

Last Man 281

Xi : Just one, okay?

Yu : No because I already told Mom and Dad that we're coming back around 6pm.

Yu : No but Xi because we still have class tomorrow and it's beyond our curfew time. And most of all we need to drop Yuhan first.

Xi : Then you can drop Yuhan first then pick me up after.

Yu : Yuhan is living along the way to our house and if you really want me to pick you up then I will tell Mom and Dad that starting today you are now prohibit to watch Detective Conan.

Yu : Fortunately yes

Xi : Idiot, idiot you're really an idiot brother. Ken, Ren and girls we're going now. Geez, I will also tell Mom and Dad that you are prohibit to visit your wife.

Yu : You can tell but they won't listen to you because I'm the elder brother.

Xi : Gaahh, Ellyn see, this is the man you're going to marry, are you sure you're going to be with him?

Yu : (grab his brother and said) stop discouraging Ellyn and we're going now.

Ellyn : .....

Yu : Let's go now Yuhan

Yuhan : Okay, bye everyone (then followed the Li's Brother)

Lynel : Neh Sis, what they're talking about and why Bro Jinxi becomes like that?

Ellyn : (tell everything to them and Lynel laugh)

Ren : Geez you two and Ellyn?

Eiiwr : Yul?

Ren : You and Bro Jinyu must marry in the future or else I'm going to find Bro Jinyu where ever he hides and punish him for not marrying you.

Ellyn : .....

Ken : I will also help you Ren and I'm going to reach my goals so that I can protect all of you.

Lynel : Yes you must Bro Ken and return to us 'especially Kaede is waiting for you'

Ken : I will, promise.

Ren : Neh Bro Ken?

Ken : What?

Ren : Nothing

Ken : What is it? (then strike his brother and attack) now I'm being curious so what is it?

Ren : Ha, ha, ha it's a secret and I will only tell you at the right time (then running away from him)

Ken : What the heck? And since when did you become act like Mom?

Ren : I'm always Mom son, so it's not shocking that I will act like Mom

Ken : Are you really not going to tell me?

Ren : Hai, hai

The two brother continue playing cat and mouse while the two sister are also chatting quietly.

Ellyn : How's Kaede doing now?

Lynel : Same but she got back to herself when I and Bro Ren assure her that Bro Ken will coming back in C Country

Ellyn : I see, did you also tell her that Ken is really popular here?

Lynel : What the? And what do you think of me a sadistic?

Ellyn : No I didn't think of you like but thanks for not telling her

Lynel : Yeah (sighing), geez if Bro Ken is really the same with Bro Jinyu then Kaede future is really secure.

Ellyn : .....

Lynel : (Ignoring her sister and interrupting her cousins who still playing cat and mouse because Ken really didn't get answer from his brother) Bro Ken, Bro Ken

Ken : What?

Lynel : How's your life living with Auntie Rei?

Ken : (stop chasing his brother and smile before answering to her eventhough Lynel always asking this to him everytime they have a family weekend video call)

Ren : (phew and signaling Lynel 'you really know how to stop Bro Ken, Lynel, thanks')

Lynel : 'You're welcome Bro Ren and you almost got caught, geez'

Ren : 'Yeah'

Ken : (after explaining how's life living with their favorite Auntie, he notice that his brother stop running away from him and said to him) fine, I won't budge you anymore but you need to tell me what is it, so when is the right time for me to know?

Ren : When you come back home, I tell you what is it.

Ken : Okay deal

Ren : Deal

Ken : (Notice the time and suddenly he realized) by the way, where are they? It's almost 6pm and don't tell me they forgot about us?

Ren : Yeah that's right Bro Ken and how come they forgot about us when we are still kids?

Both : Yup, yup

Mei : We already here and how come we forgot about all of you, huh?

All : Mom / Auntie Mei

Mei : Hai, hai we're here and all of you must be hungry now right? (they nodded)

Kur : (Nmoahu ovfo usuzwmru al gfhc frt fii md ovuq urouzut jaovmpo rmoahu) uv, vmj tat wmp hmqu ar?

Mei : (showing the Key to her son) by this one Ken and all of you didn't notice us since you we're busy chatting

Ken : Ah, I see but how about Auntie Rei?

El : Your Uncle Tae is the one who stay for his wife.

Ken : I see and how about my cousins Uncle El?

El : You can see them tomorrow since your Auntie will be discharge from the hospital

All : (Kids) eh, that fast?

El : Yup, yup both your cousins and Auntie are in healthy condition, so they can both discharge from the hospital.

All : I see but then for now we're hungry Dad / Uncle El.

El : Alright let's eat now

All : Yehey

Ken : (notice something after seating in the dining chair) eh, how about them Mom and Dad?

Mei : They already done eating but for us we want to eat together since it's our family tradition.

Ren : I see but how about Sis Jia, Mom?

Mei : Her Mom already bring one for her, so maybe now Jia already eat her ...(notice the girl) oh, speaking about her, she's coming here. (all of them look where she's looking at)

Jia : Uhm, can I join? (ask in Sean)

Mei : Yes you can join little girl and luckily my sister have a dining sets for a family.

Jia : Thank you

Mei : I'm you're Auntie Mei, you're Auntie Rei sister and the Jang twins Mother.

Jia : Eh?

Mei : Ha, ha, ha why are you surprised little girl but for now let's eat, okay?

Jia : Okay. 'Woah, Ken's Mom is really beautiful and she really resemble with Ken'.

Chapter 282 - What parents are?

After Wei An and Bum leave from the hospital they ask about where the kids right now then react when they heard that it's come from Mei instead of the one who have a contact of the little boy. Yeah, the Din's family are conversing in Ceno and almost forgot that the Jun's Family are still in the room.

El : And how did you know his number, huh?

Mei : What are you talking about Bro El?

El : You've been texting from your phone so it must be from Jinyu boy since you know where's the kids right now, right?

Mei : Ha, ha, ha since when did you see me asking him his number Bro El?

El : I didn't see but knowing you, you must ask him in secret and rather Ken or Ren tell your number to him since you know where the kids are.

Mei : Tsk, tsk you're really perceptive Bro El, so then what are you going to do if I have his number?

El : What else can I do when you already have it? But at least you can monitor him.

Mei : But I didn't monitor instead I give him an advice to be with Ellyn in the future

El : You're my sister so I trust you and of course as a Father, both Ellyn and Lynel future partner will be their own choices and I won't oppose their decision since it's their future and not me. We as a parents we need to raise, guide and support our kids everything in our best that's in a good way, if they got it wrong then we are here for them and help them to overcome what is it and that's our parents do when I, Rei and you were not yet married during that time.

Rei : Don't worry Bro El, Jinyu is a good boy and will become a fine man, so Ellyn future is secure.

El : Don't tell me you're also one of this? (Then thinking and recalling something) wait, that day when Ellyn decide to stay here, you don't even react and investigating about Jinyu, so don't tell me on the first hand you already know about it?

Rei : Ouh-ouh

Mei : (laughing and said) ha, ha, ha you got it right Bro El but I think you forgot something very important one.

Ei : Wvfo?

Mei : That when the kids both genders reach 16 years old here in S Country, it's already a marriageable age compared to C Country.

El : I already know that one and that's the reason why I give her that condition that to date at the age of 16.

Both : (Rei and Mei) eh?

El : What do you think of me, an idiot?

Mei : Nah it's not Bro El, I thought you give that condition to Ellyn as a strict father of him.

El : I'm really a strict Father, Mei and you can ask that one to Lyn.

Mei : Really? (El nodded then she's looking to Lyn)

Lyn : Yes Mei, El is really a strict Father, he give that exemption for Ellyn since that day was the first one and first time for us to witness how determined she is. All of us already know and aware that Lynel have many crushes either her male friends, celebrities and most of all she have an anime character crush yet Ellyn not even once, well she only like one but it's the anime itself and not the character, so seeing her being determined that day, we already know that she already set her mind, so what El said awhile ago, as a parents we just need to support our kids.

Mei : I see then...

Rua : Somn dmz f qmquro Mua

Mei : Eh, what's wrong Sis? (have a worried look including Tae who's seating beside his wife)

Rei : I'm alright and I just need to remind you that my in-laws are still with us.

Mei : Oh, that's right but then how did you almost forgot your family Bro Tae?

Tae : ....

Rei : Mei ....(got interrupted since Doc Annie visited her)

Annie : (In sean) Oh, both of your families are still here?

Rei : Yes Doc Annie

Annie : I see but well I'm just here to take a look of you and the babies

Rei : (just nodded then Doc Annie checking her up and the babies)

Annie : (after checking them up, she said to them) you can discharge tomorrow since both you and the babies are healthy enough and in good conditions. I didn't find any complications but every weekend I will call you for your updates.

