Chapter 121 Alston Group Fiasco

In summary, the most likely person to want to meet with her is the head of The Alston Family.

Hank's eyes flashed with a little amazement, not expecting Adriana to be so smart.

Eyes flashing, did not speak, considered the default

"Let's go."

Adriana doesn't resist.

After all, she caused a big stir in the Alston Group, The Alston family family head could not be unaware of her existence, it was only a matter of time before they had to meet.

Followed Hank out of the neighborhood and took the car to The Alston family's old house.

The Alston family's old house is located on a hillside outside the city, built on a hill, and is a quaint old house, rather like an ancient courtyard.

After entering, looking inside the atmospheric architecture and vintage style, but can highlight the people of The Alston family's great value, and temperament.

"Are there a lot of people in there?"

When she got out of the car just now, Adriana saw a lot of luxury cars parked in front of the door.

This makes her heart feel insecure and fearful.

"Ms. Hale will know when she gets in there."

Hank speaks very officially.

But Adriana vaguely guessed that Peter and Brenden would be among those present today, because she had seen their car outside in the parking lot.

Thinking about this, Adriana became even more scared.

This kind of battle, have not faced, say not afraid, it is false.

Atrium, parlor.

Hank led her into the hall, which was vintage in style, with a hale and hearty old man with white hair and a white taiji suit sitting on a taiji chair directly above him.

And there were a number of men sitting in two rows of chairs on each side of the hall.

All the people inside looked stern and expressionless.

"When did you meet?"

"More than a decade ago."

"Known from school?"

"Yes."

"Were you at the engagement party when she was engaged?"

"Attended."

"And was it you who revealed important trade secrets of the Hetrua Firm?"

The old man asked a lot of boring questions, just to attract Adriana's attention, so that she can disrupt her thinking and try to ask questions unexpectedly, so as to get real and valid answers from Adriana.

But he, neglected Adriana's profession.

She is a lawyer by profession, responsive and intelligent, how could she be fainted by three or two questions?

"No."

That day, Theresa had said that Peter had covered up for her and took all the blame.

She certainly couldn't admit it.

First, if she admits it, it will make everyone in The Alston family feel that Peter is taking sides with her and thus suspect Peter's relationship with her.

This makes things even more complicated.

Second, Peter is both partiality to her, it means that his feelings for her unchanged. Then at this point, only dead not admit to betray him, will let Peter completely disappointed, to her this liar, traitor completely is to go confidence.

The purpose of putting distance between the two has been achieved.

"Really not?" Old Mr. Alston asked once again

Adriana nodded, "Old Mr. Alston is suspecting me?" She smiled and said airily, "I'm curious, why did Old Mr. Alston think it would be me who betrayed the Alston Group?"

"Peter, how come we didn't know about this?"

"This girl, at a glance, is not a simple person, really is not so simple."

"Hmph, Brenden actually looked at this liar."

.....

Several people in the hall were talking, but at this time, Brenden just dropped his gaze on Adriana, feigning a look of anger not to be spoken.

In terms of acting, Adriana truly feels that Theresa and Brenden are kings.

Suddenly, she remembered the day she was slapped by Gisselle's parents at the memorial service for Brenden's wife, Gisselle.

After that incident, Brenden said that the incident had something to do with Theresa, and now that I think about it, maybe it's really possible.

Think carefully

Is she, or is she still her BFF?

"Peter, is there really such a thing?"

Old Mr. Alston was furious when he heard Theresa's words, he didn't know anything about what had happened.

"Yes."

Brenden did not hide and answered truthfully.

He stood up and treated the old man in a very respectful manner.

"What's going on?"

Old Mr. Alston was very interested to know what exactly made Peter dare to pay so much money to Adriana to acquire a small company.

"I know Ms. Hale from my engagement ceremony with Theresa. That time, she saved Luis, and if Ms. Hale hadn't stepped in just in time, I'm afraid Luis would have been"

He spoke with a beat, the rest of the words did not say, but the crowd also know.

"Theresa, isn't that girl your BFF? Are you sure you want to do this?" Old Mr. Alston threw the question at Theresa.

Theresa held the phone tightly in her right hand, showing her dilemma, looked at Adriana and shook her head with minimal movement, interpreting her helplessness and struggle.

And then, snapping back to Old Mr. Alston, "Grandpa, I am now Peter's fiancée and only assume that everything is in the best interest of The Alston family. As much as I want to take Adri's side, but I choose to help reason and not relatives."

