight hesitation on his face, then nodded with a smile: "Of course, it's a trivial matter. There are many people here, and it's not a place to talk. Let's talk in another place."

Wang Xuan nodded and said, "Okay." He took Gu Manyao, Zhao Lei, Yao Tiande and others, followed Qiu Yuanfeng and Mou Gang out of the tavern.

As they also left the tavern, there were some idle people in the tavern who didn't dare to breathe, but now they gathered in groups of threes and fives and began to discuss the events of the night fiercely.

Outside the tavern, more people poured in. These were all people who could not enter the tavern. They did not witness what happened inside. When they came in, they wanted to inquire.

No matter where you go, there will never be fewer people who like to gossip.

The street in the trading area was still crowded with people. Qiu Yuanfeng and Mou Gang brought some core members of the Xuan Gang and accompanied Wang Xuan and ten people towards the square.

Qiu Yuanfeng slammed and asked Wang Xuan's situation. He was really curious. With the strength of Wang Xuan and these people, they should have made a name for themselves in Insect Town.

Wang Xuan knew that he had already registered to join the Xuan Gang, and this Qiu Yuanfeng only needed to transfer the information to see some basic information about himself, so he did not hide it from him.

Qiu Yuanfeng took a deep breath when he knew that Wang Xuan and the others were newcomers to the Xuan Gang.

A group of newcomers have even created two powerhouses in a row, especially Wang Xuan, why is it only a powerhouse? With a single blow, even Chen Daolin can be repelled, even if there are reasons for Chen Daolin's carelessness, but this blow will surpass most of the powerhouses.

"Genius... You two are really geniuses..." Qiu Yuanfeng could only sigh with emotion in the end, and said, "I already had someone report it just now, I think the leader of the meeting will definitely meet you."

In the five major forces, as long as someone can be promoted to a strong state, they will be personally met by the leader of the gang, and they will become the core figure who holds a certain power.

Wang Xuan and Gu Manyao are no exception.

The square under the night was relatively quiet. They walked through the square and came to the other side where there were a lot of single-family buildings.

Qiu Yuanfeng pointed to these small single-family buildings: "This place is mainly divided into five areas, five major forces, each occupying an area. Of course, these five areas do not have strict boundaries. The place where our leader lives is located on the southernmost side. ."

He pointed to one of the five-story buildings on the southernmost side of the building. This building covers a large area, several times larger than the average three-story building. It is of a Western European architectural style. The wall of rice looks like a small castle, it looks solemn and solemn, completely different from the three- or four-story buildings around it.

Wang Xuan understood that this was where the leader of the Xuan Gang lived.

He remembered that when he came to Insect Town before, he had seen a similar five-story building with a picture of a phoenix on it. Now he understood that it should be the place where the "Phoenix" leader lived.

When they approached, the gate of the yard had already opened, and two people stood at the gate to greet them.

"Brother Feng, Brother Mou!" When the two saw Qiu Yuanfeng and Mou Gang, they called them politely from a distance, looking very cordial.

"How is it, have you notified the leader?" Qiu Yuanfeng asked.

"The leader already knows, he let these two..." One of the young men who looked only seventeen or eighteen years old said while looking at Wang Xuan and Gu Manyao.

Qiu Yuanfeng smiled and said, "This is Wang Xuan, and this is Gu Manyao."

"Hello brother Wang, hello sister Gu." The two of them were very sweet, and they greeted each other very politely.

Wang Xuan and Gu Manyao also smiled and nodded towards them.

"Brother Wang, Sister Gu, the leader wants to see you, please come with me. As for the others... I can only apologise to you." The young man smiled embarrassedly at Zhao Lei, Zhang Haofei and the others.

Qiu Yuanfeng said with a light smile: "Understood, you can bring them in to see the leader. You guys will wait here for a while. The leader will definitely make arrangements later. Then my task has been completed, and I have to go back to rest."

Qiu Yuanfeng yawned when he said this, then looked at Wang Xuan and said with a smile, "Wang Xuan, is there a chance for us to gather tomorrow?"

Wang Xuan nodded towards him with a smile and agreed, Mou Gang laughed and said, "Brother Feng organized a party, so you have to bring me too."

Qiu Yuanfeng rolled his eyes at him and said with a chuckle, "When will I forget you?"

At this moment, the young man smiled and said, "Brother Feng can't leave, the leader specially told you to stay."

Mou Gang said with some envy: "Brother Feng, you are still favored, the leader seems to have something to look for you."

Qiu Yuanfeng shook his head a little helplessly and said: "Everyone is sleepy, hey." While shaking his head, he said to the core members he brought: "I don't know what time I can go back tonight, you all go back to rest. ."

"Yes." These people were busy answering.

After that, Mou Gang smiled, took his own people and a few people belonging to Qiu Yuanfeng and left, and went straight back to where he lived~[www.mtlnovel.com](http://www.mtlnovel.com)~ Wang Xuan, Gu Manyao and Qiu Yuanfeng followed the young man into the courtyard, and Zhao Lei, Zhang Haofei, and Yao Tiande could only wait at the door.