Rei : Yes Doc Annie and thanks

Annie : It's my job as a doctor and how many of them will stay with you tonight?

Tae : Only me Doc Annie

Annie : ....

Tae : I can't?

Annie : Yes you can but remember your wife just give birth, so you need to restrain yourself and after one month of recuperation, you can do whatever you want so for one month just restrain yourself startind today, understand? (Mei also translate it to Ceno)

Tae : Yes Doc Annie and I will take note of it.

Annie : Good and by the way Mei?

Mei : Eh, me?

Annie : Yes it's you and my brother want to meet you.

Me : Me and not my sister?

Annie : Yes you and he really excited to meet you today but he have suddenly an urgent meeting and then Rei will be discharge tomorrow so he can't meet you here in the hospital instead you will meet my brother at CA Entertainment tomorrow around 10am, if you're alright with that?

Mei : Oh, so the owner of CA Entertainment and CEO of CA International and Group Company, want to meet me? How precious it is?

Annie : Oh, so you already know my brother

Mei : Uh-uh

Annie : I see and you also bring Lynel with you.

Mei : Eh?

Annie : That's what he instruct to me and for now I need to leave since I still have rounds to do so (after she said this, she leave right away)

Mei : What's with that Sis?

Rua : Ymp jaii crmj ao omqmqzmmj

En : Is it okay if I will accompany to them tomorrow, Rei? I mean Mei is pregnant and I don't want her to drive when she's pregnant.

Mei : Geez My En, I can handle it and I'm only 5 months preg....(stop when her husband glared at her)  
hai, hai you can accompany me, you're lovely wife.

En : So is it alright Rei?

Rei : Yes Bro En you can, you're Mei's husband after all so who else will accompany Mei aside from you.

Mei : Geez Sis, you can just tell this old man that he can't since he have no appointment to your boss  
and I can meet my bias there, tsk, tsk.

En : My Mei?

Mei : (ignoring him) so Sis take your words back and tell this old man that he can't go.

Rei : Even you go there alone you can't meet him since the teams are on breaks and you already got his  
autograph right?

Mei : Geez autograph is not enough so I want to meet him personally (then notice a gloomy aura beside  
her), ah just kidding My En and you're the man I love, okay?

En : I know but I just wondered that what if one day I'm not here anymore, are you going to remarry?

Mei : What the heck is that? Don't worry My En I won't do that because you're the man I love so just  
relax alright and that's the reason why we held and registered our marriage in C Country because C  
Country have a law in their that No Divorce and No Annulment Law, okay.

En : I see (then smile and the gloomy aura got disperse all of sudden)

Mei : Oh dear even if we're with them, I can still attack you My En.

Aya : Mei?

Mei : What's wrong with that Ma? En is my husband, you know.

Aya : Yeah that's right but we are in public place and everyone are here, so you're not alone with En and behave.

Mei : Hai, hai and that's why I told if we're not with them.

All : (Din's Family including Tae) no and you didn't said that one Mei/ My Mei.

Mei : Really? (all of them nodded) oh, I see but well don't mind it since I'm just kidding.

All : (Except Aya and Jun Family) 'kidding, really? If not for Mama's warning then you already attack Bro En / me.'

Chapter 283 - Bonding with the in Laws

After Mei said that one, she then converse to the Jun Family while the Din's Family are also chatting with each other.

Aya : (interrupting Rei who's looking to Mei and then to her twins) by the way Rei?

Rei : Yes Ma?

Aya : I guess you can cancel your plans about visiting with us during year end breaks since you already now a mother.

Rei : Eh, but I want Tae to visit our house in there and the hometown I grew up. I and Tae already planning it and I will book air tickets after the babies got baptize and after processing all necessary doc.u.ments for them.

El : Don't worry Ma, it's safe to travel with the babies around and by then, the babies will be more than 2 months old

Aya : Alright and knowing you Rei, you're not the type to decide without planning so you can visit us there with your family.

Rei : Thanks Ma

Aya : I'm your Mother Rei, so no need to thank me and I'm just worried about you.

Rei : Yeah I know Ma

Aya : By the way, which beliefs you're planning to baptize the kids?

Tae : We will baptize the kids same with your family religion Ma.

Rei : (got surprise because this is the first time she heard it from him even though they're discussing about the vacation plans, they didn't tackle about the religion for their babies) eh, are you sure?

Tae : Yes Hon

Rei : Thank you Hon but are you alright with that?

Tae : Yes I'm 100% alright with that (said while c.a.r.e.s.sing his wife hair)

Rua : Tvfrc wmp dmz usuzwovare Dufz

Tae : For you Hon, I will do everything.

Mei : (just done with her conversation to the Jun Family then interrupting the couple and said to them in Ceno) ehem, ehem sorry for disturbing the two of you but it's already passed 5pm, so we're going now and we're already hungry.

Rei : That's right and Tae will inform you what time I will got discharge tomorrow.

Mei : Hai, hai but remember Sis you cannot eat your husband for exactly one month since it's your recuperation period.

Rei : ....(speechless while blushing)

Mei : Geez Sis why are you blushing? And you don't need to be get embarrassed since you already eat him whole. See you got married since January 2, so (counting her fingers since that month until now) see you've been married for 9 months and 5 days, so for sure you eat him many times and...(got cut off by Rei))

Rei : Just go you idiot.

Mei : Ha, ha, ha, ha hai, hai we're going now and you can have your husband alone. Bye (then speak first in Sean followed by Ceno) let's go now (then everyone leaving the couple alone in the room)

Tae : (commented it loud) you really have a wonderful family members Hon

Rei : Yeah but Dear, you already my family so it's also your family.

Tae : That's... (got interrupt by a knock) come in

Nurse : Mrs Jun here's your food and also Doc Annie instruct us to prepare for everyone.

Rei : You meet them by chance?

Nurse : Yeah and they're now eating in the cafeteria.

Rei : Thanks

Nurse : We just follow Doc Annie instructions Mrs Jun and by the way we will feed the babies now using the infant formula.

Rei : Yes go ahead Miss (then the two nurse carry the babies who's been sleeping quietly beside their Mother)

Tae : (get the food and then lay the table that just connected to the hospital bed then after setting it up he said to his wife) I'm going to feed you, Hon.

Rei : I'm only giving birth, my hands are not injured and how about you?

Tfu : Yufv l crmj gpo iuo qu tmou mr wmp frt l jaii ufo fdouz wmp

Rei : Okay (then her husband automatically feed her)

Tae is very focus feeding his wife while Rei being touched by her husband actions that the two of them didn't notice that the nurse are saying to them that the twin babies already full until later the nurse lay the babies in baby crib beds and leave the couple alone. The two nurse didn't recognize Tae as the idol one since Tae didn't have his idol looks and if they happen to know including the public and media outlets they won't believe since what they know is that's all member of team are all single until Tae disclose that it become a big news especially he married to a real beauty one.

In the cafeteria

Both the Din and Jun family are seating in a long table that good for all of them, they chat with each other but well the Din's Family are not that talkative type especially not a family members even though the Jun Family are already their in laws and now a family, they just keep in silence since they just meet them and just got to know, so it's kind of awkward to tell talk them like they are close when indeed they just met, so they prefer to keep in silence than to become a plastic person with them when in fact they

don't have that kind of personalities. So in order for them not to feel out of place, Mei is the one chatting to them as their Family representative.

Mei : Everyone please don't worry about my family members, they are still not used of it.

Mom : It's alright Mei, by the way you're family members are all stunning and if I don't the truth then I would guess that you're family are all celebrities.

Mei : Thank you Auntie and you're family are also stunning.

Mom : Thanks

Wen : Neh, neh Mei?

Mua : Yul Sal Wur?

Wen : You're brother is very a handsome one, you know.

Mei : He, he, he and he can understand you, you know.

Wen : Yeah I know but is he a married man?

Mei : Yes and beside him is his wife, my sister in law and mother of the twins Ellyn and Lynel.

All : (Jun Family) eh, she's not you're Cousin?

Mei : Eh, didn't Bro Tae told you that one awhile ago?

All : (thinking and tried to remember)

Mei : This is what Bro Tae said awhile ago (then Mei mimic how Tae introduce to them)

Dad : Yeah, he really did, by the way are all of you not going to eat? (ask since he notice the Din's Family just seating in the seats and didn't open the pack lunch)

Mua : Tvu catl fzu loaii jfaoare dmz pl, Im bplo em fvuft frt rm jmzzaul fgmpo pl Urhiu.

Mom : Are you sure Mei? I mean how about your Mother?

Mei : Did my sister says about our family tradition perhaps?

