#### **Chapter 231 I'll give you a chance**

Adriana made a cup of tea for Mrs. Alston, brought it over and placed it in front of her, "Auntie, have some water."

"What are you doing here?" Mrs. Alston looked away and quickly dried the tears from her eyes, as if she didn't want Adriana to see her aggrieved side.

And then, pretending to be serious and cold.

Adriana sat across from her and said in a gentle tone: "Auntie, do you know? In fact, I have been without a father and mother since I was a child, and I especially long for fatherly and motherly love. When I was young, I was taken in by my foster mother, but ..... she was not very good-natured and was very mean to me, but even so, I was looking forward to her treating me like other mothers do to their own children and giving me a little more warmth. As a result, it didn't."

"That year, my brother had a terminal illness and needed a lot of money to cure it. My adoptive mother had no money, but saw that I was young and beautiful, so she ruthlessly sent me to sit in a bar. The stage. I did not go, she beat me, forcing me to go over. It is very coincidental that the bar I stayed for a few days did not have the courage to do that kind of thing, as a result, one day a person, see my good looks, asked me if I was interested in surrogacy, the pay is generous.

I needed the money badly, so I agreed.

Then there were twins, the day of delivery was difficult, after Luis was born, Helen never came out and finally died in the womb.

The men Peter sent over took Luis and left while I was in a coma in the hospital for a day and a night, and when I woke up the paramedics told me Helen had miraculously survived." Adriana sounded with a hint of gratitude.

"Since then, I took Helen abroad and wanted to go as far as I could. While taking care of my children, I started my own business to get to where I am today.

It's just that who would have known that Theresa's fiancé was the baby's father, and by coincidence, it led to the current situation."

She spread her hands with a helpless face, "I never wanted to take away someone's good, even after knowing Peter's feelings for me, I repeatedly evaded it. After that, it was Brenden who kept taking advantage of Helen. I had no idea of Helen's relationship with Peter, so for the sake of my daughter, I had to play along with him. When Peter went to catch Brenden, I took Helen with me and tried to leave, changing cars, not even daring to take the bus because I needed an ID card and I didn't want to be chased by Peter. But even so, he was still found.

The day I left, I felt my child's desperation and sadness, my own feelings for Peter, and his true feelings for me. So, I am willing to try once. If ..... if in the end, you still can't accept me, I just ask you to let me

take Helen and leave. As long as you are willing to help me block Peter's pursuit, I am willing to never appear again."

Mrs. Alston listened to Adriana's words and was somewhat moved, looking at her with a puzzled expression, "Is it true what you say?"

## Chapter 232 - Joke's up

Peter was so nervous that he immediately stood up, walked over to Adriana and wrapped her in his arms, "Damn, I should have known better than to send you down to talk to her."

"Oooh ....."

Adriana pretended to choke on a sob, shutting her mouth and putting on her aggrieved look.

"Wait here, I'll go ask what's going on."

He pulled Adriana into a chair, turned around and headed outside.

"What are you doing?"

She asked with a choked sob as she beamed and looked at him blearily.

"What's going on with you guys?"

Peter's icy face was tinged with a slight chill.

"It's your mom who said to give us a chance, so ..... I'm just ..... too moved by it."

Saying that, she couldn't help but laugh.

Peter was petrified on the spot, as if a thousand years of ice carved ice sculpture, not moving, that a sharp-edged features are cold people shiver.

Adriana's smile curtailed, raised her eyebrows, thinking: Oh no, will ..... jokes open too much?

"Adriana?!"

The man gnashed his teeth, "What? Now you're bold enough to tease me? Hmm?"

He walked over with big steps, took her by the arm, turned around, carried her directly on his shoulder, and walked out of the study.

Finally just tears welled up in his eyes and did not dare to cry out.

At that moment, Adriana really decided that for the sake of her two children, she must accept Peter and integrate into the family, just for the sake of the children.

"Thinking about what you?"

Suddenly, a chestnut landed on her head, and Adriana winced in pain, glaring angrily at the man beside her, "Hey, you're hurting me."

Raised his hand and rubbed his head, full of aggravation.

"It hurts? I'm very light-handed."

Peter was somewhat innocent, using just one layer of force.

Brushing her hand away, "I'll blow on it for you."

Adriana instantly looked disgusted, "Do you really think I'm a three-year-old." And blow blow blow, really childish.

Downstairs, the family sat down to eat together, without Sloane, the atmosphere is still cordial.

On the way out, Adriana was a little torn.

"How do I get around? I'm going to use the car today. Otherwise, you take one kid and I'll drop one off?"

If they all take one car, it is not convenient later.

"No, Mommy, I want to ride in your car."

"I want to ride in Mommy's car, too."

The two children have said they want to ride in Adriana's car, directly ignoring Peter's presence.

Adriana shrugged and smiled helplessly, "How about I take you to school and let Daddy drive himself to the office?"

"Yeah, yeah."

"Hee hee, agreed oh."

The two children strongly agreed.