Entering the courtyard, Wang Xuan saw that the courtyard was well arranged, with a small rockery and a pond.

Having had contact with the Rakshasa leader, and even saw him die in front of him with his own eyes, now that he thinks of seeing this mysterious leader of the mysterious gang, he is not nervous, but more of a curiosity.

The young man who led them gently opened the door, and inside was a very grand looking hall. The hall was brightly lit. There were two very young and beautiful women standing at the door and saw them coming in. , immediately bowed slightly.

The young man walked in lightly, and said softly, "The leader doesn't like making noises, so everyone should act lightly."

Wang Xuan and Gu Manyao could only follow his example and walked in gently.

The young man said softly towards Qiu Yuanfeng, "Brother Feng, wait a moment, the leader needs to see Brother Wang and Sister Gu first."

Qiu Yuanfeng was obviously very familiar with this place, as if he had returned to his house and sat down on a sofa. After that, the young man took Wang Xuan and Gu Manyao to the second floor towards the oncoming stairs.

On the second floor, the young man led them to a stop in front of a door, knocked on the door lightly, and said, "Boss, someone is here."

"Let them in."

A soft voice came from inside.

"Yes." The young man gently opened the door and gestured towards Wang Xuan and Gu Manyao.

Wang Xuan took a light breath, glanced inside, and found that it was a study. There was a row of bookshelves against the wall, which were full of books. There was a table in front of the bookshelves. is looking at a book.

## **Chapter 149**

Wang Xuan and Gu Manyao walked in.

The young man stood outside and gently closed the door for them.

Seeing Wang Xuan and Gu Manyao walking in, the man sitting reading put down the book in his hand and raised his head.

Unlike Wang Xuan and Gu Manyao, who both wore a full set of armor, this man did not wear armor, but a set of gray casual clothes. He looked no more than 30 years old, and looked very ordinary, with a gentle face on his face. Smile, if you didn't know his identity in advance, it would be hard to imagine that this person is the leader of the Xuan Gang, one of the five most powerful people in Insect Town.

Wang Xuan thought that the leader of the Rakshasa had the strength beyond the state, but I wondered whether the leader of the mysterious gang in front of him would also be the power beyond the state.

The leader of the Xuan Gang was also looking at Wang Xuan and Gu Manyao who came in.

"Your name is Wang Xuan, your name is Gu Manyao." He looked at Wang Xuan, then at Gu Manyao, and then at the booklet he was holding, and said, "I joined the Xuan Gang on June 5th, and only entered Worm Town. A newcomer soon, Wang Xuan, your hatching beast is called Warcraft, and Gu Manyao, yours is Yaochi, the records are correct, right?"

"Yes, the leader." Wang Xuan remembered that the young man called him the leader before, so he also called him the leader. He knew that he and Gu Manyao had joined the Xuan Gang before, and all these materials had been registered.

"It's amazing. Yesterday, I joined the gang for only two adults. Today, you can break through and become the perfect state. Wang Xuan, you can easily break Liu Ming's limbs, and even that guy Chen Daolin was knocked back by you."

The leader of the Xuan Gang smiled and said, "In addition to mastering the hatching beast, you should have another chance. This Chen Daolin is not simple, and it is not an ordinary state."

Wang Xuan didn't know how to answer this, thinking that he couldn't tell him that he had obtained a mysterious blue crystal scale. The energy contained in it was extremely powerful, which was able to shake Chen Daolin back. At this moment, the leader of the Xuan Gang asked. , can only look at him, silent.

The leader of the Xuan Gang waved his hand and said: "Of course, everyone has more or less their own little secrets. You have your own chance or adventure, which is your luck. As long as it doesn't hurt the Xuan Gang, I won't bother."

Hearing what he said, Wang Xuan breathed a sigh of relief, thinking that the leader of the Xuan Gang was very understanding.

"I heard them say that you were in the tavern just now and insisted that you had nothing to do with Wang Ziren's death, and asked them to ask the Rakshasa leader? Why did you believe that the Rakshasa leader would definitely speak for you?"

Wang Xuan was startled, and then said, "How could the leader of the Rakshasa help me? It was just that Liu Ming insisted that Wang Ziren was dead, and said that the leader of the Rakshasa learned of the death and framed the killing of Wang Ziren to us. Now, the only way I can think of to prove innocence is to ask the Rakshasa leader to clarify."

The leader of the Xuan Gang stood up from the rattan chair he was sitting on, with a dazzling smile on his face, half turned around and looked at the side window.

Through the window glass on one side, you can see the insect town in the night, and you can see the buildings and the tall walls in the distance.

"Wang Xuan, do you know that there is one of the most interesting phenomena in this incident? Do you know what it is?"

Wang Xuan shook his head slightly and said, "What is it?" With a few simple answers, the leader of the Xuan Gang in front of him gave him an unfathomable feeling, which made him wary.

"The most interesting thing is that Chen Daolin asked people to invite the Rakshasa leader, but the Rakshasa leader didn't show up. Instead, he ordered all the Rakshasa people to go back. Tonight Rakshasa suffered such a big downfall, and the Rakshasa leader actually endured it. ."