All : (shaking their heads)

Mei : That sister of mine but well I guess Bro Tae already know that one, so Auntie and guys, we have a family tradition that we need to dine together every meal time well exception if one of us it out of town or other reason that one of us can't come home.

Wen : (suddenly remembered something) ahh, so that's why either Rei or the two kids Ellyn and Ken wait until one of them are there and dine together. Geez, I also wondered that one but I didn't know since Rei is not the type to answer if you didn't ask her but well you cannot really receive an answer of her if it's about my brother or not necessary one to get answer from Rei.

Mei : That's the Sis Rei we know

All : (Jun's Family just laugh because Rei is really like that but she's also very kind, nice and lovable. All of them might not aware the real character of Rei but seeing how Tae become soft because of her, then they can conclude that Rei is really have a good character and seeing her family members they can now conclude that Rei is really raised and grown up with a good family members)

Wen : How about the kids?

Mei : You mean their foods?

Wur : Yul

Mei : The nurse give us 16 packs of meals, so the kids also counted.

Wen : (counted all of them and then the kids) I see, then where's Jia share?

YuMei : (showing the pack meal and said to her sister bluntly) if I really forgot about my daughter, so what kind of mother I am, if I did?

Wen : Ha, ha, ha a poster mother maybe?

YuMei : ....

Mom : Alright stop with that and let's go since our in laws are still not eating their shares.

All : .....

Mom : Sorry about them Mei

Mei : It's really alright Auntie and let's go now or else that twins of mine will already looking for us.

Chapter 284 - Guide for Newborn

On the next day around 9am, the Jun Family already leave and return back to their family house leaving only their parents in the couple residence since they will baby sit their grandchildren. Both Tae's parents are staying in the guest room until they learn to walk and stand on their own.

On the other hand all of them already know that Rei will get discharge around lunch time, so the one who will pick up them is Mei, well with an exclusive chauffeur, her husband En. Mei along with En and Lynel leave around 9:30am, well typical of her she won't arrive 30 minutes before the appointment time but rather she will arrive on time.

Mei is now meeting with Mr. Hwang and discussing about something meanwhile the Jun couple in the hospital room are start packing their things, well it's only Tae who pack up since Rei is talking with Doc Annie.

Annie : You've gone through pregnancy, labor and delivery. Now you're ready to go home and begin another chapter of life with your babies. Once home, you might feel like you have no idea what you're doing so these tips can help both you and Mr. Jun as a first-timer parents about caring for a newborn in no time.

For in-home help, you might want to hire a baby nurse or a responsible baby sitters to help you for a short time after the birth since both you and Tae have a very hectic schedules. Me as your doctor can help you find information about in-home help and I might make a referral to our hospital personnels. Relatives and friends often want to help too but then you're relationship is hidden and not yet disclose so don't feel guilty about placing restrictions on visitors.

Here are few basics to remember for handling a newborn:

1. Wash your hands (or use a hand sanitizer) before handling your baby. Newborns don't have a strong immune system yet, so they're at risk for infection. Make sure that everyone who handles your baby has clean hands.
2. Support your baby's head and neck. Cradle the head when carrying your baby and support the head when carrying the baby upright or when you lay your baby down.
3. Never shake your newborn, whether in play or in frustration. Shaking can cause bleeding in the brain and even death. If you need to wake your infant, don't do it by shaking — instead, tickle your baby's feet or blow gently on a cheek.
4. Mfcu lpzu wmpz gfgw al luhpzuiw dflourut arom ovu hfzauz, lozmiiuz, mz hfz lufo. Laqao frw fhoasaow ovfo hmpit gu omm zmpev mz gmprhw.

5. Remember that your newborn is not ready for rough play, such as being jiggled on the knee or thrown in the air.

### About Bonding and Soothing

Bonding, probably one of the most pleasurable parts of infant care, happens during the s.e.n.s.i.t.i.v.e time in the first hours and days after birth when parents make a deep connection with their infant. Physical closeness can promote an emotional connection.

For infants, the attachment contributes to their emotional growth, which also affects their development in other areas, such as physical growth. Another way to think of bonding is “falling in love” with your baby. Children thrive from having a parent or other a.d.u.l.t in their life who loves them unconditionally.

Begin bonding by cradling your baby and gently stroking him or her in different patterns. Both you and Mr. Jun can also take the opportunity to be “skin-to-skin,” holding your newborn against your own skin while feeding or cradling.

Babies may respond to infant massage. Certain types of massage may enhance bonding and help with infant growth and development. Many books and videos cover infant massage — but be careful, because babies are not as strong as a.d.u.l.ts, so massage the baby gently.

Babies usually love vocal sounds, such as talking, babbling, singing, and cooing. Your baby will probably also love listening to music. Baby rattles and musical mobiles are other good ways to stimulate your infant’s hearing. If your little one is being fussy, try singing, reciting poetry and nursery rhymes, or reading aloud as you sway or rock your baby gently in a chair.

Some babies can be unusually s.e.n.s.i.t.i.v.e to touch, light, or sound, and might startle and cry easily, sleep less than expected, or turn their faces away when someone speaks or sings to them. If that’s the case with your baby, keep noise and light levels low to moderate.

Swaddling, which works well for some babies during their first few weeks, is another soothing technique as a first-timer parents should learn. Proper swaddling keeps a baby’s arms close to the body while allowing for some movement of the legs. Not only does swaddling keep a baby warm, but it seems to

give most newborns a sense of security and comfort. Swaddling also may help limit the startle reflex, which can wake a baby.

Here's how to swaddle a baby:

1. Spread out the receiving blanket, with one corner folded over slightly.
2. Lay the baby face-up on the blanket with his or her head above the folded corner.
3. Wrap the left corner over the body and tuck it beneath the back of the baby, going under the right arm.
4. Bring the bottom corner up over the baby's feet and pull it toward the head, folding the fabric down if it gets close to the face. Be sure not to wrap too tightly around the h.i.p.s. H.i.p.s and knees should be slightly bent and turned out. Wrapping your baby too tightly may increase the chance of hip dysplasia.
5. Wrap the right corner around the baby, and tuck it under the baby's back on the left side, leaving only the neck and head exposed. To make sure your baby is not wrapped too tight, make sure you can slip a hand between the blanket and your baby's c.h.e.s.t, which will allow comfortable breathing.
6. Make sure, however, that the blanket is not so loose that it could become undone.
7. Babies should not be swaddled after they're 2 months old. At this age, some babies can roll over while swaddled, which increases their risk of sudden infant death syndrome (SIDS).

## All About Diapering

You'll probably decide before you bring your baby home whether you'll use cloth or disposable diapers. Whichever you use, your little one will dirty diapers about 10 times a day, or about 70 times a week.

Before diapering your baby, make sure you have all supplies within reach so you won't have to leave your infant unattended on the changing table. You'll need:

1. a clean diaper
2. fasteners (if cloth prefold diapers are used)
3. diaper ointment
4. diaper wipes (or a container of warm water and a clean washcloth or cotton balls)

After each bowel movement or if the diaper is wet, lay your baby on his or her back and remove the dirty diaper. Use the water, cotton balls, and washcloth or the wipes to gently wipe your baby's genital area clean. When removing a boy's diaper, do so carefully because exposure to the air may make him urinate. When wiping a girl, wipe her bottom from front to back to avoid a urinary tract infection (UTI). To prevent or heal a rash, apply ointment. Always remember to wash your hands thoroughly after changing a diaper.

Diaper rash is a common concern. Typically the rash is red and bumpy and will go away in a few days with warm baths, some diaper cream, and a little time out of the diaper. Most rashes happen because the baby's skin is s.e.n.s.i.t.i.v.e and becomes irritated by the wet or poopy diaper.

To prevent or heal diaper rash, try these tips:

1. Change your baby's diaper often, and as soon as possible after bowel movements.
2. Gently clean the area with mild soap and water (wipes sometimes can be irritating), then apply a very thick layer of diaper rash or "barrier" cream. Creams with zinc oxide are preferred because they form a barrier against moisture.
3. Id wmp plu himov tafnuzl, jflv ovuq ar twu- frt dzfezfrhu-dzuo tuouzeurol.
4. Let the baby go undiapered for part of the day. This gives the skin a chance to air out.

5. If the diaper rash continues for more than 3 days or seems to be getting worse, call me right away as your doctor because it may be caused by a fungal infection that requires a prescription.

Bathing Basics and you should give your baby a sponge bath until:

1. the umbilical cord falls off and the navel heals completely (1–4 weeks)

A bath of two or three times a week in the first year is fine. More frequent bathing may be drying to the skin.