### **Chapter 234 What do you want from me**

Thinking about this, Adriana felt guilty in her heart, after all, because of her, Brenden kidnapped Vivian, so that Vivian followed the suffering, and now not yet at home to rest, people came to work.

Although she does her job to reassure Adriana, it's the over-commitment that causes Adriana some heartache.

"I'm fine."

Feeling Adriana's concern and love, Vivian smiled heartily, "Ms. Hale, with your promotion, I have become what I am today. So, I just want to work hard so that I won't let you down."

Vivian is very grateful to Adriana, without whom she would not be where she is today.

"By the way, when did you come back? Didn't ..... leave?"

Vivian gazed at her suspiciously, "I asked Jenkins and Jenkins said you took Helen and left, I tried to reach you by phone and your phone was off."

"It's hard to say what happened to me."

Adriana sighed, "I'm going to be here with you guys on the front lines of the struggle from now on."

"Really?" Vivian was ecstatic.

But the smile stopped abruptly and she frowned again, "You ..... are already with Mr. Alston?"

I think Mr. Alston is really good to you. The news yesterday was still showing Mr. Alston's news, simply too infatuated, Ms. Hale, if you do not cherish, you will definitely regret."

"All right, all right. Don't talk about me, how about you, feel better now? Recently I came to work, you might as well go home to rest a few days. Those days you did not eat properly, lost a lot of weight, afraid that your body can not withstand."

Adriana was really worried about Vivian's health.

"It's fine, it's fine."

Vivian laughed and treated Adriana as if she were a sister in close proximity right in front of her.

Almost without thinking, it must be related to Brenden.

Heart secretly thankful, good thing Brenden has now left the country, otherwise, Hayley is really finished.

She just doesn't know it yet.

"I just want to ask you, where is Brenden, where is he now?" Hayley bit her lips with her teeth and glared angrily at Adriana questioningly.

Adriana was exasperated by her look, "What, Brenden is missing? I'm curious, what does it matter to me if you can't find him? Why do you need to ask me so bitterly?"

Those who didn't know thought she had trafficked Brenden.

"Adriana, you are so shameless. You know that Uncle likes you, and you are still with Peter now. How dare you steal your best friend's fiancé? If you like Peter, then why did you tangle with Brenden before?"

She pointed at Adriana with a burst of anger.

That look made Adriana realize once and for all that talking to Hayley so much in the hope that she would understand her mind was simply delusional.

Because, she's so stupid.

Doing things at face value.

"There is no need to talk to you about my personal and private affairs. However, there is one thing you can tell you, Brenden has left the country and will not be back anytime soon."

The reason why I told Hayley so much was to completely break Hayley of those untrue thoughts.

"Abroad?"

Her eyes widened and a smile spread across her face, which was full of anger, and she immediately came up to Adriana's face, looking at her with a hopeful expression, "Then you must know his contact information, right? Can you tell me where Uncle is? I want to go find him."

Adriana speechless, a hundred helpless eyes gazed at Hayley dementedly, suddenly felt that her brain circuit is ..... problematic.

"Hayley, I know you like Brenden, but you really aren't right for each other. Forget it, things have come to this, I might as well tell you. Brenden and I were just playing games. Brenden had a personal grudge against Peter, and he knew that Helen was Peter's daughter, so he approached me to use Helen's life to threaten me to do something for him. So, there is no such thing as love between Brenden and me, only hate, do you understand? Now there is a complete showdown between Brenden and Peter, Brenden has offended The Alston family old man, and now he is hiding abroad, not daring to come back.

Do you understand?"

"My goodness, he's got a lot of love for Ms. Hale."

"Oops, no more, no more, the old man's teenage heart."

.....

It was the end of the day at noon, and a lot of employees were gathered at the entrance, including colleagues from YY Law Firm and other employees from other floors.

In the face of handsome as Peter, that reserved and gentle side, there was a deer in the headlights, all kinds of envy.

When the man saw Adriana not move, one side of his eyebrow raised, "What, don't you like it?"

Adriana's white, red-lipped face was beaming as she stepped over.

He leaned down, took the flowers in his arms, walked to her, looked down at the little woman in front of him, with affection, "I don't know what kind you like, so, just buy them."

Hearing his words, Adriana skimmed her lips and laughed, "Do you know that what you say is really fatal?"

"But you are the most beautiful scenery in my heart."

Stuffed the flowers into Adriana's arms, big palm clasped the back of her head, leaned over and gave her a gentle kiss on the forehead, the action was elegant and gentlemanly, domineering and handsome.

The crowd of onlookers issued a sigh of relief, looking at the extraordinary appearance of the man, cold and noble, but also that love to deep, invisible tantalizing the hearts of many young girls.

"It's so handsome."

"Are there any more husbands like this, give me a dozen."

"Suddenly I think they are so equal to each other, the boy and the girl."

"Really handsome to the gods."

.....

Adriana listened to those people praise Peter, can't wait to praise him into a flower, finally can't help it, immediately got into the car and closed the door.

