

Chapter 50 Evil from the Foret

Right after the announcement the cafeteria explodes in comments and exclamations, and no one noticed the student with the face twisted with hatred, sitting among them .

All the academy activities were closed that day because everyone was going to the town square to attend the coronation ceremony.

Peter seeing Eduarda and Lila approaches saying:

"Are you excited about tomorrow's event?"

Lila hisses at him, but he ignores her as he is already used to Vampira's attitude dreaming of na opportunity to teach her manners , but for Eduarda for now simply pretended not to see Vampira's attitude.

Eduarda looks at

Lila wondering for the umpteenth time why she had this dislike for Peter and

Gaby, but every time she asked the vampire about it she simply said she didn't

like them, because she just didn't.

"Um sure and you,"

says Eduarda trying to improve the mood between them.

"Yeah sure it's not

every day we attend a ceremony like that," but for a brief moment her eyes sparkle with hatred, but it was so fast that neither Eduarda or Lila notice.

Eduarda feels

Celeste stirring inside her, and excuse herself to the royal pavilion where she

tries to communicate with Celeste for the first time.

But suddenly Peter

stands in place, which makes Eduarda look at him, and Peter was with his gaze

fixed on the forest as if something had caught his attention there, Eduarda follows his gaze but sees nothing there, but Celeste starts growling in her mind, and Eduarda notices something moving, but Peter noticing Eduarda's interest says:

"Nice deer isn't it

?"

"Hi ?" Eduarda asks

looking away from the forest to Peter and when she looks again there is nothing

there anymore.

"The deer that was

there at the edge of the forest just now, well I remembered I have to make a

phone call home, I'll see you later," Peter says and hurriedly walks away giving Eduarda no chance to respond.

Looking once more at

the forest Eduarda tries once more to contact Celeste, because the she-wolf was

ignoring her as a form of punishment for having held her for so long.

"What is it girl?"

"There's something

bad coming from the forest, I just don't know what," Celeste replies to Eduarda's surprise who looks at the forest more closely again.

Eduarda takes a few steps towards the forest, closely followed by Lila who also seems intrigued by

something in the forest. But just as they are about to enter between the trees

Gaby calls out to them:

"Hey you two Draco's stranger is looking for you, I don't know what this is about but I gave him the message," he says walking away.

Lila and Eduarda look at each other as if they have just come out of a trance, and Eduarda says:

"We better leave the forest for later, let's see what Draco wants with us"

Lila nods but still casts a glance at Forest wondering what that ominous feeling was.

They look for Draco all over the academy but he is nowhere to be found, giving up and decide to get ready for the evening ceremony.

Commented [Ma1]:

Meanwhile Erick and

Joshua are at the royal house making the final preparations for the coronation,

and the ritual for Erick to become the Alpha King, the supreme of all werewolves. The ritual is a brutal fight between the current king and his Beta,

against the heir and his Beta, and only ends when the heir and his Beta finally

subdue their opponents, thus becoming worthy of the power and of leading the

wolf world.

Erick was worried

because he and his father would fight in the form of Lycans, and he was asking

Kairon his Lycan for moderation so as not to seriously hurt his father, and also worried about Joshua who would face a Lycan and not a wolf like him.

His mind also

insisted on turning to Eduarda and the previous night drawing smiles from him.

The night approaches

tinting the sky in various shades of blue, and sunset orange, the square begins

to fill with people and among them some followers of Hercules blend into the

crowd, and along with them a dark sorceress famous for never failing in her spells.

Eduarda wearing a beautiful white dress looks like the incarnation of the goddess on earth, feeling distressed still thinking about the evil that she will feel coming from

the forest, goes to the square accompanied by Lila.

When they arrive there, they are in a place very close to the huge stage where the whole ceremony will take place.

Lila is also restless because she had a hazy vision where she sees Erick and Joshua badly wounded and subdued on the stage.

The ceremony begins and everything goes by in a blur as Eduarda can't concentrate.

Until the person on stage says :

"We will now call to the stage King Jofrei and his royal Beta Leones , as well as Erick the heir to

the throne and his Beta Joshua.

Silence overtakes
the square for everyone knows the importance of this moment.

Erick stands on the
stage next to his father and Joshua searches with and look at Eduarda in
the
crowd and their eyes meet, as his companion Erick can sense that
something is
disturbing her Eduarda. But the ceremonialist announces the start of the
battle, making Erick focus on what was happening on the stage.

No one noticed the
strange old woman standing near the stage muttering strange words with
her eyes
fixed on the Alpha King and his Beta, who take on more and more of a
violent
posture.

When the stage is
cleared, Erick , his father and Leones transform into a Lycan, and Joshua
into
a beautiful black wolf with white details.

But something is
strange as King Jofrei takes off on Erick as if he really wants to kill him.

While Leones watches

Joshua waiting for the best opportunity to embrace him.

Everyone in the

audience realizes that the fight is much more brutal than they thought it would

be.