Have these items ready before bathing your baby:

1. a soft, clean washcloth

2. mild, unscented baby soap and shampoo

3. a soft brush to stimulate the baby's scalp

4. omjuil mz gifrcuol

5. a clean diaper

6. clean clothes

7. Sponge baths. For a sponge bath, select a safe, flat surface (such as a changing table, floor, or counter) in a warm room. Fill a sink, if nearby, or bowl with warm water. Undress your baby and wrap him or her in a towel. Wipe your infant's eyes with a washcloth (or a clean cotton ball) dampened with water only, starting with one eye and wiping from the inner corner to the outer corner. Use a clean corner of the washcloth or another cotton ball to wash the other eye. Clean your baby's nose and ears with the damp washcloth. Then wet the cloth again and, using a little soap, wash his or her face gently and pat it dry.

8. Next, using baby shampoo, create a lather and gently wash your baby's head and rinse. Using a wet cloth and soap, gently wash the rest of the baby, paying special attention to creases under the arms, behind the ears, around the neck, and in the genital area. Once you have washed those areas, make sure they are dry and then diaper and dress your baby.

9. Tub baths. When your baby is ready for tub baths, the first baths should be gentle and brief. If he or she becomes upset, go back to sponge baths for a week or two, then try the bath again.

In addition to the supplies listed above, add:

1. an infant tub with 2 to 3 inches of warm water (to test the water temperature, feel the water with the inside of your elbow or wrist). An infant tub is a plastic tub that can fit in the bathtub; it's a better size for babies and makes bathing easier to manage.

2. Undress your baby and then place him or her in the water immediately, in a warm room, to prevent chills. Make sure the water in the tub is no more than 2 to 3 inches deep, and that the water is no longer running in the tub. Use one of your hands to support the head and the other hand to guide the baby in feet-first. Speaking gently, slowly lower your baby up to the chest into the tub.

3. Use a washcloth to wash his or her face and hair. Gently massage your baby's scalp with the pads of your fingers or a soft baby hairbrush, including the area over the fontanelles (soft spots) on the top of the head. When you rinse the soap or shampoo from your baby's head, cup your hand across the forehead so the suds run toward the sides and soap doesn't get into the eyes. Gently wash the rest of your baby's body with water and a small amount of soap.

4. Throughout the bath, regularly pour water gently over your baby's body so he or she doesn't get cold. After the bath, wrap your baby in a towel immediately, making sure to cover his or her head. Baby towels with hoods are great for keeping a freshly washed baby warm.

While bathing your infant, never leave the baby alone. If you need to leave the bathroom, wrap the baby in a towel and take him or her with you.

Circumcision and Umbilical Cord Care

Immediately after circ.u.mcision, the tip of the p.e.n.i.s is usually covered with gauze coated with petroleum jelly to keep the wound from sticking to the diaper. Gently wipe the tip clean with warm water after a diaper change, then apply petroleum jelly to the tip so it doesn't stick to the diaper. Redness or irritation of the p.e.n.i.s should heal within a few days, but if the redness or swelling increases or if pus-filled blisters form, infection may be present and you should call me immediately.

Umbilical cord care in newborns is also important. Some doctors suggest swabbing the area with rubbing alcohol until the cord stump dries up and falls off, usually in 10 days to 3 weeks, but others recommend leaving the area alone. As your doctor, I prefer to leave that area alone.

An infant's navel area shouldn't be submerged in water until the cord stump falls off and the area is healed. Until it falls off, the cord stump will change color from yellow to brown or black — this is normal. Call me if the navel area looks red or if a foul odor or discharge develops.

### Feeding and Burping Your Baby

Whether feeding your newborn by b.r.e.a.s.t or a bottle, you may be stumped as to how often to do so. Generally, it's recommended that babies be fed on demand — whenever they seem hungry. Your baby may cue you by crying, putting fingers in his or her mouth, or making s.u.c.k.i.n.g noises.

A newborn baby needs to be fed every 2 to 3 hours. If you're b.r.e.a.s.tfeeding, give your baby the chance to nurse about 10–15 minutes at each b.r.e.a.s.t. If you're formula-feeding, your baby will most likely take about 2–3 ounces (60–90 milliliters) at each feeding. As for you Rei, since you're a working Mom then you need to take at least six weeks of leave and it can help you recover from childbirth and settle into a good b.r.e.a.s.tfeeding routine. Practice expressing your milk by hand or with a b.r.e.a.s.t pump several days or weeks before you have to go back to work. It can feel very different to pump b.r.e.a.s.tmilk compared to b.r.e.a.s.tfeeding your baby.

Some newborns may need to be awakened every few hours to make sure they get enough to eat. Call me right away if you need to wake your newborn often or if your baby doesn't seem interested in eating or s.u.c.k.i.n.g.

If you're formula-feeding, you can easily monitor if your baby is getting enough to eat, but if you're b.r.e.a.s.tfeeding, it can be a little trickier. If your baby seems satisfied, produces about six wet diapers and several stools a day, sleeps well, and is gaining weight regularly, then he or she is probably eating enough.

Another good way to tell if your baby is getting milk is to notice if your b.r.e.a.s.ts feel full before feeding your baby and less full after feeding.

Babies often swallow air during feedings, which can make them fussy. To help prevent this, burp your baby often. Try burping your baby every 2–3 ounces (60–90 milliliters) if you bottle-feed, and each time you switch b.r.e.a.s.ts if you b.r.e.a.s.tfeed.

If your baby tends to be gassy, has gastroesophageal reflux, or seems fussy during feeding, try burping your little one after every ounce during bottle-feeding or every 5 minutes during b.r.e.a.s.tfeeding.

Try these burping tips:

1. Hold your baby upright with his or her head on your shoulder. Support your baby's head and back while gently patting the back with your other hand.

2. Sit your baby on your l.a.p. Support your baby's c.h.e.s.t and head with one hand by cradling your baby's chin in the palm of your hand and resting the heel of your hand on your baby's c.h.e.s.t (be careful to grip your baby's chin not throat). Use the other hand to gently pat your baby's back.

- 3 Lay your baby face-down on your l.a.p. Support your baby's head, making sure it's higher than his or her c.h.e.s.t, and gently pat or rub his or her back.

4. If your baby doesn't burp after a few minutes, change the baby's position and try burping for another few minutes before feeding again. Always burp your baby when feeding time is over, then keep him or her in an upright position for at least 10–15 minutes to avoid spitting up.

## Sleeping Basics

As a new parent, you may be surprised to learn that your newborn, who seems to need you every minute of the day, actually sleeps about 16 hours or more!

Newborns typically sleep for periods of 2–4 hours. Don't expect yours to sleep through the night — the digestive system of babies is so small that they need nourishment every few hours and should be awakened if they haven't been fed for 4 hours.

When can you expect your baby to sleep through the night?

Many babies sleep through the night (between 6–8 hours) at 3 months of age, but if yours doesn't, it's not a cause for concern. Like a.d.u.l.t.s, babies must develop their own sleep patterns and cycles, so if your newborn is gaining weight and appears healthy, don't despair if he or she hasn't slept through the night at 3 months.

It's important to always place babies on their backs to sleep to reduce the risk of SIDS (sudden infant death syndrome). Other safe sleeping practices include: not using blankets, quilts, sheepskins, stuffed animals, and pillows in the crib or bassinet (these can suffocate a baby); and sharing a bedroom (but not a bed) with the parents for the first 6 months to 1 year. Also be sure to alternate the position of your baby's head from night to night (first right, then left, and so on) to prevent the development of a flat spot on one side of the head.

Many newborns have their days and nights "mixed up." They tend to be more awake and alert at night, and more sleepy during the day. One way to help them is to keep stimulation at night to a minimum. Keep the lights low, such as by using a nightlight. Reserve talking and playing with your baby for the daytime. When your baby wakes up during the day, try to keep him or her awake a little longer by talking and playing.

Even though you may feel anxious about handling a newborn, in a few short weeks you'll develop a routine and be parenting like a pro!

Rei : (just listening her even though she research it in advance and taking notes for the one she didn't know yet then suddenly feel embarassed when Tae ask a question)

Tae : By the way Doc Annie?

Annie : Yes Mr. Jun?

Tae : It's still alright for me to have s.e.x with Rei after her recuperation period and what if I got Rei pregnant again?

Annie : There are no rules about when to start having s.e.x again after have given birth but you will wait her recuperation period. And Rei as Mr. Jun wife, if penetration hurts, say so because if you pretend that everything's all right when it isn't, you may start to see s.e.x as a nuisance or unpleasant, rather than a p.l.e.a.s.u.r.e. If it's really hurt, you can still give each other p.l.e.a.s.u.r.e without penetration for example, by mutual masturbation. It doesn't mean that since you already a parents, you're mean focus is to your babies and make time to relax together because you're more likely to make love when your minds are on each other rather than other things.