Peter was in a good mood, looking back at that moment, cold as a thousand years of ice handsome face swirled a smile of satisfaction, it is like a depth charge thrown in the crowd, exploded the pot.

"He actually smiled at me."

**Chapter 237 I just want to make myself better and better**

Adriana's nature has always been like this, self-sufficient and self-reliant, does not like to rely on men, and does not want anyone to interfere in her career.

Peter was shocked by her words and discovered for the first time her career and ambition, as well as her amazing independence, in addition to her external beauty and her kind character.

Perhaps that's what he appreciates.

Showing his hand, he explained, "Hale Cobb Law Firm lost at my hands and has been feeling guilty, and this is a way to make up for it to you."

"Then you might as well convert it to cash and give it to me directly, I prefer it that way."

Adriana likes money, but is not greedy for it.

Peter ruined her company, she has always been haunted by this matter, so he gave some money to make up for it, she naturally will not refuse.

The words fell, the man wrapped his arms around her waist, the attitude, want to be with her every moment, so Adriana really some breakdown.

But I heard him say, "Instead of that, why don't you marry me, then all mine will be yours?"

"Do you think I'm stupid? Married to you, I'm yours, so what difference does it make if you give or don't give."

Adriana snorted a laugh.

"You're resourceful."

The man smiled demonically, "Don't tell me you don't plan to marry me yet."

"Not even in a relationship and transitioning directly to marriage?"

She pushed him away and took a step back, distancing herself from him, "Mr. Alston, it's okay if you're pretty, but don't think too much."

With a wave of the papers in her hand, Adriana left the office straight away.

When she walked to the stairway, her high heels stepped on the floor and made a crisp sound. She tilted her head and chest, her momentum multiplied, and suddenly she felt that she had regained the momentum of the competent workplace elite of the past.

Not being subjected to people, being led by the nose, the heart of the gloom swept away, a long sigh of relief, think they finally keep the clouds to see the moon, can return to that period of struggle.

Went downstairs and took a taxi to YA Law Firm.

"I can't see it, senior likes this too?" Adriana raised her eyebrows, suddenly her smile narrowed and asked, "You wouldn't ..... want to open a live platform, would you?"

Alvin snapped his fingers, "You still know me."

"Really? I've recently discovered that live streaming has just emerged as a good market. I was just thinking about how to start it, but I didn't expect you to want to get involved? Why don't you and I work together?"

Adriana noticed the live broadcast a long time ago.

After all, Brenda is now also doing live streaming and more or less told her these things about live streaming, so Adriana is also observing these early in the morning.

Naive is troubled by Brenden every day, she simply does not have time to worry about these things.

"Is that so?"

Alvin stood up from the boss chair and pointed to the sofa on the side, "Sit down."

In the company, he has been a well-cut white suit, lined with a straight body, short chestnut hair blowing a very handsome look, looking more beautiful in that fair and clean face.

Especially wearing a pair of gold-rimmed glasses, but rather show a few scholarly atmosphere, gentle and elegant.

"I haven't seen you for a few days, senior has become handsome again." Adriana did not mince words in appreciation.

Alvin used to be a professor in school, so many aspects are more demanding, he dresses mostly casual, now in the company he pays more attention to the image, dressed glowing, still smile sunny, but matured a lot.

It is a completely different style of person from Peter.

While reading the information, Adriana's cell phone rang.

Peter's text message: [Back to The Alston family old house in the evening, I'll pick you up at 5:00].

[Good.]

Adriana although a million reluctance, but now this situation, she has agreed to go with Peter, some people and some things will have to learn to face.

She edited a word to reply.

Adriana spent the afternoon arranging for Vivian to meet with Alvin's business, while she focused on the information Alvin gave her.

At 5:00 p.m., the phone rang and Adriana glanced at it; it was Peter's call.

She hung up straight away, packed up her things and went downstairs.

Downstairs in the small square outside the lobby, she saw Peter standing here from afar wearing sunglasses and a plaid suit with a reckless and casual posture.

Although it is a random pose, are comparable to the fashion supermodel street photography, or even more than ever.

Several young girls looked at Peter's handsome and stunning appearance and were stunned by the birth, quietly mimi. Mimi took a picture with her cell phone.

Adriana can't help but be a little speechless, just have a good skin, to be so popular?

"Why aren't you answering my calls?"

Peter raised his hand to take off his sunglasses and hung them directly on the pocket of his plaid suit, raising his hand and moving his feet in a flowing motion, handsome and dashing, good-looking.

I have to say, in the face of this same beauty, she can't help but fall in love.

"I knew you were coming over, so I didn't answer."

She smiled sardonically and replied.

Peter jawed slightly, opened the car door and made a gesture of invitation, "Beautiful lady, please!"

Flora played with a few strands of hair hanging down in front of her body and beamed, "Hanging from a tree, that's silly, I won't do it!"

Adriana couldn't help but smile and put Luis in her arms in place, "Go ahead, you go play with Helen."