The leader of the Xuan Gang said with a smile: "This is not like the character of the leader of the Rakshasa. Compared with your previous proposal, it seems that you have long determined that the leader of the Rakshasa will not appear, but this is why."

When the leader of the Xuan Gang said this, he looked at Wang Xuan with a smile on his face.

Wang Xuan's complexion changed slightly. Looking at the eyes of the leader of the Xuan Gang, he seemed to have seen through something. Now he can only pretend to be stupid and smiled bitterly: "The leader's words are too profound, I don't understand very well."

2k novel

The leader of the Xuan Gang smiled slightly and said: "Wang Xuan, you are a smart person, you will understand, what I want to say is that if I have such doubts, then Chen Daolin is not a fool, as long as he goes back and thinks about it, he will certainly also There are doubts, the Rakshasa is not as simple as you think, there is a very powerful force behind them, and the 'Rakshasa City' is famous."

"Rakshasa City?" Wang Xuan looked at the leader of the Xuan Gang in front of him.

"For the time being, you don't need to know. In short, now that you are in the Xuan Gang and have the protection of the Xuan Gang, you naturally don't need to be afraid of them. As long as it's not too outrageous, you can do whatever you want."

Wang Xuan's heart moved slightly when he heard this. The words of the leader of the Xuan Gang seemed to encourage him to deal with Rakshasa. Could it be that he actually always wanted to attack Rakshasa?

"It's been so long, and it's time for insect town to change. If it doesn't change, I'm afraid the next insect wave will not survive."

When he said this, he smiled again and said: "Wang Xuan, Gu Manyao, according to the regulations, when you reach the perfect state, each of you can get an independent villa and have the qualifications to promote core members. Of course, the number of core members is limited. , The number of core members promoted by each person cannot exceed five, these core members do not need to be restricted by the half-year period, they can stay with you all the time in Bug Town, this opportunity is very precious, so you can choose solemnly."

"There are 21 people in this gang, and now adding you, it's 23, but there are no more than ten people left in Worm Town. Qiu Yuanfeng will slowly introduce you to the state. When you reach the state, you must go there. Scorpion City, but must return to Bug Town once a month."

The leader of the Xuan Gang explained for a while, and then the young man who had been guarding the door led Wang Xuan and Gu Manyao downstairs with a smile.

Going downstairs, Qiu Yuanfeng stood up.

"Have you seen the leader? How is it, isn't our leader not bad?" Qiu Yuanfeng smiled.

Wang Xuan could only smile and nod, then Qiu Yuanfeng went upstairs to see the leader, and the young man walked out with him and Gu Manyao.

"How is it?" Zhang Haofei asked curiously when he saw them coming out.

The young man smiled and said, "Brother Wang, Sister Gu, I will take you to where you live, which is not far from here."

"Okay." Wang Xuan nodded, Gu Manyao said "thank you", Zhang Haofei wanted to ask again, Gu Manyao glared at him and told him to shut up first.

"The people living in this small building are basically people from our Xuan Gang." The young man pointed to the three- and fourth-floor buildings around him, and soon brought Wang Xuan and Gu Manyao ten people to the place. Two three-story buildings in the distance said, "This one belongs to Brother Wang, and the other one belongs to Sister Gu."

Wang Xuan knew that ten small crystal scales were needed every day for such a single-family three-story building, and living in for ten days meant that one hundred small crystal scales would be needed at one time.

While speaking, the young man took out three medium-sized crystal scales and put them into the slot of the door of the small building.

Three medium crystal scales represent three hundred small crystal scales, which is a month's rent.

"On this day of every month, I will come to renew for another month. You can rest assured and don't worry about the expiration." The young man smiled, and then took out three medium-sized crystal scales and opened the outside of another small building. door.

Now, Wang Xuan and Gu Manyao have the right to live in these two three-story buildings for one month.

"Brother Wang, Sister Gu, then you all have a good rest, I'm leaving." After the young man left, Wang Xuan smiled slightly: "It seems that after being promoted to the ultimate state, there are a lot of benefits, at least you can live in this small building for free. ."

Gu Manyao said: "The important thing is that each person has a quota of five core members, which can not be limited by the half-year period. We have ten quotas for both of us."

"Come on, what did the leader of the Xuan Gang look like and what did he say?" Zhao Lei was busy asking when the young man left.

Wang Xuandao: "I didn't say anything of value, that is, after becoming a state, I have the right to live in this small building for free, and I can recruit five core members. I have to go back to Worm Town to report to him at least once a month. , and nothing else."

"Finally, we can live in a villa, and we have two buildings at one time. Ten people must be enough." Zhang Haofei smiled hehely: "Wang Xuan and Gu Manyao are in one house, let me first declare that I want to live where Gu Manyao is here. That one."

Gu Manyao rolled his eyes at him and said, "Forget it, Shanshan will come with me. I choose Zhao Lei, Tie Ge and Bai Yan for the remaining three, but I don't have your share."

The people she picked were those she thought were relatively reliable and honest, and the unreliable ones were all left to Wang Xuan.