Helping reason but not relatives?

Adriana pupil eyes a glance, slowly dropping his eyes, vermilion lips raised if a seeming arc.

"It's Theresa who knows what she's doing, and Peter has a good eye."

"True to form, our grandson-in-law of The Alston family is dependable."

"Wise choice, after all, we are The Alston family na."

"Theresa the girl is still good, for a person is decent."

.....

Old Mr. Alston sat up straight, string on his wrist, hands propped on his knees, and looked to Peter and Brenden, "Brenden, Peter, I'd like to hear your thoughts."

"Gee, Dad, what's there to hear? This kind of sinister woman should be sent to the police."

"Exactly."

"Dad, since when are you sentimental?"

"I'd say so."

.....

Sitting on either side of the table were mostly several of Peter's uncles, unanimously agreeing to take Adriana to the police station, under police supervision.

"Dad, I don't agree." Brenden directly said his heart thoughts, "This thing Adri did wrong, but the good thing is that the company has recovered the loss. And the cause is Peter's fault. Adri saved Luis, Peter's means is not"

Brenden did not continue with the rest of his words.

Chapter 125 Brenden, are you crazy?

"Yes, Dad. No matter what, Adriana is Luis' savior, if word gets out, the outside world will say that we in The Alston family don't know how to do our jobs, and that we're not returning the favor to our savior."

Brenden immediately echoed, and then, added, "Dad, actually actually"

He wanted to say something, knitted his eyebrows, as if a struggle inside, and then said: "In fact, I have long known Adri's mind, but I was too late to stop it. But after the incident, I first went abroad to talk to the president of the Hetrua Firm about cooperation, and I'm glad I got the cooperation. However, all I did was try to make up for Adri's mistake. Now, I'm willing to take my position as president of Alston Group to protect Adriana, and I'm willing to sit back as vice president!"

He is strongly defending Adriana.

A word to the four seats.

"Brenden, are you crazy? For a woman, do you have to?"

"That's it, that's it, that's crazy too."

"What the hell were you thinking?"

"Incredible."

.....

Everyone was a little shocked, but the most shocked person would be Adriana.

She was stunned and had no idea what Brenden was up to this time.

Initially, Brenden told her to help get close to Peter, thus solidifying his position and getting him the Alston Group.

But now he has become the president of the Alston Group, as expected.

But why should he now take his position as president to protect her safety?

Suddenly, Adriana felt that Brenden's plot must be more than just holding on to his position as president of the Alston Group.

Otherwise it would not have gone to such great lengths.

And what exactly is his purpose?

Adriana was a bit clouded and couldn't really figure out what he was really thinking.

"Ms. Hale, do you like Brenden?"

Old Mr. Alston asked Adriana, "I want to hear the truth."

Adriana's heart trembled slightly, and two voices kept shouting in her head, one saying, "No, no. If you say yes, you'll be forever entangled with The Alston family."

One was saying again, "Yes, yes, yes, you must, or Helen will be dead."

Struggling internally, Adriana lowered her head and said, "Like."

Do you like it?

How can you like it?

She had the heart to kill Brenden, but, at the moment, her ability and strength did not allow it.

When faced with a madman like Brenden, she could only hold back.

The two words, which sounded insignificant, fell on Peter's heart, but his eyes deepened by a few, mixed with anger.

"So let me ask you, if you were to be with Brenden, would you be willing to work together with him in the future to help The Alston family?"

Old Mr. Alston asked once again.

"Yes." Adriana had no choice and replied helplessly.

"Hahahahahaha Good, good, I just love the quickness of your young people." Old Mr. Alston nodded his head.

Then he looked at Brenden and asked, "If I give you two permission to be together, but you have to leave the Alston Group from now on, will you do it?"

When Brenden was told to leave the Alston Group, several people in the room were silent.

This time there were no voices of rejection and no one dared to support the matter in front of Old Mr. Alston's face.

I just secretly hope that Brenden will be 'faint-hearted' and choose to give up the Alston Group for 'love'.

That way, Brenden's brothers in the audience would have a chance to compete with Peter for the Alston Group's presidency and have one less rival.

He grabbed her wrist with his palm and wrapped her in his arms with his other hand, saying carefully, "Don't ever argue with me in The Alston family. There are eyes everywhere, and it will do you more harm than good to show your face."