About getting pregnant, Rei can get pregnant as little as 3 weeks after the birth of a baby which means starting yesterday, even if you're b.r.e.a.s.tfeeding and your periods haven't started again but well I advise to wait until her recuperation period is finished to avoid complications.

Tae : Thank you Doc Annie

Annie : You're welcome, how about you Rei, any questions?

Rei : No questions for now Doc Annie.

Annie : I see, then take care and I will always call you every weekend for your updates.

Rei : Yes Doc Annie and thank you once again (then Annie leave right away since she still have rounds to do so), which of them you're going to carry Dear?

Tae : Our little boy Hon

Rei : Don't tell me it's because our little boy got my looks?

Tae : (just smile and nodded then hug his wife) are you alright handling our babies alone when I'm out of town?

Rei : I'm not alone Tae, I already have you in my heart and also Dad and Mom is with me, so I will be alright.

Tae : (just sighing and hug Rei)

Rei : (feel his worries and said to him frankly) don't ever think about disclosing our relationship rushly just to be with me publicly Dear and I'm here waiting until you are ready to disclose our relationship (turning her body toward him and c.a.r.e.s.sing his face). I'm already satisfied that you are my husband and the father of our kids, okay?

Tae : (nodded while slowly touching her hand from his face and closing their distance until their lips almost touch)

Mei : (covered Lynel eyes when they entered the room since they didn't heard any voices from them and as a married, she already sense something fishy so she covered the little girl eyes and said in Sean) I really got it right but continue, continue guys I already covered the little girl eyes.

Rei : (giving only a peck to Tae and then replied to her sister) woah, what a perfect timing Mei? But sorry we're not making out.

Mei : Tsk, tsk but let's go. 'As if you don't also have perfect timing when I still dated My En'

## Chapter 285 - Rei's discharge

The two couples are now riding on the car and on the way to the other one couple's home. En is still the exclusive chauffeur for them since Rei just got discharge. On the way the family are talking smoothly and quietly since the babies are still sleeping while En driving not so slow and not so fast.

Rei : So how's your talk with Mr. Hwang?

Mei : I and Lynel already sign a contract.

Rei : .....

Lynel : Yeah Auntie Rei and this time Auntie Mei is not really kidding since she agree after she heard the terms and conditions from the said contract.

Rei : Are you okay with that Lynel, I mean I will only let Ellyn sign when she's 12.

Lynel : At yesterday night, I already told Ellyn that I want to debut soon if any chance some offer Auntie Mei to sign me up from any Entertainment but well Mr. Hwang said to me that I will only debut after several trainings and evaluations.

Tae : You already called Mr. Hwang and not Uncle Hwang?

Lynel : Yeah, at first I'm calling him Uncle Hwang but then after I sing two songs which is Universal and Ceno Song, he suddenly told me that I will call him Mr. Hwang and not Uncle Hwang since I already signed up in HL Entertainment.

Both : (Tae and Rei) you're going to debut soon, Lynel.

Lynel : Eh?

Mei : Woah, woah, both of you are quite perceptive and you got it right but well it's not shocking though since Mr. Hwang is your boss.

Lynel : Eh, but Auntie Mei, you and Mr. Hwang both told me that I will debut after several trainings and evaluations?

Mei : Yes that's right and even you already a child star after debut, you still need to train and have evaluations got it?

Lynel : It's quite complicated Auntie Mei.

Rei : Geez Mei don't tease Lynel and Lynel what your Auntie Mei is no body's perfect, so every things in our life we need to train and train until we reach our goals.

Lynel : I see but well I have Auntie Mei as my Manager so I can do it if I have Auntie Mei beside me, how about Ellyn, Auntie Rei? I don't want my sister to left behind.

Rei : Both of you have different future aheads so no worries. Right now even I will signed up Ellyn, she will decline it for sure since she have other priority.

Lynel : Eh, why?

All : Jinyu

Lynel : .....(got speechless and just realized it now) ha, ha, ha right, right, Sis main reason to be here is because of Bro Jinyu and being a Singer here is next after her main priority. So Auntie Rei, when is the right time for Sis to signed up?

Rei : 7 years from now

Lynel : Oh, that so long and?

All : And?

Lwruui : Kuun ao f luhzuo epwl ulnuhafiiw wmp Aproau Mua

Mei : Yes what is it Dear Lynel?

Lynel : Kaede likes Bro Ken

Mei : So right now, you're going to ask when you're Bro Ken going to come back?

Lynel : Uh-uh

Mei : Just ask your Auntie Rei, I don't know when she's going to train Ken.

Lynel : Oh, you're not going to convince Bro Ken to like Kaede back, Auntie Mei?

Mei : Even I like Kaede to be with my son but that's my little boy future and I want him to choice on his own, so I cannot force him that one Lynel.

Lynel : I see, geez Bro Ken is really a genius at such a young age and yet his too oblivious who like him.

All : (except Rei) 'just like his favorite Auntie' (then all of them looking to her direction)

Rua : Wvw fii md wmp fzu wmp immcare fo qu iacu ovfo, usur wmp Lwruui?

Mei : Nothing by the way Sis, you're too noisy and the babies will wake up if you won't shut up.

Rei : ....

En : (they got stuck from the traffic, so he don't waste time and ask one of them) By the way, Rei?

Rei : Yes?

En : (said in Tanes because Lynel is with them) At CA Entertainment comfort room near Mr. Hwang office, I and Mei make out around 11am.

Rei : ..... (speechless again)

Mei : (also said in Tanes) Ahh, that's right delete it for us Sis

Rei : (In Tanes) both of you, can you control it? Although all comfort rooms in CA Entertainment have no CCTV's, but how about the lobby before entering the room? Geez, how many times I delete or fabricate a video footage of the two of you? (then ask her phone from Tae and just fabricating the coverage by En going for the gentlemen side and Mei for the lady side).

Mei : (replied to her sister without shame) I already lose how many times Sis, but geez this time I don't have a copy for our making out. Geez told you My En, that's let do it inside the elevator.

Er : Tvu eazi (Lwrui) al jaov pl

Mei : Ah, that's right, that's right

Rei : (Interrupt the shameless couple) done, so is there's anything else aside from this?

En : Only that one, thanks Rei.

Mei : Oh, you forgot about that one.

En : Where?

Mei : Inside Sis house.

En : Ah, that's right.

Rei : It's my house so it's safe.

Mei : Yeah I know but just send it to me Sis

Rua : Wvur, jvuzu frt jvfo oaqu?

Mei : Living room, yesterday and midnight.

Rei : .....

Mei : Sorry Sis, I can't help it since I'm pregnant so my hormones got increase and I think you understand what I mean.

Rei : Yeah, yeah and stop being noisy or else my twins will awake and will inherit your shameless character

Mei : ...

Lynel : (First time hearing this kind of language so she ask) eh, Auntie Mei what language is that?

Mei : Alien Language Lynel

Lynel : .....

En : We're here and before we're going out let's check the surrounding first.

Mua : Wvfo ovu? Azu ju f huiugzaoaul Mw Er?

En : Not us but it's Tae

Mei : Ahh, that's right. Ha, ha silly of me I forgot that I have a brother in law who's also to be my Sis main bias.

Lynel : Geez, Auntie Mei you, Bro Ken and Bro Ren are really both mother and son pairs.

Mei : Yup, yup, I'm proud of it and I'm also glad that both of them didn't get this old man habits.

En : (Ignoring his wife comments) alright, it's safe and no one's around, so let's get out (then they get out)

Mei : My En, My En you're also suited to be an Artist Manager rather to your own career.

En : I'm not and I'm very far with that, look? (pointing Rei who's already standing near the elevator and waiting for them)

Mei : Since when did you get out Sis?

Rei : No paparazzi's lurking around the moment we enter the parking area, so it's safe to get out right away.

Mei : ....

## Chapter 286 - Family Bonding

The two couples are now riding the elevator and then arrive at the last floor. The Jun couple lay first the babies to their own baby cribs and then just let the guest room door open so that they can hear if the babies happens to cry and asking for foods. They check the babies again before going back to where everyone sits, well they're in the living and chatting. Tae's parent are preparing foods for them even though Lyn insist she will but then only didn't insist when her husband tell her that Rei's in laws want to serve them and of course she's a pregnant woman.

While the in-laws are busy preparing the foods, the Din's family together with Tae are chatting in Ceno until the Jun couple left when they heard their babies crying and at the exact time Tae's Mom are now calling them for them to eat their lunch.