Tie Jun smiled and said: "There is no rule that you must live in the same building. I think it is more suitable for the two of you to live in the same building."

He was bent on matching Wang Xuan and Gu Manyao.

Gu Manyao's eyes lit up slightly, yes, she can live in the same building as Wang Xuan.

Wang Xuandao: "Gu Manyao and I are in a state of perfection now. I live separately from her. If something happens, everyone will be safer."

Hearing what he said, Tie Jun had nothing to say. Gu Manyao was slightly disappointed, but he didn't say anything. Instead, he took Yu Shanshan's hand and walked towards the three-story building that he had assigned. .

Fortunately, these two small buildings are adjacent to each other, and the distance between them is only less than ten meters.

Wang Xuan watched Gu Manyao and Yu Shanshan walking towards that side, shook his head and smiled, he didn't care who was assigned to his building, he pushed open the door in front of him, and walked in first.

Turn on the lights in the hall. Although the decoration in this three-story building is not as luxurious as the five-story castle of the leader of the Xuan Gang, it is already very good in Wang Xuan's opinion, at least compared to those similar hotels in the rest area on the first floor. The same room is much stronger.

There are six resting bedrooms in this three-story building. Wang Xuan chose one on the top floor, and the rest Zhang Haofei, Li Haotian, Yao Tiande and Duan Chen each chose one.

Yao Tiande and Duan Chen had followed Wang Ziren before. Although they became the core members of the Rakshasa, they were never qualified to live in such a small building. Now they follow Wang Xuan and have their own separate bedroom, so they can live here. Full of excitement and excitement.

After taking a bath, Wang Xuan took off his armor, released the little guards, and lay down on the luxurious big bed, ready to take a good rest.

There are at least 20 small buildings in this area that belong to the high-rise residence of the "Xuan Gang", and they are very close to each other. It can be said that living in these small buildings at night is very safe, and no one dares to make trouble here. .

When Wang Xuan was resting, he didn't know that his name was mentioned by countless people tonight. The incident in the tavern had already spread throughout the entire insect town. Wang Xuan twisted the limbs of Liu Ming, a powerful Rakshasa, and defeated Luo. The story of Chen Daolin, the No. 2 figure in Shali, is constantly spreading. Many people talk about it with great enthusiasm. In just a short period of time, Wang Xuan has been rumored to be the No. 1 leader in the entire insect town except for the five chiefs. By.

For ordinary members, this is just a talk after a meal. It is not uncommon for adults to fight or even kill people in the town of insects. However, due to the constraints of the major leaders, it is difficult to see private fights between the strong ones. The high-level confrontation or even the shot of the two major forces, what happened in the tavern tonight, there are so many strong people showing up, it can be said that it is rare in the whole insect town, and its sensational effect can be imagined. .

As for the high-level leaders of the major forces, what happened tonight was not just as simple as the hands-on between Wang Xuan, Liu Ming, and Chen Daolin. They needed to re-evaluate the strength of the Xuan Gang, and a large number of people were sent out. Starting from all aspects, we must do everything possible to investigate the detailed information of Wang Xuan and Gu Manyao.

That night, many people were excitedly talking about what happened in the tavern, and some people were completely insomnia.

Among these people, Chen Daolin, the second person of the "Rakshasa", was included.

From the moment he learned that the Rakshasa leader had ordered all of them to withdraw, he felt a faint sense of unease in his heart.

He is the No. 2 character of "Rakshasa", and he knows the Rakshasa leader better than anyone else. With the leader's character, tonight's matter will never be peaceful.

"After the leader dispatched Lu Bingbing and Li Xing, they left and haven't returned since then?"

In one of the five-story buildings like a small castle, the lights are bright. Except for Chen Daolin, Gao Tian, Liu Ming, and the captain who belonged to Rakshasa among the five previous patrol captains are all there, and now they are staying in "Insect Town" Among the high-level rakshasas, there are only four of them in total, and the rest of them have gone to Scorpion City and have not returned.

This is the building where the "Rakshasa Chief" lives. After they left the tavern, they all gathered here.

"Lu Bingbing and Li Xing went to Centipede Island yesterday, what can there be on Centipede Island to keep them from coming back tonight?" Gao Tian frowned, with an incomprehensible look on his face.

Liu Ming said, "Will Lu Bingbing and Li Xing also..."

He only said half of what he said, and the expressions of Chen Daolin and Gao Tian changed, and they understood what he wanted to say.

"It's impossible." Gao Tian denied immediately.

Chen Daolin's face was gloomy, and he said slowly: "Nothing is impossible, this Wang Xuan is very strong, in addition to hatching beasts, he also seems to have special abilities, and he alone can deal with Lu Bingbing and Li Xing. , let alone that woman."

Liu Ming said: "If Lu Bingbing and Li Xing were also killed by them, then everything can be explained clearly. Why are these people wearing so many Tier 3 equipment and possessing so many storage belts."

The man who was one of the five captains of the patrol before nodded and said, "I was very surprised at this point before, except for Yao Tiande and Duan Chen, how could Wang Xuan have so many storage belts, you know A basic storage belt needs five hundred small crystal scales, and an intermediate storage belt needs a thousand pieces, and normally, a team only needs one."

