Chapter 71 First visit to the company

At the sound of his voice, Peter took a step.

Yuran turned around and removed Peter, revealing those dark ink-like eyes, and said in a deep voice: "You're threatening me?"

"Sorry, you're overthinking it. I'm just stating the facts."

"The truth? What you call the truth is that you hooked up with Brenden?" the man walked towards her, sunglasses in hand, picking up her chin and lifting it slightly, "You failed to hook up with Alvin and now you're hooking up with him? What, are you crazy about marrying into a rich family?"

This damned woman is so wrong to look at.

I thought she was a kind woman, I thought I had misunderstood her, but now I think it was really stupid.

She so disdainfully returned the 300 million check to herself, but it was just a means of trying to marry into a rich family.

Otherwise Peter would not have known what to do to explain Adriana's return of the 300 million check.

"What does it matter to you if Mr. Alston is so idle as to meddle in her personal affairs? Are you the director of the Women's Federation?"

Adriana was so determined that she had to enter the company even if Peter wouldn't let her in at the moment.

Helen's life was bigger than everything, and there was nothing Adriana could do but give it her all.

"Director of the Women's Union? Good, very good."

Peter's eyes narrowed slightly, a hint of danger surfaced from his narrow Danfeng eyes, waved his hand, "Blast out!"

With a command, a few security guards stepped aside, "This lady, please leave."

"Slow down!"

Suddenly, a loud voice rang out again not far away.

The crowd looked over and Brenden, dressed in a white shirt and black vest, walked over.

"Peter, are you rebelling against your grandfather's orders? It was my decision to let Adriana into the Alston Group."

It seems that Brenden had expected that Adriana would not have an easy time getting into Alston Group today, so he rushed over early.

Peter and Brenden met, just the two of them a look, they will let everyone feel the atmosphere of the sword tense, everywhere filled with smoke and flint like war atmosphere.

Adriana had to stand by the company's window because she did not have a workstation, and placed the information on the side of the printer's desk, concentrating on reading the various guidelines and regulations.

"Hey, pretty girl over there, your name is Adriana, right? Seeing as you don't have anything to do, pour me a cup of coffee."

Suddenly, a girl sitting by the window greeted Adriana and told her to get to work.

Adriana has come from the workplace, and there are some workplace rules she knows very well.

Smiling politely at the one pretty girl, "Sorry, the minister asked me to memorize the guidelines and regulations and didn't have time to help you to the coffee."

"Hey, what do you mean? Let you pour a cup of coffee to condescend to you?" The woman wouldn't relent.

"Yo, what kind of person is this? I heard it's someone from The Alston family who came in through the back door, it's different when you have someone to rely on."

"In case you didn't know, she seduced the seventh son of The Alston family. I heard that his wife may die in a car accident and she will probably rise to the top."

"Is this really happening? How do you know?"

"Not sure, I heard it from someone."

.....

Listening to their comments, Adriana was humiliated, but after all, she has been through a lot of hardship, and this is still a small thing for her.

"Adriana, come here and help make a copy of this document." Another male colleague greeted Adriana.

Adriana returned the same smile and raised the file in her hand, "Sorry handsome, I'm really busy."

"Tsk"

The male colleague stood up disdainfully, took the thick file and walked to Adriana's side, poked her with it, "This file is for the minister to use later, are you responsible for delaying important matters?"

Adriana, doubly annoyed, closed the work guidelines in her hand and said politely, "You should have made copies knowing the importance of the information, otherwise the minister would only blame you for delaying the business."

Standing on the rooftop was the quietest moment of her life.

Blowing in the breeze, overlooking the large Waverly, I felt that life is hard, life is not easy, and what is her crime?

Why is God so unjust, let her live so tired.

Tears, dense eyes, she choked and pursed her lips.

Turned around and walked to a stone bench to sit down, took off his high heels and found that his ankles were already worn and bleeding.

Adriana let out a sigh and slowly closed her eyes.

Even in how strong she is, in the face of a whole morning of torture, has long since worn out all her strength.

Tears, involuntarily welled up in the eyes.

Closed his eyes and inhaled.

When I opened my eyes once again, two band-aids appeared in front of me.

The person who appeared in front of him was Brenden, who looked online with the hand that was holding the band-aid.

She immediately brushed her sleeve to wipe the tears on her cheeks and asked with forced calmness, "Why are you here?"

Took the invasive tape from his hand and put it on his ankle.

Brenden raised a hand to the short beard on his chin and went to sit across from Adriana, "It's only been a morning, and you can't take this aggravation?"

Adriana pursed her lips, a calm face, as if the aggravation just now does not exist seem to be. As calm as it is, "Isn't it all thanks to you? What kind of saint are you pretending to be in front of me?"

It's disgusting.

"So what if it is?"

"I can't really think of any other reason than that one." Adriana continued.

At the moment she has too many suppressed emotions in her heart, directly leading to the whole person is a little broken.