Mom : Let's eat now, eh where's Rei and Tae?

Mei : The babies call their parents attention, so both Sis and Bro Tae are in the guest room Auntie

Mom : I .... (didn't finish since the couple just got back) eh, they're not hungry?

Tae : Yeah Mom and the moment Rei carry Rei Won, he suddenly stop crying.

All : .....

Tae : Geez now I have now a formidable rival towards Rei

All : ....

Rei : That's our little boy, you know.

Tae : Yeah but...(got stopped when he heard a crying baby again) see, see

Rei : .....

Tae : Let check him and I will punish him for disturbing me (then the two back to the guest room and after a minute they got back again, Tae said in Ceno) the little boy is teasing me.

All : ...

Rei : Com'on Dear, he just love you, okay?

Tae : Yeah I know

Mom : Alright stop with that Tae and let's eat now or else the babies well get hungry this time.

Tfu : Yul Mmq

Then the family are now eating their lunch and after they eat, all of them heard the voices of crying babies and both parents automatically stand while excusing to them.

Aya : They are really studying in advance on how to take care the babies.

En : Yes they are really Ma, since both I and Mei, got panic when we heard Ken and Ren crying but the two of them are not like that when they heard the twins cry and they already know what to do.

Mei : Well duh, it's normal for me since I'm a mother at the age of 20 but how about you My En?

En : (Ignoring her and ask Lyn) how about you Lyn, what's your first reaction?

Lyn : I also got panic even I already search about on how to take care of a newborn baby in advance.

En : See My Mei, at least Lyn search while you didn't.

Mei : (not one to easily giving up) How about you Bro El, did you also research in advance?

El : Yes I did and I let Lyn calm down when she's got panic during that time.

Mei : See My En? You've been searching in advance and yet you're still in panic and you are more worse compared to me, remember? (and they continue changing words and words but not fighting though)

Rei : (just come back after b.r.e.a.s.feeding the baby) hey, what are you arguing about?

Mei : Geez, it's because of you Sis

Rei : .....

Mei : Alright never mind that one and don't forget about sending me a copy.

Rei : Hai, hai

Mei : By the way where's Lynel and Ren?

Rei : They're watching their cousins now

Mei : And Bro Tae?

Rei : Behind me (and Tae popped up out of nowhere)

Mua : Guux, fzu wmp gmov f eipu frt nfnuz?

Tae : Yeah we are Mei, by the way Mei the team house is just next door want to see our team house?

Mei : Yep, yep and can I? (then suddenly feel the gloomy aura behind her) ha, ha, ha forget about that Bro Tae and just let me see it when this old man is not around, okay?

Tae : ....

En : My Mei?

Mei : Ah, by the way My En, I'm going to meet Yue, Yuhan's Mom, tomorrow and do you want to come with me? Oh, that's right we're the original glue and paper, so you're going.

En : What time?

Mei : No time since I will give her a surprise visit tomorrow.

En : ....

The family are just chatting for the whole afternoon while Tae's parent sleeping in the guest room and looking for the babies together with Lynel and Ren who's enjoying watching their cousins and talking smoothly to them so that they can't wake them up. Both Tae and Rei just taking a nap and automatically waking up when they heard their babies crying.

Around 4pm, the two kids arrives from the school, changing clothes and washing their hands before watching the babies just what their siblings did. The family shared their dinner and then need digest the food first before sleeping. Since the Din couple, the Jang couple, the former Jun couple (Tae's parents) and Aya are all sleeping in the guest room, the babies are sleeping in between their parents bed for the meantime. Rei is sleeping at the right side while Tae on the left side and the babies in between who's now sleeping soundly while the couple are facing with each other.

Tae : Thank you for giving me this two little angels, Hon.

Rei : You're welcome but I'm also glad Dear, for having you and this two little angels in my life.

Tae : I will post to my SNS next week about this little angels since right now is not the right time since they (the teams) might got a hint that this two little angels is indeed my babies

Rei : Right, are you going to show their face?

Tae : No I won't and as a father I need to protect you and them from the public so I will only post their baby cribs.

Rei : So how are you going to post, Dear?

Tae : Just what you suggest that time Hon, I will put a caption about two little angels together with their baby cribs and this time I will also giving them hints.

Rei : I see but well Dear, except for milk since I will b.r.e.a.s.tfeed them for the whole 6 months you've buy everything that needed for our twins.

Tae : That's the only thing I can do and you have done everything Hon (then remembering that day when Rei give birth while he wait outside in the operation room, his tears suddenly flow without making a noise since their twins are sleeping together with them)

Rua : Huw, jvw fzu wmp hzware?

Tae : I'm really, really scared when you're inside in the operation room Rei, I know you are now safe but remembering that, I can't help it because I'm really scared that time, because what if I lose you?

Rei : (she can't replied that one because all mother who give birth have 50-50 rate in life, so instead of replying to him, she just wipe his tears)

Tae : Neh Hon, whatever it is you must stay safe for me and for our family, okay?

Rei : Uh-uh I will do my best to stay safe and same with you, okay?

Tae : (going to reply but then got interrupted when the twins suddenly crying)

Both Tae and Rei automatically patting the babies gently on their back until they stop crying and back to sleep while the parents are just smiling with each other.

## Chapter 287 - Unexpected Visitors

The next day, the new Jun Couple are now awake early in the morning even though they didn't sleep enough well since Rei will b.r.e.a.s.tfeed the twins every two hours while Tae just accompany his wife everytime she b.r.e.a.s.tfeed their twins.

They got awake and put the baby in their baby cribs, yes the baby cribs got transferred in their own room and it will stay there for don't know how long since it will only depends on how long Tae will hold back, they put the baby cribs in their room for the meantime so that Rei will not be tired getting out from their room and going in to the guest room then vice versa. Rei still on break for recuperation period, so he transferred the baby cribs in the living room for the meantime. They lay the babies on their own cribs for them not to fall in their bed since they prepare foods for them.

Tae : Are you really alright to prepare foods for us, Hon?

Rei : Yes Dear and you already ask me 7 times already, you know

Tae : But...

Rei : Silly, (tap his head) alright I won't do much instead I will only assist you, satisfied?

Tae : Satisfied (then smile)

Mei : (just witness her brother in law smile when she step in the dining room and commented it loud) ugh, what a beautiful smile you have Bro Tae? Don't be like that or else my main bias San will be got replaced by you

Tae : (ignoring her comment instead he great her) Good Morning Mei

Mei : Morning Bro Tae

Rei : Why are you awake this early morning when you are not an early bird?

Mei : Are you really my sister or not?

En : Mei got awake because of her pregnancy symptoms, Rei

Rei : Morning Bro En but Mei is on her second trimester, right?

Mua : Uev.... (lptturiw duui smqaoare frt em om ovu rufzulo zulo zmmq)

En : See? Mei is quite unique since she will feels these symptoms every her second trimester instead of first trimester (explaining then ask Mei when she got out from the rest room) are you alright?

Mei : Am I really alright My En?

En : ....

Mei : Just kidding by the way Sis?

Rei : Yes?

Mei : I'm going to borrow your car

Rei : Okay and you can find the key at the key holder for the right side of the cabinet near the living room.

Mei : Thank you Sis (going to kiss her but got stop by her)

Rei : You just throwing out awhile ago, so don't kiss me Mei

Mei : Geez, since you already have Bro Tae, you are now abandoning me, you're lovely Younger Sister

El : (just heard his sister) stop being silly Mei and by the way Rei?

Rei : Yes Bro El?

El : Can I borrow your car?

Mei : (just laugh when she heard this question from her brother) [????], I got you first Bro El

El : Eh?

Rei : Don't worry Bro El, I and Tae rented the van until tomorrow, so you can use the van instead.

El : Thanks Rei (then leave and ignoring the sister who's very a teaser even she's already a mother for how many years)

Mei : Look Sis, Bro El just ignored me right now, is he really my brother?

Rei : If you really that doubtful enough then ask Mama instead.

Mua : Wvfo ovu? Azu wmp emare om euo qu caiiut? (Rua rmttut jvaiu lqaiare) rm jfw frt gw ovu jfw, vmj jaii wmp zuopzr ovu sfr fdouz ju iufsu?

Rei : I already instruct the day I rent the van that they will get the van back around 6am tomorrow in the departure area since you have flight at 10am and Bro En you will give the key to Mr. He Ron.

Mei : How will My En know him, when his a stranger huh?

Rei : He wear a chauffeur uniform and with a name plate, if you wonder what if someone pretend to be him don't worry I already send his photo to Bro En.

Mei : When?

Rei : Just now (then all of them heard En ringtones)

Mei : Don't tell me you also program it?

