Chapter 241 Pre-Nuptial Agreement

"Sloane!"

Peter's face was grim and his sharp eyes shot directly at Sloane, "How do you talk?"

Bang!

Sloane slammed the table, exploding with a sound that scared a few people.

"Peter, I've put up with you for a long time. I'd like to ask you, is Adriana closer to you, or am I closer to you! Since she appeared, you either beat me or scolded me, even I ran away from home for two days and two nights and you didn't even care about it. Have you ever treated me as your own sister?"

The situation was once awkward to the point of suffocation.

Flora's good-looking foggy eyebrows wrinkled and she scowled, looking innocently at Adriana, feeling like a real idiot.

Why do you want to play any truth or dare with a group of people?

Adriana, sensing Flora's aggravation, patted her shoulder and shook her head imperceptibly, indicating that it was fine.

"Sloane, what are you doing? Stop it. Your brother and Adri are kind of good together, you should give your blessing. You"

"I what I?!"

Sloane shook off Theresa's hand, disgusted by her advice, and retorted: "Adriana is thinking of my brother, isn't she? How else could it be such a coincidence that you married her and came back and saved Luis' life? I think she simply knows that Luis is her child, and has gone to great lengths to attract my brother's attention, wanting to marry into the rich family."

Saying that, the anger she had been holding back for a long time ran straight to her head and she became more and more furious, pointing at Adriana's face and questioning, "Can you swear to God that you are not using all your heart for my brother?"

"Sloane, you you are your grandfather let come over together today to get together, let's not get angry, okay."

Such a situation scared Flora almost did not cry.

The aggrieved baba persuaded her, and then looked back at her own brother with an aggrieved face.

Peter and Edward put down the cards they were holding and came over.

At this moment, Adriana suddenly felt that the stereotypes in people's hearts are sometimes really like a big mountain, no matter how hard you try, you can not change the minds of others.

It's just a single-minded, paranoid, stubborn belief that you're right.

"Uncle Lindsay!"

Peter stepped forward and stood in front of Adriana, blocking her, but his hand took her hand without a word, his thumb fingers rubbing gently on the back of her hand, as if to soothe her emotions.

"It's not a good idea to generalize; I thought Uncle Lindsay had the vision and insight to make The Lindsay Family's company what it is today, but that doesn't seem to be the case."

After saying that, she took Adriana in her arms, "Adriana, the woman I Peter identified, no matter what anyone says, I will not change my mind or my approach. I have been in the Alston Group since I was eighteen years old, and to be where I am today, I think I have a good eye and will not look away. Therefore, I hope that all of you at will be satisfied with what I have done."

Mrs. Alston was also a little surprised.

Since Adriana said those things, she asked someone to investigate, and also know that Adriana is a hard-working woman.

It was just the words that really shocked her a bit.

But even so, it is not certain that Old Mr. Alston will accept her, instead, Peter's words may anger the old man.

"Adriana, you come with me."

He turned, went to the side room compartment and asked Adriana to follow him there.

"I'll stay with you!"

Peter said.

Adriana shook her head, "No need."

Brushed his hand away and followed Old Mr. Alston towards the other side.

Last time she came to The Alston family, she still had some love for The Alston family's old house, how come this time she couldn't get up some joy when she looked at these ancient buildings.

"Nothing ah, just ask my attitude, I took a stand, he said to continue to observe and observe in deciding whether to agree with me and Peter."

Adriana suddenly raised an eyebrow and asked, "Actually, I think Flora is a nice girl, why don't you just get in touch with her properly? I think you should like her."

"She is very good, but we grew up together, Maleah bamboo horse, each other's emotions of the stay in the best childhood, is a friend, confidant. Impossible to become a couple, because, too familiar, too familiar."

"That's true."

Adriana nodded and felt that what Alvin said made sense, "Right, what's your plan for the live platform? When the time comes to discuss together, we invest half, 50-50, okay?"

"You should invest a little less, lest in case of bankruptcy, I'm afraid you lose too much to cry."

"Don't be poor with me, I still recognize your strength. Having said that, working with you and lending you The Grant Family's reputation, I've got the glory."

The two walked and talked at the same time.

Suddenly, Alvin stopped and said, "If you marry Peter, do you really plan to sign a prenuptial agreement?"

"What, could it be that even you think I am scheming for The Alston family property?"

A slight look of disappointment colored the bottom of her eyes.

Alvin sighed despondently, turned around, and said while walking, "I do think it's unfair to you, fate treats you too mean."

"Nowhere, I think it's great now."

"But do you know that if you sign a prenuptial agreement, do you know what people will think of you if word gets out? They will think that you have no place in The Alston family. You'll be the one who gets hurt when people talk."

He was sincerely worried about Adriana, and his heart ached for this stubborn and stubborn woman.

"Flora, it's not that I won't take you in. Look at this company of mine, it's so small now, and it's still recruiting employees widely, there's no place for you at all."

Adriana is in trouble.

The heart is in the right place.

Moreover, the company's business is now surging, there is an urgent shortage of staff, and the company is expanding, so the situation is tricky.