That's why they chose this way to face Peter.

"In love with you?"

Peter's eyes narrowed slightly into a slit, and his smile was cold, "I've seen narcissism, but I've never seen a woman as shameless as you."

Looking at her pretty face up close, I couldn't help but think of the image of Adriana and Brenden kissing together in the airport lounge.

Makes Peter sick to his stomach.

A push away from her, "Even if all the women in the world die out, I will not look at you."

Adriana stumbled a few steps before she was able to stand.

Sexy lips raised also a touch of curvature, "That's good. Since you don't like me, you should stay away from me. After carefully thinking about it, I don't seem to have any friendship or affection between you and Mr. Alston, so please stay away from me next time. "

"Lust?" He raised an eyebrow.

The smile on Adriana's lips intensified, "You're overthinking it. It's just disgusting alone."

She limped off the rooftop with the staff guidelines on the stone table.

Looking at her departing back, Peter's fists clenched, fiercely raised his foot and kicked hard on the stone bench, furiously stormed.

But on the contrary, he can do nothing about this woman.

As the afternoon commute began, Adriana adjusted her mood and began to work full time, yet there was always so much to do that kept her on her toes.

Day 2.

Chapter 75 Goadng the Minister

Adriana suddenly remembered that last night because of too tired cause, so randomly find a seat.

But she never expected that position to be Alonso's!

Now, she has a mouth to feed.

"Call the police and deal with it."

Adriana knows she has no evidence and now has no choice but to call the police to deal with the situation.

Otherwise, no one in the company's legal department was willing to help her, and the only way to solve the problem was to call the police.

After all, it is much better for the police to step in than for her to investigate the matter alone.

"What are you talking about, how could Adri have stolen your watch?" At that moment, one of all the people pointing fingers stood up to speak for her.

That person is Hayley.

"What do you mean? Looking down on me?" Alonso lost his watch, was in a terrible mood, and didn't speak with a good attitude.

"That's not what I meant. I mean Adri is rich and has money to start a company, how could he steal a mere watch from you?"

Hayley glanced at her mouth with a look of disdain.

"Start a company? Are you kidding? She can still open a company?"

"That's right, your last name is also Hale, you're family, and I guess you're not a good person either."

"So sure she didn't steal it, can't you steal it?"

For a while, everyone pointed the finger at Hayley.

Hayley felt aggrieved and looked bashfully at Adriana, as if to say, I really can't help you.

With her limited abilities, how could she possibly compete with Peter?

If Brenden doesn't make a move, she really has no choice.

Brenden responded and said, "Wait in Peter's office, I'll be there now."

"Okay."

Adriana nods and hangs up the phone.

She raised her eyebrows, "Mr. Alston, if you can, the person you should target is Brenden and not me. Otherwise, it will only make me look down on you."

After speaking, she walked to the sofa aside and sat down, leaning on the sofa, Adriana sat dumbfounded, with extremely complicated feelings.

Then he got up and walked to a floor-to-ceiling window to look outside, in a melancholy mood.

Peter sat in the executive chair, his face ashen.

The signature pen was clenched tightly in his hand, and the back of his hand was bruised with anger.

God knows, it was the old man's decision to let Adriana into the company, and he couldn't fight against him, but only against Adriana.

Naive now Adriana again moved Brenden, when Brenden will again find the old man to say this matter.

If he and Brenden both target Adriana alone, it will only make the old man interested in Adriana and think that Adriana is a scourge, which will then be harmful to Adriana.

The twists and turns of which Adriana is not sure, but he knows in his heart.

But he couldn't send Adriana to the brink of death.

That's what makes it so mind-numbingly exhausting.

"Adriana, what is your purpose in entering the Alston Group?"

After a long moment of silence, he asked in an airy and calm mood.

Adriana's dull and discolored eyes instantly blossomed with starbursts and her eyes regained their clarity.

"Mr. Alston, Vice President, what brings you here?"

Nelson came out of his office with a flattering smile, "Is there something you want?"

He brushed the frames of his glasses, his hands clasped together in an extremely uncomfortable manner, a little nervous.

"Nelson, I heard Adriana say that you guys suspect her of theft?" Brenden let go of Adriana's hand and rested his arm on Adriana's shoulder without a care in the world.

Adriana glanced at his arm out of the corner of her eye and moved it with some resistance.

However, it does not matter if you don't move, it is so a movement, Brenden actually smoothly embraced her in the arms, reckless, open to the extreme.

The faces of both Peter and Hayley sank as a result.

"Oh, this thing, huh?"

Nelson smiled awkwardly, subconsciously glanced at Peter and stammered: "When he came to the office in the morning Alonso said that he had lost an expensive watch. We investigated the surveillance and found that Adriana had been sitting in his place yesterday, the suspicion is very high. However, we just asked about Adriana, we didn't expect to alert Mr. Alston and the vice president, it's so uncalled for."

