Wife is a Lawyer

Chapter 221 Peter's true feelings are revealed

"Adri, here, I want to say to you. Back then, I missed the chance to find you when you left a child behind and left, but this time I won't give up. With Theresa, we are only a family marriage, and since I know of your existence with Helen, I would rather give up everything and have to give my child a complete home.

As a father, I did not do my certain duties and responsibilities to Luis and Helen, as myself, I did not do my duty to protect you, I feel guilty and blame myself, but, please, for the sake of the children, come back. I will definitely give you a grand wedding and let you be the happiest woman in the world"

Hearing this, Adriana turned off the TV at once, she did not want to see these news at all.

Because it truly feels impossible to face Peter's spaced out confession.

There are too many things between them that are not known to the public, so in front of the media, he can only lie and say that it is a business union between him and Theresa, and can only say that he missed the opportunity to find her in the first place.

Because he could not directly say that between her and him, it was a deal, a deal under which Luis and Helen appeared.

"Mommy?"

Helen hugged Adriana's waist and snuggled into her arms, looking up at her, "Mommy, can we please go back?"

Adriana looked down, looking at the little girl in her arms, that pitiful look that made her heart ache.

For a while, there was no main idea, not knowing what to do.

"Good boy, it's late, Mommy will sleep with you for a while, okay?"

She got up and drew the curtains, while wiping the tears from her cheeks, turned and carried Helen to bed and lulled her to sleep.

After a while, the exhausted Helen finally drifted off to sleep.

Instead, Adriana could not sleep at all, holding the phone, kept brushing the news, and saw that the reward of 50 million bounty, has been as high as 100 million.

Adriana had extremely mixed feelings and finally put the phone aside.

For some time, she also fell asleep.

When she opened her eyes again, Helen was already sitting aside watching a cartoon on her phone.

She sat up in a daze, "What time is it?"

Adriana really wanted to take Helen back to bed, but now those people had just left and already knew her address, if she went back now, she would definitely be discovered and the consequences would be unthinkable.

She could never take the risk of bringing Helen with her.

"Good boy, Mommy will take you somewhere else to rest, okay?"

Things have come to a head and you can only go somewhere else to rest temporarily.

"Okay."

Helen nodded her head, very sleepy.

Adriana took her hand and led her around, but there was no way to check into the hotel without an ID.

It was very late and the homestay was full.

After searching for more than half an hour and still not finding a place to land, Helen finally couldn't hold on anymore and hugged Adriana's thighs for a hug, "Mommy, I'm so tired."

"Come on, mommy hold."

Adriana saw Helen unable to move her legs, sleepy and tired, and God knows how heartbroken she was.

Leaning down to take her in his arms, he walked down the lively and prosperous street, before realizing that they had not landed anywhere until now.

"Quick, where are they!"

"Hurry up!"

"Saw it."

.....

At that moment, a familiar van stopped and a few men came out of it, and they were the ones we met in the family hotel a while ago.

Chapter 223 Peter saves Adriana

She shook her head, unable to suppress the heavy emotions inside her. Time after time, she brushed against the edge of death, and in the end it was Peter who saved her.

What made Adriana desperate also made her look at life in a different light.

She should not only protect herself, but also enough to protect the child, otherwise she should not take the child south of the world.

Peter heard Adriana's words, the bottom of his heart surged out of inexplicable emotions, there are touched, there is heartache, there is sadness, there

All kinds of emotions come to mind, a mixture of flavors.

"It's not your fault."

Putting his arm around her shoulders, Peter said, "It's me who failed to create a good environment for you, failed to make you trust me, and failed to let you feel the warm atmosphere in that home. However, there are difficulties, we should go to overcome them, not to escape, a single escape is not at all solve the problem."

Peter will never be so humble to anyone, but in front of Adriana, he really put down all the high and cold, arrogant, like the emperor's reserve also left behind, leaving only the love, a deep love.

"Can you give me a chance?" He asked once more.

Helen, who was sitting on that side, raised her hand and made a pencil gesture, "Mommy, than heart oh, give daddy a chance, okay? Even if it is to give Helen a chance, okay? I want daddy, but also miss my brother. \'

Adriana had no defense against the combined forces of the two.

The fortress built at the bottom of her heart instantly collapsed and disappeared into nothing. She smiled bitterly helplessly and nodded, but did not speak.

Perhaps because of the guilt in his heart, regretting that he should not leave without a plan, he did not want to speak.

Peter seemed to see her emotions, heartbroken, "From now on, no running away. adri, from now on you are my Peter's person, if you are running away, the sky and the earth, I will dig the ground to find you."

"Hmm."

Adriana answered softly, her heart filled with emotion.

After this, she should perhaps be impressed with Peter and perhaps give him and herself a chance.

Peter let go of her, got up, hugged her and walked towards the bedroom balcony, the glass door of the bedroom balcony is inductive, the two walked over, the door opened automatically, walked through the white sand curtains, walked out, stood on the balcony, that moment, it was as if to a new world.