Flora immediately desperate, immediately stood up, went to Adriana's side and took her arm, shook, "Adriana, you help."

Saying that, his gaze glanced around the office and asked, "I found that you don't have a personal assistant yeah, otherwise, I'll be your assistant, okay?"

"Assistant?"

Adriana frowned, her critical eyes looking her up and down, extremely doubtful that she was up to the task.

The previous assistant was Vivian, and she was comfortable with it, but with the development of the company, Vivian is now on her own and has her own better space to play, so she can't always stay around.

"Or, big deal, I'll just give you a good job, okay?"

She was near desperate, beaming and crying, "Instead of going back to the Henderson Family's company, I'd rather be with you, at least, you won't be supervising too strictly"

"No!"

"Then I'll work well and take eight days off a month!"

"No."

"Six days, no less!"

"Flora, my company"

"Okay, okay, one day off a week is fine, right?" She continued to beg.

Adriana, deeply suspicious of Flora's purpose, put down the paper in her hand and looked at her with indifferent eyes, "Go ahead, purpose."

Adriana gaze at the man, his groomed oil can be seen dark blonde flaxen short hair slightly permed, a few bangs on the forehead to hide the hostility between the eyebrows, thick curly long eyelashes under a pair of blue pupils tinged with angry star fire, nose high, lips sexy, delicate features like fine carved, flawless.

An Armani high-fashion suit, tailored to fit, the shirt is flat and pleat-free, black shirt collar slightly open, vaguely revealing wheat skin, muscle texture is clear.

Two sleeves rolled up to the elbows, wrists with a treasure blue limited edition Audemars Piguet watch with diamonds, everywhere shows the noble identity, sexy and a little evil unrestrained.

In summary, it is clear that the identity of this mixed-race man must not be simple.

"That sorry, I didn't know someone was calling inside." Adriana wanted to cry, raised an eyebrow, quite a bit embarrassed to look at the stained stained pants, slowly handed out a piece of paper, "How about you or wipe it?"

She handed him the tissue and added, "I'll have someone bring you a pair of pants now, just wait a minute, okay?"

The man's eyes narrowed slightly, "Give you five minutes!"

"Five"

Adriana just wanted to retort, but was glared back by his stern eyes, and immediately nodded, "Okay, okay, you wait a moment."

As she turned around, the man admonished, "If you rush to escape, I'll make sure you don't see the sun tomorrow."

A few brief words scared Adriana and she immediately fled out of the men's room. Four minutes later, Adriana walked to the door of the men's room and asked an attendant to send in a pair of pants.

Also have the waiter take Jenkins to a room and send the person to the room.

In a moment, the man came out of the bathroom with a gloomy face, Adriana immediately bowed her head and apologized, "Right no"

A sentence has not yet finished, a moment to look down Fang found that she brought over the suit pants actually can not cover the ankle, and tightly stretched on the leg.

"Sorry, I didn't think the size didn't fit ah, what are you doing?"

Adriana was about to explain when the man suddenly threw his dirty pants on her head, the disgusting stain staining Adriana's hair directly.

Adriana, who has a cleanliness problem, could hardly stand it and looked at him frantically, "Do you know it's dirty?"

"You know it's dirty too? Wash it for me immediately." The man commanded with a cold face.

At that moment, perhaps due to inertia, the man grabbed the waistband of her skirt and coincidentally pulled Adriana down.

It is so fallen, Adriana wrapped hair towel also loose fall, wet hair just hanging down on the body.

Two people just lay on the bed, male down, female up, the position ambiguous to the extreme.

"Hiss~!"

Adriana fell down and hit her forehead on his nose, hurting the man as he jerked backwards and instantly had a nosebleed.

"You let go!"

The awkward scene caused Adriana to blush and chortle.

Bang--

At that moment, the door of the room suddenly opened.

A group of people poured in with cameras crackling in their hands taking pictures.

"Wow, that's amazing."

"Ms. Hale, as a woman, shouldn't you behave yourself?"

"Someone uncovered that you had a room with a man and it turned out to be true."

"May I ask if you are with Mr. Alston, is this man your adopted bimbo?"

.....

A crowd of reporters suddenly arrived, scaring Adriana's face blue.

"Get out of the way!"

A loud scolding, followed by two is a kind of bodyguard, the group of journalists have been driven out.

"So, Mr. Soto, please leave!"

Adriana looked cold and serious, even the pair of good-looking eyes did not contain a trace of warmth.

"I'll leave when you tell me to? Wouldn't that be humiliating?"

Harlee shrugged it off, turned around and walked to the bed, leaned lazily on it and laid down directly on it.

Adriana turned around and found him occupying her bed, her heart felt helpless, but more of a piece of worry, the haze lingered, simply do not pay attention.

Just sit alone in front of the window and drink.

Half a dozen times, the cell phone in the bag placed on the bed rang.

"Woman, your phone is ringing."

Harlee reminded, nay Adriana didn't return her head, just shook her head, "No answer."

Looking from behind, the woman sat there with her legs slightly bent, one hand around her legs, the other carrying a bottle of wine, raised high, drinking a sip of wine.