"Surveillance?"

Brenden raised his eyebrows, the evil demon face emerged with a meaningful smile, "Bring it out, let me see."

"Okay, the vice president will wait a moment."

Nelson immediately went to get the video.

During this gap, colleagues in the office started a new round of discussion.

"Gosh, it looks like the vice president is really spoiling Adriana."

"I heard that Uncle's wife might be dying, will Adriana be on top?"

"Who knows about this, it's hard to say."

"It's a good way to woo a man, shamelessly."

Adriana raised her hand and brushed Brenden's arm away, walked up to him and asked, "Since it's new, it must be a recent purchase. Where's the invoice?"

"Invoice invoice, I didn't ask for an invoice at the time."

At the mention of the invoice, Alonso's face clearly flashed a little unnatural.

"There is no invoice, the shopping slip should be there. Or rather, show evidence of your shopping, otherwise how do I know if you're lying to me."

Adriana pursued the question.

"Evidence? This" Alonso looked slightly nervous and pointed at her, "If you took the watch, you took it, so what's the point of all this irrelevant talk? Besides, my colleagues all saw me wearing that watch."

"Yeah, yeah, I did see that Alonso had a new watch."

"I saw it, too."

"Adriana, what exactly are you trying to say?"

"What kind of mentality is it to take the watch and not want to admit it?"

.....

The crowd was talking, and you echoed one thing and another.

Even Minister Nelson Dean was pretty sure he saw Alonso's new watch.

"What's all the excitement about? I'm just determining how much your watch cost when you purchased it so you don't take advantage of the opportunity to extort me for a sum."

"I've thrown all those things away, so where would I leave them."

"A full \$350,000 watch with a single bill saying throw it away?" Adriana expressed doubt.

Suddenly realizing the seriousness of the matter, Alonso flung himself on his knees in front of her.

The sudden scene surprised and surprised everyone, who looked at Alonso, who was kneeling in front of Adriana, in disbelief.

"What's wrong with Alonso?"

"I don't know, did he cheat?"

"What's going on?"

"Suddenly it's a little hard to read."

.....

Colleagues in the office were talking, exchanging words and talking non-stop.

The moment Peter saw Alonso on his knees, his brow wrinkled and he couldn't tell how angry he was.

"Waste!"

With an angry rebuke, he turned around and left the legal department.

"Mr. Alston, why did you leave all of a sudden?"

Adriana's lips held a triumphant smile as she gazed at the departing Peter, "The police comrades are all still there, how can you cooperate with the police investigation?"

"I cooperate, I cooperate."

When Peter replied, Alonso took the lead and said, "Comrade police, I have recruited everything. Yesterday Adriana came to the company, the minister asked us to make things difficult for Adriana and then deliberately kept Adriana in the company to work overtime, calculating to frame her, this way can force her to leave the company. So the minister planned to plant the evidence. I was just a cheap watch, but the watch was at home, not lost at all, all because the minister told me to say so. You have something to do with our minister, not me."

The police have not yet asked the cause and effect of the matter, Alonso already a brain to tell all the things, "Adriana, the 300,000 yuan I immediately returned to you, not only that, I also give you 50,000 yuan compensation costs. I'll give you 50,000 yuan in compensation. Don't forget about me, okay?"

Both practicing law, Alonso naturally knew the seriousness of the matter.

I thought this matter can either force Adriana away, or can blackmail a sum of money, but who knows Adriana is so tactful, all recorded.

He himself has no evidence to prove that he purchased an expensive watch, as long as the police comrades a little investigation will know everything.

Peter hit the nail on the head.

"Fifty million?"

Adriana didn't expect Peter to be able to anticipate things, but on the surface she remained calm and collected, "I didn't even ask for the 300 million you gave me, so how could I look at that mere 50 million?"

"So"

He spoke with a beat and walked towards Adriana.

Facing the man's gloomy like ink look, Adriana some scare.

He took a step closer and she took a step back until she had cornered Adriana and stopped.

The man raised his hand and propped his arm on the wall, "What conspiracy purpose do you have in the end? Three hundred million so generously returned to me, will not tell me Brenden gave you enough compensation is it. Or is it three hundred million in exchange for the position of the seventh wife of The Alston family?"

Peter felt that Adriana returned the 300 million to him just to calm the matter and help smooth the way to The Alston family in the future.

Otherwise, with this matter here, what will the people of The Alston family think of Adriana and how can they agree to Adriana, who loves money, entering The Alston family?

This matter is not known.

I have to say that Brenden is far-sighted.

He was so close, his faint scent came over her, familiar and making her blush, her mind reverberating with those unpleasant images of the two of them together.

Adriana swallowed, not without some nervousness, "Since Mr. Alston so cleverly guessed it, what else do I need to say?"

If it is hard to let Adriana to explain, Adriana in turn has no way to explain.

It is better to go along with his steps.

"You!"