Rei : Nah I didn't and I just instruct Jun Tae that when she heard me talking about him and have a signal, she will automatically send it to Bro En

Both : (En and Mei got speechless)

Rei : Alright go now Mei and just wait us to call you for breakfast and don't disturb my time with my husband alone.

Mua : Tlc, jvfo f lalouz wmp fzu?

Rei : The twins are in the living room.

Mei : I'm not interested with your twins since I have my own twins (after she said it, she leave and go to the living room right away)

Rei : Tsundere

Both : (En and Tae) 'and yet Hon / Rei also a Tsundere one'

En : By the way Rei?

Rei : Yes Bro En?

En : Can you come home when Mei in labor?

Rei : I don't know the team schedules Bro En.

En : Even only a day and bring Ken, please?

Rua : Aizaevo I jaii

En : Thanks and don't book a ticket since I will instruct my secretary to pick all of you using our private jet and you just need to prepare the said documents for travel (then leave after said that one)

Tae : Bro En is really a rich man, Hon.

Rei : Yeah he really is but no body knows who they are.

Tae : How about Ken and Ren?

Rei : (looking around in case the two kids eavesdropped especially Ken but then she heard their voices from the living room) for the time being we only know that both Ken and Ren have freedom until they reach 18, so other than that it's only reflect what will Ken decide.

Tae : Aside from Ken is no other one left to handle the Jang Corp?

Rei : Uh-uh since Bro En Grandpa, which is Ken and Ren greatgrandpa only preferred males over females. Yet only Bro En is the only one male among his 4 siblings and....

Tae : Tell me later Hon since Ken is coming to us.

Rei : Okay

Kur : Aproau Rua, Aproau Rua

Rei : What is it Ken?

Ken : Can I be absent today?

Mei : (instead of Rei, she answered his son question since he ask it loud) what the heck is that Ken?

Ken : I want to watch over my cousins

Mei : No you're not going to absent, understood?

Ken : Okay

Rei : You will always have time watch over your cousins Ken since you will stay with us until you reach your goals, remember?

Ken : Ah, that's right and thank you Auntie Rei

Rei : You're welcome and now call everyone since the foods are now ready

Ken : Yes Auntie Rei

Then he leave right away and call everyone, they dine together again with Tae's parents and then as usual both Ken and Ellyn got pick up by Jinyu. The family are just chatting and relaxing for the whole morning, while then after lunch Mei along with her husband leave.

Mei : Are you really not going with us Ren?

Ren : I won't Mom and it's our last day here and I will only see my cousins again when they visit on the year end.

Mei : But did you miss Auntie Yue?

Ren : I miss Auntie Yue but my cousins is my topmost priority now.

Mei : Aww, how sweet of you Ren

Ren : Just go now Mom

Mei : Hai, hai

Ren : Dad take good care of Mom and my incoming younger sibling.

En : (ruffling his hair) silly that's your Dad job but thanks.

Ren : Mom, look what Dad just did, he messing up my hair.

Mei : Serve you right but now you're lovely Mother and Father are going now, bye bye

Ren : Bye bye Mom and don't forgot that you're lovely son is always loving both of you, okay.

Mei : Hai, hai

Then the Jang Couple leave right away and after an hour the only Din Couple from the family also leave without asking Lynel to go with them since his friend Bum want to have get together along with their partners and he hope that Lu will be alright being alone. Just after they leave, they heard a doorbell sounds but the system to recognize someone is already inactive the moment Wen staying with them last month to avoid being finding out of Rei's real identity. Tae's parents and Aya are all sleeping in the guest room, so only the Jun Family are in the leaving room.

Rei : Eh, did Bro El forgot something?

Tae : I don't know but let me open the door first (stand then lay Rei Won on his crib)

Rei : You need to look the monitor first in case they are from the teams (warning her husband just in case)

Tae : Thanks Hon (then looking to the monitor but he can't see anyone) eh, no one's around?

Rei : Then it's not from the team and try to look either one of our private phone Tae (she can't look since she's carrying their baby girl)

Tae : Okay (since the voice recognition got inactive, Rei activate the other system which both of them got notified whomever outside the house if they press the door bell button) it's Ms Na, her husband, Rui and another lady)

Rei : Another lady? Not Doc Annie?

Tae : Not and it's my first time seeing her with this lady

Rei : I see just open the door Dear (stand and approaching to her husband who open the door for their unexpected visitors)

Na : (Even though she plan to surprised her friend, instead she's the one who got surprised when she sees Rei carrying the baby) woah, since when did you become so used of carrying a baby?

Rei : Come in and why Lady Hwang is here, huh?

Cindy : Ha, ha and I'm not allowed? (ask but still entered the house)

Rei : (notice that they still standing so she offer them to take a seat and then commented) I never expect that you still have manners when both of you are both heiress in conglomerate companies.

Cindy : I'm always like this but I don't know what happened to Na?

Na : What the heck is that? Am I that spoiled brat?

Both : Yes

#### Chapter 288 - Friend's Gathering 1

After hearing her friends who agrees without hesitation, she got dumbfounded but then this two friend of her are really alike, so she's not that surprised and just ignored that one by changing topic.

Na : You're quite selfish Rei.

Rei : And why?

Na : You didn't even informed me that you already give birth and got discharge from the hospital.

Rei : Did your Mom didn't tell you? And how did you know that I got discharge if you don't know?

Na : Booh that mother of mine and I only got informed when Lina called me that we will visit you here since you got discharge from our hospital. Waah, it's like I'm not one of owner of the hospital.

Cindy : Geez stop being childish and Auntie didn't tell you since you will expected to give birth next month.

Na : I'm a nurse so I know my body well

Cindy : Yeah, yeah.

Rei : Sorry to interrupt you two but if I remember it clearly, Sis Lina you're training will be completed this coming October 31, am I right?

Cindy : Yeah, yeah I told you that one but it got postponed since there's some circ.u.mstances for me not to finish it.

Both : (Na and Rei) why?

Cindy : I will tell you later but then Rei?

Rei : Yes?

Cindy : How will you call this spoiled Brat?

Rei : Either I call her Ms Na or Na, since she doesn't want me to call her Sis Na.

Cindy : Then you can call me either Ms Lina or Lina and not Sis Lina since I and Na have the same age and it's just 2 years age of gap, so no worries for the honorifics one.

Rei : Both of you are really cousins with each other and ...(got stopped since Tae whisper to her that he will carry Woo Rei and she can continue conversing her friends)

Both : (commented it loud) woah, what a doting wife you are Mr. Jun?

Tae : .....

Rei : Geez you two stop teasing my husband and don't speak loud or else the babies will awake from your loud voice.

Both : You too Rei, such a doting husband you are.

Rui : Neh, neh Auntie Rei?

Rei : Yes Rui?

Rui : (pointing the little boy who's sleeping quietly on his crib and then declaring to the little boy mother) I will marry her when she's 16.

Both : (Rei and Tae) His our little boy, Rui

Rpa : Wvfo? (ovur immcare om ovu iaooiu gmw fefar) frt jvw vu vfsu ovu lfqu dfhu jaov Aproau Rua?

Tae : Our little boy got his mother genes so that's why.

Rui : Eh, you don't have a baby girl Uncle Tae?

Tae : (still carrying his baby girl) 'if I tell that his my baby girl, did this boy going to declare that his going to marry her?'

Chen : (a Pediatrician, so he notice something and tell his Son query) they have Rui and the one Mr. Jun carrying is a baby girl.

Rui : Really Dad?

Chen : Yes and I'm 100% sure

Rui : Okay (then looking to the baby girl who still on her father's arm), hello my future wife.

Tae : How sure are you that my baby girl will be your future wife?

Rui : My instinct tell me Uncle Tae and don't worry I'm not a bad boy, so you can relax.

Rua : Ympz Urhiu Tfu frt I crmj fgmpo ovfo mru Rpa gpo vmj mit fzu wmp fefar?

Rui : 4 years old Auntie Rei, so please let me marry her okay?

Rei : .....

Rui : What's wrong Auntie Rei? Am I not that good enough for her? I mean you didn't have any comments when Bro Jinyu like one of your niece so am I really not that good enough?

Rei : (looking to Tae and her baby girl then answered to the little boy who's still very early to declare his love) it's not my decision but to my baby girl but for now she's still 2 days old.

Rui : Yup, yup I know Auntie Rei and don't worry I won't force her to be my wife. Of course if she will not be my future wife then I will wait for another baby girl that comes from you Auntie Rei.

Rei : .....

Rui : (looking again to the baby girl and then to Tae vice versa before he realized something) eh?

Na : What's wrong Rui?

Rui : Auntie Rei and Uncle Tae just forgot what I said just now.

