

Chapter 49 Let the War Begin

Erick finds himself

completely blown away by the sight of Eduarda's body. Eduarda feels embarrassed

and tries to cover her breasts with her arms, but Erick growls in warning.

He slowly

approaches her, his red eyes glowing with desire, Eduarda feels her nipples harden, and again tries to cover herself, but Erick covers the short distance between them with one step and holds her arms at her sides as his gaze devours

every detail of her.

Eduarda, armed with

courage and wild excitement, begins to observe him as well and loses her breath

as she notices Erick's enormous erection.

Moved by curiosity,

she holds him and Erick lets out a groan and takes her in his lap and leads her

into the bedroom, while their mouths connect in a kiss full of urgency and passion.

Eduarda runs her

hands along Erick's back, and tries to increase the closeness between them as

if just a hug wasn't enough.

Erick kicks the bedroom door that falls so violently, but they both ignore it as if nothing could penetrate the bubble of pleasure in which they were lost. Erick barely

notices the rising temperature in the room, he puts her on the bed and the smell of her arousal fills his senses making him growl.

Lying down under her he begins to explore her body with his hands, while his tongue traces a path down her neck towards her breasts. Eduarda, who has never felt so much

pleasure in her life, moans uncontrollably, and holds her breath when Erick cups one of her nipples, while massaging the other with his hand.

He sucks hard and circles her nipple with his tongue and then moves on to the other breast, while

Eduarda keeps moving underneath him feeling the excitement grow.

He leaves the breasts to follow his torture path as he says:

"You are perfect,
never try to hide from me, you are my Eduarda, and I was born for you"

His words seem to

increase the fire inside Eduarda who throws her head back the moment Erick runs

his tongue over her sex following her opening and says:

"Delicia, I've been

dreaming about this for so long", and without warning he sucks her clit and sucks, while using one of his hands to keep her still .

He starts with gentle

movements with his tongue, teasing her clit and driving her crazy, Eduarda not

realizing that claws have appeared in his hand destroys part of the mattress

while her eyes are lost in a pleasure she never thought possible.

Erick increases the

pace and again sucks her clit as if it were the most delicious thing she has ever experienced in her life, Eduarda cries out as her eyes roll back into orbit and her body is violently shaken by spasms as she cums screaming Erick's

name, who sucks and licks up all the liquid produced by her orgasm.

Eduarda murmurs :

"Please, please",

she doesn't know exactly what she is asking for since she has just reached a

violent orgasm, Erick smiles with his mouth still on her sex and says:

"Hum is hungry yet"

his husky voice sends shivers through her body .

Erick doesn't

hesitate and positions himself between her legs, Eduarda holds her breath in

anticipation, slowly but firmly he penetrates her making her cry out in pain the moment the barrier that kept him from moving forward breaks down, fully

inside her Erick waits until she gets used to it, and then begins to move slowly, while moaning as he feels himself being squeezed by her tight pussy.

Realizing that

Eduarda's pain has been replaced by pleasure, he begins to move faster chasing

the orgasm he feels forming inside him.

Eduarda scratches his back with her claws and this only

increases Erick's hard-on who moves faster, he would love to mark Eduarda but

after all she has been through he didn't think it prudent to make love to her in her Lycan form and it is the only way to complete the bond and mark her as

his .

Erick feels he is almost there but wants Eduarda to cum with him again, so he changes his position making his member hit that chick inside Eduarda which makes her sigh with pleasure, and together they reach orgasm .

Erick lies down next to Eduarda pulling her to himself and Eduarda exhausted, sleepy and satisfied asks:

"Why didn't you mark me?"

"Believe me I really want to do this, however I have to do this in Lycan form, and today you have been through a lot"

Nodding Eduarda falls asleep listening to Erick purring on her neck.

The next morning Eduarda and Erick are frightened by the destruction they have caused, Eduarda wonders how they would explain that to Joshua and Lila.

But Lila, as

always, is already ahead of them and says as soon as she sees them

"You are very much
the Edward Cullen and Bella Swan type.

Eduarda blushes
violently, Erick shows the middle finger to the clueless Vampire, while
Joshua

massages his temple trying not to think about how they had destroyed
Erick's room.

But suddenly Erick
takes a stance that Joshua knows well. He was determined to defeat
Hercules and
was about to start.

"I won't wait
another day to take the throne", he says looking seriously at Joshua while
his

hand reaches for Eduarda's hand, as he continues "this will be the last
weekend

of the royal academy, I will release those who want to go home, and I will
accept those who want to fight, I will send a message to all the gangs
summoning the warriors to fight, as well as the vampires who want to
come, I

will let everyone know that the war has begun and this time we will defeat

Hercules forever*.

When he finishes
speaking everyone nods in agreement influenced by his determination.

At lunch that day
the murmuring ceases when a voice says get ready for the coronation of
the new
supreme alpha king tonight!
