

Chapter 12 Strike Back

The next morning Joshua had no idea what was going on, "that's right" he thinks "Erick's little friend moaned and howled for another hour, but then the accommodation was in the deepest silence, so why does Eduarda look like who haven't slept all night, and why is Erick so grumpy? Usually after na orgy like the one he had the night before he was in a good mood."

And what made him more intrigued was that his sister, who wouldn't hurt na ant, was casting murderous looks at Erick from the moment the three of them headed to the cafeteria to drink coffee. And Erick also looks at her from time to time when he thought no one was looking and the question Joshua asked himself was: "what the hell happened last night".

Eduarda couldn't explain why she was feeling that way, after all it was just a kiss, but the sounds of pleasure emitted by any girl were like knives in her heart. With a lot of effort, she stopped herself from invading Erick's room and dragging the girl from there.

That thought makes Eduarda smile, she is a weakling as they used to say, if she had done that she would be dead for sure.

But she once throws na angry look at Erick and realizes that Gaby is watching her from the other side of the table and thinks: "Damn control yourself Eduarda"

It's time to head to the classroom, all rookies have the same classes in the first semester, which are normal classes and only a few exclusive subjects for wolves.

Eduarda walks beside Gaby to her first class and to her relief in the morning they would only have normal classes, Betany accompanied by Trevan passes by and bumps into Eduarda throwing her to the ground.

Everyone in the hallway, except for Eduarda's group, laughs and points.

Eduarda thinks sadly: "I've already become the target again".

Gaby snarls at Betany and hurries to help Eduarda while Erick watches the scene across the hall.

Erick can't understand the bloodthirsty urge to rip off Betany's arms since she can't keep them close to her body, but that was normal here, the weakest weren't made for the royal academy, and he couldn't intervene for things like that. , or it would only make her situation worse, making her the target of Lycan girls who wished to be chosen as the next alpha queen.

Suddenly he is seized by a wave of anguish, shame and humiliation that he knows does not come from him but from his partner's hindrance and this makes him extremely irritated with Eduarda because his partner must be like her.

"Hey no wolf come here," says Erick in a tone that brooks no argument.

Everyone in the hallway watches Eduarda slowly approaching Erick.

"Yes sir", says Eduarda as she stops a few steps away from Erick.

"By any chance, you can't stand the hell up?", says Erick, more irritated with her Subservience.

"I... I..." , Eduarda tries to answer.

Everyone in the hall laughs except for Gaby who narrows her eyes at Erick.

"By chance, you don't know how to speak either?", continues Erick angrily, "well, I want to see you fight back", he says with his blue eyes fixed on Eduarda

"Hey peroxide blonde, come here" he says referring to Betany who approaches with fear because she remembers what happened the last time.

Turning to Eduarda again he says:

"fight back"

Eduarda feels panic taking over her, she had never fought back before, but she knows that the consequences of not obeying the Monster

Prince can be horrible, so she gives Betany a weak push, which only serves to make people laugh more in the room. Hall.

"You're kidding weakling, you better improve this or you'll regret it"

Joshua stands firm watching the scene beside Erick, as his Beta are almost always together, although his heart aches to see his sister in that situation he understands what Erick is trying to do. Eduarda needs to learn to fight back and be strong or she won't last a week there.

Eduarda gives a stronger push, which makes Betany take a step back.

"Right weakling, but you can still do better, come on remember what she did to you and fight back", says Erick raising his eyebrows.

The jeers in the corridor increase, Betany looks at Eduarda with superiority.

And Eduarda doesn't know exactly what happened, only the mockery along with the images of Betany's attacks filled her mind, she felt a wave of power that finally exploded in her hands throwing Betany three meters forward sprawled on the ground.

Silence takes over the corridor, nobody believes that someone without powers, not even a wolf, can be capable of such strength.

Erick looks amazed from Betany sprawled on the floor to Eduarda that she is as amazed as he is.

Joshua claps his hands excitedly at his sister's demonstration, as it will make some students there think twice about trying something against her.

Professor Draco who was watching everything with great interest from the door of a room, clears his throat and says in a loud voice:

"Everyone has already arrived to their rooms", and this makes people start to move but Erick holds Eduarda's arm and pulls her close feeling a weak electric current where he touches her.

Eduarda looks at him scared and afraid of suffering consequences for having thrown Betany so far.

"Listen here wimp, let people make fun of you, push you around without doing anything to fight back, and you'll be dead by the end of the week, this is a competition the less the merrier, and only the strongest will graduate in the end, so if you not helping yourself, no matter what me or your brother does, you'll end up dead", Erick slams these words angrily into Eduarda's ear and walks away without looking back.

Joshua looks at her fondly and says:

"He can be cruel but what he did saved you from becoming na easy target, and what he said is true think about it little sister", and also retreats behind Erick

And Eduarda stands there with tears in her eyes wondering how she is going to survive that.

As if she had read her mind Gaby touched her face, making her startle and said:

"Don't worry, Eduarda, I'm with you" and caressing her face, he continues "what did Erick whisper to you?"

For some reason Eduarda didn't want to share Erick's words with Gaby so she smiled and said:

"Thanks Gaby he didn't say anything important, let's go to class" 🕒