Bmov : ...

Na : What's wrong Rui? I can already tell that Rei and Mr. Jun baby girl will be more beautiful compared to them, so what's wrong?

Rui : That's it

Na : That's it?

Rui : She's too pretty for me and I just want someone who's more like Auntie Rei, so for now I will wait for another baby girl.

Candy : (interrupt this silly nephew of her) and what if Rei will only have baby boys after these two angels?

Rui : Oh, then I'm willing to become a gay for this little boy, so Mom, Dad and Auntie be prepare in case Auntie Rei will never bear a baby girl again since I'm willing to become a gay for him (pointing the little boy who's not aware of what happening)

All : (got speechless because of his weird declaration)

Rui : Alright Mom, Dad, Auntie Rei and Uncle Tae you can go back with your conversation and just pretend that I'm not here since I'm watching my future husband in case I will become a gay.

Both : (Ren and Lynel who just got out from their room and only understand the word gay, so they ask him using the universal language in sync) gay, who?

Rpa : Mu, gpo Bzm Kur frt Sal Eiiwr jvw fzu wmp Inufcare ar Urasuzlfi Lfrepfeu jvur gmov md wmp fizuftw crmj Sufr, zaevo?

Both : ...

Rei : They are not them Rui instead they are Ren and Lynel.

Rui : Oops (then in Universal Language) sorry I'm still confused who is who, so then I'm willing to become a gay just to be with this little boy.

Lynel : (who's going to react but got stopped by Ren since her mouth already covered by him)

Ren : Excuse us Auntie Rei, Uncle Tae Ma'am and Sir (then grab the two kids smoothly and go in the dining room so that their voice will not be an alarm clock for the two angels who's still sleeping)

Cindy : (who's first time seeing the kids and commented) don't tell me both of you have an affair?

Na : (tap her head) what's with that conclusion Lina? They are their nephew and niece but for now let's stop talking about the kids and let's talk about us.

Cindy : Ahh, that's right

Rei : So what's the real purpose that you are here?

Both : Nah, we are here to visit you that's all.

Rei : .....

Then the friend spent half hour of chatting since Cindy suddenly got a call from someone and left first followed by the Jo couple.

Cindy : Yes?

Man : Can you come here in SB-SW Snack Bar and Coffee Shop?

Cindy : Eh, I thought you have a friend gatherings today?

Man : Yeah we have indeed but these two cruel friends of mine are here with their own wife, so you're my wife and can you come here and help your husband for avoid eating dog foods here?

Cindy : I'm with my cousin and friend also.

Man : Eh, you can't come with me? Are you still doubting about my love to you?

Cindy : Just kidding and I'm going now, bye

Man : Bye Honey and I love you

Cindy : (hung up right away since she still not used of it even though they already married for 3 months and blushing hard)

Both : (Na and Jo Chin) who's that?

Cindy : My husband and for now I'm going first. Rei I will tell you later, bye

Na : Hey what about me and did Uncle already know?

Cindy : Of course he know including Mom and my brother (then leave right away)

Na : Is she really my cousin?

EI : MC?

Lu : Wait, don't tell me you also thought that it's his brother as the MC?

EI : Uh-uh since he only put it MC Wen, so I thought it his brother and not you

Lu : That's what I also thought but then I called him when I received the invitation and he told me that I'm the MC before hanging up

EI : He probably got scolded by his brother after knowing that one and so you've become the scapegoat since you share the same name of his brother.

Lu : For sure he also guess that his brother will not agree of that so he only put the name MC Wen and not Lu Wen or Su Wen.

EI : Ha, ha, ha that's very of him

Lp : Bw ovu jfw... (emo hpo mdd gw f crmhc dzmq ovu tmmz) hmqu ar

Staff : Sir and Ma'am here's your snacks and coffee.

Staff : CEO Seo told us that it will be shoulder to his account, so no worry Sir.

EI : I see thanks (then the said staff leave)

Lu : It's already 3pm and yet this friend of ours is not yet here.

EI : Are you still not used of him?

Lu : Nah I'm already used of it and that's also another reason why he didn't become the CEO of their family business since he won't come on time.

Ei : Raevo

Lu : By the way, can I reserve two for this? (showing the Alarm Tracker Device)

Ei : For your brother and his wife?

Lu : Nah my brother can afford for him and his wife.

Ei : Then for who?

Lu : For my wife and my daughter to be.

Ei : I see so you finally got over with your ex-wife?

Lu : (smile and replied) yeah, I'm finally over with her and I just realized it last June this year.

Lu : At least you've now finally became a Man Bro Bum.

Bum : Hey, what do you mean by that and to tell you I'm older than you by 4 years

Lu : At least I'm not childish

El : Stop with your bickering and Bro Bum, care to introduce who's with you? (ask even he know already but for Lu's sake why he ask this is one)

Bum : (got his point) ahhh, that's right this is Jun Wei An, my girlfriend for 5 years, my fiancée for 1 year and will be my legally wife this coming December.

Lu : I see and at least you already introduce her to us. Here I thought you just pretending to have, so that you won't want to be left out

Bum : Tsk, I didn't introduce her to both of you because I'm afraid you might steal her from me especially both of you are both handsome that beyond my handsomeness and of course you're a divorcee Lu.

Both : Are you really our friend? And you're belittling us?

Bum : ...

Lu : (just realized something and said to Bum) hey, Bro Bum why are you with your future wife when it's for Friends Gathering huh?

Bum : El's wife is also with him and I'm not the only one, you know.

Bum : Alright Lu just get used of it since it's not our fault for not listening us that you're ex-wife was a gold digger one.

Lu : .....

EI : Bro Bum stop teasing Bro Lu, so now what are we going to do?

Bum : Yeah that's right and let's chat about my plan between me and An wedding.

Then the 3 friends talk seriously about his wedding and then just add another suggestions because this man's plan is too way childish, aside from him who else did invite his friends and both families to only have witness registering their marriage and just having a dinner in a fancy restaurant?

Lu : After you registered your marriage, on the same day you will have church wedding and I will handle the church wedding plan for this idiot.

EI : I will also handle the catering services for him

An : I will also handle the function hall since I'm Bum Family Hotel Manager

Bum : Woah, woah the three of you are all amazing and how come I didn't come up with that plan?

All : (except Lyn) Because you're too childish but of course you, you will be the one going to pay all the costs for the wedding.

Bum : Hai, hai and just let me know how much

All : 'If his not my friend/boyfriend then I would really be wonder how did he graduate from the S Elite Academy with high honors?'

Bum : Hey, what's with that looks? (Then hug his wife) come here An or else you will got this two monster genes.

An : ....

Lu : (react even though Bum is the only one who feeds dog food for him) what the? I can't handle it anymore and I'm going to call my wife to come here.

Lu : I'm not that desperate you know

Bum : Yes you are

Lu : .....

El : Go call your wife Bro Lu

Lu : Thanks El

Bum : What? Did he really remarry his wife again?

Lu : Shut up Bro Bum (then call his wife right away then hang up and said to him) you will see it with your own two eyes if I'm really that desperate enough

Lu : I'm not like that

Bum : But... (got stop by his future wife) okay, we will just see that one if Lu's telling the truth or not.

## Chapter 290 - Small world

After that call, Lu's friends are now waiting for his so called wife of him. El and Lyn really believe Lu but very opposite to Bum since his very doubtful of him since whatever his ex-wife did, he still love her even though he already witness that his wife banging someone else and then he still forgive her until they got divorced since that was his wife wants and if he really love her then he will agree for the said divorce but yet this idiot still waiting for his ex-wife who's not very deserve to his genuine love. Lu : We have so many netizens who also have the same name, so which Rei?

Lina : 'This idiot, I whisper to him since I'm not sure and yet he replied it loud'

Lu : Honey?

Lina : Din Lou Rei, Wen (she didn't reveal that she's married since it's her friend privacy)

Lu : (looking to his friend El who just nodded to reveal their relationship to his wife) Rei is El younger sister

Lina : I see, so that's why they have the same feature

Lu : Yes they really have but how did you know Rei, honey?

Lina : She's my friend and my Dad former Head Secretary.

Bum : (looking to his friend El who just nodded to reveal that he knows her) so you already know that Rei is married to my wife brother?

Lina : Uhm, is this room safe or not?

Bum : What the heck? So she's the famous Secretary? (all nodded except El and Lyn then he look to El and said it bluntly) not just you but you also have a monster sister.

EI : Is that a compliment or not?

Bum : Of course it's a compliment EI (then looking to the Lu couple) so then before that how did the two of you got to know each other and how did you got married of this man when this desperate of friend of mine was very in love to his ex-wife huh?