"If they killed Wang Ziren, Lu Bingbing, and Li Xing, then their equipment and storage belts would make sense."

Chen Daolin nodded slightly and said, "Luo Li is right."

When he said this, his eyes gleamed terribly: "This Wang Xuan is so cruel and ruthless, if Wang Ziren and Lu Bingbing really died in this group of people, no matter what the price we Rakshasa pays, we must take these Kill all of them, leave no one behind, just wait for the leader to come back, these people...all have to pay the price!"

Chen Daolin clenched his right hand into a fist. On the surface of the fist, a flame rose up. It seemed that he could not wait to immediately go to look for Wang Xuan and the others, and kill them one by one.

Everyone felt Chen Daolin's killing intent, the air seemed to be slightly solemn, Gao Tian coughed lightly, and said: "Brother Chen, the most terrifying thing now is that Wang Xuan may kill Lu Bingbing and the others, you forgot to be in the tavern, he Why is he so calm that he wants to ask the leader? Doesn't he know that even if he asks the leader, there is absolutely no way the leader can help him."

Chen Daolin looked at Gao Tian and said, "What do you mean by that?"

Gao Tianwei hesitated, as if he didn't know what to say~www.mtlnovel.com~ Luo Li said, "Brother Chen, I know what Gao Tian means, he is afraid of the leader..."

Chen Daolin's face changed, his originally squinted eyes immediately opened, and said, "What are you afraid of the leader?"

Luo Li also closed his mouth and looked at each other with Gao Tian and Liu Ming. The faces of the three of them were a little weird, but they all closed their mouths.

Chen Daolin squinted his eyes again, opened his right hand, and the burning flame disappeared. He said coldly: "Are you afraid that the leader will also have an accident? Absurd, the leader is an existence beyond perfection, and the entire insect town, Who can hurt him? Of course he has something to do when he leaves here, and he will come back when he is done."

Luo Tian smiled awkwardly and said, "Yes, the leader will definitely come back before the tenth. After all, the one on the tenth will come every month."

Chen Daolin said: "Okay, stop thinking about it, the leader will be fine, as long as the leader returns, we will find a way to completely solve the group of Wang Xuan, including that Yao Tiande and Duan Chen, these ten people must die. Not even the leader of the Xuan Gang came forward to protect him."

Liu Ming's lips moved, as if he wanted to say something, but he didn't dare to say it.

Chen Daolin frowned and said, "Liu Ming, if you have anything to say, just say it."

Liu Ming took a deep breath and said, "I mean in case... in case... before the tenth, the leader didn't come back..."

Chen Daolin was shocked, gave Liu Ming a cold look, then took a long breath and said, "If the leader really doesn't show up on the tenth, then there is only one possibility, something really happened to him... But If this news is true, I think the entire Bug Town will be turned upside down."

He said this with a cold smile.

"The leader is the appointment of Rakshasa City. If something happened to the leader, the wrath of Rakshasa City, no one in the entire insect town can bear."

## **Chapter 150**

When the sun came in through the window, Wang Xuan on the bed opened his eyes, the sky was completely bright, and he was a little stunned when he saw the sun.

In this second-layer Insect Town World, there is a ceiling hundreds of meters up, not the sky, nor the sun, but there is day and night here, and now even the sun appears. As for how the sun appears and where does it come from, it is I don't know at all.

Wang Xuan understood that in this world, he could not guess or explain it with common sense on earth. He could only think that the ceiling above 100 meters in this world could shine sunlight.

Stretched, put away the little girl who has been faithfully guarding, took out a bottle of high-grade nutrient solution and drank it, only to feel that the nutrient solution fell into the throat and turned into a stream of heat, moisturizing the whole body, and the original hunger and thirst. The feeling disappeared immediately.

"Now that Man Yao and I have reached the perfect state, there is no point in going to Centipede Island, but Zhao Lei and the others are adults, but they need to go to Centipede Island..."

Wang Xuan understands that in this world, strength is everything, and he is already a powerhouse, so he naturally wants to break through again, be promoted to a higher form, and become stronger.

The "Rakshasa City" mentioned by the leader of the Xuan Gang made him worry. It seems that there are more powerful forces behind this Rakshasa. Sooner or later, the news of the death of the Rakshasa leader will be known to them, and the first person to be suspected is Own.

"Once they know that I killed the Rakshasa leader, this Rakshasa city will definitely not let me go."

"Zhao Lei and the others want to break through to the perfect state, and they don't know how many days it will take to make it possible. If Yao Tiande and Duan Chen failed to break through for more than a month, I can't always accompany them to Centipede Island to waste time."

Wang Xuan frowned, and quickly made up his mind. He needed to go to Scorpion City, and he must not waste time on Centipede Island. If he did not continue to improve his strength, when danger came, there would be even more terrifying enemies. Not only was he going to die, Gu Manyao, Zhao Lei and Tie Jun, all of them will not survive.

After making up his mind, Wang Xuan relaxed, walked out of the room, and met Li Haotian.

