

Chapter 55 She's Ready

The four are

surrounded and the fight begins, to Eduarda's relief Betany and Trevan do well

forming a good duo, the shadows are heading towards Eduarda who doesn't know

what to do with them but Celeste does, and her red glow increases, and every

time one of the shadows touches her she shudders for a while then disappears,

but Eduarda feels that this drains Celeste's strength, who after a while starts

to slow down.

The other three

also begin to show fatigue because the horde of Hercules' followers seems

endless, and then Celeste raises her head and howls.

Meanwhile, Erick and

Joshua walk back and forth across the finish line, where those who have been

defeated or run away are already waiting for the winners.

Suddenly it is as if

defeated or run away are already waiting for the winners.

Suddenly it is as if
a force pulls Joshua into the forest, and he remembers Draco's words to him :

"You are the
protector, so you will feel every time she needs you, and just surrender to
your instincts they will lead you to her"

Without wasting any
time Joshua transforms and dashes off towards the forest, barely giving
Erick

time to ask what was going on, while watching his Beta and friend leave he
hears a howl that puts his whole body on alert, that was Celeste's call and
Erick knew it with every fiber of his being.

Tron takes control
and he takes off in the form of a gigantic black wolf.

The royal guards
sensing the danger as well as some of the students willing to fight follow
their king into the forest.

Tron builds up more
and more speed in his race, leaving everyone behind and even overtaking
Joshua.

Arriving at the fight scene, he sees three wolves and a vampire completely surrounded and cornered by wolves and evil vampires, and by the amount of shattered bodies on the ground the fight had been going on for some time, letting out a roar that made everything around him shake, Erick launches himself into battle with a deadly fury and an unshakable determination.

Hercules, observing everything from his hiding place in the trees, trembles with rage and considers joining the fight as well, revealing himself at once and perhaps destroying Erick as well.

But at this moment Joshua and the others join the fight and Hercules decides it's time to leave the place and make some more sacrifices for the final war.

Seeing their leader fleeing, the followers of Hercules also begin to scatter in a desperate flee, but a large part of them are pursued and killed, by the wolves and Lycans who, seeing the incredible strength of their king and his Luna fighting for

them, are doubled in spirit for the battle.

At the edge of the forest everyone already knows about the battle between good and evil, as well

as the result, and when they see the group of victorious warriors approaching

being led by a gigantic black wolf and at his side a beautiful white she-wolf, they all hold their breath, and throw themselves on their knees and together

they shout:

"Our king and our
luna"

Erick raises his head and lets out a howl, followed by Eduarda and then Joshua, Lila hisses, and then all the wolves and Lycans join

them in a howl that is a cry of victory and war that can be heard for miles around.

In his hiding place Hercules has another of his fits of rage as he hears the howling, and Peter in

his cell smiles wishing he could join in that howl.

As soon as the howl stops Erick pushes Eduarda with his muzzle towards the royal house, for he

would never allow her to return to her human form completely naked in front of

everyone, this is a scene he will keep to himself.

Lila mounts Joshua

and the two go off at full speed, and Erick knows very well what they intend

because he himself wants the same thing with his beautiful and powerful companion.

When they enter the

royal house they go straight to Erick's room, who transforms immediately, and

Eduarda, still in wolf form this time without shame, observes every bit of her

companion, seeing him stand erect before her hungry eyes, she growls and taken

by a supernatural need to taste Erick's taste, she transforms and kneels before

him.

Erick holds his

breath, and Eduarda holds him with her hand as she timidly swallows the head of

his member with her mouth, being seized by a kind of epiphany the moment she

feels the pre-ejaculatory liquid touch her tongue.

Erick throws his head back and moans loudly, Erick's reaction, which gets even harder, increases

Eduarda's epiphany and she now sucks him shamelessly, taking him deeper and

deeper into her throat, Erick taken by desire holds her by the hair and fucks her mouth, Eduarda moans and growls but receives him willingly in her mouth

feeling soaked between her legs, feeling the smell of her arousal is too much

for Erick who comes with three thick jets in her mouth.

Eduarda swallows everything in full ecstasy, and doesn't complain when Erick violently lifts her

up, taking her in his lap and throwing her on the bed.

There, without any delicacy he spreads her legs, taken by an animal urgency he sticks his head between her legs and growls even more when he realizes how wet she is.

He runs his tongue all over the length of her sex, licking every bit of her, then begins a rhythmic sucking of her clit, while Eduarda writhes and moans shamelessly on

the bed.

Erick uses one of his fingers to penetrate her, and Eduarda shudders with the pleasure that takes over her body. Erick increases the intensity of the suction at the same time that he increases the rhythm of the penetration of his finger in and out of her. Eduarda feels her whole body tense up and explode into a violent orgasm screaming Erick's name.

Erick licks and sucks every drop of the liquid produced by Eduarda's orgasm, but this only increases his need to possess her, he wants more, he needs more, and just by looking at Eduarda's face he knows that she needs it too, so he decides, she is ready and he is going to mark her.