Brenden's face is fierce, there is no more gentle breath, "You are just a pawn of my Brenden, still have the value of use is your blessing, do not be arrogant with me. Otherwise, maybe I will do something worse than a beast|."

Adriana is full of aggression, red eyes, angry glare at him, half can not say a long time.

"Come with me."

Brenden held her wrist, "Come back often, all you need to do at The Alston family is act well!"

Then, not allowing Adriana to struggle, she directly pulled her out of the hall.

When everyone disappeared into the atrium, inside the atrium hall, the old man actually came out again from a compartment, followed by a servant.

"Master, do you think Brenden really likes Ms. Hale?" The servant asked tentatively.

Old Mr. Alston's gaze is stern, his eyes slightly narrowed, "Time is the best witness, hypocrisy or lies, will eventually reveal the fox's tail."

.....

In the evening, everyone had dinner at the old house of The Alston family.

The atmosphere is still kind of lively.

After the meal, people left in droves.

But the words just fell, Peter stepped forward, blocked in front of her, grabbed her wrist, clutching it tightly in his hand, and made a strong effort to crush her wrist bone.

"Fool?"

Peter's eyes were slightly narrowed, and his forehead was slightly bruised by her words, "Good, very good."

Dare to tease him, you're really something!

"I'm going to ask you one last time, you've never been to me."

"Never what?" Adriana interrupted him immediately, "Mr. Alston wouldn't want to ask me if I've never liked you, would he?"

She pretended to look serious thinking, and then shook her head, "No, not at all. All the deliberate distancing from you is just a means to catch and hold you. Although I am not a beauty queen, I am still very good at teasing men. Otherwise, how could I be able to navigate between you and Brenden with ease?"

A word, said the breeze, that keep a smile on the face can not see the slightest sadness.

Even if, not even a hint of it.

Peter's eyes were fixed on her with a deadly stare, as if trying to gain insight from her cheeks.

However, after staring for a long time, I could not see any breakthrough at all.

Instead, I could see the mockery and contempt in her eyes, and she humiliated me severely, mercilessly catching his emotions.

"Let go!"

Adriana shrugged it off.

Peter did not say a word, all the emotions flowed out in the one hand he was holding Adriana tightly.

The pain in his wrist, held by him, multiplied as the minutes ticked by.

Adriana could almost hear the sound of his bones rattling, and she clenched her teeth in pain, but she had to put on a smile, "What, angry? Angry? Oh."

Only, the whole process Alvin did not ask questions, did not stop her from drinking, as long as she was happy, any way can be.

It was not until late at night, at 2:00, when Adriana was already unconscious, that Alvin took her home.

That night, Adriana was vomiting and talking nonsense, but Alvin couldn't hear anything clearly except Peter's name and an 'I'm sorry'.

He took care of her in the apartment all night and did not leave until early the next morning.

Adriana, who didn't know how long she had slept, was woken up by her phone alarm.

After she opened her eyes, she found that it was already nine o'clock.

"Hiss"

"It's over, I have to go to work today, I'm sure it's over if I go late." Yesterday at The Alston family, Brenden talked to the lord of The Alston family to let Adriana go back to work at the company, and Old Mr. Alston agreed.

Only now, Brenden is not in the company, Theresa is estranged from her, and she has offended Peter, she is in trouble on all sides, she does not know how to survive.

The first time I saw her, Adriana laughed and cried, and said calmly, "It's not true, Hayley.

"How can a shameless person like her admit it?"

"There's nothing that can't be done when your best friend's man is seduced."

"Yes, it is."

Everyone didn't believe what Adriana said and seemed to have defined the idea of her as a 'shameless bitch' long ago.

Even though a hundred arguments, there is no point.

"What hearsay, Uncle has been sent to a small factory, ironclad evidence, do not give me a defense."

Hayley grunted and turned to leave.

Adriana rushed helplessly out of the office and went to the pantry to sort out her clothes.

If the person who just threw water at her was not Hayley, she would have slapped her face up.

But she didn't do that because that person was the daughter of her adoptive mother, Thelma, Jenkins' sister.

She didn't want to make things too difficult for Jenkins.

After a few days, the first day of work was so bad that Adriana were a little disheveled and frustrated, even down.

I don't want to go back to work, but now I have no choice.

Even if every day is a torment, she is still willing to persevere.

When she returned to the office, Adriana was so absorbed in her work that she went to the dining hall alone to eat after work.