In front of you, the mountains overlap, a turquoise amber under the mountains, reflecting the blue sky and white clouds, as well as the round of blinding sun.

The wind, passing slowly, moving the leaves, rustling, the lake ripples, shimmering, as if a natural painting.

"It's really beautiful here"

She sighed from the bottom of her heart, it was really too beautiful.

It is simply like a sea view house, even more beautiful than a sea view house.

At least, it's quiet, with a good view and better air.

"You put me down."

Adriana suddenly realized that Peter was still holding her, her little face suddenly heated up and she pushed her away with some blushing.

Peter laughed shallowly and set her down carefully, hugging her from behind, "Girl, would you like to come with me, and we'll live the simplest life here as a family?"

A family?

The simplest life?

This is what Adriana wants the most, and what she wants is simply a peaceful and quiet life.

"Hmm."

She thought about it for a moment and nodded her head in agreement.

It was decided that it was better to give Helen and Luis, and myself, a chance to make a small, fractured family whole again.

"Thanks."

Peter rested his chin on her shoulder and closed his eyes, enjoying the moment.

Step by step, the process is tormented, so the result is not so bad, Peter is really satisfied.

Not long after, he finished his work and said, "Dinner is ready, come and dine."

With a greeting, Adriana walked to the dining room with Helen, who had finished washing up.

The dining room was already set up for breakfast, egg omelet, hard-boiled eggs, vegetable porridge, buns, doughnuts, and milk.

All in one place.

Adriana couldn't help but frown, "Did you get this much done so quickly?"

She was a little surprised, she did not expect that the galloping mall predator, cooking breakfast is actually not at all ambiguous.

Helen applauded happily, clapping her hands, "Wow even, daddy is so good, daddy is fantastic."

"It's all a quickie. Today is too short, so we'll just eat, and tomorrow I'll get up early and prepare breakfast for you."

Adriana smiled and was filled with emotion.

For many years, she had been the one who got up early and took care of Helen, rain or shine.

"Sit down."

Peter seemed to have read Adriana's mind and pulled her to sit down, "Let me know whatever you want to eat later. \"

"Daddy, you're really good at it."

Helen gave a thumbs up, raised her eyebrows at Adriana and said with a smile, "Mommy, you are so dangerous. Daddy is so good, be careful of being pried away."

"Little naughty, ri nonsense what."

Adriana really can't do anything about Helen.

The three of them went to the restaurant to eat together and were eating when Peter's cell phone suddenly rang.

Can't help but be nice to your kids.

"Geez, who's going to get away with carrying some cheap stuff? The Alston family is a big family, who cares about this stuff?"

Sloane sat lazily on the couch with his Ipad, swiping Twitter, all the while sarcastic and dismissive.

For Adriana really do not like up.

Adriana is not angry and is silent.

Instead, Peter shot a stern look directly at Sloane, "Shut up!"

"Brother!"

She was extremely upset, and her hand slapped the couch hard, "You yell at me for this woman?"

"Little aunt, didn't you go to school? When I was a child, the textbooks had the saying 'manners are lighter than people's feelings', don't you understand?"

Helen is extremely protective of her mommy, and she was upset to hear Sloane sarcastically talking about her mommy in this way.

The world is the biggest mommy, who dares to bully mommy, she will be angry with whoever.

"Hey, you little thing, how do you talk?" Sloane's face turned red with anger, being humiliated by a small child was intolerable.

"I'm a little thing, so what are you?" Helen asked rhetorically.

"You say again? Say it again or I'll smack you?" Sloane raised his hand and made a gesture to hit Helen.

"Come on, how big a girl are you, what are you bothering with a child? Besides, human children understand the truth, do not you understand?"

Mrs. Alston gave Sloane a blank look, genuinely feeling that she was spoiled.

The words are full of disdain and contempt.

Theresa was instantly upset, "What, you're not happy to see that I've got The Alston family's ancestral jade bracelet?"

She raised her eyebrows and shrugged her shoulders as if she was a villain, "I can't help it, who made Mrs. Alston dislike you? Even though I may not be The Alston family's daughter-in-law in the future, I still have a place in her heart."

"Is that so? Then congratulations, as you wish."

Adriana's attitude was light, as if she didn't care at all about what Theresa had said, didn't care at all.

She showed off her jade bracelet and was so belittled by her, not to mention how angry Theresa was in her heart.

Raising her eyes, she looked around and upstairs to make sure Peter was in the study before she lowered her voice and said, "I'm telling you, you and Peter don't fit at all, and if it weren't for Luis and Helen, do you think Peter would really let you come back? Dream on!"

"That's a shame, because it just so happens that I'm having a baby."

Adriana slowly put down the cup in her hand, elegant demeanor, no anger, the look of calm and relaxed not to mention how angry.

"Theresa, I have a word of warning for you. Whatever you want to do, I'll be there, but don't touch my bottom line. Luis and Helen are my lifeblood, if you dare to touch them, don't blame me for being rude to you."

In the past, because they were girlfriends and friends, they tolerated each other in every way.