"You go to inform Gu Manyao and the others that everyone will gather in the lobby here."

"Okay." Li Haotian nodded in agreement, hurriedly left here, and went to another small building to pass Gu Manyao and Zhao Lei.

Wang Xuan went downstairs and came to the lobby on the first floor. Just as he sat down, Zhang Haofei, Yao Tiande, and Duan Chen also came down one after another.

"Brother Wang, we don't have a bracelet yet." Yao Tiande had a smile on his face, respect in his eyes, and even changed his name.

The current Wang Xuan is already a real high-level member of the Xuan Gang. He wants to become a core member of Wang Xuan and obtain his protection. This brother Wang represents his intention, and he is willing to become Wang Xuan's subordinate.

Wang Xuan did not correct his name. After all, this time is different from the past, and he should slowly build up some prestige. He just nodded at him and said, "I'll go to Qiu Yuanfeng and ask."

Now Yao Tiande and Duan Chen don't have any marks on their bodies. Strictly speaking, they are equivalent to newcomers and do not belong to any forces.

Soon Gu Manyao, Zhao Lei, Yu Shanshan, Bai Yan and Tie Jun walked in.

"Let's all sit down, let's discuss what to do next." Wang Xuan motioned everyone to sit down and speak.

There were three sets of sofas in the hall, but there were no more than ten people seated, so Yao Tiande and Duan Chen hurriedly moved the chairs on one side.

Zhang Haofei sat down on the sofa and said, "What is there to discuss? I must go to Centipede Island. I feel that I will definitely be able to break through in the past two days. By the way, after I break through, doesn't it also have a detached villa?"

Gu Manyao glanced at him and said, "According to the rules of the Xuan Gang, this is indeed the case."

"Hey, then I also have my own independent residence, and I can recruit five loyal subordinates. It feels good. Fuck, I think it's okay if I can't go out. It's not bad to stay here."

Zhang Haofei had an excited look in his eyes, and he had already begun to fantasize about accepting five beautiful women as his loyal subordinates, one every night, and no duplicates for the first five days of the week, and weekends were allowed.

The more he thought about it, the more excited he became, his eyes almost narrowed.

Wang Xuandao: "I saw the leader of the Xuan Gang last night. He mentioned 'Rakshasa City'. You can tell by the name. This must be the force behind the Rakshasa. Rakshasa City must be far more terrifying than the Rakshasa we know now."

Hearing what Wang Xuan said, everyone was shocked, with a solemn look on their faces, Zhang Haofei also stopped his fantasy, opened his eyes and said, "Rakshasa City?"

Zhao Lei said: "The place we are staying is called Worm Town. Strictly speaking, it is just a small town. Since this Rakshasa city can be called a city, I am afraid it is bigger than Worm Town." He said while shaking his head: "Don't think about it, it must be stronger than Insect Town."

Wang Xuan lowered his voice and said slowly: "The death of the leader of the Rakshasa should be hidden soon. Once we let them know that the death of the leader of the Rakshasa is also related to us, you say... will they spare us?"

Yao Tiande's face turned pale, and said, "Yes, I remembered, Huang Tao once said that most of the crystal scales collected by Rakshasa need to be handed in, and handed in once a month. It must be during Rakshasa City, if the Rakshasa leader doesn't show up when the handover comes this month, I'm afraid..."

Wang Xuan's expression changed slightly: "What day of the month do you hand in?"

Yao Tiande said: "This Huang Tao didn't say anything in detail, just said it was in the middle of the moon, maybe around the fifteenth."

"Just think it's the 15th, today is the 7th of June, and there are still seven days left."

Wang Xuan took a deep breath, his eyes glowed sharply, and said, "I can't go to Centipede Island with you. I need to go to Scorpion City and find a way to go further within these seven days."

Zhao Lei sighed: "It seems that the matter between us and Rakshasa is far from over, we must be prepared for their crazy revenge, and they either don't do it, if they do, I'm afraid it will be unprecedented. Evil."

Li Haotian hesitated: "We are now the core members of the Xuan Gang. If the people of this Rakshasa want to attack us, they must have some concerns."

Yao Tiande said: "There must be some concerns in Insect Town, especially when we stay in this house. No matter how brave they are, they would not dare to rush in here to kill people, but it would be bad if they came out of Insect Town."

Zhao Lei pondered: "Even if we want to start, it must be after the fifteenth. At present, they know at most that the leader has disappeared, or he has gone out for some reason and has not returned. In addition, the incident at the tavern just happened last night, so it is possible to start now. Not much."

Yao Tiande said with an ugly face: "It is unlikely that they will attack you at the moment, but... they definitely want to kill or arrest Duan Chen and me."

When he said this, he looked at Duan Chen who was sitting beside him, and Duan Chen's face also turned pale.

Wang Xuan said: "In those few days, it's best for you and Duan Chen not to leave Worm Town."

Yao Tiande nodded and said, "I think so too, Duan Chen and I cannot leave Wormtown at will."

Li Haotian hesitated: "Are we going to hide in Bug Town for a few days?"