Although it is wanton and dashing, but the lonely back betrayed her soul, so that people clearly feel a trace of despair and pain.

Harlee got up and dropped her bag in front of her, "The way you look, it really makes the person who is counting you happy because, well, the goal is achieved."

The bag fell at her feet, the ringtone was still ringing, Adriana hesitated for a moment, but finally took out her cell phone, picked it up and saw that it was Alvin's phone.

She pressed the answer button, placed the headset next to her ear, and shouted in a disgusted tone, "Senior, what's up?"

"Adri, where are you now, and what exactly is your relationship with that man?" Alvin questioned directly.

"Knowing so quickly? The news intensity is amazing yet."

She laughed to herself, "What what relationship? It's just the way you see it."

Don't bother to explain.

Explanations are not necessarily believed, but the more black, she does not want to explain at all.

"Nonsense! What kind of character are you that I don't know? Did someone set you up?" Alvin absolutely believed Adriana.

"Huh."

Knock Knock-

I don't know how long it took, but Adriana was awakened by a knock on the door, and then the room opened.

Alvin came back with a thermos in his hand, "Get up, it's time to eat."

Open the thermos box, take out the breakfast, one by one on the table, "I don't know what you like to eat, just buy it."

"It smells so good."

Adriana's appetite was whetted by the smell of the room.

For her, every time she is in a bad mood, eating can make her really happy and really forget her troubles.

"This one is one of the best nutritional restaurants in Waverly, and it's pretty good."

Alvin handed her chopsticks, "Try the dumplings, egg rolls, vegetable congee and soy milk, all are not bad. "

"That much?"

Adriana held her chopsticks, her gaze slightly hesitant, and added, "Senior, you should eat some too, I can't finish it all by myself."

"I've eaten."

"Really?" Adriana expressed doubt.

"Do it down, don't you have two sets of chopsticks? Let's eat together."

Adriana pulled Alvin into a chair as soon as she could, "I don't have an appetite to eat alone, it's better to eat together."

Eventually, the two sat down together and talked over food.

Adriana is a woman who is not happy about all things, even when there are scandals flying around, she still manages to be calm and unconcerned about anything.

Alvin held his chopsticks, took a bite of the dumpling and sucked in the soup, but his eyes were on Adriana all the way through.

A pause for deep thought.

"Any thoughts on what to do?" He asked suddenly.

"Facts speak louder than words."

"Is Mr. Alston saying all this to excuse Ms. Hale?"

"Even so, it doesn't wash away her watery behavior."

"Is that so?"

Peter's eyes narrowed slightly, cold smile, threw the USB to one of the reporters, "Then please report truthfully, do not add oil and vinegar, otherwise, do not blame me for being ruthless and flattening your newspaper. Aren't you guys very idle? Please help me to find the mastermind behind the scene, then, I will definitely thank you with a generous gift."

After speaking, he gave way to the reporters and walked directly into the hotel. Alvin also followed, asking curiously in his heart, "Peter, what exactly is it that you gave the reporters?"

Peter, who had walked to the hotel lobby, turned back and his cold eyes scanned Alvin, "Since I promised you that I would take good care of Adri, I will definitely do it. You go back."

Peter was somewhat moved to anger, a sudden rage that left Alvin in a daze.

It was only after the truth was revealed that Alvin understood exactly why Peter was angry.

Peter went upstairs and knocked on the door of the room.

"Here it comes."

Adriana's voice came from inside.

The two just sat there in silence, not saying a word.

Adriana then lay down on the bed, pulled the bedding over her head and went to sleep.

Perhaps because she was too tired and exhausted, Adriana actually fell asleep.

At some point, she opened her eyes and scanned the clock in the room and found that it was already after 2:00 pm.

"What took you so long to sleep?"

She muttered to herself.

"Are you hungry?"

A voice suddenly came from the side, Adriana looked sideways and not only frowned, "Why are you still here?"

Peter came over at noon and thought that after sleeping for so long, he had left. But I didn't think it was still here.

"I'll go get you dinner."

He got up and, without waiting for Adriana to answer, went out to get her lunch.

"Peter."

Adriana suddenly shouted.

The man's pace is a beat, leisurely turn around, a good-looking handsome face actually with a little longing and joy.

"We are not a good fit."

Adriana was silent for a moment, then added: "Even without the mutual misunderstanding, there would be many people to prevent us from being together, and I, from the beginning, did not like who we were to each other, worlds apart and destined not to be together. And why do you have to force others to do so?"

Yesterday and now, Adriana has thought about many, many things.

Agreeing to be with Peter was something that her mind struggled with countless times before deciding.

But now, in exchange for such a situation, is not at all what she wants.

"I admit, I am weak, not as strong as you think. But I'm just a woman, I can't afford so much gossip and gossip, all I want is a calm and comfortable life, even if it's hard, it doesn't matter. But with you, let me feel a lot of pressure, I need to constantly struggle to forge ahead, but also can only see your back. I know I'm not good enough for you, and I don't want to ask for too much, so I just hope you don't steal Helen from me.
