Chapter 215: Worse Place

R18: Trigger WARNING: R\*PE

Huang Xiaoxuan was frowning as she closed her eyes and leaned against the leather seat of the black Mercedes that was taking them towards the Charity event in Kong City. "I heard that the City was full of Criminals and gangs. They aren't even afraid of the mayor and police." She said. "I am pregnant. Do we really need to put ourselves in this kind of danger just to get some investors for the company?"

"I told you that your presence is not necessary, and yet you insisted to come with me. If someone happens to you, then you can only blame yourself for coming with me."

"Yi "

"Shut up, Xiaoxuan. I don't need to hear your voice right now."

"Yi, can you at least treat me just like your wife?"

"Wife." Long Yi uttered the words slowly before turning his head towards her. "Do you really think you are my wife?"

"Yi"

"You married me because you, along with your father, does not want to go down with the Huang Family. You are like a f\*cking gold-digging woman who only married someone because of the benefits." He snorted when he saw tears pooled in Huang Xiaoxuan's eyes. "You should stop calling yourself my wife. Stop embarrassing yourself. You don't deserve that title."

"Then who deserves that title? Lyca?" she raised her voice. "You think that b\*tch hmmm." Her words were interrupted when Long Yi suddenly grabbed her jaws, tightly holding her face. "Hhmmm.Hmmm!"

"What? You already forgot the time where I dislocated your little jaw?" A sinister smile slithered on his face. "Do you think I wouldn't do it again because you have my child with you? Tsk. Huang Xiaoxuan you fool. Did you really think that I would want to have a child with a woman as dumb as you?"

"Hmmm!" Huang Xiaoxuan couldn't stop the tears from falling. As expected, even with their child, Long Yi would still treat her like trash.

"Why are you crying?" Long Yi tilted his head. "You chose this you wanted this and now you are crying?" There was no hint of emotion in Long Yi's eyes. He asked his father, begged him not to let this woman enter the Long family. However, Huang Xiaoxuan and her father somehow convinced his old man to have Long Yi marry her to show everyone that the acquisition happened because of the marriage.

Long Yi snorted. "Stop crying." He hissed. However, instead of stopping, Huang Xiaoxuan's shoulders started trembling, her face paling as the tears just continued to flow down her cheeks. "Ah I know what would make you stop crying." He grinned before he pulled her towards his lap. He then raised the hem of her flowy dress, his hand immediately found her underwear.

"Yi please I am pregnant. We can't"

"Oh? What are you talking about? This is your favorite thing to do, right?" He opened the zipper of his trousers, his manhood quickly slipping inside her in one abrupt movement.

"Yi please"

"Did you forget what you did, Xiaoxuan? You ask Lyca to help you, right? You wanted to sleep with me you wanted this, right?"

Long Yi's grunts followed as Huang Xiaoxuan shut her mouth, tears continued flowing down her cheeks. This wasn't the first time that this happened. And every time, she would beg him to stop, the man would only continue doing it and make her suffer. Right now, Huang Xiaoxuan was still in her first trimester, and she was aware that her body can't handle any rough s\*x. So, she chose to endure.

For her baby.

She would endure everything. She would endure being taken like this in front of their driver. This wasn't new to her. She would endure all the pain and embarrassment. All the humiliation. As long as she would have the baby safely. Huang Xiaoxuan knew that Long Yi was only angry because of losing so much money from a formula that was almost the same as the previous one.

She knew that this was only Long Yi's way of letting go of his pent up emotions. She knew that all this would change soon. Long Yi would surely change once he sees their child. He would surely love his own blood, become the father that the child needed. And maybe even love her.

"Fix yourself. We will arrive at the charity in about thirty minutes." Long Yi said after he threw a pack of tissue towards her. "And wear a beautiful smile when you are out there. Stop looking like a ghost in front of everyone. Act friendly and stop being too jealous with every woman that approaches me!"

"Hmmm." She nodded. Everything will pass Huang Xiaoxuan was confident that Long Yi would change once she delivers the baby. "I'm sorry." She softly uttered. "I shouldn't have said something." Long Yi was right. She was the one who insisted to come with him. She had no right to complain about the distance and the uncomfortable feeling that she had about this Charity.

Huang Xiaoxuan quickly finished cleaning herself up. She fixed her black dress, and her make up. Then she put a beautiful smile on her face. Once Long Yi would realize her value, his attitude would soon change towards her. Huang Xiaoxuan convinced herself as she eyed the tall buildings in Kong City.

This was actually her first time traveling in a place like this. Huang Xiaoxuan heard stories about the danger lurking in this place. This was a city where drugs and syndicates were considered gods. They were worshiped and feared at the same time. Huang Xiaoxuan also heard that this was the place where Shen Qui Lyca's bodyguard had run off too.

However, according to their sources, Shen Qui never had a woman next to him. Instead, the man actually got involved in a small gang. Just the thought of Shen Qui and Lyca being separated immediately eased her mood. She might be in a bad place right now, but she was certain that Lyca was experiencing something worse. After all, she was a woman who ran off abroad without money or any source of income.

This made Huang Xiaoxuan wonder how did Lyca survive until now.