Zhang Haofei was a little anxious. He was thinking about breaking through and being promoted to the ultimate state. If everyone dared not go to Centipede Island, then he would be promoted to a fart.

Yao Tiande shook his head and said: "What they really hate is Brother Wang, and Duan Chen and I, who are regarded as traitors, as for you... In their opinion, all of us are under Brother Wang, and they will not deliberately target you. , Because Bug Town has always had unwritten rules, even if there is a conflict between the two sides, life and death are mostly only aimed at the core characters or leaders, and will not deliberately kill the other's subordinates, otherwise it will be a big taboo."

"Like that Liu Ming, although he also brought people here at the time, let me ask you, will you pay attention to the subordinates he brought?"

When Yao Tiande asked this question, everyone was stunned. After thinking about it carefully, they really didn't pay much attention. Almost everyone's attention was focused on those who were strong.

Seeing everyone's reaction, Yao Tiande said with a wry smile: "Actually it's the same reason, the other party sees us the same way, Duan Chen and I will definitely be the focus of attention because of the special situation, and then there's Brother Wang and Sister Gu, although they are also perfect, but Last night was very low-key, and people wouldn't be too focused on you. Except for the three of us, everyone should not be given credit by them, let alone deliberately targeting you. There is only one situation that will involve you, that is, they want to When you were going to deal with Brother Wang, you happened to be there."

"In that case, if we didn't follow Wang Xuan, would it be safer?" Zhao Lei raised his brows slightly, not knowing whether to be happy or disappointed.

To put it bluntly, people don't target them, not because they are broad-minded, but because they are too weak, people don't care at all.

"If you say that, then it should be safe for us to go to Centipede Island now?" Zhang Haofei thought about it, but after all, they offended Rakshasa to death last night. If Wang Xuan and Gu Manyao weren't by their side, He was really a little nervous.

In case Yao Tiande guesses wrong, there is a strong person in the Rakshasa who quietly follows behind them, and they can easily kill them when they leave the insect town. Anyway, it is not the first time that Yao Tiande guesses wrong.

Yao Tiande looked at everyone's faces, understood what they were thinking, and added: "Of course, this is just my guess, it should be like this according to common sense, but if Rakshasa and these people really put all of us I hate it, I can't wait to get rid of us all... I can't say that there is no such possibility."

This sentence made Zhang Haofei's face look ugly.

"Damn, so I can't go to Centipede Island?"

Yao Tiande shook his head and said, "That's not it, as long as you leave Wormtown in broad daylight and stay on the edge of Centipede Island, there are people everywhere, and now everyone knows that you are from Brother Wang and the core members of the Xuan Gang. , If they dare to kill people in broad

daylight, they are really able to stir up a rift between Rakshasa and Xuan Gang, let alone that they don't have the guts, I think even if the Rakshasa leader is still alive, they would not dare to do this at will. Order."

Wang Xuan nodded slightly, realizing that Yao Tiande was right. In the tavern last night, Liu Ming and others had to have a valid reason to arrest Yao Tiande and Duan Chen. It's just a member. The core personnel of the major forces all have important figures attached to them. No matter which one is killed, it is not a trivial matter.

They were able to kill Wang Ziren, Lu Bingbing, Li Xing, and others, and they are safe until now. The important reason is that they went deep into Centipede Island at that time, and there was no one around. These people could only suspect that they did it, but there was no evidence.

If there is conclusive evidence, even the leader of the Xuan Gang cannot defend him.

Wang Xuan pondered slightly in his heart, and said, "Since Zhang Haofei has the hope of breaking through to the ultimate state in the past two days, he must try it. There are two methods at present, one is to follow me to see Scorpion City, and the other is for you to go. Centipede Island."

Zhao Lei said: "Will it affect you when we go to Scorpion City? It doesn't matter if we break through to the ultimate state later, the most important thing now is Wang Xuan, you can go further, as long as you are strong, others will not dare to take us. Sample."

Gu Manyao thought about it and said, "How about this, Wang Xuan, you go to Scorpion City, and I will accompany Zhang Haofei and Zhao Lei to see Centipede Island these two days?"

She understood that Wang Xuan wanted to go to Scorpion City. Originally, she wanted to go to Scorpion City with Wang Xuan, but now that Wang Xuan was in a dilemma and considering the safety of Zhang Haofei and Zhao Lei, she hesitated, so she gave up going. Scorpion City's plan was to accompany Zhang Haofei and help Zhang Haofei to break through to the perfect state first.

Zhang Haofei heard that Gu Manyao was willing to accompany them, his eyes lit up with a smile and said, "It must be good to have the beauty of Gu to accompany us, then you don't have to be afraid that these Rakshasa guys will come over."

Wang Xuan still frowned slightly, a little worried, and said, "Even if you accompany you, it can't be said to be absolutely safe, let me think about it again."

Gu Manyao said: "You can rest assured, I have my own measure, we will be fine."

At this moment, a voice came from the door, but it was Qiu Yuanfeng who brought Mou Gang to visit. There were four other people with them, three men and one woman. All six of them were wearing Tier 3 alloy equipment. strong.

Wang Xuan was busy welcoming them in.

