

Chapter 56 Hot Night

Looking at her and
in a much huskier voice than usual Erick speaks :

" You know that to
mark you I need to be in my Lycan form right, but please don't be afraid I
wouldn't..."

"Erick," Eduarda
interrupts him, "I love every bit of you, including Kairon and Tron.

Hearing this he
relaxes and kisses her passionately with fury, desire and passion and is
reciprocated to the height, abandoning his mouth he takes one of her
nipples,
and sucks it taking her crazy.

One of his hands
finds her clit and he starts circling it with skillful fingers, realizing that
she is ready again he reverses the position, pulling her on top of him at the
same time he transforms himself into her Lycan, Eduarda knows he did this
to

leave her in control, Afraid to hurt her, Eduarda now finds herself facing
Erick's Lycan transformation , Kairon, he wraps his hairy hands around her
waist , Celeste in her mind tells her to let him take control without doing
the

and sucks it taking her crazy.

leave her in control, Afraid to hurt her, Eduarda now finds herself facing Erick's Lycan transformation, Kairon, he wraps his hairy hands around her waist, Celeste in her mind tells her to let him take control without doing the

Transformation, and Eduarda gladly lets him.

Celeste lets out a

lewd howl as she runs her tongue over her lips, noticing the change in her personality, Kairon now feels freer too, and grabs one of her breasts massaging

it, as he pulls her to himself and licks the other, Celeste moans uncontrollably, and uses one of her hands to stroke the Lycan's abnormally large member, Kairon moans and his member gets bigger and harder in Celeste's

hand, who positions it at her entrance, Celeste slowly pushes her body down

feeling wide to receive Kairon.

Once he feels

himself fully inside her Kairon begins to move, slowly at first, making Celeste

moan for more.

Soon both are taken by his animal instinct, and their movements are strong and frantic, Eduarda who is imprisoned in a corner of her

mind feels all the sensations and thinks she will go crazy with pleasure, when

both are about to reach orgasm Kairon sits with Celeste riding him wildly, and

the very moment they both reach the apex they mark themselves as companions for

eternity.

The night did

not end there, for every time Erick touched Eduarda's mark she became aroused

and they made love, or it was Eduarda who touched Erick's mark and they made

love, there was no one who could sleep in the royal house that night.

The next morning

Erick wakes up feeling complete with Eduarda snuggled up to him, looking at her

he sees the beautiful mark that now adorns her neck that is identical to the mark on his neck.

He runs his hands
lasciviously over Eduarda's body who grumbles and says:

"Pervert"

Erick lets out a
laugh and says :

"I don't remember
you complaining last night".

"Alright stud, we
need to get up, we need to set na example," Eduarda says pulling away
from
Erick .

Erick would like
to spend the day in bed with Eduarda but she was right. Surely today the
warriors and volunteers from other gangs would begin to arrive for the war,
as
well as a large number of Vampires including the Vampire King himself
were
expected.

Sighing he gets up
and heads to the bathroom where he finds Eduarda taking a shower, seeing
her

soaping herself Erick loses his mind and they make love one more time

before

going downstairs and bumping into a very grumpy Joshua.

Lila nods when she
sees the mark on Eduarda's neck, while Joshua says to Erick:

"A tip for you stud,
put soundproofing in that room"

Eduarda blushes
violently, Erick simply shakes his head and nods, and Lila laughs.

But the light mood
is interrupted when a royal guard rushes into the dining room and says:

"Sir but three
people have been kidnapped, among them a child"

Tension takes over
the room as everyone knows what exactly Hercules is going to use these
people
for. Punching the table Erick says:

"They left some
trail this time, something that can lead us to Hercules' hideout" the guard
lowers his head as he says:

"No sir"

Lila's eyes glaze
over and she says:

"Peter is alive",
upon hearing this Eduarda and Joshua sigh in relief, but the relief is short
lived as they hear the rest "but he is being severely tortured by Hercules,
but
I can't see his face what hate".

"It's okay," Joshua
says, "we know you are doing what you can"

"We need to talk to
Draco, see if he knows exactly why the sacrifices Hercules has been
making, as
the amount has increased," Erick says thoughtfully, and looking at Lila he
asks, "in your visions any changes about Draco?"

"No his future still
oscillates a lot , one hour on our side, another on Hercules', it's as if there
is something missing for him to decide on one side, I don't think he is one
hundred percent reliable"

Erick nods and
starts walking around the room, Eduarda can see the tension in his
shoulders,
and the worry on his face.

"Damn we need to find out at once who this guy is, it's obvious he's undercover here, after all his goal was Eduarda" Joshua says and stops worried and says , "I wonder what he's going to do when he finds out that you guys sealed the bond by tagging each other?"

"I don't know , but he certainly won't be happy, I think we can expect more attacks resulting from his anger," Erick says and his gaze searches for Eduarda, and he knows deep in his heart that he would never let anything bad happen to her.

"Well standing around here won't do us any good, we better take care of the preparations and train, because we are not going to lose this war," Eduarda says with determination and courage, drawing a look of admiration from Erick and one of surprise from Joshua who is proud to see how much Celeste has changed her sister.

Now she was a force to be reckoned with!