The mistake she made back then left Theresa without a uterus and unable to have children, so her heart has always been very guilty, but who knew that Theresa had gone even further and was really over the top.

It is intolerable.

"Heh, I can't understand what you mean."

Theresa was a little weak and turned her face away from Adriana's direct gaze, muttering in her heart, "Could it be that the group of losers did something that Adriana found out about?"

Otherwise, why would she say that?

"Whether you understand or not, that's up to you. But Theresa, in the future I want us to each be well, and that's the best."

She said.

Just a kind reminder.

It gives people a feeling that this girl is very understanding and not so unreasonable.

Peter sat up straight, holding a pen, his long fingers twirling the pen in a handsome, good-looking, tantalizing motion.

In Theresa's mind, Peter is handsome and handsome, like an immortal as handsome and unparalleled.

So, between his hands and feet, even an inadvertent move, all the beauty of the soul.

"Really?"

Peter asked rhetorically.

"You don't believe me?"

She looked at him, just a burning gaze, pupils glittering, and then said: "I know you do not believe me, but I will take practical action to prove it. Otherwise, today will not recognize aunt as godmother. In the future, you will only be my brother."

The pair of eyes are crystal clear, but a few moments later they are tinged with some dense fog, charming and pitiful, let people pity.

"I believe you, of course I believe you."

Peter responded.

Theresa first heart a happy, but looking at his gloomy like ink handsome face, suddenly feel where wrong.

I can't help but knit my brows and wonder why.

The man then lifted the one document that was sitting on the table, spread it out, and pushed it down in front of Theresa, "If, I hadn't seen these, perhaps, I would have actually believed you."

"But, tell me, what are these?"

He closed the file and slapped her hard, "Is this the sincere blessing you told me?"

The sudden rebuke scared Theresa as white as paper, couldn't stop stumbling a few steps, pushed, then leaned down to pick up that information and opened it.

On it are call records and photos, as well as the length of the call.

The phone number on the profile is dialed by her, and the receiver is the same person she secretly discharged for Adriana's murder.

Said, contemptuously laughed a few times and poked her shoulder blade, "It was also you who pushed me to Adriana's side with your own hands, everything, when you made it happen. What, is it satisfying to hear the result, hmm?"

"What what?"

Theresa stared at him with wide eyes, incredulous, having trouble accepting such a fact, "How is it possible, how could this happen?"

"That day, as you planned, Alvin went to Adriana, but I did not support them to be together. Because, Adriana is the mother of my child, how could I let her be with my brother? So deliberately stop her from being with Alvin both, so I went and will happen what happened next. "

Peter threw the blood-stained hanky on the floor and sighed, "Say, what are you doing? Hmm?"

Turned around, walked to the executive chair, Peter pulled out a cigarette from the cigarette case, took the phone, slowly lit the cigarette, took a puff, good-looking lips exhaled the cigarette, let the cigarette slowly surged up into mid-air, lingering in the study.

"Don't you regret being a dowry for her?"

Peter also did not expect all things to develop logically, everything is Theresa in the back to push the wave, and finally evolved into the situation today.

Perhaps, he should be grateful, but for Theresa, there is really no forgiveness.

"Hahahahaha"

Theresa cried and cried and laughed, recklessly and openly, "Why is it like this? Why? Hahahaha, God is so unfair to let us meet and let us be together, but why do you have to be with her?"

She reached out and held the necklace around her neck, her heart ached beyond words, and with one force, she ripped it right off and held it in her hand, "Peter, do you remember this necklace? You said, I saved you, you will give me all that I want, now are not honored? You said you hate people who don't keep their word, how come now you're the one who doesn't keep his word?"

Smiling bitterly, looking at the necklace, remembering the beginning, "When you said that you would give me happiness, is this what you wanted to give me? \'

Tearful eyes, unblinkingly gazing at Peter, "Peter, I'm here, here"

Reaching out and poking his chest, "It really hurts so much, can you feel it?"

The near-madness of the look fell on Peter's heart, a hundred different feelings.

For Theresa, once saved his life and always remembered.

Peter has always been the nature of the water to return the favor, so even if you know that Theresa has done something wrong, but also tolerate again and again.

The sound over there is extremely noisy, Peter glanced towards the other side, and his cold face sank a few points.

Peter spoke to Helen in an extremely doting tone.

Helen grinned, revealing eight white teeth and smiled brightly, "Hee hee, yes, yes. Helen has to leave a little private time for daddy and mommy."

Said playfully made a face, turned and ran away.

Looking at Helen's cheerful back, Adriana couldn't help but feel a sense of happiness inside.

Perhaps, this is the life she wants.

Watching Helen happy is more important than anything else.

"What's on your mind?"

Peter reached out and wrapped his arm around Adriana's waist, his forehead against her forehead, and smiled warmly, that smile was like the spring breeze in March, making people's hearts warm.

"They're so busy over there, is it appropriate for you to show your love here?"

She looked blushing and a little embarrassed.

With so much experience between Peter, always tit-for-tat before, suddenly this close, really let her some discomfort.