Zhao Lei, Tie Jun, Yao Tiande, Duan Chen and others stood up one after another to give way and stepped aside.

"Wang Xuan, Man Yao, let me introduce you, this is You Ao, this is Xiang Jingnan, this is Jiang He, this is Gongsun Xiaoyan."

"This is Wang Xuan and Gu Manyao. I believe Wang Xuan's name, you should have heard it last night."

Qiu Yuanfeng introduced them for both parties, and Wang Xuan and Gu Manyao nodded and smiled at them, and they were considered familiar.

After all, they are all elites in the Mysterious Gang. Except for the leader, it is their turn to be the biggest, so they naturally need to get acquainted with each other.

"At the moment, we are the only ones in Worm Town. The others are basically in Scorpion City. We will introduce them later when we have the opportunity. Of course, if you go to Scorpion City next time and see someone wearing a Xuanbang bracelet, naturally That is, we are a good brother of a gang, and we can make friends ourselves."

"Brother Wang humiliated Rakshasa last night, and made our Xuan gang stand out." Kong Xiaoyan, the only female member of the six, pursed her lips and smiled.

Wang Xuan smiled wryly and shook his head: "I am also forced to be helpless."

Speaking of this, my heart suddenly moved and said: "We offend the Rakshasa to death, I'm afraid they will find a way to retaliate, yes, if these friends of mine decide to leave the insect town and go out to hunt monsters, will it be dangerous? ?"

I thought that instead of asking Yao Tiande, I might as well ask Qiu Yuanfeng and the others directly, they would naturally know better.

Qiu Yuanfeng said with a smile: "It depends on the time and place. Normally, they wouldn't deliberately target your friends, and even if they wanted to, they would definitely not dare to do so in places with many people during the day, such as Centipede Island. In the marginal area of them, even if they have ten courage, they will not dare, unless they want to provoke a war between Rakshasa and the Xuan Gang, then don't talk about us, even Rakshasa City will not let them go."

Even Qiu Yuanfeng said so, Wang Xuan was completely relieved.

"Last night, I heard the leader mention Rakshasa City. Where is this Rakshasa City?"

Qiu Yuanfeng said: "Rakshasa City is up there..." He said as he stretched out his hand and pointed upwards, and continued, "But what it looks like, we haven't been there, we just know the name."

Wang Xuan nodded slightly, Gongsun Xiaoyan chuckled lightly: "Brother Wang, instead of worrying about your friends, you might as well worry about yourself. In fact, it is very unlikely that they will attack your friends. At least you are alive and well. If they want to take revenge, the primary target must be you, especially Scorpion City, which is different from the people on Centipede Island. It is a large area, sparsely populated, and dangerous, but it is a good place to kill people for money. If you go to Scorpion City, you should be more careful."

Wang Xuan sighed: "Thank you Sister Yan for reminding me."

"Hee hee, thank you, I would suggest that you should go to Scorpion City a few days later. In case you go, it's best to accompany you, for example, with all of us."

Wang Xuan looked at this Gongsun Xiaoyan with a smoky look, and looked at her affectionate eyes, a little overwhelmed, so he could only smile awkwardly and nod his head to show that he understood.

They chatted for a while before leaving. Qiu Yuanfeng left two black bracelets before leaving, but they were for Yao Tiande and Duan Chen. UU Reading [www.uukanshu.com](http://www.uukanshu.com)

Wang Xuan nodded secretly, thinking that this Qiu Yuanfeng was careful.

Although Gongsun Xiaoyan said that Scorpion City was dangerous, Wang Xuan still wanted to give it a try, not to mention that he had the trump card of blue crystal scales and the Book of Giants. He didn't believe these people could stand against the Book of Giants.

With the Blue Crystal Scale Sleep and the Book of Titans, he really had nothing to fear.

"Since it is confirmed that they will not attack you, then you can go to Centipede Island with confidence, but you still have to come back before dark, so I will go to Scorpion City to see."

Wang Xuan stood up, and Gu Manyao also stood up and said, "Didn't you hear Gongsun Xiaoyan say that scorpions are dangerous? Do you still want to go alone?"

Wang Xuan smiled slightly and said: "You forgot what I got in the gate of immortality? I'm worried about you, as for me..." He shook his head as he said: "I'm not afraid that people like Rakshasa will come to me for revenge."

Gu Manyao thought that Wang Xuan had obtained the Book of Giants. Although she did not know what power the Book of Giants had, since Wang Xuan was so confident, she could only choose to believe it.

"Then I'll go to Scorpion City first, Zhang Haofei, and strive to break through to the perfect state within two days."

Wang Xuan said and walked outside, Zhang Haofei stood up and said confidently: "Don't worry, I will definitely reach the perfect state in two days, and then I will go to Scorpion City with you to see."

Wang Xuan suddenly remembered something when he heard this, and turned around and walked over again.

He thought that since he had temporarily decided to separate from everyone and go to a different area, he could not continue to leave everyone penniless, so he took out some crystal scales and nutrient solution and distributed them to everyone.

After the allocation was completed, he told everyone to be careful, and then Wang Xuan left here and went to Scorpion City.
